

Paid and Unpaid Work Experiences

Paid and unpaid work experiences (WE) will be in positions that are entry-level in the private-for-profit sector, the non-profit sector, or in the public sector and may include the following types of work experiences:

Pre-Apprenticeship Programs

Pre-apprenticeship is defined as a program or set of strategies designed to prepare individuals to enter and succeed in a Registered Apprenticeship program and has a documented partnership with at least one, if not more, Registered Apprenticeship programs. Currently there are no formal Pre-apprenticeship programs in Greater Nebraska.

Job Shadowing

A work experience option where youth learn about a job by walking through the work day as a shadow to a competent worker. The job shadowing work experience is a temporary, unpaid exposure to the workplace in an occupational area of interest to the youth.

Work Experience (Paid Internship)

Work Experience is a short-term or part-time work assignment with a worksite partner designed to enhance employability of the participant through development of good work habits and basic work skills.

Eligible Employers

Eligible employers can be from the public, private, or non-profit sectors. WEs are structured to help participants achieve success in the workplace and develop skills needed to obtain and retain unsubsidized employment. The employer must be able to provide supervision and appropriate feedback to the participant at regular intervals during the course of the activity and be willing to participate in the required monthly monitoring conducted by the career planner.

An employer will be ineligible if they meet one or more of the following:

1. The employer has recently laid off an individual of the same or equivalent position.
2. The work experience placement would infringe upon the promotion of or displacement of any currently employed worker or lead to a reduction in their hours.
3. The employer is a private for-profit employment agency including but not limited to temporary employment agencies, employee leasing firms or staffing agencies.

Future WE requests from employers will be denied if the requirements set forth in previous worksite agreements were not honored.

Work Experience Components

Work experiences **must** include academic and occupational components.

- The WE employer can provide the academic and occupational component or they may be provided separately in a classroom or through other means.
- The academic and occupational education component may occur inside or outside the worksite.
- The academic component may occur concurrently or sequentially with the WE.

Length & Wage Limits

WE are time limited to no more than 500 hours. Participants can work up to 40 hours or less a week. The participant may be placed with more than one employer during the work experience activity, but the total number of hours for all worksites may not exceed 500 hours in total.

GN WIOA will pay 100% of the participant's wages. Wages are set at \$10/ hour. The maximum cost to be paid per participant for the work experience is \$5,000.

Payment Procedures

WE clients are considered employees of the State of Nebraska. The WIOA program, not the worksite, covers payroll, social security and workers compensation expenses. WE clients do not receive sick leave, holiday pay, vacation time, or overtime and may not work over 40 hours per week. WE clients may be paid for hours worked on a holiday if the career planner verifies with the worksite supervisor that the worksite was operational and the hours were in fact worked.

WE payroll is completed biweekly, on the same schedule as the State payroll. Timesheets must be submitted between Friday, end of payroll and Monday, beginning of next payroll to ndol.billingandpayments@nebraska.gov and ndol.greaternebraska@nebraska.gov. Timesheets must be signed by the supervisor, participant, and career planner.

Late timesheets- If timesheets are not submitted by noon the Monday following the end of payroll the participant will not be paid until the following payroll.

Timesheet

A new timesheet must be completed each pay period.

Participant Name

Pay Period #- B1 (There are 26 pay periods in a year. The first pay period in January is B1, each pay period counts up from there)

Participant Address

Worksite Name

Worksite Address

Calendar work week is Monday-Sunday. Enter the start and end date of each work week. For each day worked enter the in and out time. Timesheets should be completed by the worksite and submitted to the career planner bi-weekly.

Note: Ensure breaks are tracked for participants working six hours or longer at a time. If breaks are not being tracked, remind the worksite that breaks are required for six hour or longer shifts.

If the timesheet is completed online the totals will automatically calculate. If the timesheet is completed manually, you will have to calculate the total hours worked each day, total hours for the week, total hours for both weeks, and gross wages for both weeks. If the timesheet is completed manually, include a typed version when you submit for payment. Only one timesheet needs signatures.

Timesheets must be signed and dated by the worksite supervisor, participant, and career planner. Timesheets can be submitted without signatures, but a signed version must be submitted before the next pay period ends.

Career planners must review timesheets for legibility and accuracy. Calculations errors do not have to be sent back to the worksite. Cross out the error with a single line, write the correct amount, and initial beside the correction.

Garnishment

Notify the administrative entity immediately upon receipt of any legal order for payroll garnishment of WE wages.

Workers Compensation

Workers Compensation insurance for WIOA clients is provided through the Travelers Insurance Company. Immediately report on-the-job injury or illness to the administrative entity. Workers Compensation does not cover travel to and from work.

Remove from Payroll

When a participant completes their WE, successfully or unsuccessfully, they must be removed from payroll. To remove a participant from payroll email the completed Payroll Information form to ndol.billingandpayments@nebraska.gov and ndol.greaternebraska@nebraska.gov. Label the email "Remove from Payroll."

If a participant ends a WE, but hasn't worked the total 500 hours, they may participate in a second WE with a different employer. In this case, submit a new Worksite Agreement and any other updated forms for the new WE to the ndol.billingandpayments@nebraska.gov and ndol.greaternebraska@nebraska.gov inboxes.

Child Labor Laws

When working with youth, safety is of the utmost importance. Federal law establishes certain safety standards and restrictions for young workers. The age of the youth typically determines which child labor rules apply.

Youth Ages 14 and 15 Can Work

Young person's 14 and 15 years of age may be employed outside school hours in a variety of non-manufacturing and non-hazardous jobs for limited periods of time and under specified conditions.

During the School Year

Hours: 7:00 AM to 7:00 PM
No more than 3 hours a day
No more than 18 hours a week

During the Summer (June 1 through Labor Day)

Hours: 7:00 AM to 9:00 PM
No more than 8 hours a day
No more than 40 hours a week

Employment Certificates (work permits) must be obtained from School Superintendents (if applicable) in designated public high school districts. The Employment Certificate is available at www.dol.nebraska.gov > *Labor Standards* > *Employment of Minors* .

Youth Age 16 or 17 years

Sixteen is the basic minimum age for employment. Sixteen and 17 year olds may be employed for unlimited hours in any occupation other than those declared hazardous by the Secretary of Labor.

Youth Age 18 or over

Once a youth reaches 18 years of age, he or she is no longer subject to the Federal child labor rules.

Hazardous Occupations

If a participant is not yet 18, they are prohibited from being employed in occupations that have been declared hazardous by the Secretary of Labor. There may be some exceptions, and different rules apply to work in [agriculture](#). Be sure to check [state regulations](#) for young workers and the [OSHA](#) rules, which apply to all employees, regardless of their age.

Youth age 14-17 MAY NOT WORK in any of the following hazardous occupations:

- manufacturing and storing of explosives
- driving a motor vehicle and being an outside helper on a motor vehicle
- coal mining
- logging and saw milling
- power-driven woodworking machines
- exposure to radioactive substances
- power-driven hoisting apparatus
- power-driven metal-forming punching and shearing machines
