

# 2025 Updated Tax Rates

Due to passage of Legislative Bill 297, the 2025 combined unemployment insurance tax rates will be revised.

Employers will remain in the category assigned to them for 2025, but will be assigned 2024's rate for that category according to the table at [dol.nebraska.gov/UITax/UnemploymentInsuranceTax/CombinedTaxRates](https://dol.nebraska.gov/UITax/UnemploymentInsuranceTax/CombinedTaxRates)

The 2025 tax rates have been updated for all contributory employers in [NEworks.nebraska.gov](https://neworks.nebraska.gov). Please log into your account and review your Tax Rate screen to get your updated combined tax rate for 2025.

For any questions, please contact us at 402-471-9898 or [NDOL.UICContact@nebraska.gov](mailto:NDOL.UICContact@nebraska.gov)

Amended 2025 rate notices will be sent in April.

# Unemployment Insurance Combined Tax Rates

# 2025

## 2025 Rates

For calendar year 2025, Nebraska's Unemployment Insurance (UI) average combined tax rate (category 12) will be 0.48% of the first \$9,000 in wages. For category 20 employers, the taxable wage base is the first \$24,000 in wages. Category 1 will continue to have a tax rate of 0.00% and category 20 will continue at 5.40%.

## Experience Rating and Array System

Nebraska uses an Experience Rating system, which considers the individual employer's actual experience and a comparison of the employer's experience to an array of all other employers. Experience rating is affected by the amount of wages paid by an employer, tax paid, timeliness of payments and unemployment insurance benefits charged against the employer's account.

To be eligible for experience rating, an employer must have reported wages in at least two consecutive preceding tax rating periods. A tax rating period is a four-quarter period ending September 30. The employer's experience rating is determined by the following formula:

$$\frac{\text{Reserve Balance}}{\text{Average Taxable Payroll}} = \text{Reserve Ratio}$$

The array system assigns tax rates across 20 categories. Employers representing 5% of taxable payroll are assigned to each of the 20 categories. The Array System, prescribed by Nebraska law, is designed to stabilize the Trust Fund, to ensure the balance is sufficient to cover benefits based upon wages paid, and to ensure a solvent Trust Fund in the event of unexpected increases in unemployment.

## Tax Rate Notices

The UI Combined Tax Rate notices are mailed in December each year and are available online at [neworks.nebraska.gov](https://neworks.nebraska.gov). After Login, select the Update Account tab and click **RATE INFO**. The Rate Notice includes the information used in calculating the reserve ratio for the employer's account.

For the categorical list of historical tax rates, go to [dol.nebraska.gov/UITax](https://dol.nebraska.gov/UITax) and click **Combined Tax Rates List**.

Category	Experience Factor	Rate
1	0.00	0.00%
2	0.25	0.12%
3	0.40	0.19%
4	0.45	0.21%
5	0.50	0.24%
6	0.60	0.28%
7	0.65	0.31%
8	0.70	0.33%
9	0.80	0.38%
10	0.90	0.43%
11	0.95	0.45%
12	1.00	0.48%
13	1.05	0.50%
14	1.10	0.52%
15	1.20	0.57%
16	1.35	0.64%
17	1.55	0.74%
18	1.80	0.86%
19	2.15	1.03%
20	2.60	5.40%

New Employer Rate	
Non-construction	1.25%
Construction	5.40%

## Rate Setting Process

The following three-step process takes place during October and November of each year and is based upon a tax rating period ending September 30.

### Step 1. Determine the Trust Fund revenue target for the coming year.

The revenue target is the amount of unemployment benefits paid from contributions during the twelve months ending September 30 as adjusted by a yield factor. From October 1, 2023 to September 30, 2024, the amount of unemployment benefits paid from contributions was \$84,729,787. The yield factor is designed to maintain a target balance in the Trust Fund by increasing revenue when the Trust Fund is lower than the target amount, and decreasing revenue when the Trust Fund exceeds the target amount. The yield factor is generally determined by the State's Reserve Ratio.

### Step 2. Determine the state's average tax rate required to generate the revenue target from Step 1.

<b>Funds Available for the Payment</b>		<b>State's Total Wages</b>	=	<b>State's Reserve Ratio for Yield</b>
\$542,592,001	÷	\$58,880,002,664	=	.0092
<b>Yield Factor</b>		<b>Benefits Paid from Contributions FY2024</b>	=	<b>Planned Yield</b>
1.00%	x	\$84,792,787	=	\$84,792,787

The state's average tax rate is assigned to category 12 in a 20-category rate schedule. Absent the provisions of Laws 2024, LB 1393, §1 the combined tax rate for 2025 would have been 0.93%. Pursuant to Laws 2024, LB 1393, §1, "the final average combined tax rate shall be reduced by five percent." Consequently, the final 2025 average combined tax rate assigned to category 12 has been reduced to 0.88%. The other 19 tax rates, except Category 20, are calculated as a percent of the category 12 rate determined by multiplying the category 12 rate by an experience factor statutorily assigned to each category. Under federal law, a state is required to have at least one rate of 5.4% or more, so category 20 is adjusted upward to satisfy that federal requirement.

<b>Revenue Target</b>		<b>State's Taxable Wages for FY2024</b>	=	<b>Computed State Average Tax Rate</b>
\$84,792,787	÷	\$9,126,760,712	=	0.93%
0.93%	x	95%	=	0.88%

### Step 3. Take individual employer accounts, which are eligible for experience rating, and array, or rank them by experience ratios from highest to lowest.

Once ranked, the accounts are divided into the 20 rate categories. The employers with the highest reserve ratios are assigned to category 1 and the lowest reserve ratios to category 20. Each category is limited to five percent of the state's total taxable wages for the four quarters ending September 30. Categories do not have an equal number of tax-rated employers, but do have approximately equal amounts of taxable wages. Employers with a positive experience rating cannot be assigned to category 20.

## Voluntary Payments

Eligible employers are informed of the amount of a voluntary contribution they may make to lower their tax rate by one category. Payment of the voluntary contribution must be made on or before February 28, 2025, to reduce the assigned 2025 UI Combined Tax Rate. The Voluntary Payment Notice is available online at [networks.nebraska.gov](http://networks.nebraska.gov) and mailed with the UI Combined Tax Rate Notice in December of each year.

## Employers Without an Experience Rating

New employers that do not have reported wages in each of the two preceding four-quarter periods ending September 30 are not eligible for experience rating and are assigned the new employer rate. For 2025, the new employer rate for a non-construction employer is 1.25%, and the new employer rate for a construction employer is 5.40%.

## Employers With Delinquent or Missing Reports

Any employer who has not submitted all quarterly tax reports when rates are calculated in November is assigned the category 20 tax rate. However, an employer may submit any delinquent or missing report by mail or by going to [networks.nebraska.gov](http://networks.nebraska.gov) on or before December 31 and be reassigned to their calculated rate. A revised rate notice will be issued to the employer.
