Dear Nebraska Department of Labor:

The Worker Adjustment and Retraining Notification Act (“WARN”) has established guidelines for notifying local governments of plant closings or mass layoffs. Overland, El Paso, TX.

The date of first separation is expected to be June 14, 2023. More information pursuant to 29 C.F.R. § 637.7(e) is available upon request. The reason for the mass layoff is due to unforeseeable business circumstances and other reasons.

All affected employees have been notified of their separation dates and that their separation from employment will be permanent.

There will not be any bumping rights for the affected employees, that is, employees will not be able to displace more junior employees out of their job positions as a result of this closure. There are no bargaining representatives representing affected employees at this workplace.

If you have any questions or want additional information concerning this matter, please contact Ollen Douglass at odouglass@bitwiseindustries.com or 1-559-705-1487.

Sincerely,
