Re: Notice of Mass Layoff, Lexington, Nebraska

Dear Messrs. Fagot & Peplitsch and Nebraska's Rapid Response Administrator:

Pursuant to the Worker Adjustment and Retraining Notification Act of 1988 (WARN Act), this letter serves as advance notice from Tyson Foods of a mass layoff at the company's Lexington, Nebraska complex, which is located at 406 East 7th Street, P.O. Box 70, Lexington, Nebraska 68850. Tyson Foods regrets that team members at the Lexington complex will be displaced yet hopes to accomplish this layoff with the least possible disruption to the lives of the team members, their families, and the community.

Based on the best information available to the company at this time, the mass layoff is expected to be permanent in nature, with duties for affected positions ceasing on or around January 20, 2026. Please note that because of the nature of our business, certain operations and positions may continue for a short time past the date above. Team members will be notified separately by management if their positions will be required past January 20, 2026.

A listing of job titles of affected positions and the number of team members in each position is attached to this notice.

There is no union at the complex, and affected team members do not have "bumping rights"; in other words, affected team members do not have the right to take another team member's job.

If you have additional questions, please contact Dale Masters, HR Director, Beef & Pork Operations, at dale.masters@tyson.com or 605-235-4973.

Sincerely,

A handwritten signature in blue ink that reads "Jason Poole".

Jason Poole
Vice President Operations, Beef Enterprise
