Veterans' Employment Services Guide

What kind of services are available to veterans?

The Nebraska Department of Labor is dedicated to providing employment and training services to our Veterans as we extend our gratitude for your service to the United States of America.

American Job Centers provide job seekers with a full range of assistance at one location. Many American Job Centers and Nebraska Department of Labor locations include specialized staff who serve eligible Veterans and eligible spouses exclusively. These specialized staff are known as Disabled Veterans' Outreach Program (DVOP) specialists.

Veterans and eligible spouses receive access, on a priority of service basis, to the full range of public employment and training services, including:

- Career assessment and counseling
- Assistance with résumés, cover letters, and interviewing skills
- Support services referrals
- Job placement assistance and referrals
- Information on careers, training, education, and financial aid
- Job search workshops
- Labor market information
- Computers with internet access
- Assistance with navigating computer programs
- Help with the online job application process
- Assistive technology hardware and software for special needs.

What does priority of service mean?

Priority of service means Veterans and eligible spouses who meet the eligibility requirements for a program or service are to receive access to that program or service either earlier in time or instead of persons who are not eligible for priority of service.

Federal law and regulations require all workforce programs funded by the Department of Labor to provide priority of service to:

1. Veterans who served in the active military, naval, or air service and who were discharged under conditions other than dishonorable; and,
2. Eligible spouses of veterans who have total service-connected disabilities or who died as a result of service-connected disabilities.
