WIOA Title I Comprehensive Monitoring Schedule

May 17, 2021 – April 29, 2022

During Program Year 2020, NDOL implemented its new Comprehensive Monitoring Program. The purpose of the Comprehensive Monitoring Program is to evaluate:

- management and administration of WIOA Title I grants to local workforce development areas;
- quality of programs and services funded by the grants; and
- performance of the grants to determine if local workforce development boards and local WIOA Title I programs are operating:
 - in compliance with Federal and State laws, regulations, rules, and guidance, as well as grant agreements established between NDOL and local workforce development boards; and
 - in a manner that ensures achievement of State and local negotiated levels of performance.

Local workforce development areas will be notified of the specific focus of comprehensive monitoring. Comprehensive monitoring of each local workforce development area will be conducted over a four-month period as described in Table 1.
