WIOA Monitoring Schedule

July 1, 2026 – June 30, 2027

As the WIOA Title I, WIOA Governor Set-Aside, and Wagner-Peyser grant recipient for the State of Nebraska, the Governor is required to oversee and monitor the activities of Nebraska's WIOA subrecipients to ensure that WIOA subawards are used for authorized purposes in compliance with Federal laws, regulations, rules, and guidance; terms and conditions of subaward agreements; and applicable State policies.¹ NDOL's State Monitoring Unit (SMU) meets this requirement, on behalf of the Governor, by conducting annual monitoring of Nebraska's WIOA subrecipients in accordance with the USDOL Core Monitoring Guide as well as:

- WIOA and its implementing rules, regulations and guidance.
- other applicable Federal laws, rules, regulations, and guidance; and
- applicable State policies.

NDOL's annual WIOA monitoring events involve monitoring based on three core monitoring activities, which are defined in the Core Monitoring Guide.

- Core activity 1. Service design and delivery.
 - Core activity 1 addresses service design and delivery that guides and supports grant subrecipient strategy for accomplishing the goals of the grant subaward. It also addresses the systems, procedures, and program operational elements that are essential to the effective delivery of participant and employer services and the development of a subaward delivery product, such as a regional or local plan.
- Core activity 2. Grant operations.
 - Core activity 2 addresses grant operations supporting successful administration of subawards. Programmatic and fiscal operations under subawards support effective management of subrecipient activities required pursuant to WIOA and its implementing rules, regulations and guidance; other applicable Federal laws,

rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipient; and applicable State policies.

- Core activity 3. Financial Management.
