In accordance with [29 USC §§ 3122\(d\)\(10\)\(E\)](#) and [3152](#), local boards must satisfy consumer choice requirements described in [20 CFR § 679.380](#).

(4) Waitlist requirements for Title IB programs

As required under [29 USC §§ 3164](#) and [3174](#), local areas must provide Title IB youth services to eligible youth and Title IB employment and training activities to eligible adults and dislocated workers. Further, during annual budget planning for upcoming program years, local boards:

- *must* prioritize funding for Title IB program services for eligible adults, dislocated workers, and youth; and
- *must not* prioritize use of adult and dislocated worker funds for incumbent worker training or customized training services to employers, which are non-mandatory employer services, in a manner that jeopardizes the availability of Title IB program services.

If local boards predict or determine during a given program year that funding for Title IB adult, dislocated worker, or youth program services may be limited, local boards may establish waitlists for services. Prior to implementing waitlists, however, local boards must establish, implement, and adhere to local area waitlist policies, processes, and procedures, which must comply with the following conditions and requirements.

1. Only local boards (not their designees, including local administrative entity staff or service provider staff) may establish waitlists for one or more Title IB programs under the following limited circumstances:
 - a. when funding is predicted to be insufficient during the remainder of a given program year, based on full analyses of local fiscal records for the impacted program(s); or
 - b. unexpected economic conditions occurring in the local area.

⁴ [29 USC § 3122\(b\)\(4\)](#)

2. Local boards must ensure written agreements with employers for incumbent worker and customized training services include provisions that allow local boards to modify, suspend, or terminate the agreements due to changes in available funding levels for adult and dislocated worker programs.
3. Local boards must modify, suspend, or terminate written agreements with employers for incumbent worker and customized training services and deobligate those funds and restore the balance of the deobligated funds to adult and dislocated worker programs to ensure the availability of funding and to ensure continued provision of program services for eligible adults and dislocated workers.
4. Prior to establishing waitlists for one or more Title IB programs, local boards must take the following actions:
 - a. request technical assistance from NDOL by emailing the policy mailbox (ndol.wioa_policy@nebraska.gov) and providing the following documentation with the request:
 - (1) *in the event of predicted insufficient funding*, provide summary and detailed:
 - (A) documentation demonstrating local board oversight and monitoring of expenditures and obligations relating to the impacted program(s);
 - (B) financial documentation for the impacted program(s), including documentation reflecting time charging by subrecipient staff implementing program services under the impacted program(s); and
 - (C) descriptions of how priority of service will be ensured and implemented in accordance with NDOL's policy on priority of service and how the local board will frequently monitor waitlist implementation to minimize the duration of the proposed waitlist(s);
 - (2) *in the event of unexpected economic conditions occurring in local areas*, provide summary and detailed documentation demonstrating:
 - (A) unexpected economic conditions occurring in the local areas;
 - (B) local board actions to mitigate those conditions, including coordination with required and additional one-stop partners, as well as workforce development system partners; and
 - (C) how priority of service will be ensured and implemented in accordance with NDOL's policy on priority of service and how the local board will frequently monitor waitlist implementation to minimize the duration of the proposed waitlist(s);
 - b. participate in technical assistance provided by NDOL, which *must* include participation by one or more representatives of local boards, as well as local area administrative entity staff, and leadership level service provider staff; and
 - c. fully implement all reasonable guidance provided by NDOL during technical assistance in order to prevent or mitigate the proposed implementation of any waitlist.

(d) High-performing local boards

Criteria for high-performing local boards have not been established by the state workforce development board.

Section II. Local board decertification

Pursuant to [29 USC § 3122\(c\)\(3\)](#), the Governor has the authority to decertify a local board at any time for any of the following reasons:

- fraud or abuse;
- failure to carry out the functions specified for local boards; or
- failure to meet adjusted levels of performance for two consecutive program years.

If the Governor decertifies a local board for a local area, the Governor may require that a new local board be appointed and certified for the local area pursuant to a reorganization plan developed by the Governor, in consultation with the CEO in the local area and in accordance with the criteria established under [29 USC § 3122\(b\)](#).⁵

Section III. Internal controls, conflicts of interest, and mandatory disclosures

(a) Internal controls

Local boards must adhere to the requirements of [2 CFR § 200.303](#). In addition, if local boards or CEOs have selected or designated an organization to function simultaneously in two or more roles (including fiscal agents, local boards staff, one-stop operators, and direct providers of services), local boards and CEOs must develop written agreements with the organizations that define how the organizations will carry out their responsibilities while demonstrating compliance with WIOA and its implementing rules, regulations, and guidance; Uniform Guidance ([2 CFR Parts 200](#)) and [20 CFR § 679.430](#); as well as other applicable Federal laws, rules, regulations, and guidance.

(b) Conflicts of interest

CEOs, local board members, and local board standing committee members must disclose to NDOL in writing any potential conflicts of interest pertaining to subaward of WIOA Title IB funds to CEOs, as required under [20 CFR § 683.200\(c\)\(5\)](#).

Written disclosures must be submitted in a timely manner by email to the policy mailbox at ndol.wioa_policy@nebraska.gov.

(c) Mandatory disclosures

CEOs, fiscal agents, local boards, and local board standing committees must disclose in writing to NDOL and USDOL, as applicable and in a timely manner:

- all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting subawards of Federal funds by NDOL, as required under [2 CFR § 200.113](#); and
- certain civil, criminal, or administrative proceedings, as required under [2 CFR § 200.113](#).

⁵ [29 USC § 3122\(c\)\(3\)\(C\)](#)

Failure to make required disclosures can result in any of the remedies described under [2 CFR §§ 200.113, 200.339](#), and other applicable Federal and State laws, rules, and regulations.

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

Local Workforce Development Areas and Statewide Planning Region, Change 3

REFERENCE

Federal and State of Nebraska (State) laws, rules, regulations, guidance, and policies relied upon for development of this policy are cited in the body of this policy and in footnotes. NDOL policies referenced in this policy are included in the [policy manual](#).

BACKGROUND

Local workforce development areas (local areas) serve as jurisdictions for the administration of workforce development activities and execution of WIOA Title I adult, dislocated worker, and youth programs using Title I funds allocated by the State. In order for the State to receive WIOA Title I funding, the Governor must designate local workforce development areas (local areas).¹

Planning regions align workforce development activities and resources with larger regional economic development areas and available resources to provide coordinated and efficient services to both job seekers and employers. The Governor must assign local areas to a planning region prior to submission of the state plan, in order for the State to receive WIOA Title I adult, dislocated worker, and youth program allotments.²

CHANGES

The entirety of this policy has been reorganized and revised for clarity. Further, this policy has been simplified by removing paraphrased versions of Federal and State laws, rules, regulations,

¹ [29 USC § 3121\(b\)](#); [20 CFR § 679.220](#)

² [29 USC § 3121\(a\)](#); [20 CFR § 679.210\(a\)](#)

guidance, and policies and replacing those provisions with links to those laws, rules, regulations, and guidance.

- Sections I and II in the rescinded policy have been combined into a single section in this policy.
- APPENDIX I (definitions) has been removed. Related definitions are now linked in text or footnotes in this policy.
- APPENDIX II and APPENDIX III (2016 and 2020 commuting patterns maps) have been removed as the statewide planning region was established in 2020, and the narrative in Section II of this policy addresses the State's processes and procedures for establishment of the statewide planning region.

ACTION

NDOL

This policy rescinds *Local Workforce Development Areas and Statewide Planning Region, Change 2*. Questions and comments on this policy may be submitted in writing to ndol.wioa_policy@nebraska.gov.

If statewide funds are not available during the program year when the request is approved, funds from the next program year may be provided pursuant to [20 CFR § 679.280\(b\)](#).

The notification will be transmitted to the Governor by NDOL.

(f) Appealing denied requests for designation, redesignation, or subsequent designation

Section II. Statewide planning region

(a) Consultation

As required under [29 USC §§ 3121\(a\)\(1\)](#) and [\(c\)\(2\)](#), NDOL held a statewide consultation session on October 14, 2020 on the Governor's behalf with designated representatives of CEOs and local boards and local area administrative entities regarding potential establishment of a single statewide planning region, in lieu of the then-current three planning regions originally identified in 2016 based on worker commuting patterns and areas of economic concentration. In preparation for the October 2020 consultation, NDOL evaluated 2016 commuting patterns in contrast to 2020 commuting patterns and confirmed that commuting patterns are not static. NDOL also evaluated Title I participant mobility during PY18 and PY19. During PY18, 148 participants were served by two or more local areas; and during PY19, 99 participants were served by two or more local areas. NDOL presented this data to and discussed it with local area representatives. Also discussed was the burden placed upon Nebraska's three local areas regarding their then-assignment to multiple planning regions pursuant to a PY18/PY19 waiver granted by the US Department of Labor. All local area representatives agreed unanimously that establishment of a single statewide planning region would:

1. better support alignment of Nebraska's statewide one-stop delivery system through:
 - a. development of a single cohesive statewide region plan;
 - b. elimination of fragmentation and duplication of regional planning efforts; and
 - c. improvement of Title I service delivery across local area boundaries;
2. eliminate burden placed upon local areas, pursuant to the PY18/PY19 waiver permitting assignment of Nebraska's local areas to multiple planning regions requiring their involvement in development and implementation of multiple overlapping regional plans.

(b) Designation

Following NDOL's consultation and local area consensus, the Governor designated the statewide planning region and assigned Nebraska's three local areas to the statewide planning region, as indicated in the designation letter included as appendix to NDOL's regional and local plans policy.

DISCLAIMER

Required elements of MOUs are described under [29 USC § 3151\(c\)](#) and [20 CFR § 678.500](#).

(b) Local funding mechanisms

Local funding mechanisms for infrastructure and additional costs⁴ must comply with and are subject to the requirements of [29 USC §§ 3151\(b\)-\(e\)](#), [\(h\)\(1\)](#), and [\(i\)](#); [2 CFR Part 200](#); [20 CFR Part 678 Subpart C](#); [20 CFR §§ 678.715](#), [678.720](#), [678.755](#), and [678.760](#); and [TEGLs 16-16 Change 1](#), and [17-16](#). Local board and CEO responsibilities relating to local funding mechanisms

³ [20 CFR § 678.500\(a\)](#)

⁴ Infrastructure costs and additional costs are defined under [20 CFR §§ 678.700](#) and [678.760](#) and [TEGLs 16-16](#) and [16-16 Change 1](#).

are described in [20 CFR § 678.715](#). Required elements of funding agreements are describe under [20 CFR § 678.755](#) and [TEGLs 16-16](#) and [17-16](#).

(c) State funding mechanism

(1) General requirements

As indicated in [29 USC § 3151\(h\)\(1\)\(A\)\(ii\)](#), [20 CFR §§ 678.725](#) and [678.730](#), and [TEGL 17-16](#), if a local board and one or more required one-stop partners fail to reach consensus for sufficiently funding one-stop center *infrastructure* costs, the Governor must administer funding through the state funding mechanism for the applicable program year.

(2) State funding mechanism implementation

Pursuant to [20 CRF §§ 678.725](#), [678.730](#), and [678.736](#) and [TEGL 17-16](#), the process for determining required one-stop partner contributions under the state funding mechanism consists of five steps.

1. *Notice of failure to reach consensus.* If a local board, CEO, and one or more required one-stop partners fail to reach consensus on methods of sufficiently funding a one-stop center's infrastructure costs and amounts to be contributed by each partner program, the local board is required to notify NDOL. Notification must be given as described in Section II(a).
2. *Provision of local negotiation materials.* To assist with state-funding mechanism calculations and determinations, the local board and CEO must provide the following materials and documents used during funding agreement negotiations:
 - a. local plan;
 - b. cost allocation methodology or methodologies proposed by the partners to be used in determining the proportionate share;
 - c. proposed amounts or budget to fund infrastructure costs and the amount of partner funds included;
 - d. types of funds available (cash, non-cash, and third-party in-kind contributions);
 - e. any proposed or agreed upon one-stop center or system budget;
 - f. any partially agreed upon, proposed, or draft funding agreements; and
 - g. materials the local board and CEO feel are relevant.
3. *Determining the budget for infrastructure costs.* If the local board provides an agreed-upon budget for infrastructure costs with its notification *and* only the individual programmatic contributions to funding of infrastructure costs funding are at issue, that budget may be used to calculate each required one-stop partner's contribution consistent with the cost allocation methodologies contained in the Uniform Guidance. If an agreed-upon budget is not submitted *or* the agreed-upon budget does not adequately meet the needs of the local area, the formula established by the state board is used to determine the budget. To determine a budget using the state board formula, the one-stop center budget for the local area from the previous program year is adjusted by subtracting all:
 - a. additional costs (i.e., non-infrastructure costs);
 - b. costs charged to non-required one-stop partners and INA programs; and
 - c. alternative funding that defrays infrastructure costs.

The resulting amount would be the local area budget for infrastructure costs under the state funding mechanism. The budget may be increased by up to three percent, if warranted, based on materials provided with the local board's notification, subject to the approval of NDOL.

4. *Establishing the cost allocation methodology.* Once the budget is determined for a local area in step 3, the Commissioner of Labor in consultation with Commissioner Education, must determine the appropriate cost allocation methodology to be applied to required one-stop partner programs in the local area, which must be consistent with the Federal cost principles permitted under [2 CFR Part 200](#) to fund the infrastructure costs budget. When determining each required one-stop partner's proportionate share of infrastructure costs, consideration must be given to the costs of administration of the one-stop delivery system for purposes not related to one-stop centers, such as:
 - a. costs associated with maintaining the local board or information technology systems;
 - b. statutory requirements for each partner program;
 - c. required one-stop partners' ability to fulfill such requirements; and
 - d. all other applicable legal requirements.

Consideration may also be given to the extent to which the required one-stop partners in the local area have agreed in determining partners' proportionate share, including any agreements reached at the local level by one or more partners, as well as any other materials or documents of the negotiating process provided by the local board.

5. *Determining partner shares.* Each required one-stop partner's proportionate share of the infrastructure costs budget is determined, subject to the requirements and limitations established under [20 CFR § 678.738](#) and [TEGL 17-16](#), using the four-step methodology described below. Required one-stop partners are then notified of their determined costs in writing according to timelines established in Table 2 in Section II(a)(2).

- a. Determining maximum statewide contributions

Formula for calculations: $ma = sc \times ff$

- ma = maximum statewide contribution in dollars
- sc = statewide cap percentage
- ff = Federal funds

Example calculation

Factor	Amount
sc	0.03
ff	\$1,000,000
ma	\$30,000

- b. Determining maximum local contributions

Formula: $lc = ma \times u$

- lc = maximum local area contribution in dollars
- ma = maximum statewide contribution in dollars
- u = use of local area
- $u = p1 / p2$
 - o $p1$ = local area population
 - o $p2$ = state population

Example calculation

Factor	Amount
<i>p1</i>	90,000
<i>p2</i>	2,000,000
<i>u</i>	0.45

Factor	Amount
<i>ma</i>	\$30,000
<i>u</i>	0.45
<i>lc</i>	\$13,500

c. Determining proportionate share

Formula: $n1 / n2 = s$

- *n1* = number of local area participants served by the required one-stop partner program at the one-stop center, as reported by the partner, during the previous program year (July 1 – June 30)
- *n2* = number of local area participants served by all required one-stop programs at the one-stop center (sum of *n1* for all partners) during the previous program year (July 1 – June 30)
- *s* = proportionate share

Example calculation

Factor	Proportionate share
<i>n1</i>	1,500
<i>n2</i>	10,000
<i>s</i>	0.15

d. Determining contribution amount

Example calculation

Partner	Statewide cap (<i>sc</i>)	Local area cap (<i>lc</i>)	Proportionate share (<i>s</i>)	Proportionate share (<i>s</i> x <i>ff</i>)	Contribution amount
A	\$30,000	\$13,500	0.15	\$15,000	\$13,500

Note. Required one-stop partner contribution amounts under the state funding mechanism must not exceed the local area percentage cap for the partner program. Percentage caps on required one-stop partner contributions under the state funding mechanism are described under [20 CFR § 678.738\(c\)](#).

(A) Appeal processes for the state funding mechanism

Pursuant to [20 CFR § 678.750](#), required one-stop partners may appeal determinations of their required contributions to funding of *infrastructure costs* under the state funding mechanism. To appeal determinations of required contributions to funding of *infrastructure costs*, required one-stop partners must:

1. submit appeals and supporting documentation within 15 days of NDOL's notification to the partners regarding their required contributions simultaneously to:
 - a. Commissioner of Labor, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600
 - b. chair of the applicable local board and applicable CEO;
 - c. all other required one-stop partners operating in the applicable local area;
 - d. Erick Carrillo, Director, Reemployment Services, erick.carrillo@nebraska.gov; and
 - e. policy mailbox at ndol.wioa_policy@nebraska.gov.
2. provide the following information with written appeals:
 - a. descriptions of the bases for appeal; and
 - b. rationale for reversing the determination or establishing a compromise.

Absent extenuating circumstances, the Commissioner of Labor will assign a hearing officer and a hearing will take place and a determination made within 30 days of receipt of the written appeal and supporting documentation. The hearing will include:

- statement of the reasons for the determination of the required one-stop partner's required contribution;
- statement by the partner, describing why the decision should be reversed or a compromise established; and
- final judgment that will include an explanation of the reasons for retention or reversal of the determination or establishment of a compromise, if reasonably possible during the hearing.

Section II. Reporting outcomes of MOU and local funding mechanism negotiations

(a) Notification requirements

Local boards and CEOs must promptly notify NDOL by email once they've *failed to reach consensus* during negotiation of MOUs and local funding mechanisms,⁵ as described in subsections (1) and (2) below. Notifications must be submitted to:

1. chair of the applicable local board and applicable CEO;

Section I. Local one-stop delivery systems

(a) Structure and design

Local one-stop delivery systems:⁴

1. must include at least one physical comprehensive one-stop center, meaning a comprehensive American Job Center (AJC); and
2. may have additional arrangements to supplement AJCs, which may include:
 - a. affiliate sites where one or more one-stop partners make programs, services, and activities available;
 - b. networks of one-stop partners, through which each partner provides one or more of the programs, services, and activities that are linked, either physically or technologically, to affiliated sites that assure customers are provided information on availability of career services, as well as other program services and activities, regardless of where customers initially enter local one-stop delivery systems; or
 - c. specialized centers that address specific needs, including those of dislocated workers, youth, or key industry sectors or clusters in local one-stop delivery systems.

Diagram 1 illustrates the general structure of local one-stop delivery systems that include AJCs, affiliate sites, and specialized centers.

Diagram 1. General structure of local one-stop delivery systems

Design of local one-stop delivery systems must be described in memorandums of understanding (MOUs) executed between local boards and required one-stop partners that include funding

⁴ [29 USC § 3151\(e\)\(1\)-\(2\)](#); [20 CFR § 678.300\(c\)-\(d\)](#)

agreements, as described in [20 CFR § 678.500](#),⁵ as well as NDOL's policy on MOUs and funding agreements.

(1) Comprehensive American Job Centers (AJCs)

AJCs are physical locations where job seekers, workers, and employers can access programs, services, and activities from all required one-stop partners.⁶ AJCs must provide access to:

1. basic and individualized career services (see Sections II(b) and II(c));
2. meaningful assistance with Unemployment Insurance claims (see Section II(b)(1));
3. training services (see Section II(d));
4. youth workforce investment activities (see Section II(e));
5. business services (see Section II(f));
6. programs and activities carried out by required one-stop partners;⁷ and
7. workforce and labor market information for job seekers, workers, and employers.

AJCs must be physically and programmatically accessible to individuals with disabilities, as described in [29 USC § 3248](#), as well as [29 CFR Part 38](#).

(2) Affiliate sites

Affiliate sites are one-stop centers that make available one or more one-stop partner programs, services, and activities, subject to the following requirements and limitations.⁸

1. Affiliate sites do not need to provide access to every required one-stop partner program.
2. The frequency of the physical presence of program staff at affiliate sites is determined at the local level. Affiliate sites are one-stop delivery system access points *in addition to* AJCs.
3. If used by local areas as part of local one-stop delivery system strategies, affiliate sites must be implemented in a manner that supplements and enhances customer access to services provided through AJCs *but not in lieu of access to AJC services*.
4. Stand-alone Title III affiliate sites are prohibited.⁹ If Title III services are provided at affiliate sites, there must be one or more *other partners* located at the sites, with a presence of combined staff at affiliate sites of more than 50 percent of the time when sites are open. The presence of Jobs for Veterans State Grant program staff (Local Veterans Employment Representatives and Disabled Veterans Outreach Program Specialists) and/or Unemployment Insurance program staff *does not count toward the mandatory 50-percent presence requirement*.¹⁰

Affiliate sites must be physically and programmatically accessible to individuals with disabilities, as described in [29 USC § 3248](#), as well as [29 CFR Part 38](#).

⁵ [29 USC § 3151\(c\) and \(h\)](#); [20 CFR § 678.300\(f\)](#)

⁷ [29 USC § 3151\(e\)\(2\)\(C\)](#)

⁸ [20 CFR § 678.310](#)

⁹ [20 CFR § 678.315](#)

¹⁰ Ibid.

(3) Specialized centers

Specialized centers are one-stop centers that address specific needs, including those of dislocated workers, youth, or key industry sectors or clusters.¹¹ As described above in Section I(a)(2) and [20 CFR § 678.315](#) concerning affiliate sites, specialized centers must include staff presence from other programs in addition to Title III, Jobs for Veterans State Grant, and Unemployment Insurance programs.¹²

Specialized centers must be physically and programmatically accessible to individuals with disabilities, as described in [29 USC § 3248](#), as well as [29 CFR Part 38](#).

(4) Networks of one-stop partners and specialized centers

Any network of one-stop partners or specialized centers, as described in [20 CFR § 678.300\(d\)](#), must be connected to AJCs and any appropriate affiliate sites by having processes in place to make referrals to and within the network.¹³

(b) Access

Local one-stop delivery system customers must have access to AJC programs, services, and activities provided by required one-stop partners during regular business hours.¹⁴ Local boards may establish service hours at other times outside of or other than regular business hours to accommodate the schedules of individuals who work during regular business hours.¹⁵

Access to required one-stop partner program services and activities means:¹⁶

- having at least one program staff member physically present at the one-stop center;
- having at least one staff member from other partner programs physically present at the one-stop center who are appropriately trained to provide information to customers about partner programs, services, and activities available through AJC partner programs; or
- direct linkage to program staff who provide meaningful information or services through electronic means at the AJC *within a reasonable time*, either by phone or through real-time web-based communications with program staff who can provide program information or services to customers, which cannot simply be the provision of phone numbers, website addresses, or general information, pamphlets, and materials.

Access to required one-stop partner programs and their services includes physical and programmatic accessibility for individuals with disabilities, as described in [29 USC § 3248](#), as well as [29 CFR Part 38](#).¹⁷ Electronic service delivery systems must comply with the nondiscrimination and equal opportunity provisions of [29 USC § 3248](#), as well as [29 CFR Part 38](#).¹⁸

¹⁵ Hours of AJC access are evaluated for effectiveness during annual one-stop delivery system assessment and triennial one-stop center certification processes, as described under [20 CFR § 678.800\(b\)](#) and NDOL's policy on one-stop delivery system assessment and one-stop center certification.

(c) Required and additional one-stop partners

Refer to [20 CFR §§ 678.400](#) and [678.410](#), as well as NDOL's policy on MOUs and funding agreements, for lists of required one-stop partners and additional one-stop partners.

(d) Required one-stop partner participation in local one-stop delivery systems

Required one-stop partner programs must provide access to their programs and services through local AJCs and any applicable affiliate sites or specialized centers, either onsite or through electronic means, as described above in Section I(b). Provision of programs and services electronically *must* improve the efficiency, coordination, and quality of one-stop partner services and *must not* replace access to such services at an AJC or be a substitute to making services available at affiliate sites if the partner is participating in affiliate sites.

Diagram 2 illustrates mandatory and potential participation by required one-stop partners in local one-stop delivery systems. *Note that required one-stop partners are not obligated to participate in affiliate sites or specialized centers.*

Diagram 2. Mandatory and potential required one-stop partner participation in local one-stop delivery systems

(e) Required one-stop partner roles and responsibilities in AJCs

Required one-stop partners must:¹⁹

1. provide access to their respective programs or activities through AJCs, *in addition to any other locations where they elect to provide services*;
2. use a portion of funds made available to their programs, to the extent consistent with Federal law authorizing the respective programs and in compliance with Federal cost principles defined in [2 CFR Parts 200](#) and [2900](#), concerning:
 - a. provision of career services;

¹⁹ [20 CFR § 678.420](#)

- b. working collaboratively with the State and local boards to establish and maintain local one-stop delivery systems, including jointly funding AJC infrastructure costs through partner contributions;²⁰
 - i. reasonable cost allocation methodologies by which infrastructure costs are charged to each respective partner based on proportionate use and relative benefit received;
 - ii. Federal cost principles; and
 - iii. any local area administrative cost requirements established under applicable Federal laws authorizing the partner programs;
3. use a portion of funds made available to their programs or fairly evaluated in-kind contributions, consistent with Federal law authorizing the programs, to fund additional costs relating to operation of local one-stop delivery systems, which:
 - a. *must* include costs associated with the provision of applicable career services; and
 - b. *may* include other costs, including costs of shared services such as initial intake, assessment of needs, appraisal of basic skills, referrals to other one-stop partners, and business services;²¹
4. enter into MOUs with local boards, which must include funding agreements, relating to the operation of AJCs, in accordance with [20 CFR § 678.500\(b\)](#);²²
5. participate in the operation of AJCs, consistent with the terms the MOUs and funding agreements, requirements of partner program authorizing laws, rules, regulations, and Federal cost principles, and all other applicable legal requirements;²³ and
6. provide representation on the state board and local boards, when required or as requested, and participate in board committees as needed.²⁴

Section II. Local one-stop delivery system services

(a) Basic career services for job seekers, workers, and employers

Basic career services must be delivered collectively by required one-stop partners through AJCs (subject to legislative authorization, requirements, and limitations for each partner program) and are listed in [20 CFR § 678.430](#).²⁵ Further, basic career services, including meaningful assistance with unemployment insurance (UI) claims, must be universally available and accessible to all individuals and employers seeking services.²⁶ In other words, anyone *may* receive one or more basic career services based on individual needs, even if they are not participating in a program offered by AJC partner programs.

(1) Meaningful assistance

Local boards and administrative entities must ensure the availability of meaningful assistance to anyone seeking assistance with UI claims. There is no Federal mandate that meaningful

²⁶ [20 CFR § 678.430](#); [TEGL 19-16](#)

assistance must be provided only by UI state merit staff. To clarify, meaningful assistance is provided:²⁷

- by staff on-site who are well-trained on UI claims filing and the rights and responsibilities of claimants; or
- through direct linkage to UI staff by phone or other technology as long as the assistance is provided by trained and available staff *and within a reasonable timeframe*.

Costs associated with providing meaningful assistance may be paid for by Title I adult programs, Title I dislocated worker programs, Title III, UI, or some combination of these funding sources.²⁸

(b) Individualized career services for job seekers and workers

Local boards and local administrative entities must ensure the availability of individualized career services for eligible individuals through AJCs, if determined appropriate in order for individuals to obtain or retain employment, which are listed in [20 CFR § 678.430\(b\)](#).

- Availability of individualized career services required under local Title I adult and dislocated worker programs for eligible individuals is described in NDOL's adult and dislocated worker program policy.
- Types of career services available through other required one-stop partner programs, which are not described in this policy, are based on the authorizing legislation and implementing rules and regulations for those programs.

(c) Training services for job seekers and workers

Local boards and administrative entities must ensure the availability of training services for eligible individuals through AJCs, if determined to be appropriate in order for individuals to obtain or retain employment.²⁹

- Availability of training services required under local Title I adult and dislocated worker programs for eligible individuals is described in NDOL's adult and dislocated worker programs policy.

2. If local boards designate [affiliated sites](#) or [specialized centers](#) for inclusion in local one-stop delivery systems and seek infrastructure funding support from participating one-stop partner programs, local boards must certify those sites and centers.³
3. In addition to triennial assessments, local boards must conduct annual assessments of physical and programmatic accessibility of all one-stop centers in their local areas⁴ based

¹ [29 USC § 3151\(g\)\(1\)](#); [20 CFR § 678.800\(d\)](#)

² [29 USC §§ 3151\(e\)\(2\)\(A\)](#), [3151\(g\)\(1\)](#), and [3151\(h\)\(1\)\(A\)\(i\)](#); [20 CFR § 678.800\(d\)](#); [TEGL 16-16](#)

Local board evaluations of continuous improvement of local one-stop delivery systems and one-stop centers must comply with [20 CFR § 678.800\(c\)](#).

(e) Local criteria

Pursuant to [29 USC § 3151\(g\)\(3\)](#), [20 CFR § 678.800\(d\)](#), and [TEGL 16-16](#), local boards may establish additional assessment criteria *or* set higher standards for service coordination, beyond those set by NDOL in this policy and NDOL's policy on security and the one-stop delivery system.

2. Processes for assessment and certification of one-stop centers must:
 - a. comply with requirements of this policy *and* NDOL's policy on security and the one-stop delivery system; and
 - b. require use of NDOL's assessment and certification forms, which are provided separately by email to local boards and administrative entities.
3. Processes for establishing written continuity-of-service plans in the event of failure to certify an AJC must be established by local boards prior to commencement of triennial assessment and certification.

4. Processes for assessment and certification of one-stop centers must require submission of documentation to NDOL regarding outcomes of assessment and certification processes, in accordance with instructions provided in NDOL's assessment and certification forms.

REFERENCE

Federal and State of Nebraska (State) laws, rules, regulations, guidance, and policies relied upon for development of this policy are cited in the body of this policy and in footnotes. NDOL policies referenced in this policy are included in the [policy manual](#).

BACKGROUND

Local workforce development boards (local boards) must comply with the requirements of [20 CFR Part 678 Subpart D](#) when selecting OSOs (OSOs), in addition to all other applicable Federal and State laws, rules, regulations, guidance, and policies.

CHANGES

The entirety of this policy has been reorganized and revised for clarity. Further, this policy has been simplified by removing paraphrased versions of Federal and State laws, rules, regulations, guidance, and policies and replacing those provisions with links to those laws, rules, regulations, and guidance.

ACTION

NDOL

This policy rescinds NDOL policy titled *OSO Competitive Selection, Change 1*. Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Local boards

Local boards must insure that their OSOs are selected in accordance with the requirements of this policy, in addition to all other applicable Federal and State laws, rules, regulations, guidance, and policies.

POLICY

This policy defines requirements for competitive selection of OSOs by local boards and has four sections.

Section I. OSO selection and other procurement requirements.....	2
(a) OSO competitive selection requirements	2
Section II. Eligible entities	3
(a) Local boards serving as OSOs	3
Section III. OSO responsibilities and prohibited functions	3
Section IV. Essential OSO contract elements.....	3

Section I. OSO selection and other procurement requirements

(a) OSO competitive selection requirements

Local boards must use competitive processes in their selection of OSOs, in accordance with the principles of competitive procurement described under [2 CFR part 200](#), [2 CFR Part 2900](#), and [TEGL 15-16](#), as well as local area procurement policies and procedures.¹ In addition, local boards must adhere to the requirements of [29 USC § 3151\(d\)](#), [20 CFR § 678.605](#), and [TEGL 15-16](#) when selecting OSOs. Local boards must also adhere to requirements of this policy and the requirements defined under NDOL's policy on procurement, as well as all other applicable Federal and State laws, rules, regulations, guidance, and policies, including but not limited to the following Federal laws, rules, regulations, and guidance:

1. [29 USC § 3111\(g\)](#);
2. [29 USC § 3151\(d\)\(4\)\(A\)](#);
3. [29 USC § 3122\(e\)](#);
4. [2 CFR part 200](#), and [2 CFR Part 2900](#), including:
 - a. [2 CFR § 200.214](#);
 - b. [2 CFR § 200.318](#);
 - c. [2 CFR § 200.319](#); and
 - d. [2 CFR § 200.320](#);
5. [20 CFR § 678.605](#);
6. [20 CFR § 678.610](#);
7. [20 CFR § 679.430](#); and
8. [Neb. Rev. Sta. 84-1407 to 84-1414](#).

¹ [29 USC § 3151\(d\)](#); [20 CFR § 678.605](#); [TEGL 15-16](#)

Section II. Eligible entities

Pursuant to [20 CFR § 678.600](#) and [TEGL 15-16](#), OSOs may be single entities (public, private, or nonprofit) or consortiums of entities that, at a minimum, include three or more required one-stop partners, as described in [20 CFR § 678.400](#). Entities serving as OSOs are subrecipients of Federal awards and are therefore required to adhere to the requirements of [2 CFR part 200](#) and [2 CFR Part 2900](#), in addition to all other applicable Federal and State laws, rules, regulations, guidance, and policies.

(a) Local boards serving as OSOs

While the entities referenced in [20 CFR § 678.600](#) are eligible to serve as OSOs, eligibility to be a OSO in a specific local area is affected by the nature of the procurement process, particularly as it relates to conflict of interest and avoiding “less-than arms-length” relationships.²

Local boards may compete for and be selected as OSOs, as long as appropriate firewalls and conflict of interest policies and procedures are in place and conform to the specifications of [20 CFR § 679.430](#) concerning internal controls and conflicts of interest. In situations where outcomes of OSO competitive selection processes are determined by local boards, when the local boards are competing as potential OSOs, the Governor and applicable local CEOs must agree to the selection of local boards as OSOs, as required by [29 USC § 3122\(g\)\(2\)](#).

Section III. OSO responsibilities and prohibited functions

The role of OSOs must be clearly documented in all phases of the OSO procurement process and in legally binding agreements between local boards and their OSOs.³ Local boards must ensure that OSOs, in fulfillment of their role, comply with requirements established under [20 CFR Part 678 Subpart D](#) and [TEGL 15-16](#), including requirements concerning prohibited functions of OSOs.

Section IV. Essential OSO contract elements

Written agreements between OSOs and local boards must include essential elements of legally executed and binding written agreements including the essential OSO contract elements, as described in [TEGL 15-16](#).

DISCLAIMER

This policy is based on NDOL’s reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

ACTION

NDOL

This policy rescinds the NDOL policy titled *Priority of Service Change 3*. Questions and comments regarding this policy may be submitted to ndol.wioa_policy@nebraska.gov.

¹ [20 CFR § 680.600\(b\)](#)

Section I. Priority of service

(a) Priority of service mandate

Priority of service requirements for [covered persons](#) are mandated under [38 USC § 4215](#). Priority of service requirements apply to [qualified job training programs](#) funded in whole or in part by Federal funds and includes any program or service defined under [38 USC § 4215\(a\)\(2\)](#). In accordance with [38 USC § 4215\(a\)\(3\)](#), priority of service means covered persons must be given priority over [non-covered persons](#) concerning receipt of employment, training, and placement services.

(b) Priority of service implementation

[20 CFR Part 1010](#) describes requirements for implementation of priority of service by [recipients](#) and [subrecipients](#) of Federal funds for job training programs for covered persons. An agreement to implement priority of service is a condition for receipt of all Federally funded job training program funds, as described under [20 CFR § 1010.220](#), applicable USDOL guidance, and this policy. *Priority of service requirements cannot be waived.*²

(c) Priority of service data collection and maintenance

[20 CFR § 1010.330](#) defines requirements for collection and maintenance of data on covered persons and non-covered persons.

Section II. Title I programs

(a) Title I adult priority of service

(1) Implementation requirements

In addition to priority of service requirements described in Section I, local boards must ensure that at least 75 percent of adult participants receiving individualized career and training services through Title I adult programs are from at least one of the three adult priority groups: (1) recipients of public assistance; (2) [low-income individuals](#); or (3) individuals who are [basic skills deficient](#), including English language learners.³ Priority of service for individualized career services and training services under Title I adult programs must be implemented in the following order:⁴

1. [Veterans](#) and [eligible spouses](#) who are:
 - a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic skills deficient;
2. [non-covered persons](#) who are:
 - a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic skills deficient;

² [20 CFR § 1010.250](#)

³ [29 USC § 3174\(c\)\(3\)\(E\)](#); [20 CFR § 680.600\(a\)](#); [TEGL 07-20](#)

⁴ [29 USC § 3174\(c\)\(3\)\(E\)](#); [20 CFR §§ 680.600\(a\)](#) and [680.650](#); [TEGLs 10-09](#), [19-16](#), and [07-20](#)

3. Veterans and eligible spouses who are not:
 - a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic skills deficient;
4. priority populations established by the local board, consistent with subsection (3) below;
5. non-covered persons who are not:
 - a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic skills deficient.

(2) Income exclusion for veterans and eligible spouses

Under [38 USC § 4213](#), when past income is an eligibility determinant for qualified job training programs, any amounts received as military pay or allowances by any person who served on [active duty](#) and certain other specified benefits must be disregarded for veterans and eligible spouses for whom those amounts would normally be applied when making eligibility determinations.⁵ Regardless of this exclusion, veterans and eligible spouses must still meet program eligibility criteria to receive priority services under Title I adult programs.⁶

(3) Local priority populations

Local boards may establish policies and processes that give priority to other individuals eligible to receive Title I individualized career services and training services, provided that the policies and processes are consistent with priority of service requirements for veterans and eligible spouses under [29 USC § 3174\(c\)\(3\)\(E\)](#); [20 CFR §§ 680.600\(c\)](#), [680.650](#), and [683.230](#); and [TEGLs 19-16](#), and [07-20](#).

(b) Title I dislocated worker priority of service

(1) Implementation requirements

In addition to priority of service requirements described in Section I, individuals who meet dislocated worker program eligibility criteria defined in NDOL's program eligibility policy and are [veterans](#) or [military spouses](#) must be given priority over dislocated workers who are not veterans or military spouses.⁷

(2) Policy clarification on separating military service members

A basic requirement to qualify as a Title I dislocated worker is that a worker be *terminated*⁸ or *laid off*.⁹ It is USDOL policy that being discharged under honorable conditions, either voluntarily or involuntarily, terminates an employment relationship between the military service member and the military and, therefore, meets the termination criterion for the dislocated worker program.¹⁰ [Separating military service members](#) must also satisfy other criteria for dislocated worker program

⁵ [20 CFR §§ 683.230](#) and [680.650](#); [TEGLs 19-16](#), and [07-20](#)

⁶ [TEGL 07-20](#)

⁷ [TEGL 22-04](#)

⁸ Refer to NDOL's policy on Title I program eligibility for the definition of *terminated*.

⁹ Refer to NDOL's policy on Title I program eligibility for the definition of *laid off*.

eligibility, including the *unlikely to return to a previous industry or occupation*¹¹ criterion. Additionally, under the priority of service provisions of the [Jobs for Veterans Act](#), separating military service members who upon discharge meet eligibility criteria for dislocated worker programs are afforded priority over individuals who are not veterans.

(3) Policy clarifications on military spouses

(i) Cessation of employment

[TEGLs 22-04](#) and [22-04 Change 1](#) provide policy clarifications concerning military spouses, cessation of employment, and Title I dislocated worker program eligibility.

(ii) Displaced homemakers

[TEGL 22-04](#) provides clarification on military spouses and Title I dislocated worker program eligibility as [displaced homemakers](#).¹²

(c) Title I youth priority of service

In addition to the priority of service requirements described in Section I, there are additional priority of service requirements that apply to Title I youth programs. As stated under [29 USC § 3164\(a\)\(1\)](#), potential youth program participants must be [low-income individuals](#). However, exceptions to this rule are described under [20 CFR §§ 681.250\(c\)](#) and [681.310\(b\)](#), [TEGL 21-16](#), and NDOL's program eligibility policy.

Section III. Wagner-Peyser

In addition to the priority of service requirements described in Section I, Wagner-Peyser must prioritize delivery of career services for [veterans](#) and [eligible spouses](#) over [non-covered persons](#).¹³

Section IV. JVSG

[TEGL 03-24](#) and [VPL 05-24](#) clarify statutory duties of JVSG staff, including priority of service and implementation requirements. Refer to NDOL's policy titled *Jobs for Veterans State Grant Program* for additional information.

¹¹ Refer to NDOL's policy on Title I program eligibility for the definition of *unlikely to return to a previous industry or occupation*.

¹² NDOL's policy on program eligibility includes complementary information on displaced homemakers and Title I dislocated worker programs.

¹³ [TEGL 10-09](#); [VPL 07-09](#)

Section V. NDWG

NDWG programs are [qualified job training programs](#). Therefore, priority of service must be implemented under NDWG programs for [covered persons](#) who meet eligibility requirements described in and conditions of NDWG grant awards, in accordance with [38 USC § 4215](#).

Section VI. SCSEP

In addition to the priority of service requirements described in Section I, SCSEP staff must give priority to individuals with one or more of the following characteristics:¹⁴

1. are 65 years of age or older;
2. have a [disability](#);
3. have [limited English proficiency](#);
4. have [low literacy skills](#);
5. reside in a [rural](#) area;
6. are [veterans](#) or [eligible spouses](#), in accordance with [38 USC § 4215\(a\)](#);
7. have [low employment prospects](#);
8. have failed to find employment after using services provided under [WIOA](#);
9. are [homeless](#) or [at risk for homelessness](#); or
10. are [formerly incarcerated](#) or on supervision from release from prison or jail within five years of the date of initial eligibility determination.

For priority groups listed above, SCSEP staff must apply priority of service in the following order:¹⁵

1. persons who qualify as veterans or eligible spouses and who meet at least one of the other priority characteristics listed above; then
2. persons who qualify as a veteran or eligible spouse who do not meet any of the other priority characteristics listed above; then
3. persons who do not qualify as a veteran or eligible spouse but who meet at least one of the other priority characteristics listed above.

Section VII. TAA

TAA must give priority for approval and funding of TAA Program benefits to trade-affected workers meeting the definition of [veteran](#) or [eligible spouse](#), including training benefits when approval of training criteria are met.¹⁶

Further, this policy has been simplified by removing paraphrased versions of Federal and State laws, rules, regulations, guidance, and policies and replacing those provisions with links to those legislative sources. Also, APPENDIX I (example risk assessment tool) has been removed. The tool available is available upon email request as described in Section II(a).

ACTION

NDOL

This policy rescinds *Security and the One-stop Delivery System, Change 2*. Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Local boards

Local boards must adhere to the requirements of this policy concerning security in their respective local one-stop delivery systems.

POLICY

This policy has two sections.

Section I. Local area security policies, processes, and procedures.....	2
Section II. Security framework	3
(a) Risk identification	3
(b) Risk mitigation	4
(c) Readiness	4
(d) Response and recovery.....	5

Section I. Local area security policies, processes, and procedures

Local boards must establish safety committees that are responsible for developing and implementing local security policies and processes,¹ as well as procedures,² modeled after the four-phase security framework described in Section II below. Local policies, processes, and procedures must comply with the requirements of this policy and must require:

1. establishment of security processes and procedures for security incident documentation (including creation and maintenance of security incident logs and incident resolution logs), notifications, and response and recovery activities;
2. mandatory annual training requirements for local area administrative entity, one-stop operator, and one-stop partner program staff on established policies, processes, and procedures;
3. mandatory annual surveys of local area administrative entity, one-stop operator, and one-stop partner program staff to determine (1) satisfaction with implementation of the policies, processes, and procedures and (2) effectiveness of mandatory training; surveys must provide an opportunity for staff to offer input and suggestions;
4. regular monitoring to determine compliance with policies, processes, and procedures among local area administrative entity, one-stop operator, and one-stop partner program staff;

¹ A process is a series of tasks and activities (i.e., procedures) that produce an outcome.

² A procedure is a set of instructions for completing a single task or activity within a process.

5. mandatory annual review and updating of the policies, processes, and procedures based on feedback from the annual surveys described above in item 3, as well as ad hoc feedback from local area administrative entity, one-stop operator, and one-stop partner program staff; and
6. updates to local boards by local board safety committees during local board public meetings regarding new and unresolved security incidents, subject to regulatory requirements pertaining to protection of personally identifiable information (PII), in accordance with applicable Federal laws, rules, regulations, and guidance and NDOL policies addressing PII.

Section II. Security framework

The purpose of the security framework (illustrated in Diagram 1) is to ensure local one-stop delivery systems and one-stop partners have the foundation necessary for development and implementation of effective security policies, processes, and procedures that proportionately and adequately:

1. identify security risks;
2. mitigate security risks;
3. establish security readiness; and
4. establish security incident response and recovery activities.

Diagram 1. Four-phase security framework for local one-stop delivery systems

(a) Risk identification

Identification of security risks cannot be achieved without conducting a risk assessment. Risk assessments are critical to the design and continuous improvement of security policies, processes, and procedures. Risks to one-stop delivery system customers, staff, and program participants may vary significantly throughout the statewide one-stop delivery system. An example

risk assessment tool is available upon request to the policy mailbox at ndol.wioa_policy@nebraska.gov. Local boards may elect to utilize alternative risk assessment tools, including tools that may be available through collaboration with local law enforcement entities and other entities.

(b) Risk mitigation

Once risks and corresponding risk levels are assessed, risk measures must be taken to mitigate the likelihood of security incidents and minimize the impact of security incidents. The selection of mitigation measures must be proportional to the likelihood and severity of risks. Local boards, safety committees, and administrative entities *must* regularly consult with representatives of all local area one-stop delivery system partners concerning risk mitigation. Mitigation measures may include, but are not limited to:

1. infrastructure hardening;
2. controlled facility access;
3. contracted security services;
4. early detection systems;
5. public alert systems;
6. digital or remote observation systems;
7. interior and exterior lighting;
8. signage and public notices;
9. evacuation plans and designated shelter areas; and
10. one-stop delivery system staff training.

The cost of security equipment and contracted services may be considered [infrastructure costs](#), provided those costs are not already included in a facility lease covering the costs.³ NDOL's policy on memorandums of understanding and funding agreements provides additional information on infrastructure costs.

(c) Readiness

Risk mitigation measures are effective only when properly planned, rehearsed, and maintained.

1. Local security policies, processes, and procedures must require regular and effective staff training and rehearsals.
2. Local area administrative entity, one-stop operator, and one-stop partner program staff must:
 - a. be trained at least annually on local one-stop delivery system security policies, processes, and procedures; and
 - b. participate in rehearsal of security response and recovery activities.
3. Local board safety committees must maintain documentation of annual training schedules and events, training agendas, and staff attendance rosters. Training recommendations include, but are not limited to:
 - a. de-escalation training;
 - b. lifesaving first-aid training; and
 - c. active shooter training.
4. Local boards and safety committees must survey local area administrative entity, one-stop operator, and one-stop partner program staff on an annual basis to measure satisfaction

³ [2 CFR § 200.457](#); [20 CFR § 678.760](#)

with implementation of security policies, processes, and procedures and the effectiveness of security training. The surveys must provide an opportunity for staff to provide written input and suggestions to ensure continuous improvement.

(d) Response and recovery

(1) Types of security incidents

The following types of behaviors, threats, and actions are considered security incidents; however, there may be other types that contribute to security incidents.

(A) Behaviors

Individual instances of behavior, or patterns of behavior, may be considered security incidents and may include, but are not limited to:

1. reckless driving in one-stop center parking areas;
2. possession of weapons;
3. alcohol intoxication or possession of alcohol;
4. drug intoxication or possession of controlled substances;
5. viewing or possession of pornography;
6. lewd behavior, inappropriate bodily exposure, and nudity;
7. vulgar, discriminatory, or threatening language;
8. unwanted physical contact;
9. loitering; and
10. stalking.

(B) Threats

Individual instances of threats, or patterns of threats, may be considered security incidents and may include, but are not limited to, verbal and non-verbal intent to:

1. cause bodily harm to self or others;
2. damage or destroy property or equipment; and
3. commit theft.

(C) Actions

Individual instances of actions, or patterns of action, may be considered security incidents and may include, but are not limited to, actions that cause or result in:

1. bodily harm to self or others;
2. damage or destruction of property or equipment; and
3. theft.

(2) Required response and recovery actions

Security incidents *must* be documented through completion and submission of a security incident report form within 24 hours of the initial security event. NDOL provides the current form to local area administrative entities by email. The form includes detailed instructions for submission.

(3) Technical assistance

NDOL will provide technical assistance as necessary when security incidents call for state-level guidance. *Requests for state-level guidance concerning security incidents should be immediately submitted by email to ndol.wioa_policy@nebraska.gov.*

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

Section I. Performance accountability system

(a) Legislative requirements

USDOL has established a performance accountability system to assess the effectiveness of the workforce development programs it funds. Guidance concerning the USDOL performance accountability system is described in [29 USC § 3141](#) and [20 CFR Part 677](#), as well as other guidance cited in this policy. In addition, [TEGLs 10-16 Change 3](#), [14-18](#), and [04-23](#) provide information on methodologies and operational requirements for calculating performance on primary indicators of performance.

(b) Applicability

Subsections (c) through (g) below provide information on coenrollment, exit and common exit, use of SSNs, supplemental wage information, and participant exclusion from performance calculations, as it relates to the following locally administered programs and programs administered by NDOL:

1. local Title IB adult, dislocated worker, and youth programs;
2. Title III Wagner-Peyser Employment Service;
3. Title ID national dislocated worker grants;
4. Jobs for Veterans State Grant program; and
5. Trade Adjustment Assistance program.

(c) Coenrollment

Coenrollment requirements established by USDOL are described in [TEGLs 10-16 Change 3, 14-18](#), and [21-16](#), as well as [UIPLs 8-18](#) and [7-19](#). In addition, NDOL requires that participants in the programs listed above in subsection (b) must be coenrolled whenever eligibility permits to ensure maximization of funding, service delivery, and coordination of services. Participants may be coenrolled in a variety of one-stop delivery system partner programs, including:

1. local Title IB adult, dislocated worker, and youth programs (Title IB);
2. Title IC Job Corps;
3. Title ID national dislocated worker grants (DWG);
4. Title ID National Farmworker Jobs Program provided by Proteus;
5. Title ID Native American employment and training programs;
6. Title ID YouthBuild;
7. Title II Adult Education and Family Literacy Act programs;
8. Title III Wagner-Peyser Employment Service (Title III);
9. Title IV vocational rehabilitation programs provided by:
 - a. Nebraska Commission for the Blind and Visually Impaired; and
 - b. Nebraska Vocational Rehabilitation Program;
10. Jobs for Veterans State Grant program (JVSG);
11. Senior Community Service Employment Program;
12. Supplemental Nutrition Assistance Program employment and training program (SNAP E&T);
13. Trade Adjustment Assistance program (TAA);
14. Temporary Assistance for Needy Families (TANF) employment and training program (Employment First); and
15. Unemployment Insurance.

(d) Exit and common exit

Exit and *common exit* are defined in [20 CFR § 677.150](#), [TEGL 10-16 Change 3](#), and [TEGL 14-18 Attachments 4](#) and [10](#). As permitted under [20 CFR § 677.150\(c\)\(3\)](#), NDOL has implemented a common exit requirement which applies to participants coenrolled in:

1. Title IB;
2. Title III;
3. DWG;

4. JVSG; and
5. TAA.

This common exit requirement does not apply to participants who are coenrolled in partner programs that are not listed above.

(e) Use of SSNs

As described in [TEGLs 26-16 Change 1](#) and [14-18](#), participant SSNs are collected to assist with assessment of program performance using quarterly wage data for the following performance indicators:

1. employment rate second quarter after program exit;
2. employment rate fourth quarter after program exit;
3. median earnings rate second quarter after program exit;
4. credential attainment rate; and
5. effectiveness in service employers (based on participant retention with the same employer second and fourth quarters after program exit).

Program eligibility is not contingent on the provision of an SSN, and program services must not be withheld when an individual is unwilling or unable to disclose an SSN.¹

(f) Supplemental wage information

The most efficient method for determining participant employment status and earnings is use of automated quarterly wage data. However, automated quarterly wage data may not be available for all participants, such as those who are self-employed, unable, or unwilling to provide a social security number.² When automated quarterly wage data are not available, programs must collect supplemental wage information from other sources to determine employment and earnings status for performance reporting purposes, which must be well documented and maintained for monitoring and data validation purposes as required under NDOL's records management policy.

(1) Acceptable forms of supplemental wage information

Refer to [TEGL 26-16 Change 1](#) for information on acceptable forms of supplemental wage information.

(2) Staff training

Program staff who are responsible for collecting supplemental wage information should be trained on procedures for gathering this information, including:³

1. when to begin supplemental wage information follow-up (i.e., after program exit and during follow-up services);
2. frequency of supplemental wage information follow-up (no less frequently than quarterly following program exit);

¹ [Sec. 7\(a\)\(1\) of the Privacy Act of 1974 \[5 USC 552a note\]](#)

² [TEGL 10-16 Change 3](#) and [14-18](#)

³ [TEGL 26-16 Change 1](#); [TEGL 14-18 Appendix VI](#). Additional information on supplemental wage data is available at <https://www.workforcegps.org/events/2017/06/23/15/05/WIOA-Wednesday-on-Tuesday-Supplemental-Wage-Information>.

3. what to say to participants or employers including:
 - a. ways to encourage voluntary and truthful disclosure;
 - b. descriptions of needed information;
 - c. how to respond to questions related to supplemental wage information follow-up processes; and
 - d. how to document the information received.

NDOL provides technical assistance to programs concerning collection of supplemental wage information upon request. Requests must be sent to the policy mailbox at ndol.wioa_policy@nebraska.gov.

(g) Participant exclusion from performance calculations

As stated in [TEGL 10-16 Change 3](#) and [14-18](#), participants may be excluded from performance calculations under limited circumstances. Table 1 describes those circumstances and applicable programs. *Participants cannot be excluded from participation after program exit.*

Table 1. Circumstances permitting exclusion from participation

Circumstance	Description	Applicable programs
Institutionalization	While receiving services as a participant, the individual must exit the program because the individual is incarcerated in a correctional institution or a resident of an institution or facility providing 24-hour support, such as a hospital or treatment center.	1. Title IB 2. Title III 3. JVSG 4. TAA 5. DWG
Health/medical	The participant must exit the program because of medical treatment and that treatment is expected to last longer than 90 days and precludes entry into unsubsidized employment or continued participation in the program.	1. Title IB 2. Title III 3. JVSG 4. TAA 5. DWG
Death	The participant is deceased.	1. Title IB 2. Title III 3. JVSG 4. TAA 5. DWG
Reserve forces called to active duty	The participant must exit the program because the participant is a member of the National Guard or other reserve military unit of the Armed Forces and is called to active duty* for at least 90 days.	1. Title IB 2. Title III 3. JVSG 4. TAA 5. DWG
Foster care	The participant is in the foster care system, as defined in 45 CFR 1355.20(a) , and must exit the program because the participant has moved out of the local workforce development area.	1. Title IB youth programs

* *Active duty* means full-time duty in the active military service of the United States [[10 USC § 101\(d\)\(1\)](#)]. *Active duty* includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned. *Active duty* does not include full-time National Guard duty.

Section II. Annual Title IB performance assessments

(a) Definitions relating to performance assessments

The following definitions apply to Title IB performance assessments.⁴

1. *Actual levels of performance* are the outcomes reported by NDOL in the annual statewide performance report (ETA-9169) for Title IB program primary indicators of performance.
2. *Adjusted levels of performance* are levels of Title IB program performance determined by NDOL through adjustment of negotiated levels of performance at the end of each program year to reflect actual participant characteristics and actual economic conditions experienced in the local area using the local SAM (described below in subsection (b)).
3. *Adjustment factors* are the positive or negative differences applied to negotiated levels of performance to determine adjusted levels of performance following conclusion of program years, based on actual participant characteristics and actual economic conditions.
4. *Negotiated levels of performance* are levels of performance mutually agreed upon by local boards, local chief elected official (CEOs), and the Governor during biennial performance negotiations for each Title IB program. (The negotiations process is based on the four factors described in Section III(b) of this policy.)

(b) Local statistical adjustment model (local SAM)

NDOL's local SAM calculates *adjusted levels of performance* for Title IB programs based on:

1. Title IB program *negotiated levels of performance*;
2. Title IB program *actual levels of performance*;
3. actual Title IB program participant characteristics during the applicable program year;
4. actual Title IB local area economic conditions during the applicable program year; and
5. coefficients provided in USDOL annual state-level Title IB performance assessments which are used to determine *adjustment factors* when assessing local-level Title IB performance.

NDOL issues annual *adjusted levels of performance* reports to Title IB programs following (1) the conclusion of each program year and (2) NDOL's receipt of the USDOL annual state performance assessment of Nebraska's Title IB programs.⁵ Data provided in the reports are used to assess program success or failure and the need for technical assistance or corrective actions following consecutive failures to meet adjusted levels of performance.⁶

(c) Assessing Title IB program performance success and failure

NDOL has established the following performance thresholds for determining Title IB program failure to meet *adjusted levels of performance*, in alignment with [TEGL 11-19 Change 2](#).

- *Individual local single indicator score*. For any single adult, dislocated worker, or youth program, failure to meet an adjusted level of performance occurs when any individual local single indicator score falls below 50 percent of the adjusted level of performance for that single indicator during the previous two consecutive program years.

⁴[29 USC § 3141\(d\)](#); [TEGL 11-19 Change 2](#)
[20 CFR § 677.210\(c\)](#)

⁶ Ibid.

- *Overall local single indicator score.* For any single performance indicator across all Title IB programs, failure to meet adjusted levels of performance for the indicator occurs when the overall local single indicator score falls below 90 percent of the adjusted level of performance for that indicator during the previous two consecutive program years.
- *Overall local single program score.* For any single Title IB program, failure to meet overall adjusted levels of performance for the program occurs when the overall local single program score falls below 90 percent of the overall adjusted levels of performance for that single program during the previous two consecutive program years.

(d) Mandatory technical assistance

If Title IB programs fail to meet or exceed adjusted levels of performance *for any program year*, technical assistance must be provided by NDOL on behalf of the Governor or, upon the Governor's request, by the Secretary of Labor.⁷ Technical assistance provided by NDOL or the Secretary of Labor may include:⁸

- assistance in the development of a performance improvement plan;
- development of a modified local or regional plan; or
- other actions designed to assist the local area with improving performance.

(e) Mandatory corrective action

If Title IB programs fail to meet adjusted levels of performance for three consecutive program years, the Governor must take corrective actions pursuant to [20 CFR § 677.220\(b\)](#). Corrective actions must include development of a reorganization plan under which the Governor:

- requires the appointment and certification of a new local board, consistent with the criteria established under [20 CFR § 679.350](#);
- prohibits the use of eligible providers and one-stop partners that have been identified as achieving poor levels of performance; or
- takes such other significant actions as the Governor determines appropriate.

(f) Appealing reorganization plans

Local boards and CEOs subject to reorganization plans, pursuant to [29 USC § 3141\(g\)\(2\)](#) and [20 CFR § 677.220\(b\)](#), may appeal to the Governor during the 30-day period following receipt of notice of the reorganization plan and request that the reorganization plan be rescinded or revised.⁹ Such appeals must be submitted by certified mail, return receipt requested, to:

- Governor, State of Nebraska, 1445 K Street, Lincoln, NE 68508;
- Commissioner of Labor, Nebraska Department of Labor, 550 South 16th Street, Lincoln, NE 68508; and
- Director of Reemployment Services, Nebraska Department of Labor, 550 South 16th Street, Lincoln, NE 68508.

The Governor must make final decisions within 30 days after receipt of such appeals. The Governor's decisions on such appeals become effective once issued and remain in effect, unless

⁷ [20 CFR § 677.220\(a\)](#)

⁸ [20 CFR § 677.220\(a\)\(2\)](#)

⁹ [20 CFR § 677.225](#)

the Secretary of Labor rescinds or revises the reorganization plan pursuant to [29 USC § 3141\(g\)\(2\)\(C\)](#). Local boards and CEOs may appeal the Governor's decisions to the Secretary of Labor during the 30-day period following receipt of the Governor's decisions. Any appeal of such decisions must be:

1. appealed jointly by local boards and CEOs, as required under [20 CFR § 683.650](#); and
2. submitted by certified mail, return receipt requested, to:
 - a. Secretary of Labor, US Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, Attention: ASET;
 - b. Governor of the State of Nebraska, 1445 K Street, Lincoln, NE 68508; and
 - c. Commissioner of Labor, Nebraska Department of Labor, 550 South 16th Street, Lincoln, NE 68508; and
 - d. Director of Reemployment Services, Nebraska Department of Labor, 550 South 16th Street, Lincoln, NE 68508.

Upon receipt of such appeals from local boards and CEOs, the Secretary of Labor must make final decisions within 30 days. In making these decisions, the Secretary may consider any comments submitted by the Governor in response to the appeals.

Section III. Biennial Title IB performance negotiations

Local boards, CEOs, and the Governor must collectively negotiate performance levels for Title IB programs.¹⁰ Title IB performance negotiations are conducted every other program year (biennially) by NDOL on behalf of the Governor. Following conclusion of biennial negotiations, NDOL must notify USDOL that Title IB program negotiations are complete and provide written documentation listing negotiated levels of performance for all Title IB programs (known as negotiation outcomes). NDOL's notification to USDOL concerning negotiation outcomes must be submitted no later than September 30 following conclusion of each biennial negotiation cycle. For example, NDOL must notify USDOL of negotiation outcomes for PY26/PY27 no later than September 30, 2026).

(a) Definitions relating to performance negotiations

The following definitions apply to biennial Title IB performance negotiations.

- *Estimated levels of performance* are levels of performance proposed by Title IB programs to NDOL during each biennial negotiation cycle.
- *Expected levels of performance* are levels of performance proposed by NDOL to Title IB programs during each biennial negotiation cycle.

(b) Negotiation factors

The following factors are considered by NDOL concerning biennial Title IB performance negotiations:

1. negotiated levels of performance (defined in Section II(a));
2. actual levels of performance (defined in Section II(a));

¹⁰ [29 USC § 3141\(c\)](#)

3. adjusted levels of performance (defined in Section II(a));
4. calculation of *expected levels of performance* based on:¹¹
 - a. negotiated levels of performance;
 - b. actual levels of performance; and
 - c. adjusted levels of performance;
5. how *expected levels of performance* will:
 - a. promote continuous improvement based on primary performance indicators; and
 - b. ensure optimal return on investment of Federal funds;
6. extent to which *expected levels of performance* will assist the state in meeting its USDOL negotiated levels of performance.

(c) Negotiation process

Biennial Title IB performance negotiations occur according to the following process.

1. In preparation for negotiations, NDOL provides an *estimated level of performance* tool to Title IB programs and requests they submit their estimated levels to NDOL prior to scheduled negotiations, based on data derived from the tool and any other data source the programs choose to use.
2. Prior to scheduling biennial performance negotiations, NDOL distributes *expected levels of performance* to Title IB programs and advises the programs that negotiations will be based on negotiation factors described above, *expected levels of performance*, and *estimated levels of performance*.
3. NDOL schedules negotiation calls with Title IB programs.
4. During negotiation calls:
 - a. NDOL provides an overview of the negotiation process and explains how *expected levels of performance* were determined.
 - b. Title IB programs provide feedback to NDOL on *expected levels of performance* and provide data to support their *estimated levels of performance*; then
 - c. NDOL and Title IB programs negotiate and agree upon levels of performance.
5. Following conclusion of negotiations, NDOL issues written confirmation of negotiation outcomes to USDOL and Title IB programs.

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

6. Long-term unemployment data	20%
7. Dislocated worker program enrollment data	20%
Total	100%

Calculation of dislocated worker program allocations is performed in two steps.

1. NDOL determines the percentage of the State's allotment of dislocated worker funds to be assigned to each allocation factor described in Table 1 (assigned percentage).
2. NDOL determines the amount of the assigned percentage based on allocation factors described in Table 1 as they apply to local areas (allocation percentage).

(c) Minimum allocations

Local area Title IB adult, dislocated worker, and youth programs must not receive an allocation percentage for a fiscal year that is less than 90 percent of the average allocation percentage for the programs for the preceding two fiscal years, in accordance with [20 CFR § 683.125](#).

Section II. Obligation, disbursement, and availability of Title IB funds

(a) Availability of funds for obligation

Adult and dislocated worker funds are available for obligation beginning July 1 of the applicable program year.³ Youth funds may be made available for obligation beginning April 1 for the program year that begins on the following July 1.

² Refer to APPENDIX I for definitions of the factors.

³ [20 CFR § 683.100](#)

(b) Availability of funds for disbursement

Availability of Title IB funds for disbursement to local areas is described below, subject to conditions established by the US Department of Labor.

- Adult and dislocated worker program year funds (base funds) are typically available for disbursement on July 1.
- Adult and dislocated worker fiscal year funds (advance funds) are typically available for disbursement on October 1.
- Youth funds are typically available for disbursement to local areas on July 1.

Conditions. Title IB program funds are available for disbursement by NDOL to local areas on the latter of the following events:⁴

- 30 days after the funds are made available by USDOL to NDOL; or
- 7 days after the date of approval of local plans or local plan modifications, as applicable.

To request disbursement of Title IB funds from NDOL, local area fiscal agents must submit invoices *no more or less frequently than once per calendar month*. Disbursement requests must be submitted to NDOL Accounts Payable at ndol.accountspayable@nebraska.gov using NDOL's approved invoice template.⁵

1. All invoices must be securely transmitted using encrypted email to ensure the protection of potential PII.
2. All invoices must be accompanied by supporting documentation for:
 - a. expenses previously incurred and paid; and
 - b. expenses that will be incurred and paid in the week following the request for disbursement.
3. Separate invoices must be submitted for expenses to be paid from differing funding sources (program year funds [base funds] and fiscal year funds [advance funds]).

Local areas must use funds available from program income, rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before invoicing NDOL for disbursements.⁶

(c) Availability of funds during the period of performance

Subject to the requirements described in Sections VI and VII, allocated Title IB funds are available for expenditure by local boards during the first program year and one succeeding program year.⁷ This two-year period is known as the *period of performance*. During the period of performance, funds with the shortest period of availability must be expended first (i.e., first in first out), unless otherwise authorized in the applicable grant agreement issued to NDOL by a Federal Contracting Officer.

⁴ [29 USC § 3242](#); [20 CFR § 683.120](#)

⁵ This requirement does not apply to the Greater Nebraska Workforce Development Area because requests for disbursements to Greater Nebraska are processed and documented within NDOL financial management information systems.

⁶ [2 CFR § 200.305](#)

⁷ [20 CFR § 683.110](#)

Section III. WIOA pay-for-performance contract strategy

Title IB funds may be reserved and used to implement local area WIOA pay-for-performance contract strategies in accordance with [20 CFR Part 683 Subpart E](#).

Section IV. Transfer of Title IB adult and dislocated worker program funds

Local boards may transfer up to 100 percent of program year allocations between adult and dislocated worker programs,⁸ in accordance with Federal and State laws, rules, regulations, guidance, and this policy. Local boards must obtain written approval from NDOL before any transfer will be made.⁹ NDOL's written approval will be based on requirements and factors described below in subsections (a) and (b).

(a) Submission requirements

Transfer request forms¹⁰ must be signed digitally and submitted by email *by chairs of local boards* according to the instructions in the form and must be accompanied by all required supporting documentation described in the form.

(b) Transfer request determinations

In addition to submitted transfer request forms and supporting documentation, NDOL may take into account any other factors it deems relevant to transfer requests, including monitoring reports issued by the NDOL State Monitoring Unit.

Absent extenuating circumstances, determinations on transfer requests will be issued in writing to local board chairs by an NDOL Reemployment Services Division representative *within 30 calendar days of NDOL's receipt of complete, compliant, and signed transfer request forms*.

- Submitted transfer requests that are incomplete or conflict with Federal, State, or local laws, rules, regulations, guidance, or this policy will not be approved; in which case, an NDOL Reemployment Services Division representative will advise the applicable local board chairs accordingly.
- If outdated or modified versions of the current transfer request form are submitted, resubmission will be required using NDOL's current form.

Section V. Title IB quarterly financial reporting requirements, procedures, and due dates

(a) General requirements

Local area fiscal agents must submit quarterly financial reports and acceptable supporting documentation according to the requirements, procedures, and due dates described below.

⁸ [20 CFR § 683.130](#)

⁹ Ibid.

¹⁰ NDOL provides the current transfer request form to local boards and administrative entities by email.

(b) Content requirements

Fiscal agents must submit quarterly financial reports using NDOL's quarterly report forms,¹¹ along with acceptable supporting documentation.¹² Quarterly financial reports must include financial data and supporting documentation detailing local area obligations, program income, indirect costs, expenditures (including training expenditures), and disbursements. Refer to Table 2 below.

Table 2. Financial data and supporting documentation required for Title IB quarterly reporting

Reporting category	Required data	Acceptable supporting documentation
Obligations ¹³	a listing of all newly incurred and ongoing obligations	completed obligations report
Program income ¹⁴	total amount of program income earned during the reporting quarter	written documentation clearly detailing the sources and amounts of program income
Indirect costs	total amount of indirect costs incurred during the reporting quarter based on local board approved indirect cost rate	supporting documentation not required
Expenditures	total amount of expenditures made during the reporting quarter, including training expenditures	copies of invoices or other evidence of expenditures

(c) Submission of quarterly financial reports and due dates

Fiscal agents must submit quarterly financial reports by email to:

- Accounts Payable at ndol.accountspayable@nebraska.gov; and
- State Monitoring Unit at ndol.state_monitor@nebraska.gov.

Quarterly reports must be submitted *no later than* 30 calendar days after the end of each performance quarter. Due dates for submission of quarterly reports are listed in Table 3.

Table 3. Due dates for quarterly financial reports

Reporting quarter	Due date
Quarter 1 (July 1 – September 30)	October 30
Quarter 2 (October 1 – December 31)	January 30
Quarter 3 (January 1 – March 31)	April 30
Quarter 4 (April 1 – June 30)	July 30

¹¹ Quarterly reporting forms are available by email request to ndol.accountspayable@nebraska.gov.

¹² Processes for submitting acceptable supporting documentation for quarterly reporting requirements are determined by NDOL Finance Division. Email ndol.accountspayable@nebraska.gov for technical assistance.

¹³ [20 CFR § 675.300](#)

¹⁴ [2 CFR § 1200.80](#); [20 CFR § 683.300](#)

(d) Records retention requirements

Each local board must ensure that all quarterly reports submitted to NDOL are retained locally, as required under the State's policy on records management. Record retention requirements under the NDOL records management policy apply equally to the supporting documentation on which local area quarterly financial reports are based.

Section VI. Recapture and reallocation of unexpended/unobligated Title IB funds

(a) Unexpended/unobligated funds

At least 80 percent of the funds allocated to a local area for a program year for each of the adult, dislocated worker, and youth programs should be expended/obligated by the end of the first year program year of a period of performance.¹⁵ If more than 20 percent of the funds remain unexpended/unobligated at the conclusion of the first program year of the period of performance, NDOL may *recapture* the amount that exceeds 20 percent. (Recaptured amounts are separately determined for each program.) Calculation of the 20 percent amount must adjust for:

- funds reserved by the local board for administrative costs (up to 10 percent); and
- any transfer of funds between the local area adult and dislocated worker programs.

NDOL may reallocate recapture amounts to other local areas for the same programs from which the funds were recaptured, following consultation with the state board.¹⁶ To be eligible for reallocation of unobligated funds, local areas must have expended or obligated at least 80 percent of prior program year allocations for applicable programs, less any amount reserved for the costs of administration (up to 10 percent).¹⁷ Local area eligibility to receive reallocated funds must be separately determined for each applicable program. Local areas that receive reallocated funds must fully expend the funds by June 30 of the program year during which the reallocated funds are received.

(b) Pay-for-performance exception

Funds obligated by local boards to carry out WIOA pay-for-performance contract strategies, in accordance [20 CFR 683 Subpart E](#), remain available until expended.¹⁸

Performance-based incentive contracts are not covered under [20 CFR 683 Subpart E](#) and are, therefore, subject to return and reallocation requirements described in Section VII below.

Section VII. Return and reallocation of unexpended Title IB funds

Funds not expended by local boards during periods of performance must be returned to NDOL.¹⁹ Returned funds may be used by NDOL during the following program year for expenditure on statewide projects or reallocation to eligible local boards. Eligible local boards are those that have fully expended their allocated funds for the same program within the same period of performance.

¹⁵ [20 CFR § 683.140](#)

¹⁶ Ibid.

¹⁷ Ibid.

¹⁸ [29 USC § 3249](#); [20 CFR § 683.110](#)

¹⁹ [20 CFR § 683.110](#)

Eligible local boards that receive reallocated unexpended funds must fully expend those funds by June 30 of the program year the funds are received.

Section VIII. Stevens Amendment Requirements

Recipients and subrecipients of WIOA Title I funds must comply with the Stevens Amendment disclosure requirements applicable to U.S. Department of Labor appropriations. Public communications and materials describing federally funded programs or activities must disclose the total program or project cost, the amount and percentage financed with U.S. Department of Labor funds and the amount and percentage financed by non-governmental sources, if any. See [USDOL ETA's FAQ document](#) for more information.

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

POLICY

This policy has one section.

Section I. Local board procurement policies, processes, and procedures

(a) Requirements

Pursuant to [2 CFR § 200.318\(a\)](#), local boards in their roles as [subrecipients](#) must establish local area policies, processes,¹ and procedures² for procurement of property and services required to carry out WIOA Title IB programs. Local policies, processes, and procedures must comply with:³

(b) Leveraged resources

Local boards *are not* required to use program funds for procurement of Title IB program services. Local boards may leverage partner resources to provide some or all services. If Title IB program services are not funded with Title IB program funds, local boards or local Title IB program service providers must establish written agreements with leveraged partners to ensure that:⁴

- applicable Title IB services will be offered; and
- those services are closely connected to and coordinated with Title IB programs.

BACKGROUND

As recipients and subrecipients of Federal financial assistance, non-Federal entities must establish internal control structures and written standards of conduct covering conflicts of interest, in accordance with applicable Federal and State laws, rules, regulations guidance, and policies, as well as applicable NDOL policies.

ACTION

NDOL

This policy cancels NDOL policy titled *Internal Controls and Conflicts of Interest, Change 1*. Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov. Technical assistance on this policy is available upon request to ndol.wioa_policy@nebraska.gov.

NDOL administered programs

The following NDOL-administered programs must adhere to the requirements of this policy:

- 1. WIOA Title IB adult, dislocated worker, and youth programs;
- 2. WIOA Title ID National Dislocated Worker Grant programs;
- 3. WIOA Title III Wagner-Peyser Employment Service;
- 4. Jobs for Veterans State Grant program;
- 5. Senior Community Service Employment Program; and
- 6. Trade Adjustment Assistance program.

Local boards and chief elected officials

[Local boards](#) and [chief elected officials](#) must establish internal control structures and written standards of conduct covering local boards and WIOA Title IB adult, dislocated worker, and youth programs, in accordance with the requirements of this policy.

POLICY

This policy has two sections.

Section I. Federal requirements for internal controls and conflict-of interest standards2

 (a) Overview..... 2

 (b) Internal controls 3

 (c) Conflict-of interest standards..... 3

Section II. NDOL requirements for internal controls and conflict-of interest standards3

 (a) Internal controls and conflicts of interest standards: Provision of one-stop delivery system services..... 3

 (b) Internal controls and conflicts of interest standards: Monitoring and oversight..... 4

Section I. Federal requirements for internal controls and conflict-of interest standards

(a) Overview

As stated above, [non-Federal entities](#) as [recipients](#) and [subrecipients](#) of [Federal financial assistance](#) must establish internal control structures and written standards of conduct covering conflicts of interest, in accordance with applicable Federal and State laws, rules, regulations guidance, and policies, as well as applicable NDOL policies. Internal controls and conflict-of interest standards overlap in their purposes, which are to safeguard and further the objectives of [subawards](#). In the context of this policy, NDOL-administered programs and local boards and CEOs are considered non-Federal entities and, therefore, must have established internal control structures and written standards of conduct covering conflicts of interest.

(b) Internal controls

Internal control structures must be established in accordance with [2 CFR §§ 200.303, 200.320\(a\)\(1\)\(iii\), 200.320\(a\)\(2\)\(ii\), 200.430\(q\)\(1\)\(i\), 200.430\(q\)\(2\)\(vii\)\(C\); 20 CFR § 683.220](#); ¹ [TEGLs 10-09, 15-16, 21-16, 07-18 Change 1, 23-19 Change 3, and 03-23](#).

(c) Conflict-of interest standards

Written standards of conduct covering conflicts of interest must be established, in accordance with [29 USC § 3122\(d\)\(8\); 2 CFR §§ 200.112, 200.113, and 200.318\(c\); and 20 CFR § 683.220\(c\)\(5\)\(i\)-\(ii\)](#).

Section II. NDOL requirements for internal controls and conflict-of interest standards

(a) Internal controls and conflicts of interest standards: Provision of one-stop delivery system services

NDOL prohibits staff from enrolling, case managing, or otherwise directly working with family members who are seeking one-stop delivery system services. When family members of staff are seeking services, those services must be provided by other staff to prevent inherent, real, and apparent conflicts of interest. This prohibition applies to staff providing services under:

1. WIOA Title IB adult, dislocated worker, and youth programs;
2. WIOA Title ID National Dislocated Worker Grant (NDWB) programs;
3. WIOA Title III Wagner-Peyser Employment Service;
4. Jobs for Veterans State Grant (JVSG) program;
5. Senior Community Service Employment Program (SCSEP); and
6. Trade Adjustment Assistance (TAA) program.

NDOL defines the term *family member* as any:

1. grandparents and step-grandparents;
2. parents and step-parents;
3. siblings and step-siblings;
4. spouses;
5. children, step-children, adopted children, and foster children;
6. siblings of spouses;
7. spouses of siblings; and
8. nieces and nephews.

¹ The “Internal Control-Integrated Framework” referenced in [20 CFR § 683.220\(a\)](#) is accessible at <https://www.coso.org/guidance-on-ic>.

(b) Internal controls and conflicts of interest standards: Monitoring and oversight

To prevent inherent, real, and apparent conflicts of interest during conduct of local oversight and monitoring of Title I programs and the local one-stop delivery system, NDOL requires that local boards and CEOs require that their local area monitors function independently. Functioning independently means local area monitors report directly to and are solely accountable to local boards concerning conduct of local area oversight and monitoring activities.

NDOL prohibits local area organizational structures that require local monitors to function under and/or report to local area administrative entities or local area service providers. This prohibition is necessary as such organizational structures constitute inherent, apparent, or real conflicts of interest for monitors because monitors cannot effectively monitor an entity of which they are part. This prohibition does not, however, restrict local area personnel practices and procedures relating to compensation due to local area monitors, including payroll and leave benefits pursuant to their roles as monitors.

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

Section I. Records and performance reporting

(a) NDOL

NDOL has established policies, processes, and procedures in accordance with guidelines issued by the Secretary of Labor to ensure information contained in performance reports is valid and reliable, in accordance with [29 USC §§ 3141\(d\)\(2\)-\(5\)](#), [3245\(a\)\(1\)-\(3\)](#), and [3245\(c\)-\(f\)](#) and [2 CFR § 200.302\(a\)](#). NDOL collects data and submits reports to the US Department of Labor (USDOL) regarding operations, program activities, and program expenditures of Title I, Title III, JVSG, TAA, and applicable Federally funded discretionary grant programs, including NDWG programs.

(b) Local boards

As [subrecipients](#) of Title I funding, local boards must, at a minimum, comply with requirements of [29 USC §§ 3141\(d\)\(3\)](#), [3245\(c\)-\(d\)\(1\)](#), and [3245\(e\)\(1\)](#); other applicable Federal laws, rules, regulations, and guidance; terms and conditions of [subawards](#); this policy; and other NDOL policies relating to collection of Title I records and access to those records, including requirements regarding submission of quarterly financial reports as described below in subsection (1). Further, local boards must ensure that local area staff, including Title I service provider staff, access NEworks¹ and NEworks Document Manager (NDM)² in compliance with this policy and NDOL's business rules for NEworks access. Refer to Section II(b) for information relating to NEworks and NDM access.

(1) Quarterly financial reporting

Local boards must ensure their fiscal agents submit quarterly financial reports using NDOL's quarterly report form,³ along with acceptable supporting documentation. Quarterly financial reports must include financial data and supporting documentation detailing local area [obligations](#), [program income](#), [indirect costs](#), and [expenditures](#).⁴ Quarterly reports must be submitted by email *no later than 30 days after the end of each performance quarter* to:

- NDOL Accounts Payable at ndol.accountspayable@nebraska.gov; and
- NDOL State Monitor at ndol.state_monitor@nebraska.gov.

Table 1. Due dates for quarterly financial reports

Reporting quarter	Due date
Quarter 1 (July 1 – September 30)	October 30
Quarter 2 (October 1 – December 31)	January 30
Quarter 3 (January 1 – March 31)	April 30
Quarter 4 (April 1 – June 30)	July 30

¹ NEworks is NDOL's management information system of record for Federal reporting pertaining to Title I programs and NDOL administered programs.

² NDM is a tool within NEworks utilized to store programmatic source documentation.

³ Quarterly reporting forms are available upon request to ndol.accountspayable@nebraska.gov.

⁴ Processes for submitting acceptable supporting documentation for quarterly financial reporting are determined by NDOL Finance Division. Email ndol.accountspayable@nebraska.gov for technical assistance.

(c) NDOL-administered programs

NDOL-administered programs must comply with the requirements of [29 USC § 3245\(c\)-\(d\)\(1\)](#), other applicable Federal laws, rules, regulations, and guidance; terms and conditions of [grant agreements](#); this policy; and other NDOL policies relating to records and access to those records. In addition, administrators of NDOL-administered programs must ensure that their respective program staff access NEworks and NDM in compliance with this policy and NDOL's business rules for NEworks access.

Section II. Required records management systems and access

(a) Management information systems of record

NEworks is NDOL's management information system of record for Federal reporting for Title I programs and NDOL-administered programs. In addition, NDM is NDOL's designated source documentation management information system. Title I programs and NDOL-administered programs must use NEworks and NDM to record and document all program activities and service delivery, except as otherwise required by Federal partners.

(b) Accessing NEworks and NDM

To prevent unauthorized access and potential data breaches and to ensure NDOL's compliance with regulatory data protection requirements, NEworks and NDM must be accessed from approved IP addresses or IP subnets⁵ managed by local area administrative entities (known as the *NDOL approved IP list*). Attempts to access NEworks and NDM from unapproved IP addresses and IP subnets will result in blocked access.

Local boards are responsible for notifying NDOL when additional IP addresses or IP subnets should be *added to* and *removed from* the *NDOL approved IP list*. Notifications must:

- be submitted *by local area administrative entity staff* to ndol.newworkshelp@nebraska.gov; and
- identify which IP addresses and IP subnets should be *added to* or *removed from* the *NDOL approved list*.

⁵ A subnet, or subnetwork, is a segmented piece of a larger network. More specifically, subnets are a logical partition of an Internet Protocol (IP) network broken into multiple, smaller network segments. Subnets are often used to divide clients logically or by location to help the network traffic flow better. Each subnet has an assigned range of possible IP addresses. Organizations use a subnet to subdivide large networks into smaller, more efficient subnetworks. [TechTarget. "What is a subnet?" <https://www.techtarget.com/searchnetworking/definition/subnet> [accessed February 20, 2025]]

Section III. Records corrections

Program staff may correct record errors in NEworks during the 30-day period starting on the date of entry in NEworks. After the 30-day period expires, record correction requests must be submitted, subject to the following restrictions and requirements.

1. Correction requests must not be submitted in order to enhance program performance or distort actual events.
2. NDOL's Reemployment Services Division Quality Control Unit (QCU) Administrator is responsible for review and approval of submitted correction requests.
3. Submitted record correction requests must clearly reference acceptable source documentation in NDM that substantiates requested corrections.
4. Correction requests will not be approved if source documentation is not:
 - a. accessible to the QCU Administrator; or
 - b. acceptable in accordance with [TEGL 23-19 Change 3, Attachment II](#).

Section IV. Records retention and records access

(a) Federal requirements

Federal record retention requirements are described under [2 CFR Part 200 Subpart D](#), including [2 CFR § 200.334](#) which defines retention periods for [Federal award](#) records, and therefore [subaward](#) records. In addition, [2 CFR § 200.337](#) defines rights of access to records relating to [Federal awards](#), and therefore [subawards](#).

(b) State, regional, and local requirements

Greater Lincoln and Greater Omaha local Title I programs *may be subject* to additional record retention requirements based on applicable state, regional, or local laws. Greater Lincoln and Greater Omaha administrative entity staff must determine if their respective local areas are subject to additional record retention requirements for their respective Title I programs.

Greater Nebraska Title I programs and NDOL-administered programs *are subject* to additional records retention requirements under the Nebraska Records Management Act.⁶ Greater Nebraska administrative entity staff and administrators of NDOL-administered programs must refer to the records retention and disposition schedules established by the Nebraska Secretary of State to determine additional record retention requirements for their respective programs.⁷

⁶ Nebraska Records Management Act is accessible at <https://sos.nebraska.gov/records-management/records-management-act>.

⁷ Retention schedules for NDOL are accessible at <https://sos.nebraska.gov/records-management/department-labor-schedule-45>.

Section V. Quality control and data validation

(a) State level system-automated quality control processes

NDOL verifies state level data quality quarterly and annually through large-scale system-automated processes within NEworks pertaining to performance reporting for Title I, Title III, JVSG, TAA, and current NDWG programs.

1. NDOL's NEworks vendor provides a PIRL⁸ file to NDOL on a daily basis through secure file transfer.
2. The PIRL is uploaded to WIPS⁹ during quarterly and annual reporting cycles. The PIRL passes through edit check protocols that scan all individual and programmatic data elements. Edit check protocols search for date range errors and inconsistencies, anomalies, and waterfall errors (i.e., if element a = 1 then element b cannot = 2).
3. Once quarterly and annual PIRL files successfully clear edit check protocols, PIRL reports are certified by the QCU.
4. Similar edit check processes for wage data occur simultaneously in SWIS¹⁰ during quarterly and annual reporting cycles established by USDOL.

(b) Title I and Title III quality control requirements and procedures

NDOL has established quality control requirements and procedures for Title I and Title III programs.

1. Quality control activities must be conducted annually by Title I and Title III programs for quarters 1 through 3 of each program year following conclusion of quarter 3, based on the schedule provided in Table 1.
2. QCU generates lists of randomly selected participant cases¹¹ from Title I and Title III program populations¹² for quarters 1 through 3 of each program year using the NEworks random sampling function described in subsection (d) below.
3. QCU provides random sample lists, based on required case sample sizes (defined in Table 3 below) to local Title I administrative entities and the Title III administrator within 15 calendar days of the conclusion of quarter 3 of each program year.
4. During performance of annual quality control activities, all participant cases listed in random sample lists must be evaluated by Title I and Title III programs to compare recorded NEworks activities and case notes to documentation available in NDM to determine if acceptable source documentation is present. [TEGL 23-19 Change 3, Attachment II](#) identifies multiple types of acceptable source documentation. If multiple types of source documentation are present in NDM for NEworks activities and case notes

⁸ [PIRL](#) refers to a Participant Individual Record Layout, a format for reporting program performance data to USDOL.

⁹ [WIPS](#) refers to the Workforce Integrated Performance System, the system by which states report on performance of Federally funded workforce programs.

¹⁰ [SWIS](#) refers to the State Wage Interchange System, the system used to facilitate the interstate exchange of Wage Data between participating state agencies.

¹¹ *Participant case* refers to the set of records documenting services provided to a program participant enrolled in a particular program who was active or exited a program during the applicable data validation timeframe.

¹² *Program population* refers to the total number of participants who were active or exited a program during an established data validation timeframe

and those source documents conflict, the most authoritative source must be used to determine if NEworks activities and case notes are accurate.

5. Following completion of annual quality control activities, the following actions must be taken by Title I and Title III programs.
 - a. Record correction requests must be submitted, as described in Section III above, whenever quality control activities reveal that NEworks activities and case notes:
 - i. do not include or align with source documentation stored in NDM; and
 - ii. source documentation stored in NDM does not comply with types of acceptable source documentation described in TEGL 23-19 Change 3, Attachment II.
 - b. Quality control reports must be generated through NEworks that:
 - i. indicate numbers of participant cases evaluated based on the random sample participant lists provided by QCU;
 - ii. identify anomalies that may cause inaccurate reporting;
 - iii. identify trends in common data accuracy issues;
 - iv. identify participant cases with data accuracy issues; and
 - v. identify corrective actions that were or will be taken based on the results of annual quality control activities.
 - c. Quality control reports must be submitted to the State Monitor at ndol.state_monitor@nebraska.gov based on the schedule provided in Table 1.

Quality control period	Start date of quality control activities	End date of quality control activities	Quality control report due date
July 1 – March 30	April 15	June 30	July 1

(c) Title I and Title III data validation requirements and activities

NDOL has established data validation requirements and procedures for Title I and Title III programs.

1. Data validation activities must be conducted annually by the State Monitor following conclusion of each program year based on the schedule provided in Table 2.
2. QCU generates lists of randomly selected participant cases from Title I and Title III participant populations for the completed program year using the NEworks random sampling function described in Section V(d) below.
3. QCU provides random sample lists to the State Monitor within 15 calendar days of the conclusion of each program year.
4. During annual data validation activities, all participant cases listed in Title I and Title III random sample lists must be evaluated to compare recorded NEworks activities and case notes to documentation available in NDM to determine if acceptable source documentation is present. TEGL 23-19 Change 3, Attachment II identifies multiple types of acceptable source documentation. If multiple types of source documentation are present in NDM for NEworks activities and case notes and those source documents conflict, the most authoritative source must be used to determine if NEworks activities and case notes are accurate.

5. Following completion of annual data validation activities, the following actions must be taken by the State Monitor.
 - a. Data validation reports must be generated through NEworks that:
 - i. indicate numbers of participant cases evaluated based on the random sample participant lists provided by the QCU;
 - ii. identify anomalies that may cause inaccurate reporting;
 - iii. identify trends in common data accuracy issues; and
 - iv. identify participant cases with data accuracy issues;
 - b. Resulting data validation reports must be submitted to the QCU Administrator at ndol.wioa_policy@nebraska.gov based on the schedule provided in Table 2.
6. The QCU Administrator will evaluate data validation reports and implement necessary corrective actions, in collaboration with the State Monitor and State Policy Unit (SPU).

Validation period	Start date of validation	End date of validation	Validation report due date

(d) Random record sampling

QCU generates lists of randomly selected participant cases¹³ for Title I and Title III program populations using the NEworks random sampling function. The random sampling function selects participant cases based on program population size, confidence level percentages, confidence intervals, and required case sample sizes described in Table 3.

(e) Conflicts of interest and quality control activities

NDOL prohibits local area organizational practices that allow or require Title I service provider staff to conduct Title I quality control activities. NDOL also prohibits practices that allow or require Title III staff to conduct quality control activities for their respective participant cases. Both prohibitions are necessary, as these practices constitute real or apparent conflicts of interest. To avoid real or apparent conflicts of interest, Title I service provider staff and Title III program staff cannot:

- conduct quality control activities for programs of which they are part; or
- evaluate participant cases for participants they may have served.

Refer to NDOL's policy on internal controls and conflicts of interest for additional information on other circumstances that constitute real or apparent conflicts of interest.

(f) Technical assistance and training

QCU provides monthly statewide technical assistance and training on topics relating the use of NEworks and NDM, including quality control and data validation functions and practices. Requests for additional technical assistance or training on use of NEworks and NDM may be submitted simultaneously to NEworks Help Desk at ndol.newworkshelp@nebraska.gov and SPU at ndol.wioa_policy@nebraska.gov. In addition, the State Monitor provides technical assistance and training on required quality control activities upon request, in collaboration with the QCU Administrator and SPU.

POLICY

This policy has two sections.

Section I. State Monitoring Program2

 (a) Overview2

 (b) Scope3

 (c) Schedules and timelines4

Section II. Substantial violations of 2 CFR Part 2004

 (a) Corrective action and sanctions4

 (b) Repayment of misexpended funds4

Section I. State Monitoring Program

(a) Overview

On behalf of the Governor, NDOL is responsible for monitoring of Nebraska’s Title I [subrecipients](#) to verify Title I subrecipient compliance with WIOA and its implementing rules, regulations, and guidance; terms and conditions of [subawards](#); and NDOL policies.¹ Monitoring of Title I subrecipients is conducted annually by NDOL’s State Monitor but may also occur through ad hoc monitoring events and single audits. The State Monitor conducts all monitoring activities in accordance with NDOL’s monitoring guide. Diagram 1 below illustrates the monitoring process generally followed by the State Monitor.

Diagram 1. Components of the monitoring process

¹ [29 USC § 3244\(a\)\(4\)](#); [2 CFR §§ 200.303\(c\)](#), [200.329\(a\)](#), and [200.332\(e\)](#)

(b) Scope

Annual monitoring involves evaluation based on three core monitoring activities. Summaries of the activities are provided below. As mentioned above, the State Monitor may schedule ad hoc monitoring events and single audits, in addition to annual monitoring. If the State Monitor plans to conduct ad hoc monitoring events or single audits, an announcement will be sent by the State Monitor. Similar to annual monitoring events, ad hoc monitoring and single audits are conducted in accordance with NDOL's monitoring guide.

Core activity 1. Service design and delivery

Core activity 1 focuses on service design and delivery that guides and supports subrecipient strategies for accomplishing goals of subawards and includes five objectives for evaluation of compliance and effectiveness of subrecipient service design and delivery:

1. planning and program design;
2. implementation;
3. products and deliverables;
4. business services and employer engagement; and
5. participant services.

Core activity 2. Grant operations

Core activity 2 focuses on evaluation of grant operations that support successful administration of subawards and includes nine objectives for evaluation of compliance and effectiveness of grant operations:

1. project management;
2. budget;
3. property management;
4. procurement and contract administration;
5. performance management;
6. subrecipient management and oversight;
7. records management;
8. personnel; and
9. civil rights, complaints, grievances, and incident reporting.

Core activity 3. Financial management

Core activity 3 focuses on financial management systems and funds used by subrecipients to administer subawards and includes eight objectives for evaluation of compliance and effectiveness of financial management:

1. internal controls;
2. accounting system and financial reporting;
3. payment and cash management;
4. matching and leveraged funds and resources;
5. program income;
6. allowable costs and cost classification;
7. cost allocation/indirect costs; and
8. audits and audit resolution.

(c) Schedules and timelines

The State Monitor publishes annual Title I monitoring schedules.² Prior to commencement of each annual monitoring event, the State Monitor provides announcement letters to subrecipients that include:

1. descriptions of the focus of reviews;
2. identification of review periods;
3. lists of requested subrecipient documents and materials to be reviewed by the State Monitor and due dates for submission of requested documents and materials; and
4. planned dates for:
 - a. entrance and exit conferences;
 - b. review of participant records; and
 - c. release of monitoring reports (typically within 45 days of exit conferences, absent extenuating circumstances).

Schedules and timelines may be adjusted to accommodate the business purposes of NDOL and the State Monitor.

Section II. Substantial violations of 2 CFR Part 200

(a) Corrective action and sanctions

As required under [29 USC § 3244\(a\)\(3\)](#), Title I subrecipients must comply with administrative requirements provided under [2 CFR Part 200](#) (also known as Uniform Guidance). If the State Monitor identifies any substantial violation of 2 CFR Part 200 regarding use of Title I funds by subrecipients during monitoring or other means, such as ad hoc monitoring and single audits, the Governor must require corrective actions to secure compliance with the requirements of 2 CFR Part 200.³ If subrecipients fail to take corrective actions as required, the Governor must take actions required under [29 USC §§ 3244\(a\)\(5\)\(A\)](#) and [3244\(b\)\(1\)](#).

(b) Repayment of misexpended funds

If the Secretary of the US Department of Labor (the Secretary) requires the State to repay funds to the US Department of Labor (USDOL) based on a determination that Nebraska Title I subrecipients misexpended funds in contradiction to requirements of WIOA Title I, NDOL will deduct amounts equal to misexpenditures from subsequent Title I program year allocations.⁴ Deductions will apply to subrecipient funds reserved for administrative costs of the involved Title I programs.⁵

(c) Appeals and administrative adjudication

If a Title I subrecipient has been found in substantial violation of 2 CFR Part 200 regarding use of Title I funds *and* notified of a sanction issued by the Governor, the subrecipient may appeal the

(1) Appeal procedure

Subrecipient appeals must be filed no later than 30 calendar days after receipt of written notification of local plan revocation or imposed reorganization.⁸ The appeals must be submitted by certified mail, return receipt requested, to:⁹

1. Secretary, US Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, Attention: ASET;

The Secretary will notify subrecipients and the Governor in writing of the Secretary's decision within 45 calendar days after receipt of appeals.¹⁰ In making this decision, the Secretary may consider any comments submitted by the Governor in response to appeals.¹¹

(2) Administrative adjudication

If Title I subrecipients are dissatisfied with the Secretary's final determination, subrecipients may appeal to the US Department of Labor Office of Administrative Law Judges within 21 days of receipt of the determination by requesting a hearing.¹² Requests for hearings must (1) specifically identify issues or findings in the Secretary's final decisions upon which review is requested and (2) be submitted by certified mail, return receipt requested to:¹³

1. Chief Administrative Law Judge, US Department of Labor, Office of Administrative Law Judges, 200 Constitution Ave. NW, Room S-4325, Washington, DC 20210;

4. Director, Reemployment Services Division, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600.

Subrecipient failure to request a hearing within 21 calendar days of receipt of the Secretary's final decision constitutes subrecipient waiver of its right to administrative adjudication.¹⁴ Further, issues or findings identified in the Secretary's final decision that are not specified in the subrecipient's

1. official assessments of market demand for products or services in the occupation or industry;
2. local labor market conditions for the industry or occupation;
3. evolution of skill requirements in the occupation or industry and whether an individual's skills have kept pace over time based on a current skills assessment; or
4. impact of technology or trade on the industry or occupation.

Pursuant to [20 CFR § 680.660](#) and NDOL's policy on priority of service, separating service members and military spouses experiencing cessation of employment, including those considered to be displaced homemakers, meet the standard of *unlikely to return to a previous industry or occupation*.

Section I. Career services

(a) General requirements

[29 USC §§ 3174\(b\)\(1\)](#) and [3174\(c\)\(1\)\(A\)](#), [20 CFR Part 680 Subpart A](#), and [TEGL 19-16](#) define requirements for use of WIOA Title IB funds allocated to local areas for adults and dislocated workers, which must be used to provide career services and training services.

Career services must be provided through local one-stop delivery systems.² Career services may be provided directly by one-stop operators or through contracts with service providers that are approved by local boards. In addition, local boards may be providers of career services but only when approved by applicable local area chief elected officials *and* the Governor, in accordance with [29 USC § 3122\(g\)\(2\)](#) and [20 CFR § 679.410](#).

(b) Basic career services

At a minimum, all basic career services described at [29 USC § 3174\(c\)\(2\)\(A\)\(i\)-\(xi\)](#), [20 CFR § 678.430\(a\)](#), and [TEGL 19-16](#) must be provided through local area one-stop delivery systems.³ Basic career services must be universally available to and accessible by all customers, including adults and dislocated workers.⁴

Basic career services must be made available to all one-stop delivery system customers, including adults and dislocated workers, in accordance with requirements established in NDOL's policy on priority of service.

(c) Individualized career services

Individualized career services described under [29 USC § 3174\(c\)\(2\)\(A\)\(xii\)](#) and [20 CFR § 678.430\(b\)](#) must be made available to adults and dislocated workers, if determined appropriate, in order for individuals to obtain or retain employment.⁵

*Individualized career services must be made available and provided to adults and dislocated workers according to requirements established in NDOL's policies concerning priority of service and waitlists for Title IB programs.*⁶

² [20 CFR § 680.160](#)

³ [20 CFR § 680.150\(a\)](#)

⁴ NDOL's policy on one-stop delivery systems and one-stop centers provides additional information on basic career services requirements, including meaningful assistance.

⁵ [20 CFR § 680.150\(b\)](#)

⁶ Refer to NDOL's policy titled *Local Chief Elected Officials, Fiscal Agents, and Workforce Development Boards* for information on waitlists and Title IB programs.

(d) Local board policies on career services

Pursuant to [20 CFR Part 680 Subpart A](#), NDOL requires local boards to establish new or revised policies, processes, and procedures for their adult and dislocated worker programs concerning provision of career services in accordance with applicable Federal and State laws, rules, regulations, and guidance, this policy, and other applicable NDOL policies.

Section II. Training services

(a) General requirements

[29 USC § 3174\(c\)\(3\)](#), [20 CFR Part 680 Subpart B](#) and [Subpart C](#), and [TEGL 19-16](#) define requirements for use of WIOA Title IB funds to provide training services for adults and dislocated workers.

Training services must be made available and provided to eligible adults and dislocated workers according to requirements established in NDOL's policies on priority of service and waitlists for Title IB programs.⁷

(b) Training services eligibility

[29 USC § 3174\(c\)\(3\)\(A\)](#), [20 CFR § 680.210](#), and [TEGL 19-16](#) define eligibility requirements for training services. As stated in [20 CFR § 680.220\(b\)](#) and [TEGL 19-16](#), there is no requirement that career services be provided as a condition to receive training services. However, in accordance with [20 CFR § 680.220\(b\)](#), when career services are not provided before training services are provided, adult and dislocated worker case managers must document circumstances that justify determinations to provide training services without first providing an interview, evaluation, or assessment and career planning services informed by local labor market information and training provider performance information.

Adult and dislocated worker income is not a factor when determining eligibility for training services funded by Title IB adult and dislocated worker programs, except in relation to priority of service for adults as described in NDOL's priority of service policy.

(c) Training services funding

Training services for eligible adults and dislocated workers are typically provided by eligible training providers (ETPs) who receive payment for their services through individual training accounts (ITAs).⁸ ITAs are payment agreements with ETPs established on behalf of Title IB program participants to purchase training services from ETP programs selected by participants in consultation with case managers and following discussion of program quality and performance information for programs listed on NDOL's eligible training provider list (ETPL).⁹ In accordance with [29 USC § 3174\(c\)\(3\)\(G\)\(ii\)](#) and [20 CFR §§ 680.320](#), [680.340](#), and [680.530](#), local boards may use contracts for training services instead of ITAs.

⁷ Refer to NDOL's policy titled *Local Chief Elected Officials, Fiscal Agents, and Workforce Development Boards* for information on waitlists and Title IB programs.

⁸ [20 CFR § 680.300](#)

⁹ Ibid.

(d) ITA limitations

Local boards may establish limitations on ITAs in accordance with [20 CFR § 680.310](#). However, local boards must not establish ITA limitations, such as restricting the availability of ITAs for specific occupations, that undermine requirements that training services be provided in a manner that maximizes consumer choice in the selection of a training provider,¹⁰ as required pursuant to [29 USC §§ 3122\(d\)\(10\)\(E\)](#) and [3174\(c\)\(3\)\(F\)-\(G\)](#), [20 CFR § 680.340](#), and [TEGL 19-16](#), as well as this policy and other NDOL policies addressing consumer choice requirements.

*ITA limitations must be described in local plans and plan modifications and local board policies.*¹¹

(e) Consumer choice

Training services, whether provided under ITAs or contracts, must be provided in a manner that maximizes informed consumer choice in selecting an eligible provider.¹²

(f) Payments to ETPs and contracted training providers

Payments to ETPs based on ITAs may be made in a variety of ways.¹³ Regardless of methods of payment for ITAs, all local area payments for occupational skills training must be made in a timely manner. In the event that Title I participants drop out of or fail to complete training services authorized under ITAs, Title IB programs must pay for actual services provided to individuals covered by ITAs, including all training materials provided to participants. Payments to contracted training providers are subject to the same obligation to pay for actual services and materials provided to participating adults and dislocated workers.

Local area practices that result in non-payment to ETPs and contracted training providers for actual training services and training materials provided are not permitted.

(g) Local board policies on training services

In addition to processes and procedures established under local plans and plan modifications on provision of training services, local boards must establish new or revised policies, processes, and procedures concerning provision of training services in compliance with Federal and State laws rules, regulations, and guidance, as well as this policy and other applicable NDOL policies. At a minimum, local board policies on the provision of training services must:¹⁴

1. identify processes and procedures for determining adult and dislocated worker eligibility for training services;
2. define requirements pertaining to ITA limitations, payments, and alternatives to ITAs (i.e., contracts);
3. prohibit practices that result in non-payment to ETPs and contracted training providers for actual training services and training materials; and

¹² [20 CFR § 680.340\(a\)](#)

¹³ [20 CFR § 680.300](#)

¹⁴ [TEGL 19-16](#)

4. require adult and dislocated worker program staff adhere to requirements pertaining to training services established in this policy and local board policies, processes and procedures on training services.

Section III. Supportive services

(a) General requirements

[20 CFR Part 680 Subpart G](#) defines requirements for provision of supportive services to adults and dislocated workers. Types of supportive services are described under [20 CFR § 680.900](#).

(b) Needs-related payments

Needs-related payments are defined at [20 CFR § 680.930](#) and are a supportive service authorized under [29 USC § 3174\(d\)\(3\)](#). Unlike other supportive services, adults and dislocated workers must be enrolled in training to qualify for needs-related payments.¹⁵ Eligibility requirements for needs-related payments for adult and dislocated workers are defined in [20 CFR §§ 680.940](#) and [680.950](#) respectively.

(c) Local board policies on supportive services

Local boards, in consultation with one-stop partners and other community service providers, must establish new or revised supportive services policies that ensure resource and service coordination in their local areas.¹⁶ Local policies and procedures on supportive services must comply with the requirements of [20 CFR Part 680 Subpart G](#).

Section IV. Follow-up services

(a) General requirements

Follow-up services must be available for up to 12 months to adults and dislocated workers who are placed in unsubsidized employment, beginning on the first day of unsubsidized employment,¹⁷ unless participants decline follow-up services or cannot be located or contacted.

Types of follow-up services must be based on the needs of adults and dislocated workers following placement in unsubsidized employment and may differ in order to assist with retention of unsubsidized employment. Examples of follow-up services for adults and dislocated workers include:

1. counseling about the workplace, including counseling pertaining to maintenance or advancement in unsubsidized employment, consistent with individual strengths, resources, priorities, concerns, abilities, capabilities, and interests;
2. counseling on resolving work-related issues following placement in unsubsidized employment;

¹⁵ [TEGL 19-16](#)

¹⁶ [20 CFR § 680.900](#)

¹⁷ [20 CFR § 678.430\(c\)](#); [TEGL 19-16](#)

3. provision of referrals to other programs, services, and community resources to support retention in unsubsidized employment; and
4. provision of other forms of support pertaining to needs directly relating to retention in unsubsidized employment, such as assistance with costs of tools and uniforms and other types of services described above in Section III, excluding needs-related payments.

During follow-up, case managers should obtain information and acceptable source documentation when necessary to support performance reporting for adult and dislocated worker program outcomes. Refer to NDOL's policy on performance accountability for information on adult and dislocated worker program performance indicators.

(b) Follow-up services documentation

In accordance with [29 USC § 3245\(a\)](#), case managers must document provision of follow-up services and attempts to provide follow-up services in NEworks as described below.

1. Activity codes for actual follow-up services provided must be recorded.
2. Case notes for actual follow-up services provided must be recorded.
3. Acceptable source documentation for actual follow-up services provided must be uploaded.
4. When participants decline follow-up services or cannot be located or contacted:
 - a. case notes documenting the decline must be recorded;
 - b. supporting documentation must be uploaded whenever available; and
 - c. attempts to provide follow-up services must continue during the mandatory 12-month follow-up period and be documented, preferably monthly but no less frequently than quarterly, unless the participants have declined follow-up services.

In addition to the requirements listed above, documentation of follow-up services must comply with Section VII of this policy.

(c) Follow-up services and supportive services¹⁸

Follow-up services are provided after participants are placed in unsubsidized employment and no longer need participant-level services. In other words, follow-up services are designed to help adult and dislocated workers retain unsubsidized employment, earn wage gains, or advance within their occupation or career pathway. Supportive services may be provided *only* to participants who are receiving participant-level services (i.e., career and training services) to enable individuals to participate in and receive adult and dislocated worker program services prior to exiting.

While the nature of these services may appear to be the same, there are differences relating to recording and reporting of follow-up and supportive services. For example, transportation-related services like a bus pass can be a supportive service and follow-up service but must be recorded and documented differently.

- Bus passes provided to enable individuals to participate in career or training services must be recorded and documented as supportive services.

¹⁸ Gerardo Lara, email to USDOL Region V states pertaining to follow-up services [accessed September 28, 2023]

- Bus passes provided as follow-up services to enable individuals to travel to and from to worksites to assist them with retention of unsubsidized employment must be recorded and documented as follow-up services.

(d) Local policies on follow-up services

Local boards must establish new or revised policies, processes, and procedures for adult and dislocated worker follow-up services that address the requirements of Section V(a)-(c) above, including:

- required and permitted types of follow-up services;
- duration and scope of follow-up services; and
- requirements that adult and dislocated worker program staff adhere to established policies, processes, and procedures pertaining to follow-up services.

Section V. Coordination of services

(a) General requirements

Local boards must ensure that local Title IB program operators identify and track funding streams that pay the costs of services provided to individuals who are participating in Title IB programs *and* are concurrently coenrolled.¹⁹ This is necessary to ensure deduplication of services, in accordance with [20 CFR §§ 680.230](#), [680.900](#), and [681.430](#).

(b) Local board policies on coordination of services

Local boards must establish new or revised policies, processes, and procedures for adult and dislocated worker programs that ensure coordination of services in their local areas.

Section VI. Privacy

Local boards must ensure that adult and dislocated worker programs and staff adhere to the confidentiality requirements of the Family Educational Rights and Privacy Act, established under Section 444 of the General Education Provisions Act, including requirements regarding circumstances requiring written consent for disclosure of personally identifiable information from education records.²⁰ Further, local boards must ensure that adult and dislocated worker programs and staff adhere to requirements established in applicable NDOL policies concerning protection of personally identifiable information.

¹⁹ Refer to NDOL's performance accountability policy for information on coenrollment requirements.

²⁰ [20 USC § 1232g](#); [34 CFR Part 99](#)

(a) Local policies on privacy and personally identifiable information (PII)

Local boards must establish new or revised policies, processes, and procedures for adult and dislocated worker programs that require compliance with requirements of:

- the Family Educational Rights and Privacy Act, established under Section 444 of the General Education Provisions Act;
- other Federal and State laws, rules, regulations, and guidance applicable to protection of personally identifiable information; and
- this policy and other applicable NDOL policies addressing protection of personally identifiable information.

Section VII. Adult and dislocated worker program recordkeeping and reporting

(a) General requirements

In accordance with [29 USC § 3245\(a\)](#), all adult and dislocated worker participant case files must include accurate, concise, and timely documentation of services provided by Title IB case managers, including activities recorded in NEworks, supporting case notes, and acceptable source documentation. This documentation is not only mandatory pursuant to [29 USC § 3245\(a\)](#) but is essential to accurate performance reporting. Refer to NDOL's performance accountability policy for additional information on performance reporting.

(b) Local board policies on adult and dislocated worker program recordkeeping and reporting

Local boards must establish new or revised policies, processes, and procedures for adult and dislocated worker programs that require compliant recordkeeping and reporting in accordance with [29 USC § 3245\(a\)](#), other applicable Federal and State laws, rules, regulations, and guidance, this policy, and other applicable NDOL policies.

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

APPENDIX I. Definitions	7

Section I. Service provider selection and procurement

(a) Subawards or contracts to youth service providers

Subawards or contracts to youth service providers to carry out some or all of local area youth workforce investment activities must comply with requirements of [29 USC § 3153\(a\)](#), [2 CFR Parts 200](#) and [2900, 20 CFR § 681.400](#), as well as all other relevant Federal, State, and local laws rules, regulations, and guidance concerning procurement practices.

(b) Direct provision of youth program services

Pursuant to [20 CFR § 681.400\(a\)](#) and [TEGL 21-16](#), local boards may determine that local area grant recipients (i.e., CEOs) or designated fiscal agents may directly provide some or all youth workforce investment activities, in which case competitive procurement requirements do not apply.

(c) Pay-for-performance contract strategies for youth program services

As permitted under [20 CFR § 681.420\(i\)](#), local boards may implement WIOA pay-for-performance contract strategies for youth program services in accordance with [20 CFR Part 683 Subpart E](#).

Section II. Program design

(a) Framework

Local boards must design frameworks for their local WIOA Title IB youth programs, in compliance with requirements of [29 USC § 3164\(c\)](#), [20 CFR § 681.420](#), and [TEGL 21-16](#). It is important to note that [20 CFR § 681.420\(g\)](#) requires local boards to provide opportunities for parents, participants, and other members of the community with experience working with youth to be involved in the design and implementation of local Title IB youth programs, in accordance with [20 CFR § 681.650](#).

(b) Privacy and confidentiality

Local boards must adhere to requirements of [29 USC § 3341](#); [20 CFR § 683.220](#); [34 CFR Part 99](#); as well as all other applicable Federal and State laws, rules, regulations, regulations, and guidance concerning privacy and confidentiality protections for Title IB program participants.

(c) Occupational skills training funding

Under [20 CFR § 680.230\(a\)](#), the availability of Title IB funding of occupational skills training for youth program participants is limited to participants who:

- are unable to obtain grant assistance from other sources to pay for costs of training; or
- require assistance beyond that available under grant assistance from other sources to pay for the costs of training.

(d) Coenrollment

As required under NDOL's performance accountability policy:

- Title IB program participants must be coenrolled in partner programs whenever eligibility permits; and

- ISY ages 18 through 21 must be coenrolled in Title IB adult or dislocated worker programs *before* ITA funds can be used for occupational skills training provided by an eligible training provider on Nebraska's Eligible Training Provider List.²

(e) Coordination of services

Local boards must ensure that their local Title IB program operators identify and track funding streams that pay the costs of services provided to individuals who are participating in Title IB programs *and* are concurrently coenrolled. This is necessary to ensure deduplication of services, in accordance with [20 CFR § 681.430\(b\)](#). Further, local Title IB youth programs and training providers must coordinate funds available to pay for training, especially in relation to Pell Grants. Refer to [20 CFR § 680.230](#) for guidance on coordination of Title IB funding of training services, including coordination with Pell Grant funding.

(f) Duration of services

Local Title IB youth programs must provide services to youth participants as long as necessary to ensure successful preparation to enter postsecondary education and/or unsubsidized employment, as required under [20 CFR § 681.450](#).

(g) Expenditures

Local boards must ensure that their respective Title IB youth program service providers adhere to expenditure requirements established under [29 USC § 3164\(c\)\(4\)](#); [20 CFR Part 681 Subpart C](#); [TEGLs 8-15](#), [21-16](#), and [9-22](#); as well as all other applicable Federal and State laws, rules, regulations, and guidance applicable, especially those concerning:

1. use of funds for individuals prior to youth program participation;
2. OSY expenditure requirements;
3. work-experience priority; and
4. participant work-experience compensation requirements (described in greater detail in subsection (1) below).

(1) Participant work-experience compensation

When compensating youth participants with wages or stipends for work experience, youth service providers and employers of record are expected to adhere to Internal Revenue Service (IRS) guidelines.³ Understanding the difference between a stipend and wage has specific implications in relation to IRS deductions.

The classification of a participant, specifically the employer/employee relationship, is a key factor used by the IRS to determine whether withholding taxes is applicable. Other related factors which impact payments in the form of wages or stipends associated with work experience are that they are counted as earnings when a participant is currently collecting Unemployment Insurance (UI). The income from these wages or stipends may affect the amount and duration of a participant's UI

claim in the same manner as regular wages. Compensation may include the following, as described in the following subsections:

1. wages;
2. stipends;
3. incentive payments; and
4. withholdings.

(A) Wages

A wage is generally a payment for services rendered where an employer/employee relationship exists. This form of compensation is usually paid through a payroll system and subject to taxes applicable to the employer of record and participants. Paying a wage usually indicates that a local youth program views the youth as an employee or a trainee. Paid work experiences and internships may fall under the [Fair Labor Standards Act](#) (FLSA). FLSA requires that individuals be compensated under the law for the services they perform for an employer. To determine whether a paid work experience or internship falls under FLSA, contact USDOL's Wage and Hour Division located at 222 South 15th Street, Suite 504A, Omaha, NE 68102, phone 402.221.4682 or 866.487.9243.

(B) Stipends

A stipend is an allowable payment for participation in activities such as work experience or classroom activities, including work readiness or employability skills training. Local youth programs must have written policies and procedures guiding the payment of classroom-based stipends, according to on local program design and participant needs. Local policies on stipends must ensure that payments align with the requirements of [2 CFR Part 200](#).

(C) Incentive payments

Incentive payments to youth participants are permitted for recognition and achievements directly tied to training activities and work experiences. The local youth program must establish written policies and procedures governing the award of incentives and must ensure that incentive payments are:

1. tied to the goals of the program;
2. outlined in writing before the commencement of the stipend program;
3. aligned with the program's organizational policies; and
4. made in compliance with the requirements of [2 CFR Part 200](#).

It is also allowable to provide incentives post-exit or during follow-up if the local board has established written to address the purpose of offering such incentives, specifically to induce behavior toward achievement of a specific goal. In order for a post-exit or follow-up incentive to be effective, participants must (1) be aware of the existence of such incentive and (2) understand the terms and standards of the incentive to improve the likelihood of success and lead to a successful outcome or achievement of grant performance measures.

(D) Withholdings

The classification of participants, specifically the employer/employee relationship, is a key factor used by the IRS to determine whether withholding taxes is applicable. When determining whether

to pay taxes on wages, stipends, and incentives, youth service providers and employers of record are expected to adhere to IRS guidelines.⁴ [IRS publication 525](#) provides information on taxable and non-taxable income.

(h) Youth service provider lists

Pursuant to [TEGL 21-16](#), NDOL is required to publish a list of Nebraska's local Title IB youth service providers for each program year. NDOL publishes local youth service provider lists annually. The following requirements and timelines apply to submission of local Title IB youth service provider lists.

1. Local boards (or their designees) must submit to ndol.wioa_policy@nebraska.gov lists of their local Title IB youth service providers ***no later June 1 for each upcoming program year.***
2. Title IB youth service provider lists must:
 - a. be prepared using the youth service provider list form provided by NDOL; and
 - b. submitted to ndol.wioa_policy@nebraska.gov.
3. If local board Title IB youth service providers change during a given program year, local boards must submit revised youth service provider lists within 30 days of changes.

Section III. Required Title IB youth program elements

Local boards must ensure that their respective Title IB youth programs make available all youth program elements to all eligible youth participants, pursuant to and in accordance with [29 USC 3164\(c\)\(2\)](#), [20 CFR Part 681 Subpart C](#), and [TEGLs 21-16](#) and [09-22](#).

DISCLAIMER

This policy is based on NDOL's reading of applicable laws, rules, regulations, and guidance released by the Federal government and the State. This policy is subject to change as revised or additional laws, rules, regulations, guidance, and policies are issued.

This is a requirement established by NDOL, as permitted under [29 USC § 3152\(b\)\(1\)\(J\)](#).

(b) Eligibility processes

(1) Initial eligibility: Training providers and training programs

1. Training providers

- a. Training providers interested in ETPL inclusion must first register for a “provider account” on [NEworks](#) and provide information as described in Section I(a)(1).
 - i. A video on how to register for provider accounts is available upon request by emailing ndol.etpl@nebraska.gov.
- b. Initial eligibility determinations for training providers:
 - i. are based on information provided within their NEworks provider accounts and other information requested by the ETPL Unit, in accordance with Section I(a)(1); and
 - ii. begin once the ETPL Unit receives all required information described in Section I(a)(1) of this policy.
- c. Absent extenuating circumstances, the ETPL Unit issues eligibility determinations to new training providers by email within 15 calendar days of its receipt of all required information.

2. Training programs

- a. If new training providers have been determined eligible for ETPL inclusion, they must then submit training program applications for eligibility determination.
 - i. A video on how to submit training program applications is available upon request by emailing ndol.etpl@nebraska.gov.
- b. Initial eligibility determinations for new training programs:
 - i. are based on information provided within NEworks training program applications and other information requested by the ETPL Unit, in accordance with Sections I(a)(2) and I(c)(1); and
 - ii. begin once the ETPL Unit receives all required information described in Sections I(a)(2) and I(c)(1) of this policy.
- c. Absent extenuating circumstances, the ETPL Unit issues eligibility determinations for training programs by email within 30 calendar days of its receipt of all required information.

(2) Continued eligibility: Training providers and training programs

During the 30-day period preceding the expiration date of eligibility for training programs, training providers must:

- update their NWorks provider accounts, as necessary; and
- resubmit training program applications for programs with expiring ETPL eligibility.

While determining continued eligibility for training programs, the ETPL Unit also evaluates training providers for continued eligibility to ensure both training providers and training programs continue to meet all eligibility requirements described in Sections I(a)(1), I(a)(2), and I(c)(2) of this policy.

Absent extenuating circumstances, NDOL issues continued eligibility determinations for training providers and training programs within 30 calendar days of its receipt of all required information.

(c) Eligibility performance reporting requirements

(1) Performance reporting: *Initial eligibility*

As stated in Sections I(a)(2) and I(c)(1) of this policy, training providers applying for initial eligibility for new training programs must submit initial training program performance data for their programs to the ETPL mailbox (ndol.etpl@nebraska.gov), in accordance with Section I(b)(1) of this policy. Types of acceptable performance data for training program initial eligibility purposes may include, but are not limited to:⁸

- academic research suggesting the selected training strategy for the programs is effective in relation to the minimum performance standards described in Section I(c)(2)(A) of this policy; or
- other data relating to employment, earnings, or credential attainment among students in the applicable program.

Failure to submit required initial training program performance data will result in delayed or denied initial eligibility.

(2) Performance reporting: *Continued eligibility*

To obtain or maintain continued eligibility for ETPL inclusion, in accordance with [20 CFR § 680.460](#) and Section I(b)(2) of this policy, training providers must submit training program performance data to NDOL for each reporting period no later than August 31 of each calendar year using the training program performance reporting tool provided by NDOL through NWorks. ("Reporting period" means the 12-month period beginning on July 1 of a calendar year and ending on June 30 of the following calendar year.)

(A) Training program performance reporting tool

NDOL's performance reporting tool is provided as an .xlsx file to be downloaded by training providers from NWorks, populated with training program performance data, and then uploaded to NWorks. Using the tool, the following data must be reported for *all students* enrolled in or

⁸ [20 CFR §§ 680.460\(h\)\(1\)](#) and [680.490](#); [TEGL 8-19, Attachment III](#)

exiting training programs during reporting periods. (“Enrollment” status for training programs is determined by each training provider in accordance with their organizational standards.)

1. *Social Security Numbers (SSNs)*. SSNs must be provided for all students.
 - a. Missing SSNs will result in error messages and upload failures.
 - b. If SSNs are not available, *unique nine-digit all-numeric* student identifiers must be used.
 - c. Note. Use of invalid SSNs and unique student identifiers will negatively affect training program performance outcomes. (Minimum performance standards for training programs are described below in subsection (C).)
2. *Start date*. Training program start dates must be provided for all students.
 - a. Start dates must be provided in MM/DD/YYYY format and cannot be future dates.
 - b. Missing or invalid start dates will result in error messages and upload failures.
3. *Status*. Training program status must be provided for all students (selection options: enrolled, completed, withdrew, transferred).
 - a. If status is not selected, status will default to *enrolled*.
4. *Exit date*. Training program exit dates must be provided for all students (selection options: completed, withdrew, transferred).
 - a. Exit dates must be provided in MM/DD/YYYY format and cannot be future dates or earlier than start dates.
 - b. Missing or invalid exit dates will result in error messages and upload failures.
5. *Credential status*. Credential status must be provided for all students (selection options: yes, no, unknown).

(B) Training program performance calculations

Training program performance is calculated for each reporting period based on seven factors:

1. total number of students enrolled (reported to NDOL by training providers);
2. total number of students exited (reported to NDOL by training providers);
3. total number of program completers (reported to NDOL by training providers);
4. credential rate (reported to NDOL by training providers);
5. employment rate 6 months after program exit (determined through NDOL wage matching systems);
6. employment rate 12 months after program exit (determined through NDOL wage matching systems); and
7. median earnings 6 months after program exit (determined through NDOL wage matching systems).

(C) Training program minimum performance standards

Training programs must meet the following minimum performance standards for all students for each reporting period:

1. 50 percent or more of all students who enrolled in and exited programs attained a credential;
2. 50 percent or more of all students who enrolled in and exited programs are employed 6 months after program exit;
3. 50 percent or more of all students who enrolled in and exited programs are employed 12 months after program exit; and

4. median earnings 6 months after program exit for all students who enrolled in and exited programs are at least \$6,240.

Training programs that fail to meet minimum performance standards for three consecutive reporting periods will be denied continued eligibility. However, prior to denying continued eligibility, the ETPL Unit will provide technical assistance to training providers to ensure training programs are not removed from the ETPL erroneously due to:

- performance reporting errors;
- effects of small cohort sizes; and
- other extenuating circumstances.

(3) Performance reporting: Federal

NDOL is required under [29 USC § 3141\(d\)](#) to report training program performance outcomes annually to the US Department of Labor (USDOL) by October 1 of each calendar year (or the next business day if October 1 falls on a weekend or holiday). Training program performance data is reported in aggregate. Student-level data *does not* appear in training program performance reports submitted by NDOL to USDOL, in compliance with requirements established under [24 CFR Part 99](#) (the Family Educational Rights and Privacy Act, aka FERPA) and other applicable Federal and State laws, rules, regulations, guidance, and policies, including NDOL policies concerning protection of personally identifiable information.

(d) Eligibility denial or termination

NDOL is solely responsible for making determinations on denial or termination of ETPL eligibility and does so based on:⁹

1. [29 USC Chapter 32](#), including [29 USC § 3248](#), and its implementing rules, regulations, and guidance; other applicable Federal and State laws, regulations, rules, guidance, and policies; and this policy;
2. eligibility documentation; and
3. if applicable, compliant supplemental criteria, information, and performance requirements established by local boards under local policies.

(1) Reasons for denial or termination

Training provider and/or training program inclusion in the ETPL must be denied or terminated under certain conditions, pursuant to [29 USC § 3152\(f\)](#) and [20 CFR § 680.480](#).

1. NDOL must deny or terminate ETPL inclusion when training providers and/or training programs do not meet eligibility requirements described in Section I of this policy.
2. NDOL must terminate eligibility of training providers for a period of not less than two years *and* require repayment of WIOA Title IB funds they received during any period of noncompliance based on the following substantial violations:¹⁰
 - a. intentionally supplying inaccurate information *or* individuals providing information on behalf of training providers intentionally supplying inaccurate information;

⁹ [20 CFR § 680.480](#)

¹⁰ Ibid.

- b. substantially violating any applicable provision of [29 USC Chapter 32 Subchapter 1](#), including [29 USC § 3248](#), [29 CFR Part 38](#), and the [Americans with Disabilities Act, as amended](#);¹¹ or
 - c. refusing to submit timely and accurate training program performance data as required under Section I(c) of this policy.
 3. NDOL must terminate the eligibility of training providers for other substantial violations relating to:
 - a. applicable provisions of [29 USC Chapter 32](#) and its implementing rules, regulations, and guidance;
 - b. other applicable Federal and State laws, rules, regulations, guidance, and policies;
 - c. this policy; and
 - d. if applicable, compliant supplemental criteria, information and performance requirements established by local boards under local policies.

Remedies and penalties prescribed under applicable provisions of [29 USC Chapter 32](#) and its implementing rules, regulations, and guidance; other applicable Federal and State laws, rules, regulations, guidance, and policies; and this policy supplement but do not supplant other civil and criminal remedies and penalties available under other provisions of law, pursuant to [29 USC § 3152\(f\)\(2\)](#).

(2) Processes for training provider or training program denial or termination based on ineligibility

If the ETPL Unit determines training providers or training programs are not eligible for ETPL inclusion based on condition 1 as described above in Section I(d)(1), the ETPL Unit notifies training providers by email that eligibility has been denied or terminated based on ineligibility *and* provides reasons for denial or termination and copies of applicable NDOL policies.

Training providers may appeal decisions to deny or terminate ETPL participation, in accordance with Section III of this policy.

(3) Processes for training provider removal based on substantial violations

Pursuant to [20 CFR §§ 680.460\(l\)](#) and [680.480](#), the Commissioner of Labor, NDOL Office of the General Counsel, and NDOL Reemployment Services Division Director (collectively, the Review Panel) investigate allegations of substantial violations based on conditions 2 and 3 described in Section I(d)(1) above by:

- reviewing all available documentation addressing allegations of substantial violations, as well as applicable Federal and State laws, rules, regulations, guidance, and policies; and applicable NDOL policies; and
- interviewing program staff and complainants involved, whenever possible.

If the Review Panel determines allegations of substantial violations are valid, NDOL issues written notice to training providers of its intent to remove them from the ETPL *and* impose time-based and financial sanctions, as described in Section I(d)(1) in relation to substantial violations. NDOL also provides copies of applicable NDOL policies and supporting documentation provided to

¹¹ When determining substantial violations, NDOL must take into account exceptional circumstances beyond training provider or RAP sponsor control, such as natural disasters, unexpected personnel transitions, and unexpected technology-related issues, in accordance with [20 CFR § 680.460\(l\)\(1\)](#).

NDOL in relation to the Review Panel's investigation and advises training providers of their right to appeal, as described below in Section III.

(4) Denial or termination of training providers and training programs by local boards

Local boards may deny or terminate training provider and training program eligibility in their local areas as described in Section IV(b)(1) of this policy. However, as stated in Section IV(b)(1) of this policy, local boards *are prohibited* from imposing additional requirements upon RAPs beyond those established under [29 USC Chapter 32 Subchapter 1](#) and its implementing laws, rules, regulations, guidance, and policies, including [20 CFR § 680.150\(a\)](#); and Section II of this policy.

If local boards deny or terminate local ETPL eligibility for training providers or training programs, training providers may appeal the denial or termination according to the process described in Section III of this policy.

(e) Participants enrolled in training programs and RAPs that have been removed from the ETPL

If training programs or RAPs are removed from the ETPL due to *substantial violations* as described in Sections I(d)(1) and II(c)(2), Title IB program participants *cannot* use their established individual training accounts (ITAs) to continue participation in the removed programs. If impacted participants wish to continue receiving Title IB training services, local Title IB program case managers must *immediately* assist participants with transition to other training programs or RAPs selected by the impacted participants.

If training programs or RAPs are removed from the ETPL for reasons *other than substantial violations* (including voluntary withdrawal from ETPL inclusion), Title IB participants who are participating in the removed training programs or RAPs *may* complete training through those programs using established ITAs. However, the established ITAs cannot be modified or extended as they relate to the removed training programs or RAPs. If impacted participants wish to transition to other training programs or RAPs listed on the ETPL, Title IB program case managers must *immediately* assist the participants with transition to other ETPL programs selected by the participants.

The ETPL Unit notifies local boards and administrative entities by email whenever training programs or RAPs are removed from the ETPL and provides appropriate guidance to local boards and administrative entities.

Section II. Registered Apprenticeship Programs (RAPs)

RAPs are structured training models that combine on-the-job learning (i.e., on-the-job training) with related technical instruction (i.e., occupational skills training) to develop skilled workers.¹² RAPs *always* offer career pathways in in-demand occupations that allow individuals to gain practical experience, receive mentorship, and earn nationally recognized credentials, all while being paid.¹³

¹² [TEGLs 13-16](#), [13-16 Change 1](#), [08-19](#), and [08-19 Change 1](#)

¹³ [TEGL 8-19 Change 1](#)

(a) In-state RAPs

RAPs registered by the USDOL Office of Apprenticeship in Omaha are automatically eligible for placement on the ETPL.¹⁴ The ETPL Unit conducts outreach to RAPs registered by the Omaha Office in real time, rather than conducting semi-annual outreach as described in [TEGLs 13-16 Change 1](#) and [08-19 Change 1](#), through coordination with the State Director of the Omaha Office. Specifically, the State Director includes the ETPL Unit on emails when issuing new or revised RAP standards to sponsors. Following receipt of standards, the ETPL Unit conducts outreach by email to each RAP sponsor and provides technical assistance to the sponsor by promoting and providing information on the benefits of ETPL placement.

(b) National RAPs

A RAP registered by the National USDOL Office of Apprenticeship is automatically eligible for placement on the ETPL, provided the National RAP:¹⁵

- has an operational presence in Nebraska; or
- provides on-line instruction that is available to Nebraska residents.

Unlike the process for in-state RAPs described in subsection (a) above, a representative from a National RAP *or* a representative from the USDOL Office of Apprenticeship may initiate contact with the ETPL Unit concerning placement of the National RAP on the ETPL.¹⁶ If a National RAP contacts the ETPL Unit directly about placement on the ETPL, the ETPL Unit contacts the State Director of the Omaha Office and requests confirmation of registration. If the State Director is unable to confirm registration, the ETPL Unit contacts the USDOL Office of Apprenticeship Multi-State Navigator and requests confirmation.

Once registration status is confirmed *and* the ETPL Unit receives confirmation that the National RAP has an operational presence in Nebraska *or* provides on-line instruction that is available to Nebraska residents, the ETPL Unit provides an information sheet to the sponsor for completion. The information sheet asks for the following information necessary to add the National RAP to the ETPL:

1. RAP ZA number
2. name of RAP sponsor and sponsor contact information, physical address, and FEIN
3. occupations included in the RAP
4. RAPIDS and ONET-SOC codes for RAP occupation(s)
5. number of active apprentices
6. description of methods and lengths of instruction for each of the included occupations:
 - a. *method* refers to whether the program is time-based, competency-based or hybrid, *and* whether the program is in-person, virtual, or uses blended methods (i.e., combination of in-person and virtual)
 - b. *length of instruction* refers to the number of hours required to complete the RAP, which may be expressed as a range
7. name, contact information, and physical address of related technical instruction provider(s) if different from the program sponsor

¹⁴ [20 CFR § 680.470](#); [TEGLs 13-16](#), [13-16 Change 1](#), [08-19](#), and [08-19 Change 1](#)

¹⁵ [TEGL 8-19 Change 1](#)

¹⁶ [TEGL 8-19 Change 1](#)

(c) Addition, maintenance, and removal of RAPs

(1) Addition and maintenance

The ETPL Unit is solely responsible for the addition and maintenance of all RAPs on the ETPL.¹⁷ RAPs remain on the ETPL:¹⁸

- as long as they remain registered with the USDOL Office of Apprenticeship *and* confirm at least biennially by email that they want their RAPs to remain on the ETPL (ETPL Unit initiates the confirmation process);
- until RAP sponsors contact the ETPL Unit by email at ndol.etpl@nebraska.gov and request removal of their RAPs from the ETPL; or
- until RAPs are deregistered *or* they've been removed in accordance with subsection (2) below.

(2) Removal of RAPs from the ETPL

(A) Reasons for removal

Placement of RAPs on the ETPL must be denied or terminated under certain conditions, pursuant to [29 USC § 3152\(f\)](#) and [20 CFR § 680.470](#).

1. NDOL must deny or terminate ETPL placement of RAPs on the ETPL if they have been deregistered by the USDOL Office of Apprenticeship.
2. NDOL must remove RAPs from the ETPL for a period of not less than two years *and* require repayment of WIOA Title IB funds they received during any period of noncompliance based on the following substantial violations:¹⁹
 - a. intentionally supplying inaccurate information *or* individuals providing information on behalf of RAP sponsors intentionally supplying inaccurate information;
 - b. substantially violating any applicable provision of [29 USC Chapter 32 Subchapter 1](#), including [29 USC § 3248](#); [29 CFR Part 38](#), and the [Americans with Disabilities Act, as amended](#);²⁰ or
3. NDOL must remove RAPs from the ETPL for other substantial violations relating to:
 - a. applicable provisions of [29 USC Chapter 32](#) and its implementing rules, regulations, and guidance;
 - b. other applicable Federal and State laws, regulations, rules, guidance, and policies; and
 - c. this policy.

¹⁷ This is process established by NDOL to ensure minimal burden is placed upon sponsors of RAPs, in accordance with [TEGL 13-16](#).

¹⁸ [20 CFR § 680.470](#); [TEGL 13-16](#)

¹⁹ Ibid.

²⁰ When determining substantial violations, NDOL must take into account exceptional circumstances beyond training provider or RAP sponsor control, such as natural disasters, unexpected personnel transitions, and unexpected technology-related issues, in accordance with [20 CFR § 680.460\(l\)](#).

Remedies and penalties prescribed under applicable provisions of [29 USC Chapter 32](#) and its implementing rules, regulations, and guidance; other applicable Federal and State laws, rules, regulations, guidance, and policies; and this policy supplement but do not supplant other civil and criminal remedies and penalties available under other provisions of law, pursuant to [29 USC § 3152\(f\)\(2\)](#).

(B) Process for removal

If NDOL denies or terminates placement of a RAP on the ETPL based on conditions described in subsection (A) above, NDOL notifies the RAP sponsor by email that eligibility has been denied or terminated *and* provides the reason(s) for denial or termination, copies of applicable NDOL policies, and supporting documentation provided to NDOL by the USDOL Office of Apprenticeship.

RAPs may appeal decisions to deny or terminate ETPL placement in accordance with Section III below.

Section III. Process for appeals

In accordance with [20 CFR § 680.480\(b\)](#), [\(d\)](#), and [\(e\)](#) and [TEGL 8-19](#), training providers may appeal denial or termination of ETPL eligibility *and* RAPs may appeal removal from the ETPL. To appeal, training providers and RAPs must submit written requests for hearings to the Commissioner of Labor to the address below within 30 calendar days of notification of denial or termination of eligibility *or* removal from the ETPL in the case of RAPs.

Commissioner of Labor
Nebraska Department of Labor
PO Box 94600
Lincoln, NE 68509-4600

Absent extenuating circumstances, the Commissioner will assign a hearing officer and a hearing will take place within 30 calendar days of the Commissioner's documented receipt of the request for a hearing. The hearing will include the:

1. statement of reason(s) for denial or termination of training provider eligibility or RAP removal, as applicable; and
2. an appeal by submitted by the training provider or RAP describing why:
 - a. the decision should be reversed; or
 - b. a compromise established.

The Commissioner will render a final judgment that will include the length of time a training provider will remain ineligible *or* the length of time a RAP will be removed from the ETPL, financial sanctions to be imposed, and conditions under which reinstatement of eligibility or placement is justified. Decisions issued under this appeal process are not eligible for appeal to the Secretary of Labor, in accordance with [20 CFR § 683.630\(b\)\(3\)](#).

Section IV. NDOL and local boards: ETPL roles and responsibilities

(a) NDOL

NDOL roles and responsibilities regarding the ETPL are defined in applicable provisions of [20 CFR Part 680 Subpart D](#).

(b) Local boards

Local board roles and responsibilities regarding the ETPL are defined in applicable provisions of [20 CFR Part 680 Subpart D](#). Subsections (1) through (3) below provide clarifying information relating to certain local board roles and responsibilities pertaining to:

- local board supplemental ETPL criteria and information requirements;
- consumer choice and consultation requirements; and
- reimbursement to training providers and RAPs for training services.

(1) Local board supplemental ETPL criteria and information requirements

Local boards may supplement the criteria and information requirements established under Section I of this policy in order to support informed consumer choice and the achievement of local performance indicators, in accordance with [20 CFR § 680.510](#). However, as stated in Section I(d)(4) above and in [20 CFR § 680.150\(a\)](#), local boards *are prohibited* from imposing additional requirements upon RAPs beyond those established under [29 USC Chapter 32 Subchapter 1](#) and its implementing laws, rules, regulations, guidance, and policies and Section II of this policy

(2) Consumer choice and consultation requirements

Local boards must ensure that they and their administrative entities and local Title IB service providers and staff adhere to consumer choice and consultation requirements described in [20 CFR § 680.340](#).

(3) Reimbursement to training providers and RAPs for training services

Local boards must ensure that their administrative entities and Title IB service providers reimburse training providers and RAPs for actual training services and materials provided to Title IB program participants, including actual training services and materials provided to participants that drop out of or do not complete training services authorized under ITAs.

Formal and informal practices established by local boards, administrative entities, and local Title IB service providers and staff that result in or permit non-payment for actual training services and materials provided to local Title IB participants are strictly prohibited.

Section V. Technical assistance

NDOL provides technical assistance to training providers, RAPs, and local areas upon request concerning the requirements of this policy. Requests for technical assistance must be submitted by email to ndol.etpl@nebraska.gov.

IWT is training designed to meet the special requirements of employers or groups of employers. IWT may be provided by local boards to employers to either:

- help avert potential layoffs of employees; or
- assist employees in obtaining the skills necessary to retain employment, such as increasing skill levels so they can be promoted within the company and create backfill opportunities for less-skilled employees.

IWT must be provided in accordance with the requirements of [29 USC § 3174\(d\)\(4\)](#); [20 CFR §§ 680.780, 680.790, 680.800, 680.810, and 680.820](#); [TEGL 19-16](#); and requirements established under NDOL policy concerning waitlists.

Employment Recovery – National Dislocated Worker Grant (ER-DWG)

REFERENCE

Federal and State of Nebraska (State) laws, rules, regulations, guidance, and policies relied upon for development of this policy are cited in the body of this policy and in footnotes. NDOL policies referenced in this policy are included in the [policy manual](#).

BACKGROUND

National Dislocated Worker Grants (NWDGs) are discretionary grants awarded by the Secretary of Labor pursuant to [29 USC § 3225](#) to provide employment-related services for dislocated workers and other eligible individuals.¹ NDWs provide supplemental funding in response to major economic dislocations or other events that cause or contribute to a shortage of existing WIOA Title IB dislocated worker formula funds and other relevant resources in states and local areas, creating challenges in their ability to provide workforce services to eligible participants. Further, NDWs enable states and communities to respond to and recover from large, often unexpected dislocation events and their associated impacts.

Section I. ER-DWG: Overview

NWDGs are WIOA Title ID programs and are considered to be required one-stop partners and part of a continuum of support for workers, businesses and communities.² The continuum of services also includes planning for large-scale layoffs and using resources from other WIOA programs; Federal, state, and local economic development agencies; or from other agencies.³ This coordinated support mitigates impacts of layoffs and unemployment caused by many factors, including mass layoffs preceded by Worker Adjustment and Retraining Notification (WARN) Act notices,⁴ a series of related layoffs in a single industry, and other layoff situations.

An NWDG was awarded to NDOL on March 12, 2026, the Employment Recovery – National Dislocated Worker Grant (ER-DWG). The ER-DWG provides funding to support economic and employment-related recovery in Nebraska’s Mid-Plains Region following closure of Tyson Fresh Meats in Lexington, Nebraska on January 20, 2026. Under the ER-DWG, NDOL and other

workforce system partners are able to deliver critical career services, training services, and other resources to support reemployment efforts in Buffalo, Custer, Dawson, Gosper, Frontier, Lincoln, and Phelps Counties. Prior to the January 20, 2026 closure of Tyson and the award of the ER-DWG, NDOL and numerous workforce system partners provided Rapid Response services through multiple Rapid Response events and job fairs held in the Mid-Plains Region.

Under the ER-DWG, priority will be given to providing services to workers impacted by the Tyson closure, as well as workers experiencing ensuing layoffs such as those laid off from Fortrex. The ER-DWG will first focus on identifying which workers are focusing on finding new employment as quickly as possible and which are interested in occupational skills training. (The ER-DWG is a statewide grant, so other eligible dislocated workers across the State may be enrolled.) In addition, NDOL will work closely with employers in the Mid-Plains region to facilitate job placement. On-the-job training (OJT) and customized training will be used to support employer hiring in the region while ensuring workers gain job-specific skills.

The remainder of this policy describes ER-DWG dislocated worker eligibility requirements, services available to workers and employers, and requirements for implementation and administrative of the ER-DWG.

Section II. ER-DWG: Worker eligibility

ER-DWG eligibility for workers must be determined in accordance with NDOL's policy on program eligibility for adults, dislocated workers and youth. As stated above, priority will be given to providing services to workers impacted by the Tyson closure, as well as workers experiencing ensuing layoffs (i.e., downstream layoffs⁵), such as those laid off from Fortrex. As mentioned above, the ER-DWG is a statewide grant, so other eligible workers across the State may be enrolled in ER-DWG, pursuant to the NOA; [20 CFR § 687.170\(a\)](#); this policy; and NDOL's policy on Title IB program eligibility.

Section III. ER-DWG: Services for workers and employers

(a) Basic career services for workers and employers

NDOL and required one-stop partners must ensure the availability and provision of [basic career services](#) to all interested workers and employers, in accordance with the following NDOL policies:

NDOL must ensure the availability of and provision of [individualized career services](#) to all eligible workers, as described in the following NDOL policies:

1. local one-stop delivery system and one-stop centers;

3. JVSG and roles and responsibilities of AJC staff serving Veterans; and
4. Title IB adult and dislocated worker programs.

(c) Training services for workers

Under the ER-DWG, [training services](#) for workers include:

- [occupational skills training](#) (OST); and
- [on-the-job training](#) (OJT).

[Training services](#) under the ER-DWG must be provided in accordance with the following NDOL policies:

1. Eligible Training Provider List;
2. local chief elected officials, fiscal agents, and workforce development boards;
3. local one-stop delivery systems and one-stop centers;
4. nondiscrimination and equal opportunity; and
5. priority of service;
6. Title IB adult and dislocated worker programs; and
7. Trade Adjustment Assistance program.

(d) Supportive services

Supportive services under the ER-DWG must be provided in compliance with the NOA; [20 CFR Part 680 Subpart G](#); this policy; and NDOL's policy on Title IB adult, dislocated worker, and youth programs.

No more than \$5,000 may be expended on supportive services for each participant during their ER-DWG participation. There are no specific funding limits based on type of supportive service.

(e) Follow-up services

ER-DWG case managers must provide follow-up services in accordance with [20 CFR § 678.430\(c\)](#) and NDOL's policies on Title IB adult, dislocated worker, and youth programs and performance accountability.

(b) Coenrollment and coordination of service

ER-DWG participants must be coenrolled in partner programs whenever eligibility permits to ensure maximization of funding, service delivery, and coordination of services, as required under the NOA; this policy; and the following NDOL's policies addressing coenrollment and coordination of services:

1. JVSG and roles and responsibilities of AJC staff serving Veterans;

- emphasize statutory JVSG staff duties and staffing flexibilities to maximize integration of services and collaboration within AJCs.

NDOL-administered programs

NDOL administrators of the following programs must ensure that they and their program staff adhere to the requirements of this policy, as well as all applicable Federal and State laws, rules, regulations, guidance, and policies.

1. Jobs for Veterans State Grant program (JVSG);
2. Title III Wagner-Peyser Employment Service (Wagner-Peyser), including the Monitor Advocate System;

POLICY

This policy provides information concerning JVSG staff roles and responsibilities and JVSG coordination of WIOA services for Veterans and has three sections.

Section I. JVSG roles and responsibilities2

 (a) Overview2

 (b) JVSG staff: General roles and responsibilities2

 (c) JVSG staff: Limitations and requirements3

Section II. AJC staff roles and responsibilities3

Section III. JVSG staff integration in AJCs.....4

Section I. JVSG roles and responsibilities

(a) Overview

JVSG is a required one-stop partner¹ pursuant to [29 USC § 3151\(b\)\(1\)\(B\)](#). Therefore, JVSG services must be accessible through all Nebraska AJCs and throughout all Nebraska local area one-stop delivery systems. [TEGL 03-24](#) and [VPL 05-24](#) clarify statutory duties of JVSG staff to ensure:

- eligible individuals receive the best combination of services;
- Local Veterans Employment Representatives (LVER) conduct targeted outreach to assist employers in fulfilling their workforce needs with job-seeking Veterans, as described under [38 USC § 4104](#); and
- Disabled Veterans Outreach Program (DVOP) Specialists devote time to provide individualized career services to those most in need, as described under [38 USC § 4103A](#).

ETA and VETS jointly developed Section IX of [VPL 05-24](#), “AJC Staff Roles in JVSG.” [TEGL 03-24](#) highlights that section for ETA grantees and incorporates [VPL 05-24](#) for grantee knowledge and awareness of the requirements applicable to JVSG and DVOP and LVER staff. Throughout this policy, the term “AJC staff” refers to **USDOL-funded program staff who work in AJCs**, other than those staff funded by JVSG.

(b) JVSG staff: General roles and responsibilities

(1) DVOP roles and responsibilities

DVOP specialists provide individualized career services and facilitate placements to meet the employment needs of eligible Veterans and eligible persons.²

1. DVOPs must deliver those services to eligible Veterans in the following priority order:
 - a. first, to special disabled Veterans;
 - b. second, to other disabled Veterans; and
 - c. third, to other eligible Veterans in accordance with priorities determined by the Secretary of Labor.
2. DVOP specialists must limit their activities to providing services to eligible populations that are:
 - a. interested in receiving one or more individualized career services; and
 - b. meet at least one of the following two criteria:
 - i. are defined as an eligible Veteran or eligible person and are experiencing at least one of the qualifying employment barriers defined in Section VI.A.1 of [VPL 05-24](#); or
 - ii. are members of additional populations eligible for DVOP specialist services as authorized by the current annual appropriations act, as outlined in Section VI.A.2. of [VPL 05-24](#).
3. Further, DVOP specialists should engage with local area one-stop delivery system service providers to:
 - a. maximize the number of individuals referred by service providers, who are both eligible for and could benefit from DVOP specialist services;
 - b. enhance outcomes for individuals that DVOP specialists refer to other providers; and

¹ Required one-stop partners are listed under [29 USC § 3151\(b\)\(1\)\(B\)](#). Refer to NDOL’s policy on MOUs and local funding mechanisms for additional information applicable to required-one-stop partners.

² [38 USC § 4103A](#); [TEGL 03-24](#); [VPL 05-24](#)

- c. strengthen community awareness concerning the array of services available through the statewide one-stop delivery system.

Refer to [TEGL 03-24](#) and [VPL 05-24](#) for:

- definitions of *qualifying employment barriers* and *additional populations*;
- information on JVSG participant eligibility and privacy; and
- descriptions of DVOP case management and individualized career services.

(2) LVER roles and responsibilities

Pursuant to [38 USC § 4104\(b\)](#), [TEGL 03-24](#), and [VPL 05-24](#), LVER principal duties are to:

- conduct targeted outreach to employers in the area to assist Veterans in gaining employment, including conducting seminars for employers and, in conjunction with employers, conducting job search workshops and establishing job search groups; and
- facilitate employment, training, and placement services furnished to Veterans in a state under the applicable state employment service delivery systems.

(c) JVSG staff: Limitations and requirements

In accordance with [38 USC §§ 4103A\(d\)](#) and [4104\(c\)](#), JVSG staff are prohibited from performing duties that detract from their ability to meet the employment needs of eligible Veterans and other eligible populations with qualifying employment barriers. AJC staff will continue to provide priority of service to other Veteran populations as described in [VPL 07-09](#) and [TEGL 10-09](#).

JVSG staff must not be placed in a situation where they are at risk of performing duties that fall outside of their roles and responsibilities, including but not limited to the following duties.³

1. DVOPs and LVERs must not be required at any time to:
 - a. perform AJC front desk duties, including greeting incoming customers, conducting intake, or screening customers for eligibility;
 - b. check in customers at job/resource fairs; however:
 - i. DVOPs may attend such events to network with other resource providers; and
 - ii. LVERs may attend such events to network with employers.
 - c. determine customer eligibility for other services.
2. DVOPs must not:
 - a. serve individuals who have not been screened for eligibility and entered into the state's management information system ([NEworks](#)⁴);
 - b. administer job preparation workshops if any of the workshop participants are not DVOP-eligible populations; or
 - c. be assigned to monitor or control foot traffic during AJC events, unless the event is for DVOPs' current participants only.

Section II. AJC staff roles and responsibilities

This section highlights areas of [TEGL 03-24](#) and [VPL 05-24](#) critical to coordination between AJC staff and JVSG staff. Because JVSG is a required one-stop partner pursuant to WIOA Sec. 121(b)(1)(B)(viii) (i.e., [29 USC § 3151\(b\)\(1\)\(B\)\(viii\)](#)), AJC staff play an important role in the JVSG program. AJC intake staff determine the service needs of incoming customers and screen them for eligibility and referral to appropriate program staff for services. The following subsections describe AJC staff responsibilities concerning JVSG.

1. *AJC staff services to Veterans.* AJC intake staff must refer Veterans and covered persons who are not eligible for, or who do not want or need, DVOP specialist services to other workforce programs, as appropriate.
2. *Screening and referring customers.* Appropriate initial screening can enhance customer experience by ensuring customers are initially referred to the program(s) best positioned to meet their needs. In carrying out JVSG programs, this screening also helps ensure that DVOP specialists deliver individualized career services to eligible customers as required by statute. Where a DVOP specialist is available to accept a new customer, each incoming customer must be screened and referred in accordance with this section.

³ [38 USC § 4103A](#); [TEGL 03-24](#); [VPL 05-24](#)

⁴ NEworks is Nebraska's management information system of record with USDOL.

- a. *Identify customer interests and needs.* Not all customers who are eligible for DVOP services are interested in receiving them. Prior to referring a customer to a DVOP specialist, intake staff must affirm the customer's interest in receiving one or more individualized career services. This may be done, for example, by showing a list of available DVOP-provided individualized career services and asking whether they are interested in learning more. A customer who does not need or wish to receive any of these services must not be referred to a DVOP specialist at that time.
- b. *Ascertain customer eligibility.* AJC staff must determine whether a customer meets the eligibility criteria described in Section VI.A of [VPL 05-24](#) before referral to a DVOP specialist.
- c. *When a DVOP Specialist is unavailable.* If a DVOP specialist is not immediately available to accept a new participant, the AJC staff should provide appropriate services and referrals to meet the needs of the individual and to satisfy priority of service requirements, as described in [VPL 07-09](#) and [TEGL 10-09](#). AJC staff should inform the customer of the opportunity to make an appointment to see the DVOP specialist and/or be seen by other staff. The eligible customer may choose to make an appointment with the DVOP specialist at any point thereafter, even if they are participating in other workforce development program services. DVOP specialists are considered “unavailable” when they:
 - i. have a full caseload (as determined by the NDOL);
 - ii. are not present (physically or virtually); or
 - iii. are in a meeting at the moment when a customer would otherwise be referred.
- d. *Department of Veterans Affairs Veteran Readiness and Employment (VR&E) program participants.* Because not all VR&E participants are eligible for DVOP services, there is no exception to the screening requirement for VR&E participants. They must be screened for eligibility based on the criteria described in Section VI of [VPL 05-24](#) prior to being referred for DVOP services.
- e. *Documentation.* VETS does not require documentation of JVSG participants' eligibility at any point. USDOL-funded programs must adhere to the requirements of their authorizing legislation concerning eligibility for their respective programs.
- f. *Eligibility screening and referral through state management information systems.* Although this section speaks to the AJC intake staff duties, states may use an online system to screen customers for eligibility for DVOP services and to refer those who are eligible to an available DVOP specialist, subject to the following requirements.⁵
 - i. Eligibility screening must include ascertaining the customer interest in receiving individualized career services, as well as the eligibility criteria listed in Section VI of [VPL 05-24](#).
 - ii. NDOL must apply a process to ensure that DVOP specialists do not receive more participant referrals than they have the capacity to serve. This process may be automated based on the DVOP specialist's current caseload, and/or it may include a manual override or intervention function to divert excess referrals to other AJC staff.

Section III. JVSG staff integration in AJCs

ETA and VETS champion cross-program collaboration and integration as a best practice that leads to the most effective and efficient service delivery to both jobseekers, workers, and employers. As stated in [TEGL 03-24](#) and [VPL 05-24](#), JVSG program legislation requires that JVSG staff be integrated into Nebraska's statewide one-stop delivery systems.

REFERENCE

Federal and State of Nebraska (State) laws, rules, regulations, guidance, and policies relied upon for development of this policy are cited in the body of this policy and in footnotes. NDOL policies referenced in this policy are included in the [policy manual](#).

BACKGROUND

The Wagner-Peyser Act of 1933 established the first public labor exchange system in the United States and was designed to connect employers with job seekers. In response to a 1973 lawsuit highlighting inequities faced by farmworkers, the 1974 Judge Richey Court order ([Civil Action No. 2010-72, United States District Court](#)) required Wagner-Peyser Act funding be used to support specialized services for migrant and seasonal farmworker populations. Subsequently, states are obligated to ensure that Title III Wagner-Peyser services, benefits, and protections offered to migrant and seasonal farmworkers are qualitatively equivalent and quantitatively proportionate to those provided to non-farmworkers.
