Agenda Item 6-a, b, c, & d, ResCare's Proposals*

Lisa presented on this Item. On September 9th of 2016 the Department of Labor on behalf of the CEOB and GNWDB issued a request for proposal to provide the Workforce Innovation and Opportunity Act Title 1 Services. Four options for bidding included; One-Stop Operator, Adult and Dislocated Worker Service Provider and Youth Service Provider. ResCare submitted their proposals for four of the five options. No proposals were submitted for the Administrative Entity. On January 4th, 2017 the RFP Committee met with ResCare Workforce Services to conduct oral interviews.

Lisa presented the Board Recommendations:

Recommendation #1 – The GNWDB and CEOB ask Nebraska Department of Labor Commissioner, John Albin to continue providing WIOA Title 1 programs, one-stop operator services, and administrative entity services.

Lisa explained the reasons for this.

- The bidder has a lack of WIA/WIOA experience and actual performance history for a rural geographical area as big as the Greater Nebraska Area.
- Cost per participant were not as competitive as current for two out of three options.
- The number of participants served was not as competitive as current for two out of three options.
- For the past 10 years, NDOL has done an excellent job in program performance, enrollment goals and expenditure benchmarks.

Recommendation #2 – The board remain open to issue a new RFP if the circumstances change in the future.

Recommendation #3 - Ask administrative entity to draft options for rebidding on the One-Stop operator role as soon as possible.

Lisa explained that it is important to make sure that clients are being served and making sure that the One-Stop Operator role is being addressed. Pam stated that she felt that Greater Nebraska is better served in the current situation. She then asked Hal Haeker if he add anything to add. Hal stated that was he was disappointed in the outcome of the oral interviews with ResCare.

Agenda Item 6-e, Business Position for the Greater Nebraska Workforce Development Board.

Dylan pointed out that each board member received nominations forms for candidates; 3 for education and 1 for business. Kim Schumacher from Cargill Inc is the Business Candidate. She presented at the last board meeting. Kim is present today. Dylan asked Kim share some information about herself.

Kim shared her desire for joining the board. Kim said that she was sad that the Columbus Works project was coming to an end but she felt that joining the GNWDB was the right path for her.

Dylan explained that Kim would be excellent addition to the board in many ways. She would provide much needed representation for Region 5. She also has a lot of experience working with NDOL and collaborating with Greater Nebraska.

Agenda Item 6-f, Education Position for the Greater Nebraska Workforce Development Board.

During the meeting on September 29, 2016 a motion was made to table this item. Dylan continued on this item. Dylan pointed out that there were three Education Position candidates; one from Mid Plaines Community College, one from Central Community College and one from Southeast Community College. One of the candidates, Matt Gotschall was present from Central Community College. Matt is based in Columbus so he would also be representing region 5.

Matt explained that he has a lot of experience with One-Stops and even though he is based in Columbus, he has area wide responsibilities in a 25 county area.

The board could make a recommendation for Matt to be the Education Position. Dylan noted that there is another Central Community College member on the board. Ann Chambers, also from Central Community College noted that while she does work for Central Community College, she actually represents the Adult Literacy part of it. Pam then asked Thomas Ukinski if they were able to make a recommendation with only four members present. A recommendation could be made but any appointments would need to be done at a later date when a quorum is established.

Agenda Item 6-g, Monitor Review

One concern that came up during the Monitor Review, was that the board did not have a formal Workforce Development Oversight Policy Attachment in the local plan. Dylan said that a policy has been drafted and will be presented to the Workforce Development Board that afternoon, which will put the board back into compliance. Pam asked for a summary. Dylan explained that they will report details to the system coordination committee. These details include, ways of checking up on eligibility, making sure funds are being spent appropriately, etc.

State monitor findings included; not a complete oversight policy attached to the local plan. These were things that were already being done, but there was no formal policy. Adding an academic component for work experience. Up until this point there has only been the occupational component. The service provider is bringing the work experiences into compliance.

The Work Experience Program currently gives incentives for improving skills test scores, obtaining a GED, having a high GPA, or gaining a certification. Incentives must be directly tied to the results. Skills test improvements will no longer receive an incentive. They will be more focused on the end result. Current policies were reviewed and updated. The GNWDB will vote on the policy this afternoon.

Agenda Item 6-h, Reduction of FY17 Funding

Dylan presented information on the reduction of funding for FY17. This was a reduction in funding for the Adult and Dislocated Worker Programs. This change is across the board for all local areas. Changes in local plan were made to adjust the funds. The budget now reflects that change. The enrollment totals are steady.

Agenda Item 6-i, Finance and Performance Review

Shannon presented the information for the finance review. She explained the tables on page 25 of the meeting materials packet, showing the current and projected totals for Adult, Dislocated Worker, Out of School Youth and In School Youth. Dylan pointed out that the program is very well funded at this point. The program was preparing for a transition to a new service provider. Dylan said that he did not believe those funds would be needed now for that. Dylan pointed out that the enrollment numbers would be reported to the board more often than in the past.

Shannon presented on the performance review. She explained that the Greater Nebraska programs are transitioning from WIA to WIOA and that anyone enrolled after July 1, 2016 will be on WIOA reporting. The WIA reporting has anyone enrolled before June 30th, 2016. She pointed out that as people exit the program, the totals will get smaller and smaller. Dylan mentioned that one of the positive things about the new performance measures is that they are shared with the core partners of WIOA.

Board Member Updates

Agenda Item 7, Finance and Performance Review

Agenda Item 7 is Board Member Updates. Pam asked if anyone had an update.

BOARD MEMBERS:

- Pam mentioned that is she on a national workforce development board and recently moved to the Executive Committee. She also talked about her positive experience with the Columbus Works program and Cargill Inc.
- Ann added that most of the people who participated in the Columbus Works program had returned to Cargill after completing their training which increased their life and work skills dramatically.

*MOTION

Lisa presented **Agenda Item 6-a, motion to approve ResCare Workforce Services for the One-Stop Operator.***

On September 9th of 2016 the Department of Labor on behalf of the CEOB and GNWDB issued a request for proposal to provide the Workforce Innovation and Opportunity Act Title 1 Services. Four options for bidding included; One-Stop Operator, Adult and Dislocated Worker Service Provider and Youth Service Provider. ResCare submitted their proposals for four of the five options. No proposals were submitted for the Administrative Entity. On January 4th, 2017 the RFP Committee met with ResCare Workforce Services to conduct oral interviews.

Lisa presented the Board Recommendations:

Recommendation #1 – The GNWDB and CEOB ask Nebraska Department of Labor Commissioner, John Albin to continue providing WIOA Title 1 programs, one-stop operator services, and administrative entity services.

Lisa explained the reasons for this.

- The bidder has a lack of WIA/WIOA experience and actual performance history for a rural geographical area as big as the Greater Nebraska Area.
- ResCare's purposed cost per participant was not as competitive as that of the NDOL's for two out of three options.
- ResCare's number of participants served was not as competitive as NDOL's for two out of three options.
- For the past 10 years, NDOL has done an excellent job in program performance, enrollment goals and expenditure benchmarks.

Recommendation #2 – The board remain open to issue a new RFP if the circumstances change in the future.

Recommendation #3 - Ask administrative entity to draft options for rebidding on the One-Stop operator role as soon as possible.

Dylan handed out notes from the RFP Committee Oral Interviews. Chris asked for a timeline on this decision for reissuing an RFP. Dylan explained that March, at the earliest, is the most realistic date. Dan asked if NDOL didn't want to continue or if they were unable to continue providing this service. Dylan explained that NDOL was open to providing services and that the decision was for the board to make. Dan mentioned that not as many people would be able to be served if ResCare became the One-Stop because their cost per participant was higher than NDOL's.

Chris presented **Agenda Item 6-g, Memorandums of Understanding and Funding of Local Workforce Delivery System Operations.**

Chief Elected Officials and Local Workforce Development Boards are required to Establish Memorandums of Understanding (MOU) with required one-stop partners in their local workforce development areas. This includes funding of the local workforce delivery system operations. The chair of the local board must designate a member or members of the local board who will be responsible for negotiation of each MOU and each funding agreement. In agreement with the Chief Elected Officials Board, The Greater Nebraska Workforce Development board will give final approval of all MOU and funding agreements. On page 33, table 1 outlines the required one-stop partners and the legislations authorizing their programs.

Other Federal, state and local entities responsible for administering employment and training programs and activities in the local area may serve as optional partners in the local area workforce delivery system if the local board and CEO approve the entities' inclusion. Optional one-stop partners and their authorizing legislation are listed in Table 2 on page 34. This list of potential option one-stop partners is not exhaustive.

The committee has designated Chris Callihan and Dan Mauk to represent Greater Nebraska. An invitation to participant will be extended to Gary Kelly as well.

Lisa asked Randy to explain the MOU'S. Randy explained that the MOU process formalizes what is already being done. The law requires MOU's with mandated partners. The goal is to consolidate as much as possible, by service provider, by partner and by region. Lisa asked if there were any questions. There were none.

Stacey Weaver presented **Agenda Item 6-h, Customer Satisfaction Surveys.**

The local area is required to measure customer satisfaction for employers and participants. At the November 3rd meeting the board created customers satisfaction surveys to meet this requirement. See attachment 1 and 2 (pages 38-40). All participants and employers will be invited to provide feedback when exiting the program or completing an on-the-job training. Information collected will be reported out to the board. Lisa asked if there were any questions. There were none.

At each meeting the GNWDB will review the budget status, including current obligations and expenditures, status of enrollments, and most recent quarterly performance results. The service provider will also be present at each meeting to present on these items as needed and answer any questions. The Administrative Entity will review client files on a regular basis, searching for compliance with eligibility, employment strategy implementation, and fiscal regulations. Results will be presented to the Committee and GNWDB. Findings will also be shared with the service provider. Depending on the severity or frequency of the findings, corrective action may be required.

Stacey presented **Agenda Item 6-k, Quality Assurance Review.**

The administrative entity has reviewed twelve (12) Work Experience enrollments since July 1, 2016 and is in the process of bringing eight (8) into compliance. Finance will be notified to make any needed adjustments for expenditures on youth that do not meet the twenty percent (20%) academic/occupational component requirement.

Twenty percent (20%) of all assigned cases including Adult, Dislocated Worker, and Youth Programs were reviewed in December 2016. The compliance check included:

- Has eligibility been determined and proper documentation been provided?
- Has supporting documentation been provided to confirm household and living arrangement?
- Has the Individual Employment Plan been completed, updated, and saved in ECM?
- Has the coordination of resources been documented?

All files were found to be in compliance. In accordance with the proposed Oversight Policy, monthly and quarterly quality assurance reviews will be conducted and presented to the board. Lisa asked if there were questions. There were none.

Dylan presented Agenda Item 6-l, the **Monitor Review**.

Dylan pointed out that most of the findings were corrected with the motions at this meeting. The board needed an oversight policy. The board had one in the local plan but it needed to be formalized. The second finding was allowable costs and accurate recording. Work Experience needed an academic component. Dylan said that this should be resolved. Incentives also needed to be directly tied to the results of the program.

Dylan presented Agenda Item 6-m, **Reduction of FY17 Funding**.

For all local areas, reduction in funding. The program budget has been adjusted. Adult, -\$1878 -\$2973 DLW. Dylan said this does not have a big impact on the funds and that there is plenty available.

***MOTION**

Dylan presented Agenda Item 6-n, the **Motion to Transfer Funds**.*

The adult program is adequately funded but the board would like to transfer \$150,000 from the Dislocated Worker program funds to Adult program funds.

Lisa asked for a motion for the board to transfer \$150,000 of Dislocated Worker funds to the Adult program with all funds coming from FY16 funds, effective 01/09/17.

Shannon presented the information for the finance review. She explained the tables on page 25 of the meeting materials packet, showing the current and projected totals for Adult, Dislocated Worker, Out of School Youth and In School Youth. Dylan pointed out that the program is very well funded at this point. The program was preparing for a transition to a new service provider. Dylan said that he did not believe those funds would be needed for that. Dylan pointed out that the enrollment numbers would be reported to the board more often than in the past.

Shannon presented on the performance review. She explained that we are going from WIA to WIOA and that anyone enrolled after July 1, 2016 will be on WIOA reporting. The WIA reporting has anyone enrolled before June 30th, 2016. She pointed out that as people exit the program, the totals will get smaller and smaller. Dylan mentioned that one of the positive things about the new performance measures is that they are shared with the core partners of WIOA.

RE: WIOA Local Area Designation

Dear Supervisor Lancaster,

In January 2016, Governor Ricketts approved your “initial” designation request for the Greater Nebraska Workforce Development Area. Greater Nebraska’s approved local area includes 88 Nebraska counties, excluding Douglas, Lancaster, Sarpy, Saunders, and Washington Counties. This initial designation expires June 30, 2017.

As you may recall, in the summer of 2015, we held discussions with the Chief Elected Officials in each of the three local areas. It was our desire to align the counties of each local area with the counties identified in the planning regions designated by the Governor in Nebraska’s WIOA Combined State Plan. This would have reduced Greater Nebraska’s local area composition by three counties, Cass, Dodge, and Seward Counties. At the time, we were unable to reach consensus with each local area. As a result, the county make-up of each local area remained unchanged.

It is our intent to renew efforts to align the counties of the local areas with the counties of the planning regions defined in the Combined State Plan. Therefore, I am proposing that the local areas request to extend their initial designation through June 30, 2018. Conversations will begin in earnest this summer, targeting completion of county realignment by the end of 2017. This would give the local areas a six-month transition period.

If you are agreeable to extending the initial designation for the Greater Nebraska Workforce Development Area through June 30, 2018, please complete and sign the enclosed form and return to me. If you have questions or would like to discuss further, please let me know.

1 of 2

Thank you for the encouraging planning and service delivery efforts the Greater Nebraska local area and Greater Nebraska Workforce Development Board have taken to date.

Sincerely,

John H. Albin
Commissioner/State WIOA Liaison

Note: Occupancy status is defined in the State MOU Policy as a co-located partner who is:

- intermittent: less than 50% of the time the AJC is open for business;
- part-time: more than 50% (but not 100%) of the time the AJC is open for business; or
- full-time: 100% of the time the AJC is open for business

The System Coordination Committee proposes that the Greater Nebraska Workforce Development Board vote to approve the designations.

Agenda Item 6K (System Coordination Item 3K): American Job Center Certifications (Grand Island & Beatrice)

On April 18, the Certification Committees performed audits on the Grand Island American Job Center and the Beatrice American Job Center. Each AJC Certification Committee member was given a packet of evaluation forms to complete based on their view of each job center. Executive Committee Members Lisa Wilson and Kelsey Miller were part of the Job Center Certification Committee.

Greater Nebraska needs to have at least one Comprehensive American Job Center in order to receive funding. Services need to be provided from all of the required partners at the Comprehensive American Job Center(s).

Both centers did not meet the required criteria set forth by the State. As a result, the Executive Committee voted to **conditionally** approve both centers on April 26, 2017. The centers have until September 13, 2017 to reach full compliance. The Certification Committees will review the centers before this date and make a recommendation to the board

Agenda Item 6L (System Coordination Item 3L): Local Plan (covers entire 88 county area)

The board submitted the local plan to the State on March 15, 2017. Feedback was received from the State and reviewed by the Executive Committee on April 26, 2017. The recommended edits to the regional and local plans were made and resubmitted to the State on May 15, 2017. The System Alignment Committee and Strategic Direction Committee of

the Nebraska Workforce Development Board (NWDB) will review the local plan. Greater Nebraska can expect to receive additional feedback when their review is complete. Changes will be made and resubmitted. The NWDB will do one more review and the Governor will make a determination before July 1, 2017.

Regional and Local Plan Timelines are included under Agenda Item #6i.

Agenda Item 6M (System Coordination Item 3M): Request for Proposal - One-Stop Operator

On February 2, 2017 the Executive Committee, in agreement with the Chief Elected Officials Board, voted to issue a Request for Proposal (RFP) for the One-Stop operator position. This decision was based upon the recommendation of the RFP Committee presented to the GNWDB on January 9, 2017.

Recommendation #3 - Ask Administrative Entity to draft options for rebidding on the One-Stop operator role as soon as possible.

A schedule of events is listed in the table below:

ACTIVITY	DATE/TIME
1. Release RFP	April 6, 2017
2. 2. Last day to submit written questions	April 17, 2017
3. 3. State responds to written questions through RFP "Addendum" and/or "Amendment" to be posted to the Internet at: http://das.nebraska.gov/materiel/purchasing.html	April 19, 2017
4. 4. Last day to submit "Notification of Intent To Bid"	April 26, 2017
5. Proposal opening location: Department of Labor Employment & Training 550 S. 16th Street Lincoln, NE 68508	May 10, 2017 10:00 AM Central Time
6. Review for conformance of mandatory requirements	May 10-11, 2017
7. Evaluation period	May 12-18, 2017
8. "Oral Interviews/Presentations and/or Demonstrations" (if required)	May 24, 2017
9. Post "Letter of Intent to Award" to Internet at: http://das.nebraska.gov/materiel/purchasing.html	June 2, 2017
10. Contract finalization period	June 2 – 20, 2017
11. Contract award	June 20, 2017
12. Contractor start date	July 1, 2017

As of May 10, 2017 no bids had been received. The Administrative Entity is working with the Commissioner of Labor to come up with a viable solution. Under the Workforce Investment Act (WIA), the managers of each local Nebraska Department of Labor (NDOL) office in Greater Nebraska acted as the One-Stop operator. Under WIA, the NDOL managers were responsible for a variety of NDOL programs and could coordinate and leverage NDOL program resources. Under the Workforce Innovation and Opportunity Act (WIOA), the One-Stop operator must manage program resources for all WIOA required partners, while the managers will continue to be responsible for NDOL programs. The One-Stop operator responsibilities are new and will not affect manager's responsibilities or their staffing levels. Finding a One-Stop operator will expand operations.

One-Stop Operator Responsibilities

The management of the American Job Center network is the shared responsibility of States, local workforce development boards (WDBs), elected officials, the six WIOA core program partners, required one-stop partners and other additional one-stop partners, American Job Center operators, and service providers. Through the American Job Centers, the One-Stop operators carry out the activities described below:

- Facilitate integrated partnerships that seamlessly incorporate services for the common customers served by multiple program partners of the American Job Center.
- Develop and implement operational policies that reflect an integrated system of performance, communication, and case management.
- Uses technology to achieve integration and expanded service offerings.
- Organize and integrate American Job Center services by function (rather than by program), when permitted by a program's authorizing statute and, as appropriate, through coordinating staff communication, capacity building, and training efforts. Functional alignment includes having American Job Center staff who perform similar tasks serve on relevant functional teams (e.g., skills development team or business services teams).
- Integrates services to focus on serving all customers seamlessly (including targeted populations) by providing a full range of services staffed by relevant functional teams, consistent with the purpose, scope, and requirements of each program.
- Integrated American Job Centers also ensure that:
 - Center staff are trained and equipped in an ongoing learning environment with the skills and knowledge needed to provide superior service to job seekers, including those with disabilities, and businesses, in an integrated, regionally-focused framework of service delivery, consistent with the requirements of each of the partner programs.
 - Center staff are cross-trained, as appropriate, to increase staff capacity, expertise, and efficiency. This allows staff from differing programs to understand other partner programs' services, and share their own expertise related to the needs of specific populations so that all staff can better serve all customers.
 - Center staff are routinely trained so they are keenly aware as to how their particular work function supports and contributes to the overall vision of the Local WDB, as well as within the American Job Center network. This enhances their ability to ensure that a direct linkage to partner programs is seamlessly integrated within the center.

Targeted Apprenticeable Occupations Expansion Plan ApprenticeshipUSA State Accelerator Grant 2016-2018

The Nebraska ApprenticeshipUSA State Accelerator Grant focuses on the expansion of Registered Apprenticeships. In order to expand Registered Apprenticeship programs in Nebraska, strategically targeted industries and geographical areas must be identified. Using labor market information, H3 (high wage, high demand, high skill) occupations were identified in each of the nine Nebraska Economic Development Regions (NEDRs). These occupations were compared to USDOL's list of apprenticeable occupations.

H3 occupational data was prepared according to occupational demand rank in each NEDR. If an apprenticeable occupation appeared in the top 25 demand rank, it was selected as a target occupation for expansion within the NEDR. Each apprenticeable occupation incorporates the following data categories:

- Occupation
- Standard Occupational Classification (SOC) Code
- High Wage, High Demand, High Skill (H3) Qualification
- Current Registered Apprenticeship Sponsors According to Occupation- 12/2016
- NEDR Demand Rank- 12/2016

The following is a list of H3 apprenticeable occupation gaps within each NEDR. We propose using these identified occupations as a starting point for targeted outreach to specific industries within each NEDR.
