Note 1: Shaded cells with red type require data input

Note 2: TEGL 29-14 provided state allotments for Youth, Adult and DLW programs for PY 15 / FY 16

Note 3: The UI percentages in the first allocation calculation are obtained from the "Annual Program Planning Data 2015" booklet prepared by the NDOL Labor Market Information Center (Mary Findlay is contact).

Note 4: An evaluation must be made between the "Excess UI in Designated Area" and "Excess UI in ASU" percentages to determine which is used. The one with the greater number of individuals impacted is used for the allocation (per Federal rules on allocation).

Note 5: The second allocation calculation determines the impact of hold harmless allocation rule [WIOA Act - Sec. 133(b)(2)(A)(ii)]. This rule indicates that no local area should receive less than 90% of the average of the two prior year allocations.

UI = Unemployed Individual
