In addition to functions described in WIOA Sec. 101(d), [20 CFR § 679.130](#), the state board must conduct its business in an open manner by making available to the public information about its activities. 1. The composition of a local board must comply with the requirements of WIOA Sec. 107(b)-(c) and [20 CFR § 679.310](#).
2. The chair of a local board must be a representative of *business in the local area* in accordance with the requirements described in Sections II(a)(1)(A) and II(a)(2) below.
3. If a local board has established standing committees, the committees must comply with the requirements described in Section II(c)(3) below.
4. A local board must have ensured that workforce investment activities carried out in its local area enabled the local area to meet *adjusted levels of performance* during the preceding two full program years.⁵
5. A local board must have sustained fiscal integrity during the preceding two full program years.

(A) Required documentation for certification requests

NDOL requires that CEOs, or their appointed designees, must submit the following documentation to the policy mailbox (ndol.wioa_policy@nebraska.gov) when requesting biennial local board certification:

- written request from the CEO for certification of the local board;

⁵ The State's performance accountability policy provides detailed information pertaining to failure to meet adjusted levels of performance.

- current membership, distribution, and standing committees rosters using the templates provided in APPENDIX II (working versions will be provided to local area administrative entity staff by email);
- board membership applications using the membership application templates provided in APPENDIX III (working versions will be provided by email); and
- signed written assurances regarding local board and standing committee composition, performance accountability, fiscal integrity, and records retention.

(B) Timelines

CEOs and local boards must submit local board certification requests and supporting documentation to the policy mailbox (ndol.wioa_policy@nebraska.gov) no later than March 1 of the applicable calendar year, as described in Table 2.

Table 2. Due dates for submission of biennial local board certification requests and supporting documentation

Certification period	Due date for submission of certification requests
Program Years 2025 and 2026	March 1, 2025
Program Years 2027 and 2028	March 1, 2027
Program Years 2029 and 2030	March 1, 2029

Due dates for submission of future two-year local board certification requests and supporting documentation will follow the same biennial due date requirement.

(2) Decertification of local boards

(A) Criteria

Pursuant to WIOA Sec. 107(c)(3), the Governor has the authority to decertify a local board at any time for any of the following reasons:

- fraud or abuse;
- failure to carry out the functions specified for the local board in [20 CFR § 679.370](#); or
- failure to meet adjusted levels of performance for two consecutive program years, as described in the State's performance accountability policy.

When decertifying a local board, the Governor must adhere to the requirements of [20 CFR § 638.650](#).

(3) CEO agreements

Local areas having more than one unit of general local government *must* establish a written agreement among the CEOs in the local area to define the liability of individual jurisdictions with regard to misuse of Title I funds, as required [20 CFR § 683.710\(b\)\(2\)](#).

CEOs may also establish agreements describing roles and responsibilities of CEOs and local boards in their respective local areas, as permitted under [20 CFR § 679.310\(e\)](#).

(4) Delegation of authority and financial liability

Local areas having multiple units of general local government may designate a single CEO as a local area subrecipient or designate another entity to serve as subrecipient or fiscal agent pursuant to an agreement among the CEOs in the local area, pursuant to [20 CFR § 679.420\(a\)](#). However, designation of a fiscal agent does not relieve the CEO of liability for misuse of grant funds, as stated in [20 CFR § 679.420\(a\)](#).

(b) Fiscal agents

If CEOs designate fiscal agents, CEOs must ensure fiscal agents have clearly defined roles and responsibilities. In general, fiscal agents are responsible for the functions defined under [20 CFR § 679.420\(b\)](#).

(c) Local boards

(1) Staff

WIOA Sec. 107(f) and [20 CFR § 679.400\(a\)](#), local boards have the authority to hire directors and other staff to assist in carrying out the functions of local boards. If local boards elect to hire staff, the requirements of [20 CFR § 679.400\(b\)-\(e\)](#) must be met.

(2) Standing committees

A local board may designate standing committees to assist the local board in carrying out its responsibilities. If the local board elects to designate standing committees, each standing committee must meet the requirements of [20 CFR § 679.360](#).

(3) Local board functions

Local boards must meet the requirements of [20 CFR § 679.330](#) and [20 CFR § 683.710\(b\)\(3\)](#). In addition, local boards must perform the functions described in WIOA Sec. 107(d) and [20 CFR § 679.370](#).

(4) Sunshine provision requirements

In addition to the required functions described above, local boards must conduct business in an open manner by making available to the public information about their respective activities. These requirements are referred to as *sunshine provision requirements*, which are described in WIOA Sec. 107(e) and [20 CFR § 679.390](#). Further, meetings of local boards must comply with the requirements of the Nebraska Open Meetings Act,⁶ an annotated outline of which is accessible at <https://ago.nebraska.gov/open-meetings>.

(5) Oversight and monitoring

Local boards, in partnership with CEOs, must provide oversight and monitoring as required under [2 CFR §§ 200.303\(c\)](#), [200.303\(d\)](#), [200.318\(b\)](#), [200.332\(d\)](#), and [200.328](#); [20 CFR § 679.370\(i\)\(1\)-\(3\)](#); and other applicable Federal and State laws, rules, regulations, guidance, and policies.

⁶ Neb. Rev. Stat. §§ 84-1407 through 84-1414

(6) Consumer choice requirements for Title IB program services

In accordance with WIOA Secs. 107(d)(10)(E) and 122, local boards must satisfy consumer choice requirements described in [20 CFR § 679.380](#).

(7) Waitlists for Title IB program services

As required under WIOA Secs. 129(c) and 134(b), local areas must provide Title IB youth services to eligible youth and Title IB employment and training activities to eligible adults and dislocated workers. During annual budget planning for an upcoming program year, local boards:

- **must** prioritize planned funding for Title IB program services for eligible adults, dislocated workers, and youth; and
- **must not** prioritize use of adult and dislocated worker funds for planned funding of incumbent worker training or customized training services to employers, which are non-mandatory employer services, in a manner that jeopardizes the availability of Title IB program services.

If local boards predict during a given program year that funding for the provision of program services for eligible adults, dislocated workers, and youth may become limited, local boards may establish waitlists for services. However, *prior to establishing waitlists*, local boards must establish, implement, and adhere to local area waitlist policies, processes, and procedures, *which must comply with the following conditions and requirements*.

1. Only local boards (*not their designees, including local administrative entity staff or service provider staff*) may establish waitlists for one or more of Title IB programs under the following limited circumstances:
 - a. when funding is predicted to be insufficient during the remainder of the program year based on full analysis of local fiscal records for the impacted program(s); or
 - b. unexpected economic conditions occurring in the local area.
2. Local boards must ensure written agreements with employers for incumbent worker and customized training services include provisions that allow local boards to modify, suspend, or terminate the agreements due to changes in funding levels for adult and dislocated worker programs.
3. Local boards must modify, suspend, or terminate written agreements with employers for incumbent worker and customized training services and deobligate those funds and restore the balance of the deobligated funds to the adult and dislocated worker programs to ensure the availability of funding and to ensure continued provision of program services for eligible adults and dislocated workers.
4. Prior to establishing waitlists for one or more of Title IB programs, local boards must take the following actions:
 - a. request technical assistance from NDOL's Reemployment Services Quality Control Unit (QCU) by email to Dawn Carrillo (dawn.carrillo@nebraska.gov) and the policy

mailbox (ndol.wioa_policy@nebraska.gov) and provide the following with the request, as applicable:

- i. in the event of predicted insufficient funding, provide summary and detailed:
 - A. documentation demonstrating local board oversight and monitoring of expenditures and obligations relating to the impacted program(s);
 - B. financial documentation for the impacted program(s), including documentation reflecting time charging by subrecipient staff implementing program services under the impacted program(s); and
 - C. descriptions of how priority of service will be ensured and implemented in accordance with the State's policy on priority of service and how the local board will frequently monitor waitlist implementation to minimize the duration of the proposed waitlist(s);
- ii. in the event of unexpected economic conditions occurring in the local area, provide summary and detailed documentation describing:
 - A. unexpected economic conditions occurring in the local area;
 - B. local board actions to mitigate those conditions, including coordination with required one-stop, additional one-stop partners, and other one-stop delivery system partners; and
 - C. descriptions of how priority of service will be ensured and implemented in accordance with the State's policy on priority of service and how the local board will frequently monitor waitlist implementation to minimize the duration of the proposed waitlist(s);
- b. participate in technical assistance provided by the QCU, which *must* include participation by a representative of the local board, preferably the chair, as well as local area administrative entity staff and leadership level service provider staff; and
- c. fully implement all reasonable guidance provided by the QCU during technical assistance in order to prevent or mitigate the proposed implementation of any waitlist.

(8) High-performing local boards

Criteria for high-performing local boards are under development and will be provided at a later date through a change to this policy.

(d) Mandatory disclosure, noncompliance, internal controls, and conflict of interest requirements

(1) Mandatory disclosures

CEOs, local boards and their standing committees, and local area administrative entities (collectively, non-Federal entities) must disclose to NDOL in a timely manner and in writing all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting subawards of Federal funds by NDOL, as required under [2 CFR § 200.113](#). Non-Federal entities

that have received the subawards are required to report certain civil, criminal, or administrative proceedings to NDOL, as required under [2 CFR § 200.113](#). Failure to make required disclosures can result in any of the remedies described under [2 CFR §§ 200.113](#) and [200.339](#).

(2) Noncompliance

If a non-Federal entity fails to comply with the US Constitution, Federal statutes, regulations, or the terms and conditions of a subaward, NDOL may adjust specific subaward conditions as needed based on an analysis conducted pursuant to and in accordance [2 CFR §§ 200.206](#), [200.208\(b\)](#), and [200.211](#). If NDOL determines that noncompliance cannot be remedied by imposing additional conditions, NDOL may take one or more of the actions describe under [2 CFR § 200.339](#).

(3) Internal controls

Each local board must adhere to the requirements of [2 CFR § 200.303\(a\)](#) and [\(e\)](#). In addition, if the local board or CEO has selected or designated an organization to function simultaneously in two or more roles (including local fiscal agent, local board staff, one-stop operator, and direct provider of services), the local board and CEO must develop a written agreement with the organization. The agreement must clarify how the organization will carry out its responsibilities while demonstrating compliance with WIOA and corresponding regulations, the Uniform Guidance (2 CFR Parts 200 and 2900) and [20 CFR § 679.430](#), as well as the conflict of interest provision described below.

(4) Conflict of interest

CEOs, local board members and their standing committee members, and local area administrative entities must disclose to NDOL in writing any potential conflicts of interest regarding NDOL subawards of Federal funds to local areas, as required under [2 CFR § 200.112](#) and [20 CFR § 683.200\(c\)\(5\)\(i\) and \(iii\)](#).

Written disclosures must be submitted in a timely manner by email to the policy mailbox at ndol.wioa_policy@nebraska.gov.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

APPENDIX I. Definitions

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

To receive WIOA Title I funding, a Governor must designate local areas.¹ In addition, in order for a state to receive Title I funding, a state must identify regions in the state before the second full program year after enactment of WIOA.² A region comprising two or more local areas is considered a planning region, which must then be designated by the Governor.³

CHANGES

Under this Change 2, footnotes have been revised for clarity and links have been updated, where necessary, and points of contact for notifications have been revised.

¹ WIOA Sec. 106(b)(1)(A)

Section III. Statewide planning region

(a) Consultation

On October 14, 2020, the State held a statewide consultation session with representatives from local boards, chief elected officials, and local area administrative entities, as required under WIOA Sec. 106(a)(1), regarding establishment of a single statewide planning region in lieu of the then-current three designated planning regions originally identified in 2016 based primarily on worker commuting patterns and areas of economic concentration.

In preparation for the consultation, the State evaluated 2016 commuting patterns in contrast to preliminary 2020 commuting patterns and determined that commuting patterns are not static (commuting pattern maps provided as APPENDIX II and APPENDIX III). The State also evaluated Title I participant mobility for Program Years 2018 and 2019.

- During Program Year 2018, 148 participants were served by two or more local areas.
- During Program Year 2019, 99 participants were served by two or more local areas.

This data was presented to and discussed by the representatives, in addition to other considerations, especially the burden placed upon all three local areas regarding assignment to multiple planning regions pursuant to a waiver granted at the State's request by the US Department of Labor. All local area representatives supported and agreed unanimously that establishment of a single statewide planning region would:

- support alignment of the state's one-stop delivery system, including:
 - development of a single cohesive statewide regional plan;
 - elimination of fragmentation and duplication of regional planning efforts; and
 - improvement of Title I service delivery across local area boundaries;
- eliminate burden placed upon all three local areas based on assignment to multiple planning regions and involvement in development and implementation of multiple overlapping regional plans.

(b) Designation

Following the consultation and local area consensus, the Governor designated the statewide planning region and assigned Nebraska's local areas to the statewide planning region, as indicated in the designation letter included as appendix to the State's regional and local plans policy.²¹

²¹ The State policy manual is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

As stated in NDOL's program funding policy, program funds are available for disbursement *on the latter of*.²²

- 30 days after *funds are made available to the State*; or
- 7 days after *date of approval by the Governor of local plans or mandatory plan modifications*.

Memorandums of Understanding and Funding Agreements, Change 3

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

Local boards and chief elected officials (CEOs) are required to establish memorandums of understanding (MOUs) and funding agreements with required one-stop partners concerning the operation of the one-stop delivery system and one-stop centers in their respective local areas. Local boards and CEOs may also establish MOUs and funding agreement with additional one-stop partners.

CHANGES

Under this Change 3, footnotes have been revised for clarity and links have been updated, where necessary.

ACTION

This policy supersedes and cancels the State’s policy titled Memorandums of Understanding and Funding Agreements, Change 2 (effective August 1, 2022). Questions and comments on this policy may be submitted in writing to the Policy mailbox at ndol.wioa_policy@nebraska.gov.

Each local board, in partnership with the CEO:¹

- must develop, negotiate, and enter into MOUs and funding agreements with all required one-stop partners operating in its local area; and
- may develop, negotiate, and enter into MOUs with additional one-stop partners, which must include funding agreements.

POLICY

This policy:

- provides guidance and timelines for:
 - developing, negotiating, and entering into MOUs and funding agreements; and
 - reporting outcomes of MOU and funding agreement negotiations;
- provides guidance relating to funding of infrastructure and additional costs of one-stop center operations using a local funding mechanism or the state funding mechanism; and
- establishes the process by which one-stop partners may appeal decisions regarding partners' required contributions under the state funding mechanism.

¹ WIOA Sec. 121(c)(1) – (2)

Section I. MOUs

(a) Purpose and development

An MOU is an agreement developed and executed by the local board and one or more one-stop partners, with the agreement of the CEO, that includes a funding agreement identifying the one-stop partner's contributions to funding of infrastructure and additional costs of one-stop center operations.² Further, the MOU defines local area one-stop center operations and funding of those operations.

A single “umbrella” MOU and funding agreement may be developed and executed by the local board and two or more one-stop partners.³ Establishing an umbrella MOU is encouraged for the sake of transparency. The local board, with the agreement of the CEO, may enter into a separate MOU with each one-stop partner or with groups of one-stop partners; however, the aim of the umbrella MOU is to allow partner programs to focus on service delivery and not the process of negotiating several MOUs.

The US Departments of Education and Labor expect local areas to use a collaborative approach to MOU and funding agreement negotiations and encourage local boards, CEOs, and one-stop partners to work together when developing and amending MOUs and funding agreements, demonstrating the spirit and intent of WIOA to ensure the successful integration and implementation of partner programs in one-stop centers.⁴ All individuals participating in the development and amendment of MOUs and funding agreements must negotiate in good faith to reach agreement.⁵ In addition, each local board must document its negotiation of MOUs and funding agreements, including amendments, and efforts made to reach consensus.⁶

(b) Required elements of an MOU⁷

An MOU must include provisions describing:

1. services provided through one-stop centers in the local area, including the way services will be coordinated and delivered;
2. how the costs of the services and the operating costs of the centers will be funded (Section I(c) covers funding agreement requirements);⁸
3. methods for referring individuals by the one-stop operator to one-stop partners for appropriate services and activities;

4. methods for ensuring that the needs of job seekers, including youth and individuals with barriers to employment, are addressed when providing access to services, including access to technology and materials that are available through the one-stop center;
5. the duration (term) of the MOU and procedures for amending it;
6. assurances that the MOU will be reviewed and updated no less frequently than once every three years to:
 - a. ensure appropriate funding and delivery of services; and
 - b. reflect any changes to:
 - i. authorized signatory officials for the local board, CEO, or one-stop partners, meaning officials who have the authority to bind the local board, CEO, and one-stop partners to the terms and conditions of the MOU; and
 - ii. funding of infrastructure and additional costs of one-stop center operations, *including any changes to a partner's required cost contributions under the state funding mechanism*;
7. signatures of the local board chair and CEO and a representative of the one-stop partner having authority to bind the partner to the MOU.

An MOU may contain other provisions, provided they are consistent with WIOA Title I and its implementing regulations and statutes, as well as regulations authorizing one-stop partner programs.

(c) Funding agreements

(1) Local board and CEO responsibilities regarding funding agreement development

The local board and CEO must:⁹

- ensure that local area one-stop partners adhere to the guidance provided in this policy;
- work with partners to achieve consensus and informally mediate any possible conflicts or disagreements among partners; and
- provide technical assistance to new one-stop partners and local grant recipients to ensure that those entities are informed and knowledgeable of the elements contained in the MOU and the funding agreement.

⁹ 20 CFR § 678.715(b)

(2) Required elements of a funding agreement

A funding agreement must include provisions describing the:¹⁰

1. duration (term) of the funding agreement, which may differ from the duration (term) of the MOU;
2. budget for infrastructure and additional costs *and* an assurance that the budget will be reconciled periodically against actual costs incurred and adjusted accordingly to ensure that the budget:
 - a. reflects a cost allocation methodology that demonstrates how infrastructure costs are charged to the one-stop partner in proportion to its use of the one-stop center and relative benefit received; and
 - b. complies with Uniform Guidance¹¹ or any corresponding similar regulation or ruling;
3. all parties to the agreement (local board, CEO, and one-stop partner(s));
4. steps the local board, CEO, and one-stop partner used to reach consensus on a local funding mechanism *or* an assurance that the local area followed the requirements of this policy if funding is based on the state funding mechanism (Sections I(c)(3) and I(c)(4) cover funding mechanisms);
5. process to be used by the local board, CEO, and one-stop partner to resolve issues during term of the agreement when the parties are at an impasse *or* consensus is not reached; and
6. periodic review and modification process to ensure equitable benefit among all one-stop partners.

(3) Local funding mechanism

Under the local funding mechanism, the local board, CEO, and one-stop partner agree to budget amounts and methods for calculating amounts partners will contribute for funding of infrastructure and additional costs of one-stop center operations, based on proportionate share and relative benefit of the partner.

(A) Infrastructure costs

The funding agreement must meet the following requirements regarding infrastructure costs.¹²

1. Infrastructure costs must be funded through cash, fairly evaluated non-cash, or third-party in-kind partner contributions, including any funding from philanthropic organizations or other private entities or through other alternative financing options, to provide a stable and equitable funding stream for ongoing one-stop center operations.

¹⁰ 20 CFR § 678.755; TEGL 17-16

¹¹ Uniform Guidance refers to 2 CFR Parts 200 and 2900

¹² 20 CFR § 678.715(a); TEGL 17-16

2. One-stop partner contributions must be negotiated by the local board, CEO, and one-stop partner and the amounts to be contributed must be described in the funding agreement.
3. One-stop partners' proportionate share of funding must be calculated in accordance with the Uniform Guidance and based upon a reasonable cost allocation methodology¹³ whereby infrastructure costs are charged to the partner programs *relative to the benefit received by the partner programs and in proportion to the programs' use of the one-stop center*, and the costs must be allowable, reasonable, necessary, and allocable.
4. One-stop partner contributions must be periodically reviewed and reconciled against actual costs incurred and adjusted to ensure that actual costs charged to partners are *proportionate to the partner programs' use of the one-stop center and relative benefit received*.

(B) Additional costs

The funding agreement must meet the following requirements regarding additional costs.¹⁴

1. The one-stop partner must use a portion of funds made available under their program's authorizing Federal legislation *or* make fairly evaluated in-kind contributions¹⁵ to pay additional costs of one-stop center operations. *These other costs must include costs associated with the partners' provision of applicable career services and may include other costs, including shared services.*
2. Shared services costs may include the costs of shared services that are authorized for and may be commonly provided through the one-stop partner programs to any individual, such as initial intake, assessment of needs, appraisal of basic skills, identification of appropriate services to meet such needs, referrals to other one-stop partners, and business services. Shared costs may also include shared costs of the local board's functions.
3. One-stop partner contributions to funding of additional costs related to operation of the one-stop center may be cash, non-cash, or third-party in-kind contributions, consistent with 20 CFR § 678.720(c).
4. The one-stop partner's share of additional costs must be allocated *proportionate to the partner program's use of the one-stop center and relative benefit received*, consistent with the Federal legislation authorizing the partner's program and consistent with all other applicable legal requirements, including Federal cost principles described in the Uniform Guidance or any corresponding similar regulation or ruling requiring that costs are allowable, reasonable, necessary, and allocable.
5. Additional costs agreed upon by the one-stop partners must be clearly defined in the funding agreement.

¹³ TEGL 17-16. Approaches to developing reasonable cost allocation methodologies are provided in the US Department of Labor "One-stop Comprehensive Financial Management Technical Assistance Guide – Part I," which is accessible at <https://dol.nebraska.gov/webdocs/getfile/b6a9aacd-a6be-44f3-b649-43dc12cd6c59>.

(4) State funding mechanism

(A) General requirements and limitations

If the local board, CEO, and all required one-stop partners in a local area reach an impasse *or* consensus is not reached on methods for sufficiently funding one-stop center infrastructure costs, the Governor must administer funding through the state funding mechanism for the program year impacted by the local area's failure to reach consensus.¹⁶ To clarify, the state funding mechanism applies to the local area for the *entire applicable program year once implemented*. The Governor, through NDOL, determines required one-stop partner contributions under the state funding mechanism, except as described below.

NDOL does not determine infrastructure cost contributions for the following required one-stop partners under the state funding mechanism:¹⁷

- Indian and Native American (INA) programs;
- WIOA Title II (Adult Education and Family Literacy Act) programs;
- programs provided under WIOA Title IV (programs delivered by the Nebraska Commission for the Blind and Visually Impaired and the Nebraska Vocational Rehabilitation Program); and
- Career and Technical Education programs provided under the Perkins Act.

The amount to be contributed by WIOA Title II and IV programs and Career and Technical Education programs must be determined by the Commissioner of the Nebraska Department of Education in consultation with the Commissioner of the Nebraska Department of Labor.¹⁸

It is important to note the following points.

- *The state funding mechanism provides funding for infrastructure costs only.*¹⁹ The local board must still come to agreement with one-stop partners on funding of additional costs, which must be documented in the funding agreement. While required one-stop partners must pay their proportionate share of additional costs relating to the operation of the one-stop delivery center,²⁰ failure to reach consensus on funding of additional costs *does not* trigger use of the state funding mechanism.
- *The state funding mechanism does not apply to additional one-stop partners* and cannot be triggered by an additional partner's disagreement with the terms of the funding agreement or their refusal to sign a funding agreement.

¹⁹ TEGL 17-16

²⁰ 20 CFR § 678.760(a)

(B) State funding mechanism implementation

The process for determining required one-stop partner contributions under the state funding mechanism consists of five steps.²¹

1. Notice of failure to reach consensus given to NDOL

If the local board, CEO, and one or more required one-stop partners fail to reach consensus on methods of sufficiently funding a one-stop center's infrastructure costs and the amounts to be contributed by each partner program, the local board is required to notify NDOL. Notification must be given as described in Section II(c).

2. Local negotiation materials provided to NDOL

To assist NDOL in making state-funding mechanism calculations and determinations, the local board must provide appropriate and relevant materials and documents used during negotiation of the local funding mechanism, preferably when notifying the NDOL of the failure to reach consensus. At a minimum, the local board must provide:

- the local board's local plan;
- the cost allocation methodology or methodologies proposed by the partners to be used in determining the proportionate share;
- the proposed amounts or budget to fund infrastructure costs and the amount of partner funds included;
- the type of funds available (cash, non-cash, and third-party in-kind contributions);
- any proposed or agreed upon one-stop center or system budget; and
- any partially agreed upon, proposed, or draft funding agreements.

The local board also may provide additional materials that it or NDOL finds appropriate.

3. Establishing the budget for infrastructure costs²²

If the local board provides an agreed-upon budget for infrastructure costs with its notification *and* only the individual programmatic contributions to funding of infrastructure costs funding are at issue, that budget may be used to calculate each required one-stop partner's contribution consistent with the cost allocation methodologies contained in the Uniform Guidance.

²¹ TEGL 17-16

²² 20 CFR § 678.736; TEGL 17-16

If an agreed-upon budget is not submitted or the agreed-upon budget does not adequately meet the needs of the local area, the formula established by the state board is used to determine the budget. To determine a budget using the state board formula, the one-stop center budget for the local area from the previous program year is adjusted by subtracting all:

- additional costs (i.e., non-infrastructure costs);
- costs charged to non-required one-stop partners and INA programs; and
- alternative funding that defrays infrastructure costs.

The resulting amount is the local area budget for infrastructure costs under the state funding mechanism. The budget may be increased by up to three percent, if warranted, based on materials provided with the local board's notification, subject to the approval of NDOL.

4. Establishing the cost allocation methodology²³

Once the budget is determined for a local area in step 1, the Commissioner of Labor, in consultation with Commissioner Education, must determine the appropriate cost allocation methodology to be applied to required one-stop partner programs in the local area, consistent with the Federal cost principles permitted under the Uniform Guidance, to fund the infrastructure costs budget. When determining each required one-stop partner's proportionate share of infrastructure costs, consideration must be given to the costs of administration of the one-stop delivery *system* for purposes not related to one-stop *centers*, such as:

- costs associated with maintaining the local board or information technology systems;
- statutory requirements for each partner program;
- required one-stop partners' ability to fulfill such requirements; and
- all other applicable legal requirements.

Consideration may also be given to the extent to which the required one-stop partners in the local area have agreed in determining partners' proportionate share, including any agreements reached at the local level by one or more partners, as well as any other materials or documents of the negotiating process provided by the local board.

5. Determining partner shares

Each required one-stop partner's proportionate share of the infrastructure costs budget is determined, subject to the requirements and limitations established under 20 CFR § 678.738 and TEGL 17-16, using the four-step methodology described below. Required one-stop partners are then notified of their determined costs in writing according to timelines established in Section II(c)(2), Table 2.

²³ 20 CFR §§ 678.736 and 678.737

5.1. Determining maximum statewide contributions

Formula for calculations: $ma = sc \times ff$

- ma = maximum statewide contribution in dollars
- sc = statewide cap percentage
- ff = Federal funds

Example calculation:

Factor	Amount
sc	0.03
ff	\$1,000,000
ma	\$30,000

5.2. Determining maximum local contributions

Formula: $lc = ma \times u$

- lc = maximum local area contribution in dollars
- ma = maximum statewide contribution in dollars
- u = use of local area
 - $u = p1 / p2$
 - $p1$ = local area population
 - $p2$ = state population

Example calculation:

Factor	Amount
$p1$	90,000
$p2$	2,000,000
u	0.45

Factor	Amount
ma	\$30,000
u	0.45
lc	\$13,500

5.3. Determining proportionate share

Formula: $n1 / n2 = s$

- $n1$ = number of local area participants served by the required one-stop partner program at the one-stop center, as reported by the partner, during the previous program year (July 1 – June 30)
- $n2$ = number of local area participants served by all required one-stop programs at the one-stop center (sum of $n1$ for all partners) during the previous program year (July 1 – June 30)
- s = proportionate share

Example calculation:

Factor	Proportionate share
$n1$	1,500
$n2$	10,000
s	0.15

5.4. Determining contribution amount

Example calculation:

Partner	Statewide cap (sc)	Local area cap (lc)	Proportionate share (s)	Proportionate share (s x ff)	Contribution amount
A	\$30,000	\$13,500	0.15	\$15,000	\$13,500

Note that a required one-stop partner’s *contribution amount* under the state funding mechanism *must not* exceed the local area percentage cap for the partner program. Refer to APPENDIX II for a listing of percentage caps for all required one-stop partner contributions under the state funding mechanism.

Section II. Reporting outcomes of negotiations

(a) Notification requirements

Each local board must notify NDOL of the outcomes of its MOU and funding agreement negotiations²⁴ according to the timelines in Tables 1 and 2 below. Local One-stop Delivery Systems and One-stop Centers, Change 1

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for development of this policy are cited in footnotes.

BACKGROUND

Local one-stop delivery systems bring together workforce development, educational, and other human resource services in a seamless customer-focused service delivery network that enhances access to program services and improves long-term employment outcomes for individuals receiving assistance from through one-stop delivery systems.¹ One-stop delivery system partners administer separately funded programs as a set of integrated streamlined services to customers.² WIOA Title I assigns responsibilities to ensure the establishment and maintenance of local one-stop delivery systems that enhance the range and quality of education and workforce development services accessible by job seekers, workers, and employers.³

CHANGES

Under this policy, the following material changes have been made.

- Section I(b) has been updated to clarify that electronic service delivery systems are subject to the nondiscrimination and equal opportunity requirements of [WIOA Sec. 188](#) and [29 CFR Part 38](#).

¹ [20 CFR § 678.300\(a\)](#)

² Ibid.

³ [20 CFR § 679.300\(b\)](#)

- Section I(e) has been updated to include provisions relating to required one-stop partner contributions to additional costs associated with local one-stop deliver system operations.
- Section II(a) has been updated. Table 1 listing basic career services has been deleted. In its place, a link to relevant Federal regulation has been provided.
- Section II(e) has been simplified. Descriptions of required and optional business services have been deleted. In their place, links to relevant Federal regulation have been provided.
- Section II(f) has been added, addressing mechanisms and methods for reducing administrative barriers to customers of Title I, Title III, NDWG, and SCSEP programs.

ACTION

This policy supersedes and cancels the Local One-stop Delivery System and Centers policy. Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

State policies referenced in this policy are included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>. *State policy manual* refers to the policy manual created and maintained by the NDOL Reemployment Services Quality Control Unit.

This policy also provides information about mechanisms implemented under [TEGL 10-23](#) to reduce administrative barriers for Title I, Title III, NDWG, and SCSEP programs.

Section I. Local one-stop delivery systems

(a) Structure and design

Local one-stop delivery systems:⁴

- must include at least one physical comprehensive one-stop center, meaning a comprehensive American Job Center (AJC); and
- may have additional arrangements to supplement AJCs, which may include:
 - affiliate sites where one or more one-stop partners make programs, services, and activities available;
 - networks of one-stop partners, through which each partner provides one or more of the programs, services, and activities that are linked, either physically or technologically, to affiliated sites that assure customers are provided information on availability of career services, as well as other program services and activities, regardless of where customers initially enter local one-stop delivery systems; or
 - specialized centers that address specific needs, including those of dislocated workers, youth, or key industry sectors or clusters in local one-stop delivery systems.

Diagram 1 illustrates the general structure of local one-stop delivery systems that include AJCs, affiliate sites, and specialized centers.

Diagram 1. General structure of local one-stop delivery systems

Design of local one-stop delivery systems must be described in memorandums of understanding (MOUs) executed between local boards and required one-stop partners that include funding agreements, as described in [20 CFR § 678.500](#),⁵ as well as the State's policy on MOUs and funding agreements.

⁴ [WIOA Sec. 121\(e\)\(1\)-\(2\)](#); [20 CFR § 678.300\(c\)-\(d\)](#)

⁵ [WIOA Secs. 121\(c\)\(1\)-\(2\) and 121\(h\)](#); [20 CFR § 678.300\(f\)](#)

(1) Comprehensive American Job Centers (AJCs)

AJCs are physical locations where job seekers, workers, and employers can access programs, services, and activities from all required one-stop partners.⁶ AJCs must provide access to:

- basic and individualized career services (see Sections II(b) and II(c));
- meaningful assistance with Unemployment Insurance claims (see Section II(b)(1));
- training services (see Section II(d));
- youth workforce investment activities (see Section II(e));
- business services (see Section II(f));
- programs and activities carried out by required one-stop partners;⁷ and
- workforce and labor market information for job seekers, workers, and employers.

AJCs must be physically and programmatically accessible to individuals with disabilities, as described in [WIOA Sec. 188](#) and [29 CFR Part 38](#).

(2) Affiliate sites

Affiliate sites are one-stop centers that make available one or more one-stop partner programs, services, and activities, subject to the following requirements and limitations.⁸

- Affiliate sites do not need to provide access to every required one-stop partner program.
- The frequency of the physical presence of program staff at affiliate sites is determined at the local level. Affiliate sites are one-stop delivery system access points *in addition to* AJCs.
- If used by local areas as part of local one-stop delivery system strategies, affiliate sites must be implemented in a manner that supplements and enhances customer access to services provided through AJCs *but not in lieu of access to AJC services*.
- Stand-alone Title III affiliate sites are prohibited.⁹ If Title III services are provided at affiliate sites, there must be one or more *other partners* located at the sites, with a presence of combined staff at affiliate sites of more than 50 percent of the time when sites are open. The presence of Jobs for Veterans State Grant program staff (Local Veterans Employment Representatives and Disabled Veterans Outreach Program Specialists) and/or Unemployment Insurance program staff *does not count toward the mandatory 50-percent presence requirement*.¹⁰

⁶ [20 CFR § 678.305\(a\)-\(b\)](#)

⁷ [WIOA Sec. 121\(e\)\(2\)\(C\)](#)

⁸ [20 CFR § 678.310](#)

⁹ [20 CFR § 678.315](#)

¹⁰ *Ibid.*

Affiliate sites must be physically and programmatically accessible to individuals with disabilities, as described in [WIOA Sec. 188](#) and [29 CFR Part 38](#).

(3) Specialized centers

Specialized centers are one-stop centers that address specific needs, including those of dislocated workers, youth, or key industry sectors or clusters.¹¹ As described above in Section I(a)(2) and [20 CFR § 678.315](#) concerning affiliate sites, specialized centers must include staff presence from other programs in addition to Title III, Jobs for Veterans State Grant, and Unemployment Insurance programs.¹²

Specialized centers must be physically and programmatically accessible to individuals with disabilities, as described in [WIOA Sec. 188](#) and [29 CFR Part 38](#).

(4) Networks of one-stop partners and specialized centers

Any network of one-stop partners or specialized centers, as described in [20 CFR § 678.300\(d\)\(3\)](#), must be connected to AJCs and any appropriate affiliate sites by having processes in place to make referrals to and within the network.¹³

(b) Access

Local one-stop delivery system customers must have access to AJC programs, services, and activities provided by required one-stop partners during regular business hours.¹⁴ Local boards may establish service hours at other times outside of or other than regular business hours to accommodate the schedules of individuals who work during regular business hours.¹⁵

Access to required one-stop partner program services and activities means:¹⁶

- having at least one program staff member physically present at the one-stop center;
- having at least one staff member from other partner programs physically present at the one-stop center who are appropriately trained to provide information to customers about partner programs, services, and activities available through AJC partner programs; or
- direct linkage to program staff who provide meaningful information or services through electronic means at the AJC *within a reasonable time*, either by phone or through real-time web-based communications with program staff who can provide program information or services to customers, which cannot simply be the provision of phone numbers, website addresses, or general information, pamphlets, and materials.

Access to required one-stop partner programs and their services includes physical and programmatic accessibility for individuals with disabilities, as described in [WIOA Sec. 188](#) and [29](#)

¹¹ [20 CFR § 678.300\(d\)\(3\)](#)

¹² [20 CFR § 678.320](#)

¹³ Ibid.

¹⁴ [20 CFR § 678.305\(c\)](#)

¹⁵ Hours of AJC access are evaluated for effectiveness during annual one-stop delivery system assessment and triennial one-stop center certification processes, as described under [20 CFR § 678.800\(b\)](#) and the State's policy on one-stop delivery system assessment and one-stop center certification.

¹⁶ [20 CFR §§ 678.300](#) and [678.305\(d\)](#)

[CFR Part 38](#).¹⁷ Electronic service delivery systems must comply with the nondiscrimination and equal opportunity provisions of [WIOA Sec. 188](#) and [29 CFR Part 38](#).¹⁸

(c) Required and additional one-stop partners

Refer to [20 CFR §§ 678.400](#) and [678.410](#), as well as the State’s policy on MOUs and funding agreements, for lists of required one-stop partners and additional one-stop partners.

(d) Required one-stop partner participation in local one-stop delivery systems¹⁹

Required one-stop partner programs must provide access to their programs and services through local AJCs and any applicable affiliate sites or specialized centers, either onsite or through electronic means, as described above in Section I(b). Provision of programs and services electronically *must* improve the efficiency, coordination, and quality of one-stop partner services and *must not* replace access to such services at an AJC or be a substitute to making services available at affiliate sites if the partner is participating in affiliate sites.

Diagram 2 illustrates mandatory and potential participation by required one-stop partners in local one-stop delivery systems. *Note that required one-stop partners are not obligated to participate in affiliate sites or specialized centers.*

(e) Required one-stop partner roles and responsibilities in AJCs

Required one-stop partners must:²⁰

1. provide access to their respective programs or activities through AJCs, *in addition to any other locations where they elect to provide services*;
2. use a portion of funds made available to their programs, to the extent consistent with Federal law authorizing the respective programs and in compliance with Federal cost principles defined in [2 CFR Parts 200](#) and [2900](#), regarding:²¹
 - a. provision of career services;
 - b. working collaboratively with the State and local boards to establish and maintain local one-stop delivery systems, including jointly funding AJC infrastructure costs through partner contributions based upon:²²
 - i. reasonable cost allocation methodologies by which infrastructure costs are charged to each respective partner based on proportionate use and relative benefit received;
 - ii. Federal cost principles; and
 - iii. any local area administrative cost requirements established under applicable Federal laws authorizing the partner programs;
3. use a portion of funds made available to their programs or fairly evaluated in-kind contributions, consistent with Federal law authorizing the programs, to fund additional costs relating to operation of local one-stop delivery systems, which:
 - a. *must* include costs associated with the provision of applicable career services; and
 - b. *may* include other costs, including costs of shared services such as initial intake, assessment of needs, appraisal of basic skills, referrals to other one-stop partners, and business services;²³
4. enter into MOUs with local boards, which must include funding agreements, relating to the operation of AJCs, in accordance with [20 CFR § 678.500\(b\)](#);²⁴
5. participate in the operation of AJCs, consistent with the terms the MOUs and funding agreements, requirements of partner program authorizing laws, rules, regulations, and Federal cost principles, and all other applicable legal requirements;²⁵ and

²⁰ [20 CFR § 678.420](#)

²¹ [20 CFR § 678.420](#)

²² Refer to [20 CFR § 678.700](#) for additional information.

²⁵ Ibid.

6. provide representation on the state board and local boards, when required or as requested, and participate in board committees as needed.²⁶

Section II. Local one-stop delivery system services

(a) Basic career services for job seekers, workers, and employers

Basic career services must be delivered collectively by required one-stop partners through AJCs (subject to legislative authorization, requirements, and limitations for each partner program) and are listed in [20 CFR § 678.430](#).²⁷ Further, basic career services, including meaningful assistance with unemployment insurance (UI) claims, must be universally available and accessible to all individuals and employers seeking services.²⁸ In other words, anyone *may* receive one or more basic career services based on individual needs, even if they are not participating in a program offered by AJC partner programs.

(1) Meaningful assistance

Local boards and administrative entities must ensure the availability of meaningful assistance to anyone seeking assistance with UI claims. There is no Federal mandate that meaningful assistance must be provided only by UI state merit staff. To clarify, meaningful assistance is provided:²⁹

- by staff on-site who are well-trained on UI claims filing and the rights and responsibilities of claimants; or
- through direct linkage to UI staff by phone or other technology as long as the assistance is provided by trained and available staff *and within a reasonable timeframe*.

Costs associated with providing meaningful assistance may be paid for by Title I adult programs, Title I dislocated worker programs, Title III, UI, or some combination of these funding sources.³⁰

(b) Individualized career services for job seekers and workers

Local boards and local administrative entities must ensure the availability of individualized career services for eligible individuals through AJCs, if determined appropriate in order for individuals to obtain or retain employment, which are listed in [20 CFR § 678.430](#).³¹

- Availability of individualized career services required under local Title I adult and dislocated worker programs for eligible individuals is described in the State's adult and dislocated worker program policy.

- Types of career services available through other required one-stop partner programs, which are not described in this policy, are based on the authorizing legislation and implementing rules and regulations for those programs.

(c) Training services for job seekers and workers

Local boards and administrative entities must ensure the availability of training services for eligible individuals through AJCs, if determined to be appropriate in order for individuals to obtain or retain employment.³²

- Availability of training services required under local Title I adult and dislocated worker programs for eligible individuals is described in the State's adult and dislocated worker programs policy.
- Types of training services available through other required one-stop partner programs, which are not described in this policy, are based on the authorizing legislation and implementing rules and regulations for those programs.

(d) Youth workforce investment activities

Local boards and administrative entities must ensure the availability of youth workforce investment activities authorized under WIOA Title I through AJCs.³³

- Title I youth program services for eligible individuals are described in the State's youth program policy.
- Types of youth services available through other required one-stop partner programs, which are not described in this policy, are based on the authorizing legislation and implementing rules and regulations for those programs.

(e) Career services for employers (business services)

Local boards and administrative entities must ensure the availability of business services through AJCs.³⁴ Required and optional business services are described under [20 CFR § 678.435](#).

- Charging fees for required business services is prohibited.³⁵
- There is no requirement that fees be charged for optional business, however, fees may be charged.³⁶ Any fees earned through the provision of optional business services are considered program income and must be expended by the applicable partner program in accordance with its applicable authorizing legislation and implementing regulations for the partner's program, as well as Federal cost principles identified in [2 CFR Parts 200](#) and [2900](#), as applicable.³⁷

(f) Reducing administrative barriers³⁸

Under [TEGL 10-23](#), mechanisms for reducing administrative barriers are recommended pertaining to customers of Title I, Title III, NDWG programs, and SCSEP (the Programs), including:

- disclosure of Social Security Numbers (SSNs);
- work authorization documentation;
- assisting customers with obtaining necessary documents; and
- human-centered design framework.

(1) Disclosure of SSNs

None of the Programs require individuals or their family members to disclose their SSNs for eligibility determination purposes. State and local policies pertaining to the Programs cannot require individuals to disclose their SSNs as a condition for receipt of services through the Programs.³⁹ While the Programs *must request* SSNs for performance reporting purposes, the Programs *cannot deny* services if individuals choose not to disclose SSNs.⁴⁰

- When requesting SSNs, the Programs must explain in writing:
 - their authority to request SSNs;
 - purposes of requesting SSNs;
 - how the information will be used for understanding outcomes;
 - the right to decline disclosure; and
 - privacy measures used to protect personally identifiable information.
- The Programs may:
 - request SSNs during individuals' participation in the Programs, when they may be more likely to feel a greater level of trust; and
 - explain to participants that employers will require disclosure of SSNs for tax purposes, so they can be prepared for that eventuality.

³⁸ This section relates specifically to Title I, Title III, NDWG programs, and SCSEP and does not address how other programs may implement flexibilities allowed under [TEGL 10-23](#).

³⁹ [5 USC 552a](#), section titled "Disclosure of Social Security Number", page 14; [TEGL 10-23](#)

⁴⁰ Ibid.

(2) Work authorization documentation

The Programs may deliver certain services without proof of work authorization, which may be helpful in many situations, including when:

- workers are awaiting work authorization;
- already have work authorization but do not have the documents to demonstrate authorization due to:
 - surviving a disaster;
 - recently returning from incarceration;
 - experiencing homelessness;
 - leaving foster care;
 - moving to a new location;
 - otherwise lack full access to many of their vital documents; or
 - any other numbers of circumstances.

The Programs do not need to verify that any of these scenarios have occurred and may deliver certain services (as described below) without checking work authorization in order to ensure efficient delivery of services to workers in need.

[Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act](#) (PRWORA) restricts the eligibility of non-US citizens and non-US nationals to receive what the law defines as “federal public benefits,”⁴¹ limiting eligibility for such benefits to certain “qualified” individuals as defined under [8 USC § 1641](#). Many, but not all, services authorized by the Programs can be provided to program-eligible individuals with or without work authorization verification, because the services are not included in the definition of “federal public benefits”, as explained further below.

The services limited for “qualified” individuals include certain supportive services that represent a direct financial benefit (such as, but not limited to, vouchers or reimbursements for transportation and childcare, relocation expenses, or needs-related payments), postsecondary education and training services, and work-based learning such as on-the-job training and incumbent worker training. Therefore, Title I and Title III funds must not be used to provide these services until individuals can demonstrate that they have been granted asylum, refugee status, or are otherwise included in the PRWORA definition of “qualified” individual. In addition to all “qualified” non-US citizens and non-US nationals being broadly eligible for Title I and Title III services, [WIOA Sec. 188](#) makes all Title I and Title III services available to all parolees and other immigrants authorized to work in the US, which includes individuals who hold both Temporary Protected Status (TPS) and work authorization and those who have received employment authorization while their application for asylee, parolee, or other status (such as TPS) are pending.

⁴¹ [8 USC § 1611](#)

The list below identifies services the Programs may provide to eligible individuals *with and without* verifying work authorization. The Programs can deliver some basic, individualized, and follow-up services without verifying work authorization, including:

- labor exchange services such as labor market information, career exploration, career guidance, resume writing assistance, and job search assistance;
- information on worker rights and where to find legal assistance;
- referrals to community resources such as transportation, childcare support, food assistance, housing assistance, medical assistance, and other similar resources;
- individualized services such as career assessments, development of an individual employment plan, group counseling, one-on-one case management, career planning, information on foreign credential evaluation services and obtaining credit for prior learning;
- basic skills education, including English language instruction, and high school equivalency;
- assistance in completing paperwork to finalize work authorization;
- assistance in applying for an occupational license including the cost of such applications; and
- outreach to workers regarding the [Employment-Related Law Complaint System](#) and processing of such complaints.

The services listed below *require* verification of work authorization documentation by the Programs:

- job placement;
- occupational post-secondary training;
- work experience, including community service employment assignments in SCSEP; and
- supportive services that represent a direct financial benefit such as a voucher or reimbursement, relocation expenses, or needs-related payments.

(3) Assisting customers with obtaining necessary documents

While certain documents, such as driver licenses and social security cards, may not be necessary for individuals to begin receiving services, these documents or other forms of identification are often necessary for individuals who intend to work. One-stop center staff can improve the customer experience by reducing administrative burden for individuals by helping them obtain necessary documents for employment, such as driver licenses, identification cards, social security cards, and birth certificates. One-stop center staff are encouraged to refer individuals to partner organizations for legal assistance, as well as partner organizations that provide support to populations with barriers to employment such as immigrants and refugees, homeless individuals, youth, and justice-involved individuals. In addition, one-stop center programs may be able to pay

fees associated with obtaining such documents as an allowable supportive service, *provided they are permitted to do so in accordance with the programs' authorizing legislation.*

(4) Human-centered design framework for enhancing customer experience

In addition to mechanisms and methods mentioned above, programs are encouraged to use human-centered design methods to conduct customer research that can strengthen understanding of customer experiences. The Programs should collect feedback from customers that identifies what is working well and potential areas of improvement. The [Human Centered Design Discovery Field Guide V.1](#) provides step-by-step guidance on how to conduct customer research using the human-centered design framework and then synthesize the research findings, towards the goal of helping organizations identify opportunities to improve service.

One-stop Operator Competitive Selection, Change 1

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

Each local workforce development boards (local board) must:¹

- use a competitive process for the selection of a one-stop operator for the local workforce delivery system; and
- ensure the recompetition of the one-stop operator occurs no less frequently than once every four (4) years.

WIOA does not allow for the designation or certification of any entity as a one-stop operator, including a local board, without a competitive process.

CHANGES

Under this Change 1, footnotes have been revised for clarity and links have been updated where necessary.

¹ 20 CFR § 678.605(a); TEGL 15-16

ACTION

This policy supersedes and cancels the State’s policy titled One-stop Operator Competitive Selection (effective June 6, 2017). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Each local board must insure that:

- its local plan addresses the requirements of this policy;
- its local procurement policies and procedures align with the requirements of this policy; and
- the one-stop operator for its local workforce development area (local area) is selected in accordance with the requirements of this policy.

POLICY

This policy:

- establishes the minimum requirements for competitive selection of one-stop operators by local boards;
- identifies essential elements of contracts with selected one-stop operators; and
- identifies basic requirements for monitoring of one-stop operators.

This policy is organized in seven Sections.

Section I. Competitive selection requirement

Local boards must use competitive processes based on local procurement policies and procedures and the principles of competitive procurement in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR part 200, including 2 CFR Part 2900 (referred to in this policy collectively as Uniform Guidance).² Competitive selection of one-stop operators must comply with the timelines established in this policy, in addition to all other requirements described in this policy. Sole-source procurement of a one-stop operator is permissible only under certain circumstances, as described in Section IV(a)(vi) of this policy.

Section II. Eligible entities

The one-stop operator must be an entity (public, private, or nonprofit) or a consortium of entities that, at a minimum, includes three (3) or more of the required one-stop partners of demonstrated effectiveness, located in the local area.³ Entities selected and serving as one-stop operators are subrecipients⁴ of a Federal award and thus are required to follow Uniform Guidance. Entities eligible for selection as one-stop operators, include, but are not limited to:

- government agencies or governmental units, such as:
 - local or county governments;
 - school districts;
 - state agencies, and Federal WIOA partners;
- Employment Service state agencies under the Wagner-Peyser Act, as amended by WIOA Title III;
- Indian Tribes, tribal organizations, Alaska Native entities, Indian-controlled organizations serving Indians, or Native Hawaiian organizations (collectively referred to herein as “Indian Tribes”);
- educational institutions, such as:
 - institutions of higher education; and
 - nontraditional public Secondary schools such as night schools, and area career and technical education schools (however, elementary and other Secondary schools are not eligible to become a one-stop operator);
- community-based organizations;

² WIOA Sec. 121(d)(2)(A); 20 CFR § 678.605 (a); TEGL 15-16

³ 20 CFR § 678.600(a) and (c); TEGL 15-16

⁴ Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency [2 CFR § 200.93].

- nonprofit entities;
- workforce intermediaries;
- other interested organizations that are capable of carrying out the duties of the one-stop operator, such as a local chamber of commerce, other business organization, or labor organization;
- private for-profit entities; and
- local boards, if approved by the Chief Elected Official (CEO) and the Governor (see Section II(a) of this policy).

(a) Local boards as one-stop operators⁵

While the entities listed above are eligible to serve as one-stop operators, an entity's eligibility to be a one-stop operator in a specific local area is affected by the nature of the procurement process, particularly as it relates to conflict of interest and avoiding "less-than arms-length" relationships.

As stated above, a local board may compete for and be selected as a one-stop operator, as long as appropriate firewalls and conflict of interest policies and procedures are in place. These policies and procedures must conform to the specifications of 20 CFR § 679.430 for demonstrating internal controls and preventing conflict of interest.⁶ In addition, the local board must meet mandatory competition requirements described in this policy, WIOA and its implementing rules, and Uniform Guidance.

In situations where the outcome of the competitive process is the selection of the local board as the one-stop operator, the Governor and the CEO must agree to the selection of the local board as required by WIOA Sec. 107(g)(2).

Sole-source procurement of a local board as a one-stop operator is permissible only under certain circumstances, as described in Section IV(a)(vi) of this policy, and only with the agreement of the Governor and the CEO.⁷ If a local board is selected as the one-stop operator through sole-source procurement, the local board must establish sufficient conflict of interest policies and procedures and these policies must be approved by the Governor.⁸

(b) Competitive selection of one-stop operators by NDOL

In the event that NDOL carries out the one-stop competition on behalf of a local board, NDOL must follow the same policies and procedures that the State of Nebraska uses for procurement with non-Federal funds. These state policies and procedures may include additional or different procurement methods beyond those included in Uniform Guidance.⁹

⁵ 20 CFR § 678.615(a); TEGL 15-16

⁶ 20 CFR § 678.615(a)

⁷ 20 CFR § 678.610(d)

⁸ Ibid.

⁹ 2 CFR § 200.317; 20 CFR § 678.605(b); TEGL 15-16

(c) for-profit entities

For-profit entities that are subrecipients of a Federal award as one-stop operators must adhere to Uniform Guidance requirements:¹⁰

- concerning earning and negotiating a fair and reasonable profit;
- that profit is reasonable and fair and that the entity conducting the competition negotiate profit separately from costs;¹¹
- negotiation with for-profit entities entitled to earn profit must separate amounts intended to pay for costs from amounts intended to pay for profit;
- that contract price equals costs plus profit;
- that profit be based on the contractor efforts and risks in achieving a performance result that typically aligns with the performance measures outlined in the local board's local plan;
- concerning conditions to consider in quantifying the opportunity to earn profit as referenced at 48 CFR 15.404-4.
- allowing caps on the maximum profit potential that could be earned per performance results within the approved budget; and
- that earning of profit should not be based on total budget, expending of the budget, and/or pass through costs, such as tuition or fixed costs, that require minimal to no effort from the contractor nor directly achieve a performance goal.

(d) Other entities

All non-Federal entities, including Indian Tribes, nonprofit organizations, educational institutions that are not state agencies, community-based organizations, and other entities, must adhere to Uniform Guidance, when acting as one-stop operators.¹²

Section III. One-stop operator responsibilities and prohibited functions

The role of the one-stop operator must be clearly articulated in all phases of the procurement process, as well as in the legally binding agreement between the local board and the one-stop operator.¹³

¹⁰ TEGL 15-16

¹¹ 2 CFR § 200.323(b)

¹² WIOA Sec. 121(d)(4)(C); 20 CFR § 678.605(c); TEGL 15-16

¹³ 20 CFR § 678.620; TEGL 15-16

(a) Required responsibilities

At a minimum, the local board must ensure that, in carrying out this role, the one-stop operator must:¹⁴

- coordinate the service delivery of required one-stop partners and service providers;
- in coordinating services and serving as a one-stop operator, refrain from establishing practices that create disincentives to providing services to individuals with barriers to employment who may require longer-term services, such as intensive employment, training, and education services;
- disclose any potential conflicts of interest arising from the relationships of the one-stop operator with particular training service providers or other service providers, including but not limited to, career services providers; and
- comply with Federal regulations, and procurement policies, relating to the calculation and use of profits.

(b) additional responsibilities

The local board may establish additional roles for the one-stop operator, including the following:¹⁵

- being the primary provider of services within the center;
- providing some of the services within the center;
- coordinating service providers within the center and across the one-stop system; and
- coordinating service delivery in a multi-center area, which may include affiliated sites.

(c) Prohibited functions

The one-stop operator must not perform the following functions:¹⁶

- convene system stakeholders to assist in the development of the local plan;
- prepare and submit local plans;
- be responsible for oversight of itself;
- manage or significantly participate in the competitive selection process for a one-stop operator;
- select or terminate a one-stop operator, career service providers, and youth providers;

¹⁴ 20 CFR § 678.620(a); TEGL 15-16

¹⁵ 20 CFR § 678.620(a); TEGL 15-16

¹⁶ 20 CFR § 678.620(b)(1); TEGL 15-16

- negotiate local performance accountability measures; or
- develop and submit budgets for activities of the local board.

When the entity serving as the one-stop operator is also serving in a different role within the one-stop delivery system (as, for example, when a local board serves as the one-stop operator), the one-stop operator may perform some or all of these functions, but only if it has established sufficient firewalls and conflict of interest policies and procedures.¹⁷

Section IV. Uniform Guidance and procurement standards

As the subrecipient of Federal funds, the one-stop operator must follow Uniform Guidance.

Once the local board has competitively selected a one-stop operator, the local board and one-stop operator must execute a legally binding agreement which may take the form of a written contract or another type of agreement, such as a memorandum of understanding (MOU). The contract, agreement, or MOU with one-stop operators is addressed in Section V of this policy.¹⁸

If NDOL is conducting the competitive process, NDOL must follow the same policies and procedures it uses for procurements with non-Federal funds. NDOL is expected to conduct a competitive process for the selection of a one-stop operator, with appropriate protections from conflict of interest, in accordance with procurement policies and procedures of the State of Nebraska.

All other non-Federal entities, including entities that receive funding from the State of Nebraska (such as the local board), must use a competitive process to select a one-stop operator that is based on local procurement policies that are consistent with the procurement standards of Uniform Guidance.

(a) General procurement requirements

Under WIOA and consistent with Uniform Guidance, general procurement requirements include the requirements described below in subsections (i) through (viii).¹⁹

(i) Written policies and procedures

Written general and one-stop operator specific procurement policies and procedures must be consistent with Uniform Guidance. The preparation of written documentation explaining the determination concerning the nature of the competitive process to be followed in selecting a one-stop operator.²⁰ These written policies must outline a timetable to ensure that the selection of a one-stop operator through a competitive process is conducted every four (4) years. These written

¹⁸ The use of an MOU to document the agreement between a local board and a one-stop operator is different from MOUs that are required between the local board and its one-stop partners. An MOU between a local board and a one-stop operator must be in the form of a legal binding agreement [TEGL 15-16].

¹⁹ TEGL 15-16

²⁰ 20 CFR § 678.605(d)

policies must also address the settlement of all contractual and administrative issues arising out of procurements, such as protests, appeals, and disputes.

(ii) **Methods of procurement for competitions**

Non-Federal entities (such as local boards) are required to use the methods of procurement described at 2 CFR 200.320 when selecting a one-stop operator. The method selected will vary by the particular circumstances of the local board. The following methods of procurement are permissible to select a one-stop operator through a competitive process:

- a. sealed bids (formal advertising), such as an invitation for bids (IFB);²¹ and
- b. competitive proposals, such as a request for proposals (RFP).²²

In addition, where certain criteria are met, a one-stop operator may be selected by noncompetitive proposals (sole source).²³

(iii) **Full and open competition**

All procurement transactions must be conducted using full and open competition.²⁴ Written procedures must allow for sufficient time for all phases of the procurement process to be carried out in a manner that would not unduly restrict competition. Pre-qualified lists must be current and include enough qualified sources to ensure open and free competition and must not preclude bidders and offerors from qualifying during the solicitation period. Additionally, the following conditions apply.

- a. Procurements that are in excess of the simplified acquisition threshold established under 48 CFR § 2.1 require a procurement process by means other than a small purchase procurement. Two such permissible procurement methods are the use of sealed bids (formal advertising) and competitive proposals. These procurement methods must be outlined in a written procurement policy, so that all parties involved in any stage of the process are familiar with their roles, functions, and responsibilities.
- b. Entities performing a competitive procurement must ensure that the proposed costs of the one-stop operator are allowable, meaning that they are reasonable, necessary, and allocable, as required under Uniform Guidance.
- c. Situations considered to be restrictive of competition include, but are not limited to:²⁵
 - i. placing unreasonable requirements on firms in order for them to qualify to do business;
 - ii. requiring unnecessary experience and excessive bonding;
 - iii. noncompetitive pricing practices between firms or between affiliated companies;

²¹ 2 CFR § 200.320(c)

²² 2 CFR § 200.320(d)

²³ 2 CFR § 200.320(f).

²⁴ 2 CFR § 200.319(a)

²⁵ Ibid.

- iv. noncompetitive contracts to consultants that are on retainer contracts;
- v. organizational conflicts of interest;
- vi. specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement; and
- vii. any arbitrary action in the procurement process.

For example, although WIOA requires the one-stop operator to be located in the local area, unnecessarily limiting the bids/proposals to companies or businesses located in a certain zip code would restrict competition. Another example, a RFP or IFB may specify the addresses of the American Job Centers in which the one-stop operators will be located, but it could not specify that bids/proposals may only come from companies physically located in those same zip codes.

(iv) **Written standards of conduct**

The local board must have written standards of conduct,²⁶ and the Department interprets the requirement to compete the one-stop operator as requiring fairness and objectivity during all phases of the procurement process. The ethical standards of persons with fiduciary responsibility for public funds are expected to be above reproach and such that they are able to withstand any public scrutiny. Written standards of conduct must address the following:

- a. *Persons and entities involved in the competitive process to select a one-stop operator using Federal funds must be free of apparent or real conflicts of interest.* Conflicts of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated has a financial or other interest or a tangible personal benefit from a firm considered for a contract.²⁷
- b. *Disclosure of any real or apparent conflict of interest, whether individual, or organizational.* Written standards of conduct must identify the process for recusal of individuals or organizations that are members of the local board who disclose a real or apparent conflict of interest.²⁸
- c. *Demonstrating internal controls and preventing conflict of interest.* The written standards of conduct must include a description of the use of firewalls to mitigate conflict of interest in circumstances including, but not limited to, situations where an entity acts in more than one role in the one-stop delivery system or performs more than one function in the procurement process, as well as situations where the non-Federal entity uses a sole source selection.²⁹

²⁸ WIOA Sec.121(d)(4)(A)

²⁹ 20 CFR §§ 678.610(c) and 679.430

- d. *Confidentiality*. Information contained in the proposals submitted by offerors/bidders is maintained in a manner that is confidential, to avoid the use of the information to another offeror's or bidder's advantage and to prevent collusive bidding.
- e. *Firewalls*. Firewalls that will mitigate conflict of interest are required.
- f. *Ineligibility*. No entity that develops or drafts specifications, requirements, statements of work, IFBs or RFPs, and evaluation of proposals may compete under that procurement.³⁰

(v) **Transparency and responsibility**

The entire procurement process must be performed under a process that promotes transparency and responsibility from the planning phase to the closeout phase.

- a. *Sunshine Provisions*. Information about the selection and certification of the one-stop operators must be made available to the public on a regular basis through electronic means and open meetings³¹ and made available to auditors and Federal reviewers. Such information may include minutes from local board meetings in which the decision on selection and certification is made. This provides an opportunity for public comment and participation in the process as appropriate. Making information available to the public includes regularly posting information to a website and responding promptly to written or electronically submitted requests for information.

The information that the local board is required to make available to the public includes, but is not limited to, the local board's written conflict of interest policy, the local board's written procurement policies, the procurement solicitation itself, a listing of the entities that have submitted bids or proposals, an abstract of those bids or proposals, the identity of the selected one-stop operator, and total award amount and duration of the contract with the one-stop operator.

- b. *Responsible Entities*. When selecting a one-stop operator, the non-Federal entity must award only to responsible entities that possess the ability to successfully perform under the terms and conditions of the proposed procurement. Consideration must be given to the entity's integrity, compliance with public policy, record of past performance, and financial and technical resources.³² A local board must also ensure that any entity to be selected as a one-stop operator is not debarred, suspended, or otherwise excluded from or made ineligible for participation in Federal assistance programs or activities.³³ Uniform Guidance requires that past performance be an evaluation factor when it is time to re-procure the one-stop operator.³⁴

(vi) **Sole-source procurement (noncompetitive proposals)**

Uniform Guidance identifies procurement by noncompetitive proposals as permissible in certain circumstances discussed below. The Department interprets references to "noncompetitive

proposals” in Uniform Guidance at 2 CFR 200.320(f) to be read as sole source procurement for purposes of competitively selecting a one-stop operator.³⁵

Non-Federal entities, including subrecipients (such as local boards) may select a one-stop operator through sole source selection when consistent with local procurement policies and procedures which conform to Uniform Guidance.

Uniform Guidance states that procurement by noncompetitive (sole source) proposals is procurement through solicitation of a proposal from only one source which may be used only when one or more of the following circumstances apply.³⁶

- a. The item or service is available only from a single source.
- b. The public exigency or emergency for the item or service will not permit a delay resulting from competitive solicitation.
- c. The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity.
- d. After solicitation of a number of sources, competition is determined inadequate, whether for reasons of number or quality of proposals/bids.

(vii) **Recordkeeping**

All entities must prepare written documentation explaining the determination concerning the nature of the competitive process to be followed in selecting a one-stop operator.³⁷ Local boards must also maintain records sufficient to detail the history of procurement.³⁸ These records must include, but are not limited to:

- a. all proposals/bids received;
- b. ratings of those proposals;
- c. rationale for the method of procurement;
- d. selection of agreement or contract type;
- e. selection or rejection of proposals/bids;
- f. appeals and disputes; and
- g. the basis for the contract price.

Record retention requirements, as specified under Uniform Guidance, are typically three years from the date of submission of the final expenditures report.

³⁶ 2 CFR § 200.320(f)

³⁷ 20 CFR § 678.605(d)

³⁸ 2 CFR § 200.318(i)

Entities that make a sole source selection must prepare and maintain written documentation of the entire process of making a sole source selection.³⁹ Documentation must be retained and must clearly identify the review process in a Single State Local Area. The documentation should provide evidence that the review was performed by an impartial entity and detail the firewalls that were in place during the review of the proposals.

(viii) **Formal competitive procurement process**

A formal competitive process may generally include RFPs, IFBs, and other solicitations requiring formal advertising. As noted above, processes commonly used to select one-stop operators are sealed bids (formal advertising) procurement methods⁴⁰ and competitive proposals.⁴¹

(b) **Avoiding conflicts of interest**

Any organization or entity that has been selected to perform multiple functions in a local area must develop a written agreement with the local board and CEO to clarify how the organization will carry out its responsibilities while demonstrating compliance with WIOA and corresponding regulations, Uniform Guidance, and conflict of interest policies of both the State and the organization or entity performing multiple functions.⁴²

A conflict of interest can arise when actions are taken or may appear to be taken by any entity involved in more than one role, such that the performance of that entity in one role affects its interest in its other role, thereby making it difficult for the entity to perform the procurement process objectively and impartially. Therefore, proper firewalls must be in place to ensure the transparency and integrity of the procurement process and demonstrate to the public and to the Department that the selection process was impartial and that no preferential treatment was given to the awardee.

(i) **Recusal of members of the local board⁴³**

The local board must recuse individuals who have conflicts of interest from the one-stop operator competition. Such individuals must include those individuals with financial or other interests in the entities applying to be the one-stop operator. Recusal of individuals with conflicts of interest is a way to avoid conflicts of interest when a small number of decision makers have conflicts of interest. However, if the number of members who must be recused deprives the local board of quorum, the local board must follow an alternative process and outsource the selection to an outside entity. Best practice also requires local-board procurement policies and procedures to define the requirements for quorum for decisions of the local board.

- *Local board as one-stop operator.* If the local board competes for and is selected as the one-stop operator, the local board must have appropriate firewalls and conflict of interest policies and procedures in place which must conform to 20 CFR 679.430.⁴⁴

One way to avoid a conflict of interest is to establish effective conflict of interest policies and maintain appropriate firewalls that apply when the local board competes to be the

one-stop operator. This may include, for example, a requirement for an outside entity to conduct the competition. For example, the local board could contract with a separate and independent outside entity to conduct the competition. Outsourcing the entire process (including development of requirements, drafting the RFP or IFB, evaluation of proposals/bids, and identification of best entity) to an alternate entity would be the best practice in this circumstance to avoid a conflict of interest. These costs and activities would be allowable under WIOA.

- *Outside Entity.* If the local board chooses to have an outside entity conduct part of, or the entire one-stop operator competition, the outside entity must meet certain requirements. The outside entity must be an independent organization that is capable of exercising professional and ethical judgment. The outside entity must also be required to submit a conflict of interest statement. Payment for running the competition would be an allowable cost under WIOA.
- *Public Disclosure.* The local board must publicly disclose any conflicts of interest, real or apparent, and any recusal by individuals or organizations with real or apparent conflicts of interest. Regular public disclosure provides transparency to stakeholders in the procurement process for the selection of the one-stop operator. Best practice is to publicly disclose any conflicts of interest and recusals on the local board website.⁴⁵ Additional methods, such as publication in newspapers, may also be used to ensure full and regular public disclosure.

(c) Additional mechanisms to provide for a full and open competition

There are additional steps that the local board can take in furtherance of a full and open competition for a one-stop operator. Some of the steps below are generally applicable requirements, while others are practices that may be appropriate in certain circumstances. Depending on the particular circumstances, the local board must combine multiple mechanisms, as appropriate, to avoid conflicts of interest or the appearance of conflicts of interest.

- *Examination of competition processes by an outside party.* Local boards may opt to retain an outside entity to conduct an objective review of the competition process, or parts of the competition process, such as: whether the RFP/IFB was unduly restrictive or whether the selection process was properly and fairly conducted. Likewise, local boards may opt to retain an outside entity to conduct an objective review of other aspects of the competition process, including a review of the entities selected as a one-stop operator, such as:
 - past performance;
 - compliance with Federal requirements and policies;
 - financial systems;
 - internal control framework; and
 - policies to perform and manage the one-stop operator services in accordance with WIOA.

⁴⁵ WIOA Sec. 107(e); 20 CFR § 679.390

Such a review of the competition process by an outside entity could help monitor whether the process remains equitable and transparent. The outside entity conducting such a review could be an independent organization, as described above, or a separate state agency, such as the office of the state auditor, or office of the state inspector general. If the results of the review process find weaknesses or barriers to effectively managing the competition or contract, the state agency and local board must work together to establish special conditions/criteria to monitor those barriers and to achieve timely or effective resolution.

- *Documentation.* The entities conducting the competition must prepare written documentation explaining the determination concerning the nature of the competitive process to be followed in selecting the one-stop operator.⁴⁶ As explained in several other parts of this guidance, documentation is required for several steps in the competition process. Documentation is key for ensuring transparency in the competition process.
- *Revision of the original procurement solicitation (e.g. the RFP/IFB) or recompetition of the one-stop operator.* If the entity conducting the competition determines there were defects in the competition process, the entity must re-compete the selection of the one-stop operator. Defects in the competition process include violation of the WIOA Joint Final Rule, Uniform Guidance, and/or failure to follow the local board's procurement policies and procedures. The competition process may also be defective if the policies and procedures do not provide for a full and open competition, or if the procurement solicitation issued was inadequate to generate full and open competition. However, if the entity conducting the competition identifies defects in the procurement solicitation before the conclusion of the solicitation period, the entity must revise the procurement solicitation and extend the timeframe for the solicitation.

Section V. Essential contract elements

All contracts, agreements, or MOUs between the one-stop operator and local board must include the essential elements of a legally executed and binding written agreement, and contain at a minimum the following:⁴⁷

- *Statement of Work (SOW).* The SOW specifies the period of performance or the start and end date of the contract. It also specifies the services to be performed including measurable performance goals to be delivered under the contract, agreement, or MOU.
- *Authorized Officials and Purpose.* Authorized officials are persons authorized to enter into and sign legally binding agreements and must be on record as the signatory official. Signatures of the offeror/bidder and offeree (local board or NDOL) must be contained as part of the written contract.
- *Additional Contractual Terms and Conditions.* Contracts, agreements, and MOUs must include such standard terms and conditions that are either required by the NDOL, the local board, or the Federal agency as national, State, or local policy requirements. The contract,

⁴⁶ 20 CFR 678.605(d)

⁴⁷ TEGL 15-16

agreement, or MOU must identify that one-stop operators are subrecipients of Federal funds.

Section VI. Monitoring of one-stop operators

Oversight and monitoring is an integral function of the local board to ensure the one-stop operator's compliance with the:

- requirements of WIOA;
- activities defined under the SOW;
- performance reporting requirements; and
- terms and conditions of the contract or agreement governing the one-stop operator.

Monitoring includes an attestation by the monitoring entity that it has examined compliance with the requirements of WIOA, Uniform Guidance, and terms and condition of agreements with one-stop operators.

WIOA requires the local board to conduct monitoring of its one-stop operator. When the local board is the one-stop operator, there is an inherent conflict of interest in that the local board cannot effectively monitor itself. In such circumstances, an outside entity or a state agency, such as a state auditor or inspector general, must conduct the monitoring and report the monitoring results to the CEO. If the state agency is selected as the operator, an independent state agency, like an auditor or inspector general, should conduct the monitoring.

Section VII. Timelines⁴⁸

Effective July 1, 2017:

- all existing and new one-stop operators must have been selected using a competitive process; and
- all contracts and agreements with one-stop operators must have been executed as the result of a competitive process, as required by WIOA.

The statutory requirement for the selection of the one-stop operators through the competitive selection process cannot be waived.

Each local board must conduct a competitive process for one-stop operator selection no less frequently than once every four years. NDOL reserves the right to require the competitive selection of one-stop operators more frequently.

A local board may choose to implement a competitive selection process that occurs more often than once every four years.

Section I. Priority of service

(a) What is priority of service?

[20 CFR Part 1010](#) contains USDOL regulations that mandate priority of service for covered persons. Priority of service for covered persons is authorized by [38 USC § 4215](#). As defined in [38 USC § 4215\(a\)](#), priority of service means covered persons must be given priority over non-covered persons concerning receipt of employment, training, and placement services provided under qualified job training programs. Providing priority of service to Veterans and other covered persons in qualified job training programs means that Veterans and other covered persons have the right to take precedence over non-covered persons when obtaining services. Depending on the type of service or resource being provided, taking precedence means:

- covered persons receive access to the service or resource earlier in time than non-covered persons; or
- if the service or resource is limited, covered persons receive access to the service or resource instead of or before non-covered persons.

(b) Which programs are covered?

Priority of service applies to every qualified job training program funded in whole or in part by Federal funds, and includes any program or service:¹

- that uses technology to assist individuals to access workforce development programs, such as job and training opportunities, labor market information, career assessment tools, and related supportive services; and
- provided under the public employment service system (Wagner-Peyser), through one-stop centers, through demonstration or other temporary programs, by workforce development programs targeted to specific groups, and programs implemented by states or local service providers based on Federal block grants administered by USDOL.

Implementation of priority of service does not change the intended function of a program or service. Covered persons must still meet all statutory eligibility and program requirements for participation in order to receive priority for a program or service.

(c) How must recipients and subrecipients implement priority of service?

Agreement to implement priority of service is a condition for receipt of all Federally funded job training program funds, as described in [20 CFR Part 1010](#) and applicable USDOL guidance and this policy.² All recipients are required to ensure that priority of service is applied by their subrecipients.³ All program activities must be administered in compliance with Federal priority of service requirements,⁴ including program activities obtained through requests for proposals, solicitations for grant awards, subgrants, contracts, subcontracts, memorandums of understanding, or other service provision agreements *that are issued or executed by operators of qualified job training programs*. **Priority of service requirements cannot be waived.**⁵

(d) Which processes must be implemented to identify covered persons?⁶

Recipients and subrecipients of Federal funding for qualified job training programs must implement processes for identifying covered persons in order to provide them with timely and useful information on priority of service at the point of entry,⁷ whether in person or virtually. Processes for identifying covered persons at the point of entry must be designed to:

- permit individuals to make their covered person status known;

¹ [20 CFR § 1010.210](#)

² [20 CFR § 1010.220\(a\)](#)

³ [20 CFR § 1010.220\(b\)](#)

⁴ Ibid.

⁵ [20 CFR § 1010.250](#)

⁶ [20 CFR § 1010.330](#)

⁷ *Point of entry* means an individual's entry into Nebraska's one-stop delivery system and may include reception at a one-stop center, application processes for specific programs, or through any other methods by which covered persons express an interest in receiving services, whether in person or virtually [[20 CFR § 1010.330](#)].

- permit qualified job training programs specified in [20 CFR § 1010.330\(a\)\(2\)](#)⁸ to initiate data collection for covered entrants;
- allow covered persons to take full advantage of priority of service; and
- make covered persons aware of:
 - their entitlement to priority of service;
 - the full array of employment, training, and placement services available through priority of service; and
 - any applicable eligibility requirements for those programs and services.

Processes for identifying covered persons are not required to include verification of status of an individual as a Veteran or eligible spouse at the point of entry *unless* individuals immediately undergo eligibility determination for and enrollment in programs.

(e) How is priority of service to be applied?

Recipients and subrecipients of for qualified job training programs must implement processes, in accordance with [20 CFR § 1010.300](#), for identifying covered persons at the point of entry, whether in person or virtually, so covered persons can be notified of eligibility for priority of service.⁹ Because qualified job training programs may offer various types of services (staff-assisted, self-service, and informational), recipients and subrecipients also must ensure that priority of service is implemented throughout the full array of services provided to covered persons by qualified job training programs. Three categories of qualified job training programs affect the application of priority of service:

- universal access programs;
- discretionary targeting programs; and
- statutory targeting programs.

To obtain priority, covered persons must meet the statutory eligibility requirements applicable to specific qualified job training programs from which services are sought. For qualified job training programs that also have discretionary or statutory priorities or preferences pursuant to Federal statute or regulation, recipients and subrecipients must provide priority of service while applying other priorities, as described below in paragraphs 2 and 3.

1. *Universal access programs*¹⁰ deliver services to the public as a whole and do not target specific groups. Universal access programs are required to provide priority of service to covered persons.

⁸ Note that [20 CFR § 1010.330\(a\)\(2\)](#) refers programs that were covered under the Workforce Investment Act of 1998, which was superseded by WIOA. However, [20 CFR § 1010.330\(a\)\(2\)](#) is still in effect in relation to WIOA.

⁹ [20 CFR § 1010.310](#)

¹⁰ Wagner-Peyser is a universal access program.

2. *Discretionary targeting programs*¹¹ focus on particular groups or make efforts to provide a certain level of service to favored groups but do not specifically mandate that favored groups be served before other eligible individuals. Priority of service applies whether these provisions are found in Federal statute or regulation. Covered persons must receive highest priority for the program or service and non-covered persons within the discretionary targeting group receive priority over non-covered persons that fall outside the discretionary targeting group.
3. *Statutory targeting programs*¹² are programs derived from Federal statutory mandates that require priority or preference for particular groups of individuals *or* require spending a certain portion of program funds on particular groups of persons receiving services. These are mandatory priorities and recipients and subrecipients must determine individuals' covered person status and apply priority of service as follows.
 - a. Covered persons who meet programmatic mandatory priorities, including program eligibility or spending requirements or limitations, must receive the highest priority for the program or service.
 - b. Non-covered persons who meet programmatic mandatory priorities, including program eligibility or spending requirements or limitations, must receive priority for programs or services over covered persons that fall outside programmatic mandatory priorities or spending requirements or limitations.
 - c. Covered persons outside the programmatic mandatory priority or spending requirements or limitations must receive priority for programs or services over non-covered persons that fall outside programmatic mandatory priorities or spending requirements or limitations.

(f) [What are the responsibilities of recipients and subrecipients pertaining to collection, maintenance, and reporting of data pertaining to covered and non-covered persons?](#)¹³

All recipients and subrecipients of Federal funds for qualified job training programs must collect, maintain, and report data relating to the provision of priority of service, in formats as the Secretary of Labor may require and as described below. NDOL tracks implementation of priority of service in NEworks for Title I and NDOL-administered programs (excluding SCSEP¹⁴) and reports priority-of-serve data to USDOL.

1. Recipients and subrecipients of funding for qualified job training programs must collect, maintain, and report individual record data for:
 - a. covered entrants from the point of entry;
 - b. covered persons and non-covered persons who receive services, including individual record data for qualified job training programs that require establishment

¹¹ NDWG may be a discretionary targeting program, depending on the conditions of the grant award.

¹² Title I, JVSG, SCSEP, and TAA are statutory targeting programs. NDWG may also be a statutory targeting program, depending on the conditions of the applicable grant award.

and submission of individual records for persons receiving services, which must include, but are not limited to:

- i. covered person and non-covered person status for all individuals receiving services;
 - ii. types of services provided to covered persons and non-covered persons;
 - iii. dates that services were received by covered persons and non-covered persons; and
 - iv. employment outcomes experienced by covered persons and non-covered persons receiving services.
2. Recipients and subrecipients must apply the definitions set forth in [20 CFR § 1010.110](#) to distinguish:
- a. covered persons from non-covered persons receiving services; and
 - b. Veterans from eligible spouses within the covered persons group.

All information must be collected, maintained, and managed in a manner that ensures confidentiality and protection of all PII.¹⁵

Section II. Title I programs

(a) Definitions specific to Title I

The following definitions are specific to Title I programs concerning priority of service.

(1) Active duty

Active duty means full-time duty in the active military service of the United States.¹⁶ Active duty includes full-time training duty, annual training duty, and attendance while in the active military service at a school designated as a service school by law or by the Secretary of the military department concerned. Active duty does not include full-time National Guard duty.¹⁷

(2) Active military, naval, air, or space service

Active military, naval, air, or space service includes:¹⁸

- active duty;

¹⁵ [20 CFR § 1010.330\(d\)](#)

¹⁶ [10 USC § 101\(d\)\(1\)](#)

¹⁷ Ibid.

¹⁸ [38 USC § 101\(24\)](#); [38 CFR § 17.31](#)

- any period of active duty for training during which the individual concerned was disabled or died from a disease or injury incurred or aggravated in line of duty;
- any period of inactive duty training during which the individual concerned was disabled or died:
 - from an injury incurred or aggravated in line of duty; or
 - from an acute myocardial infarction, a cardiac arrest, or a cerebrovascular accident occurring during such training;
- full-time duty in the National Guard or a Reserve component.

Active military, naval, air, or space service does not include full-time duty for training purposes, meaning training that is often referred to as “weekend” or “annual” training for National Guard or a Reserve components.¹⁹

(3) Basic skills deficient

An individual who is basic skills deficient is:²⁰

- a youth who has English reading or writing skills or computing skills at or below the 8th grade level based on a generally accepted standardized test; or
- a youth or adult who is unable to compute or solve problems, or read, write, or speak English at a level necessary to function on the job, in the individual's family, or in society.

(4) Covered entrant

Covered entrant means covered persons at the point of entry and includes two subgroups: Veterans and eligible spouses.²¹

(5) Covered person

Covered person means a Veteran or eligible spouse.²²

(6) Eligible spouse

Eligible spouse, as defined in [38 USC § 4215\(a\)](#), means the spouse of any of the following:²³

- any Veteran who died of a service-connected disability;

¹⁹ [20 CFR § 1010.110](#)

²⁰ [WIOA Sec. 3\(5\)](#)

²¹ [20 CFR § 1010.330\(a\)\(3\)](#)

²² [20 CFR § 1010.110](#)

²³ Ibid.

- any member of the Armed Forces serving on active duty who, at the time of application for the priority, is listed in one or more of the following categories and has been so listed for a total of more than 90 days:
 - missing in action;
 - captured in line of duty by a hostile force; or
 - forcibly detained or interned in the line of duty by a foreign government or power;
- any Veteran who has a total disability resulting from a service-connected disability, as evaluated by the US Department of Veterans Affairs (USDVA); or
- any Veteran who died while a total disability resulting from a service-connected disability was in existence, as evaluated by USDVA.

An eligible spouse whose eligibility for priority of service is derived from a *living Veteran or military service member* would lose their eligibility if the Veteran or military service member were to lose the status that is the basis for eligibility (e.g., if a Veteran with a total service-connected disability were to receive a revised disability rating at a lower level).²⁴ Similarly, an eligible spouse whose eligibility for priority of service is derived from a *living Veteran or military service member* the eligible spouse’s eligibility would be lost upon divorce from the Veteran or military service member.²⁵

(7) Low-income individual

A low-income individual is one who meets one or more of the criteria described in Table 1.²⁶

Table 1. Criteria for determining an individual is low-income

Low-income criteria
1. The individual currently receives or is a member of a family currently receiving assistance through: <ul style="list-style-type: none"> a. Supplemental Nutrition Assistance Program; b. Temporary Assistance for Needy Families Program; c. Supplemental Security Income through the Social Security Administration; or d. state or local income-based public assistance.
2. In the past 6 months, the individual has received or is a member of a family that has received assistance through: <ul style="list-style-type: none"> a. Supplemental Nutrition Assistance Program; b. Temporary Assistance for Needy Families Program; c. Supplemental Security Income through the Social Security Administration; or d. state or local income-based public assistance.
3. The individual is in a family whose total family income does not exceed the higher of: ²⁷ <ul style="list-style-type: none"> a. the current Federally established poverty line; or b. 70 percent of the Federally established lower living standard income level (LLSIL).

²⁴ [TEGL 07-09](#)

²⁷ LLSIL means an income level determined annually by the Secretary of Labor based on the most recent lower living family budget issued by the Secretary. NDOL’s current notice on income guidelines provides information on the current LLSIL, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Notices>.

7. The individual is a person with a disability whose income meets the income requirement of Sections 3.a. or 3.b. of this table.

(8) Military spouse

For purposes of dislocated worker program priority of service, military spouse means:²⁹

- an individual who is married to an active-duty service member, including National Guard or Reserve personnel on active duty; or
- a surviving spouse of an active-duty service member who lost their life while on active-duty service in Afghanistan, Iraq or other combat-related areas.

(13) Veteran³⁵

Active military, naval, air, or space service includes full-time duty in the National Guard or a Reserve component, except for full-time duty for training purposes (commonly referred to “weekend” or “annual” training).

(b) Title I adult priority of service

(1) Implementation requirement

Title I adult programs must prioritize delivery of *individualized career services and training services* to Veterans, eligible spouses, and certain non-covered persons.³⁶

(2) 75-percent requirement

Local boards must ensure that **at least 75 percent** of adult participants receiving individualized career and training services in Title I adult programs are from at least one of the three adult priority groups (recipients of public assistance; low-income individuals; or individuals who are basic skills deficient, including English Language Learners), in addition to implementing overlying priority of service requirements for Veterans and eligible spouses as they relate to adult program priority of service requirements.³⁷ **Any local Title I adult program that fails to meet the 75-percent requirement described above is subject to mandatory technical assistance.**

(3) Order of priority

Priority of service for individualized career services and training services under Title I adult programs must be implemented in the following order:³⁸

1. Veterans and eligible spouses who are:
 - a. recipients of public assistance;

³³ [TEGL 22-04](#)

³⁵ [20 CFR § 1010.110](#); [38 USC § 101\(2\)](#)

- b. low-income individuals; or
 - c. basic-skills deficient;
2. non-covered persons who are:
- a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic-skills deficient
3. Veterans and eligible spouses who are not:
- a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic-skills deficient
4. priority populations established by the local board, consistent with subsection (3) below;
5. non-covered persons who are not:
- a. recipients of public assistance;
 - b. low-income individuals; or
 - c. basic-skills deficient.

(4) Excluded income and benefits when determining low-income individual status for Veterans and eligible spouses

As indicated in [20 CFR § 683.230](#), when past income is an eligibility determinant for qualified job training programs, any amounts received as military pay or allowances by persons who served on active duty and certain other specified benefits described below must be disregarded for Veterans and eligible spouses for whom those amounts would normally be otherwise applied when making eligibility determinations. This exclusion applies when determining status as a low-income individual for eligibility purposes. This exclusion specifically applies when income is used as a factor when Title I adult programs provide priority of service for low-income individuals.³⁹ Regardless of this exclusion, Veterans and eligible spouses must still meet adult program eligibility criteria to receive priority services under the program.

³⁹ [20 CFR §§ 680.600](#) and [680.650](#)

(i) Determining low-income individual status

When determining status as low-income individuals for Veterans and eligible spouses, the following income and benefits must be disregarded:⁴⁰

- any amounts received as military pay or allowances by any person while serving on active duty;
- any amounts received by separating military service members;
- any amounts received by a Veteran under the following chapters of [Title 38 of the US Code](#):
 - Chapter 11, Compensation for Service-Connected Disability or Death;
 - Chapter 13, Dependency and Indemnity Compensation for Service-Connected Deaths;
 - Chapter 30, All-Volunteer Force Education Assistance Program;
 - Chapter 31, Training and Rehabilitation for Veterans with Service-Connected Disabilities;
 - Chapter 32, Post-Vietnam Era Veterans' Educational Assistance; and
 - Chapter 36, Administration of Educational Benefits;
- any amounts received by Veterans or eligible spouses under [10 USC Chapter 106](#), Educational Assistance for Members of the Selected Reserve.

(5) Local priority populations⁴¹

Local boards may establish policies and processes that give priority to other individuals eligible to receive Title I individualized career services and training services, provided that the policies and processes are consistent with priority of service requirements for Veterans and eligible spouses as required under [20 CFR § 680.650](#) and the priority provisions of [WIOA Sec. 134\(c\)\(3\)\(E\)](#), [20 CFR § 680.600](#), [20 CFR § 683.230](#), and this policy. Priority of service for locally established priority populations *does not* override statutory priorities for Title I adult, Veteran, and eligible spouse priority populations.

(c) Title I dislocated worker priority of service requirements

(1) Implementation requirement

Title I dislocated worker programs must prioritize delivery of *basic* and *individualized* career services and *training* services to dislocated worker program participants who are Veterans and military spouses.⁴²

⁴⁰ [38 USC § 4213](#); [TEGL 19-16](#)

⁴¹ [TEGL 19-16](#)

⁴² [20 CFR Part 1010](#); [38 USC § 4215](#)

(2) Order of priority

Individuals who meet dislocated worker program eligibility criteria defined in NDOL's program eligibility policy *and* are Veterans or military spouses must be given priority over dislocated workers who are not Veterans or military spouses.⁴³

- Military spouses are individuals who are married to active duty service members, including National Guard or Reserve personnel on active duty.
- Surviving spouses of active duty service members who lost their lives while on active duty service in Afghanistan, Iraq or other combat-related areas are military spouses.⁴⁴

(3) Policy clarification on separating military service members

A basic requirement to qualify as a Title I dislocated worker is that a worker be terminated or laid-off. It is USDOL policy that being discharged under honorable conditions, either voluntarily or involuntarily, terminates an employment relationship between the military service member and the military and, therefore, meets *termination* criterion for the dislocated worker program.⁴⁵ The separating military service member must also satisfy other criteria for dislocated worker program eligibility, including the *unlikely to return to a previous industry or occupation* criterion. Additionally, under the priority of service provisions of the Jobs for Veterans Act, separating military service members who upon discharge meet eligibility criteria for dislocated worker programs are afforded priority over individuals who are not Veterans.

(6) Policy clarification on military spouses

(i) Cessation of employment⁴⁶

When military spouses are unable to continue employment relationships because of their military service members' permanent change of military station *or* military spouses lose employment as a result of military service members' discharge from the military, that cessation of employment meets the *termination* criterion for the dislocated worker program.

Military spouse cessation of employment due to their military service members' permanent change of military station or discharge also meets the *unlikely to return to a previous industry or occupation* criterion. This criterion recognizes the breadth of job types and considers whether the individual is likely to return to either their prior industry or (not and) occupation. In other words, the standard for determining the likelihood of return is not absolute. Instead, it is a matter of judgment based on relevant circumstances. In the majority of cases, the circumstances in which military spouses are required to leave jobs or occupations as a result of military service member transfers do not position military spouses for immediate return to previous industries or occupations, particularly at the same level for one or more of following reasons.

1. Military spouses are generally not resuming employment with the same employer.

⁴³ [TEGL 22-04](#)

⁴⁴ [TEGL 22-04](#)

⁴⁵ [TEGL 22-04](#)

⁴⁶ [TEGLs 22-04](#) and [22-04 Change 1](#)

2. Even if a military spouse resumes employment with the same employer, that employment is in a new location; and jobs/occupations will generally not be the same structurally or organizationally in the new location as in the prior location.
3. When military spouses do get jobs in their new locations, it is likely, as new employees, that they will start at lower levels of seniority than the levels of their positions in their prior locations.
4. There is frequently a gap in employment as military spouses make the move and search for new employment, which may lessen their likelihood of returning to the same level of job type or occupation.
5. Skills of military spouses may be obsolete or inadequate compared to advancing competency needs of the current workforce and economy.
6. Industries in which military spouses have prior work experience may be in decline in regions to which they may relocate.
7. There may be an excess in the number of workers with similar skill sets and experience to that of military spouses who are seeking limited employment opportunities in regions to which they have relocated.

Based upon the totality of these circumstances, it is reasonable to conclude that in the vast majority of cases, military spouses impacted by military service members' duty reassignment or discharge meet the *unlikely to return to a previous industry or occupation* criterion and may, therefore, be served as dislocated workers. **Military spouses who meet eligibility criteria for Title I dislocated worker programs must receive priority over non-covered persons.**

(ii) Displaced homemakers⁴⁷

Military spouses may qualify to be served as dislocated workers if they meet definitional requirements for displaced homemaker.⁴⁸

If surviving spouses of Veterans or military service members qualify generally as dislocated workers or as a displaced homemakers, they may be served under dislocated worker programs. If surviving spouses do not meet those requirements, they may be served under Title I adult programs. Under either program, surviving spouses of Veterans must receive priority of service over non-covered persons if they qualify for priority as eligible spouses.

(d) Title I youth priority of service

(1) Implementation requirement

Title I youth programs must prioritize delivery of youth program elements to Veterans, eligible spouses, and certain non-covered persons.⁴⁹

⁴⁷ [TEGL 22-04](#). The State's policy on program eligibility includes information on displaced homemakers and the dislocated worker program and is included in the State policy manual.

⁴⁸ Refer to the State' program eligibility policy for clarification on displaced homemaker eligibility requirements.

⁴⁹ WIOA Sec. 134(c)(3)(E); [20 CFR Part 1010](#); [20 CFR § 680.600\(a\)](#); [38 USC § 4215](#)

(2) Order of priority

As stated in NDOL's Title I program eligibility policy, all youth program participants must meet certain program eligibility requirements. There are priority of service requirements that apply to youth programs. The youth program eligibility criterion that applies equally to in-school youth (ISY) and out-of-school youth (OSY) is that they must be low-income individuals.⁵⁰ There is, however, an exception to this rule.

1. Up to five percent of all youth program participants, ISY and OSY combined, who ordinarily would be required to be low-income for eligibility purposes, are not required to meet the low-income requirement for eligibility, provided they meet all other eligibility requirements,⁵¹ subject to the additional assistance limitation for ISY.⁵²
2. For ISY only, not more than five percent of individuals may be eligible as ISY based solely on a need for additional assistance to complete an educational program or to secure or hold employment.⁵³

Security and the One-stop Delivery System, Change 2

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

Security issues degrade physical and programmatic accessibility within one-stop delivery systems, the overall effectiveness of the systems, and the ability of one-stop partner programs to provide meaningful services.

CHANGES

- The Action section has been restated to clarify local board responsibilities under this policy.
- References to “physical security” have been revised to say “security”, because one-stop delivery system security involves more than physical security.
- Section I(b) has been revised to clarify risk mitigation consultation requirements.
- Section I(c) has been modified to clarify requirements concerning risk mitigation measures.

- Section I(d) now includes a subsection on required response and recovery actions.
- Section I now includes subsection (e), which states NDOL will provide technical assistance when security incidents call for state-level guidance.
- Section II(b) has been revised to clarify the scope of state-level monitoring concerning requirements established under this policy.
- APPENDIX II (example security incident report form) has been deleted to eliminate the need for changes to policy whenever the security incident report form is updated. As stated in Section I(d)(2), NDOL provides the current form to local area administrative entities by email.

ACTION

State

This policy supersedes and cancels the policy titled *Security and the One-stop Delivery System, Change 1* (effective May 3, 2023). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

State policies referenced in this policy are included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>. *State policy manual* refers to the policy manual created and maintained by the NDOL Reemployment Services Quality Control Unit.

Local boards

Local boards *must* have established safety committees that are responsible for developing and implementing local security policies and processes¹ and procedures² that comply with the requirements of this policy, including but not limited to:

1. processes and procedures for security incident documentation, notifications, and response and recovery activities;
2. mandatory annual training requirements for local area administrative entity, one-stop operator, and one-stop partner program staff concerning policies, processes, and procedures;
3. mandatory annual surveys of local area administrative entity, one-stop operator, and one-stop partner program staff to determine satisfaction with implementation of policies, processes, and procedures and the effectiveness of mandatory training, which *must* provide an opportunity for staff to provide input and suggestions;
4. mandatory annual review and updating of policies, processes, and procedures based on assessed effectiveness, including feedback provided through mandatory annual surveys

¹ A process is a series of tasks and activities that produce an outcome.

² A procedure is a set of instructions for completing a single task or activity within a process.

of local area administrative entity, one-stop operator, and one-stop partner program staff; and

5. regular monitoring to determine compliance with policies, processes, and procedures among local area administrative entity, one-stop operator, and one-stop partner program staff.

In addition, local boards *must* require that safety committees:

- regularly update local boards during public meetings regarding new and unresolved security incidents; and
- work with local boards, local area administrative entity, one-stop operator, and one-stop partner programs concerning procurement of security assets and creation and maintenance of incident and incident resolution logs.

POLICY

This policy:

- establishes a framework for design and implementation of security policies, processes, and procedures that sufficiently mitigate the risk of security incidents throughout local one-stop delivery systems;
- describes requirements for incorporation of security measures into annual physical and programmatic accessibility assessments and triennial one-stop center certifications;
- provides operational guidance to local boards, safety committees, and administrative entities regarding development and implementation of security measures and evaluation of the effectiveness of such measures;
- standardizes requirements for incident response and resolution procedures that promote physical and programmatic accessibility throughout the statewide one-stop delivery system; and
- defines standard protocols through which security incidents and resolution of security incidents are reported, documented, and executed.

This policy has three sections and one appendix.

Section I. Security framework 4
 (a) Risk identification 5
 (b) Risk mitigation 5
 (c) Readiness 6
 (d) Response and recovery 6
Section II. Security and annual one-stop center assessments and triennial one-stop center certifications 8
Section III. Monitoring 8
 (a) Local-level monitoring 8
 (b) State-level monitoring 8
APPENDIX I. Example one-stop delivery system/center security risk assessment tool 10

Section I. Security framework

The purpose of the security framework illustrated in Diagram 1 and further described in this section is to ensure local boards and local area administrative entities have the foundation necessary for development and implementation of effective security policies, processes, and procedures that proportionately and adequately:

- 1. identify security risks;
- 2. mitigate security risks;
- 3. establish security readiness; and
- 4. establish security incident response and recovery activities.

Local boards *must* ensure that local one-stop delivery system security policies, processes, and procedures are modeled after the four-phase framework illustrated in Diagram 1.

Diagram 1. Four-phase security framework for local one-stop delivery systems

(a) Risk identification

Identification of security risks cannot be achieved without conducting a risk assessment. Risk assessments are critical to the design and continuous improvement of security policies, processes, and procedures. Risks to one-stop delivery system customers, staff, and program participants may vary significantly throughout the statewide one-stop delivery system. An example risk assessment tool is provided as APPENDIX I. Local boards may elect to utilize alternative risk assessment tools, including tools that may be available through collaboration with local law enforcement entities and other entities.

(b) Risk mitigation

Once risks and corresponding risk levels are assessed, risk measures *must* be taken to mitigate the likelihood of security incidents and minimize the impact of security incidents. The selection of mitigation measures *must* be proportional to the likelihood and severity of risks. Mitigation measures may include, but are not limited to:

1. infrastructure hardening;
2. controlled facility access;
3. contracted security services;
4. early detection systems;
5. public alert systems;
6. digital or remote observation systems;
7. interior and exterior lighting;
8. signage and public notices;
9. evacuation plans and designated shelter areas; and
10. one-stop delivery system staff training.

Costs of security equipment and services may be funded locally as infrastructure costs under memorandums of understanding with required and additional one-stop partners.^{3,4}

Local boards, safety committees, and administrative entities *must* regularly consult with representatives of all local area one-stop delivery system partners concerning risk mitigation.

³ [2 CFR § 200.457](#); [20 CFR § 678.760](#)

⁴ The cost of security equipment and contracted services may be considered infrastructure costs, provided such costs are not already included in a facility lease covering such costs. Infrastructure costs are non-personnel costs necessary for the general operation of one-stop centers. NDOL's policy on memorandums of understanding and funding agreements provides additional information on infrastructure costs.

(c) Readiness

Risk mitigation measures are effective only when properly planned, rehearsed, and maintained.

1. Local security policies, processes, and procedures *must* require regular and effective staff training and rehearsals.
2. Local area administrative entity, one-stop operator, and one-stop partner program staff *must*:
 - a. be trained at least annually on local one-stop delivery system security policies, processes, and procedures; and
 - b. participate in rehearsal of security response and recovery activities.
3. Local board safety committees *must* maintain documentation of annual training schedules and events, training agendas, and staff attendance rosters. Training recommendations include, but are not limited to:
 - a. de-escalation training;
 - b. lifesaving first-aid training; and
 - c. active shooter training.
4. Local boards and safety committees *must* survey local area administrative entity, one-stop operator, and one-stop partner program staff on an annual basis to measure satisfaction with implementation of security policies, processes, and procedures and the effectiveness of security training. The surveys *must* provide an opportunity for staff to provide written input and suggestions to ensure continuous improvement.

(d) Response and recovery

(1) Types of security incidents

The following types of behaviors, threats, and actions are considered security incidents; however, there may be other types that contribute to security incidents.

(A) Behaviors

Individual instances of behavior or patterns of behavior may be considered security incidents and may include, but are not limited to:

1. reckless driving in one-stop center parking areas;
2. possession of weapons;
3. alcohol intoxication or possession of alcohol;
4. drug intoxication or possession of controlled substances;
5. viewing or possession of pornography;

(C) Actions

Individual instances of actions or patterns of action may be considered security incidents and may include, but are not limited to, actions that cause or result in:

1. bodily harm to self or others;
2. damage or destruction of property or equipment; and
3. theft.

(2) Required response and recovery actions

Once a security incident occurs, local boards, safety committees, and administrative entities *must* take the following response and recovery actions.

1. Security incidents *must* be documented through completion and submission of a security incident report form.
 - a. NDOL provides a fillable PDF version of the form to local area administrative entities by email. The form *must be completed digitally*. Handwritten/scanned versions of completed forms are not acceptable, because they may not be legible based on handwriting style and the quality of scans.
 - b. Completed security incident report forms *must submitted* by a local area administrative entity staff member within 24 hours of the initial security event to following individuals and entities identified in the form *through encrypted email*. Applicable supporting documentation should be submitted with completed forms.

2. Security incident response *may* involve, but is not limited to, seeking assistance from:
 - a. law enforcement agencies whenever criminal behavior is suspected;
 - b. fire response agencies in the event of fire; and
 - c. emergency medical services in the event of medical situations.
3. Security incident recovery *may* involve, but is not limited to:
 - a. investigation activities, involvement of law enforcement, fire response, and emergency medical services; and
 - b. implementation of corrective actions for offending individuals, which may include full or partial restrictions on facility usage on a permanent or temporary basis.
4. If incident recovery activities occur *after* submission of a security incident report form, the form *must* be updated and resubmitted *through encrypted email* by a local area administrative entity staff member.

(e) Technical assistance

NDOL will provide technical assistance as necessary when security incidents call for state-level guidance. Requests for technical assistance relating to security incidents should be *immediately* submitted by email to ndol.wioa_policy@nebraska.gov.

Section II. Security and annual one-stop center assessments and triennial one-stop center certifications

Instructions on integration of security elements into annual one-stop center assessments and triennial one-stop center certifications are available in NDOL's policy on one-stop delivery system assessment and one-stop center certification.

Section III. Security monitoring

(a) Local-level monitoring

Local boards *must* ensure regular monitoring of compliance with local security policies, processes, and procedures, including compliance with training requirements and schedules.

(b) State-level monitoring

Compliance with all requirements of this policy is subject to review by the NDOL State Monitoring Unit. Failure of local boards, safety committees, and local area administrative entities to comply with requirements established under this policy may result in findings and implementation of corrective action plans.

During monitoring of compliance with requirements of this policy, inspectable items include, but are not limited to:

- one-stop delivery system security policies, processes, and procedures;
- training schedules, agendas, and staff attendance rosters for security training events;
- procurement of security-related equipment and services;
- one-stop delivery system security; and
- submission of security incident reports; and
- maintenance of security incident and incident resolution logs.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government, the State of Nebraska, and NDOL. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

Performance Accountability, Change 5

REFERENCE

Federal and state laws, rules, and regulations and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

The US Departments of Education and Labor (the Departments) established performance accountability requirements to assess the effectiveness of 6 core programs and 10 non-core programs (listed in [TEGL 14-18](#)) toward achieving positive outcomes for individuals served by the programs.

CHANGES

Under this Change 5, the following materials changes have made:

- Section IV(c) has been revised to clarify requirements relating to retention of supplemental wage information.
- Section IV(c)(1) has been revised to clarify staff training requirements relating to procedures for gathering supplemental wage information.
- Section V(b) has been revised based on [TEGL 11-19 Change 1](#) concerning definitions relating to performance negotiations.

- Section V(c) has been revised based on [TEGL 11-19 Change 1](#) in relation to state and local performance negotiations.
- Section VI(b) has been revised based on [TEGL 11-19 Change 1](#) regarding sanctions against the state pertaining to failure to report and meeting adjusted levels of performance.

ACTION

This policy supersedes and cancels the State’s policy titled Performance Accountability, Change 4 (effective May 3, 2023). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

State policies referenced in this policy are included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>. *State policy manual* refers to the policy manual created and maintained by the NDOL Reemployment Services Quality Control Unit.

Section I. Primary indicators of performance

The US Department of Labor (USDOL) measures performance of USDOL funded programs using six primary indicators of performance, which are described in detail in [TEGLs 10-16 Change 2](#) and [14-18](#):

1. employment rate second quarter after exit;
2. employment rate fourth quarter after exit;
3. median earnings rate second quarter after exit;
4. credential attainment rate;
5. measurable skill gains rate; and
6. effectiveness in serving employers.

[TEGLs 10-16 Change 2](#) and [14-18](#) also provide detailed information on methodologies and operational requirements for calculating performance on the six primary indicators.

Section II. Categories of enrollment and exit

There are two points to understand while reading the definitions for reportable individual and participant.¹

1. All participants are reportable individuals but not all reportable individuals are participants.
2. An individual can be a:
 - a. participant in multiple programs;

¹ [TEGL 14-18](#)

- b. reportable individual in multiple programs; or
- c. participant in one program and only a reportable individual in another program.

(a) Reportable individual

A *reportable individual* is an individual who has taken action that demonstrates an intent to use Title I, Title III, or DWG program services *and* who meets specific reporting criteria of the applicable program, including when the individual:²

- provides identifying information;
- only uses the self-service system; or
- only receives information-only services or activities.

USDOL does not negotiate levels of performance or impose sanctions based on the outcomes of *reportable individuals*, because only *participants* are included in the performance indicators.³ However, USDOL requires inclusion of certain information in states' quarterly performance reports and related performance reporting tools to track the number of reportable individuals served.

(b) Participant

While the definition of *participant* is consistent across the core programs, there are slight differences to account for programmatic requirements. In general, for Title I and Title III programs, a *participant* is a *reportable individual* who has received services other than self-service only or information-only services or activities after satisfying all applicable programmatic requirements for the provision of services. The following individuals are not participants of Title I and Title III programs:⁴

- those who only use the self-service system; and
- those who receive information-only services or activities, which provide readily available information that does not require an assessment of the individual's skills, education, or career objectives by a staff member.

For JVSG, TAA, and DWG in general, a *participant* is an individual who has received grant-funded services after satisfying all applicable programmatic requirements for the provision of program services, such as eligibility determination.

² [20 CFR § 677.150\(b\)](#); [TEGL 10-16 Change 2](#); [TEGL 14-18 Attachment 6](#)

³ [TEGL 10-16 Change 2](#); [TEGL 14-18 Appendix I](#)

⁴ [20 CFR § 677.150\(a\)\(3\)](#); [TEGL 10-16 Change 2](#); [TEGL 14-18](#)

(1) Local youth programs

For local youth programs, reportable individuals become *participants* when they have satisfied all of the following four program requirements for the provision of services:⁵

1. eligibility determination;
2. an objective assessment;
3. development of an individual service strategy; and
4. received one or more of the 14 youth program elements.

[TEGL 14-18 Appendix III](#) provides a list of the *participant* level services that trigger a reportable individual's inclusion as a participant in Title I youth programs.

(2) Local adult and dislocated worker programs

For local adult and dislocated worker programs, reportable individuals become *participants* when they receive any:⁶

- training service or individualized career service; or
- basic career service that is neither self-service only nor information-only.

[TEGL 14-18 Appendix III](#) provides a list of the *participant* level services that trigger a reportable individual's inclusion as a participant in Title I adult and dislocated worker programs.

(3) Title III

For Title III, *reportable individuals* become *participants* when they receive any:⁷

- individualized career service; or
- basic career service that is neither self-service only nor or an information-only service or activity.

[TEGL 14-18 Appendix III](#) provides a list of the *participant* level services that trigger a reportable individual's inclusion as a Title III *participant*.

(4) JVSG

JVSG defines a *participant* as an individual who has received a JVSG-funded service from a Disabled Veteran Outreach Program (DVOP) specialist, after satisfying all applicable programmatic requirements for the provision of services, such as an eligibility determination.⁸

⁵ [TEGLs 10-16 Change 2](#) and [14-18](#)

⁶ Ibid.

⁷ Ibid.

⁸ [TEGL 14-18 Attachment 4](#)

(5) TAA

TAA defines a *participant* as an individual who has received benefits or services funded by the TAA program, after satisfying all applicable programmatic requirements for the provision of services, such as an eligibility determination.⁹

(6) DWG

DWG defines *participant* as a *reportable individual* who has:¹⁰

- received an employment or training service or disaster relief employment, funded in whole or in part with DWG funds authorized under WIOA Sec. 170(b) and described in [20 CFR § 687.180\(a\)](#) for Employment Recovery DWGs or [20 CFR § 687.180\(b\)](#) for Disaster Recovery DWGs; and
- satisfied all applicable programmatic requirements for the provision of services, including an eligibility determination.

[TEGL 14-18 Appendix III](#) provides a list of the *participant* level services that trigger a *reportable individual's* inclusion as a participant in DWG.

(c) Period of participation¹¹

For all performance indicators except measurable skill gains, a period of participation begins when an individual becomes a *participant* and ends on the *participant's* date of exit from the program.

For all performance indicators except measurable skill gains, states must count each *participant's* exit during the same program year as a separate period of participation for purposes of calculating levels of performance. In other words, a new period of participation is counted each time a *participant* enters and exits the program, even if more than one exit occurs during the same program year.

For the measurable skill gains indicator, a new period of participation is counted each time a *participant* enrolls, even if more than one enrollment occurs within the same program year. It is not necessary to wait until the *participant* exits the program to count a measurable skill gain because the measurable skill gains indicator is not an exit-based indicator. A measurable skill gain may be counted as soon as it is earned at any point during the program year in which it was earned.

(d) Coenrollment

(1) State level coenrollment requirements

NDOL requires that coenrollment of *participants* occur whenever eligibility permits. This coenrollment requirement applies to:

- Title I;

⁹ [TEGL 14-18 Attachment 10](#)

¹⁰ [TEGL 14-18 Attachment 6](#)

¹¹ [TEGLs 10-16 Change 2](#) and [14-18](#)

- Title III;
- JVSG;
- TAA; and
- DWG, whether administered at state or local levels.

All DWG and TAA *participants* must be, at a minimum, coenrolled in a local dislocated worker program.

(2) Federal level coenrollment requirements

In addition to NDOL's coenrollment requirement, there are Federal coenrollment requirements.

- Local youth programs must coenroll any in-school youth (ISY) in an adult or dislocated worker program in order for the ISY to use an Individual Training Account for occupational skills training provided by an Eligible Training Provider,¹² *unless the State has a waiver permitting ITAs for ISY.*
- Individuals participating in Nebraska's RESEA program (i.e., NERes) must be coenrolled in Title III.¹³
- Homeless Veterans Reintegration Programs (HVRP) must coenroll all HVRP *participants* in a Title I program, Title III, or JVSG.¹⁴

It should be noted that the Monitor Advocate System does not have a coenrollment requirement, because the Monitor Advocate System is a system that uses performance data within Title III and does not operate as a separate program.¹⁵

(3) Partner programs

For the programs listed above in subsection (1), partner programs in which participants may be coenrolled include, but are not limited to:

- Title I;
- Title II Adult Education and Family Literacy Act program;
- Title III;
- Title IV vocational rehabilitation programs provided by the:
 - Nebraska Commission for the Blind and Visually Impaired; and
 - Nebraska Vocational Rehabilitation Program;

¹² [TEGL 21-16](#)

¹³ [UIPLs 8-18](#) and [7-19](#)

¹⁴ [TEGLs 4-16](#) and [14-18](#)

¹⁵ [TEGL 14-18](#)

- DWG;
- Indian and Native American (INA) employment and training programs;
- Job Corps;
- JVSG;
- National Farmworker Jobs Program provided by Proteus;
- Senior Community Service Employment Program;
- TAA;
- Unemployment Insurance; and
- employment and training programs provided by:
 - Supplemental Nutrition Assistance Program (SNAP); and
 - Temporary Assistance for Needy Families program (TANF);
- YouthBuild.

(e) Exit

As described below, exit from a program generally occurs when an individual has not received services for a specified period and has no additional services scheduled.¹⁶ Exit requirements for *reportable individuals* and *participants* differ.

(1) Reportable individuals and exit

Reportable individuals do not exit, as defined in [20 CFR § 677.150\(c\)](#), because *reportable individuals* are never considered *participants*.¹⁷ However, a new period of self-service activity occurs when more than 90 consecutive calendar days have elapsed since the last self-service or information-only service or activity. This is necessary to prevent *reportable individuals* who have stopped receiving services from remaining in the system indefinitely. Therefore, for tracking purposes, the date of exit for a *reportable individual* is determined when all of the following criteria are met.

1. The individual does not become a participant.
2. The individual is served under a local adult, dislocated worker, or youth program or Title III through receipt of services that do not result in the individual becoming a *participant*.

¹⁶ [20 CFR § 677.150\(c\)](#); [TEGL 10-16 Change 2](#)

¹⁷ [TEGL 10-16 Change 2](#)

3. 90 days have elapsed since the date the individual was identified as a *reportable individual* and the individual has not received additional self-service or information-only services or activities during the 90-day period.

The date of exit for *reportable individuals* is applied retroactively based on the last date of service.

(2) Participants and program exit

For *participants* in Title I, Title III, JVSG, TAA, and DWG, the date of program exit is the last date of service.¹⁸ The date of program exit cannot be determined until 90 days have elapsed since the *participant* last received program services and there are no plans to provide the *participant* with future services. At this point, the date of program exit is applied retroactively based on the last date of service.

There are three additional factors to consider in relation to exit:

- supportive services;
- follow-up services; and
- common exit.

These factors are described in the subsections below.

(3) Supportive services and Title I youth participant exit

Supportive services do not delay exit from local youth programs. Under youth programs, supportive services may be provided as a follow-up service and may take place after exit without delaying the exit date.

(4) Supportive services and Title I adult and dislocated worker and DWG participant exit

Under adult, dislocated worker, and DWG programs, supportive services may be provided only when *participants* are participating in career or training services and unable to obtain supportive services through other programs that provide supportive services. In other words, individuals who have exited adult, dislocated worker, and DWG programs are not eligible for supportive services; so the provision of supportive services does not delay exit from these programs. (Refer to the State's adult and dislocated worker program policy for clarifying information pertaining to differences between supportive services and follow-up services for adults and dislocated workers.)

(5) Supportive services and Title III, JVSG, and TAA participant exit

Supportive services, as defined under [20 CFR Part 680 Subpart G](#) and [20 CFR § 681.570](#), are not provided under Title III, JVSG, and TAA programs and do not trigger a change in the exit date or delay exit when supportive services are provided through adult, dislocated worker, youth, and DWG programs.

¹⁸ [TEGL 10-16 Change 2](#); [TEGL 14-18 Attachments 4](#) and [10](#)

(6) Follow-up services and Title I and DWG participant exit

Follow-up services provided through adult, dislocated worker, youth, and DWG programs do not trigger a change in the exit date or delay exit. (Regarding adults and dislocated workers, refer to the State’s adult and dislocated worker program policy for clarifying information pertaining to differences between supportive services and follow-up services.)

(7) Follow-up services and Title III, JVSB, and TAA program participant exit

Follow-up services are not provided by Title III, JVSG, and TAA programs and do not trigger a change in the exit date or delay exit when provided through adult, dislocated worker, youth, and DWG programs.

(8) Common exit

Common exit occurs when a *participant* enrolled in one or more partner programs has not received services from any program in which the individual is enrolled for at least 90 days and no future services are planned.¹⁹ A *participant* is exited from all coenrolled programs only when all exit criteria are met for all coenrolled programs. NDOL implemented a common exit requirement that applies to all *participants* who are coenrolled in:

- Title I;
- Title III;
- JVSG;
- TAA; and
- DWG.

This common exit requirement does not apply to *participants* who are coenrolled in other partner programs.

(f) Exclusion from participation

A *participant* may be excluded from performance calculations under limited circumstances.²⁰ Table 1 describes those circumstances in detail. Program staff are responsible for determining when one or more of those circumstances have occurred and must provide source documentation to the NDOL Performance Program Coordinator that supports a request to exclude a *participant* from performance. A participant cannot be excluded from participation after program exit. (Refer to Section II(e)(2) for information on program exit.)

* Active duty²¹ means full-time duty in the active military service of the United States. The term includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned. The term does not include full-time National Guard duty.

Section III. Incumbent worker training and performance accountability²²

Individuals receiving incumbent worker training *are not considered participants* for the purpose of inclusion in performance indicator calculations because of the unique eligibility requirements for incumbent worker training. Unlike other types of training, incumbent worker eligibility is determined at the employer level by the local board (i.e., whether the employer is eligible to have its employees receive incumbent worker training). There is no separate determination of the eligibility of any particular employee to receive incumbent worker training. Therefore, an incumbent worker does not have to meet eligibility requirements for services for local adult, dislocated worker, or youth programs. However, if the incumbent worker meets eligibility requirements, the individual may be (a) enrolled as a *participant* and receive services from a local adult, dislocated worker, or youth program or (b) a *participant* in a separate WIOA program. In both cases, those individuals' participation would be reported under the appropriate indicators of performance for the local adult, dislocated worker, or youth program in which they are enrolled.

²¹ [10 USC § 101\(d\)\(1\)](#)

²² [TEGL Change 2](#)

Even though individuals receiving incumbent worker training *are not participants* for the purpose of performance indicator calculations, states and local areas are still required to report certain *participant* and performance data on all individuals who receive only incumbent worker training. The required elements for reporting on these individuals are limited to basic information and the elements needed to calculate incumbent worker training performance indicators for:

- employment in the second and fourth quarters after exit;
- median earnings in the second quarter after exit;
- credential attainment rate; and
- measurable skill gains rate.

For purposes of calculating these metrics, the exit date for an individual who has received only incumbent worker training will be the last date of training, as defined in the training contract with the employer.

NDOL and local boards may require reporting on other elements in order to collect additional information on incumbent workers, which should also be reported by NDOL if collected. All recipients of incumbent worker training, including incumbent worker training funded with statewide Rapid Response funds, must be reported in the USDOL-only PIRL (ETA Form 9172), regardless of whether the individuals become *participants* in one or more WIOA programs. USDOL encourages the collection of incumbent worker Social Security Numbers (SSNs), as part of the training contract with the employer, so that wage records will be available for these individuals. If SSNs are not available, the local board may utilize supplemental wage information to verify the wages reported. (Refer to Section IV(c) for clarification on supplemental wage information.)

Section IV. Administrative requirements of performance accountability

(a) Reporting

(1) Title I and Title III

(i) Quarterly statewide and local performance reports

NDOL must submit quarterly statewide and local performance reports (ETA Form 9173) for Title I and Title III within 45 days of the end of each quarter.²³ The report covers program performance for the previous full quarter.

(ii) Annual statewide and local performance reports

In addition to quarterly reports, NDOL must submit an annual statewide and local performance report (ETA Form 9169) for Title I and Title III by October 1, or the first business day thereafter should that date fall on a weekend.²⁴ The report covers performance data from the four full

previous quarters.²⁵ Failure to submit the report by the due date will result in a five percent reduction of the Governor's reserve authorized under WIOA Sec. 128.²⁶

(iii) Annual statewide performance report narrative

NDOL must submit an annual statewide performance report narrative for Title I and Title III by December 1, or the first business day thereafter should that date fall on a weekend.²⁷ The narrative complements the annual statewide performance report described above. The narrative must be no more than 25 pages, excluding appendices. States have flexibility regarding the contents of the narrative, as long as they address the requested items and stay within the 25-page limit. The requested items for the annual statewide performance report narrative are defined in [TEGL 5-18](#).

NDOL must also submit the annual statewide performance report narrative to the Governor, Nebraska Legislature, and Nebraska Workforce Development Board by November 30, pursuant to [Neb. Rev. Stat. § 48-3304](#).

(iv) ETP performance reports

NDOL must submit an annual Eligible Training Provider (ETP) performance report (ETA Form 9171) by October 1, or the first business day thereafter should that date fall on a weekend.²⁸ The report must include the following information regarding each program on the Eligible Training Provider List, in accordance with [20 CFR §§ 677.160\(c\)](#) and [677.230\(a\)](#); [TEGL 3-18](#). In addition, NDOL is required to make available and publish the annual ETP performance reports for Nebraska's ETPs who provide training services pursuant to WIOA Sec. 122 and [20 CFR § 677.230\(a\) and \(c\)](#). Nebraska's ETP performance data appears in NEworks, the State's management information system, and on USDOL's [training provider results](#) site.

(2) JVSG

JVSG is not required to submit an annual state report narrative. However, there are quarterly reporting requirements for JVSG. JVSG must submit a narrative report on a quarterly basis, the Manager's Report on Services to Veterans and Technical Performance Narrative (TPN).²⁹

(3) MSFW

NDOL must submit an annual narrative report for its Monitor Advocate System through the Labor Exchange Agricultural Reporting System (LEARS) on services provided to MSFWs.³⁰

(4) TAA

NDOL must submit quarterly performance reports (ETA Form 9173) for TAA programs within 45 days of the end of each quarter.³¹ Each report covers program performance for the previous full

(5) DWG

NDOL's annual statewide performance report narrative for Title I and Title III must include information on DWGs awarded to Nebraska at state or local levels.³³

(b) Use of SSNs

In general, SSNs are collected in order to report on primary indicators of performance for:³⁴

- employment status in the second and fourth quarters after exit;
- median earnings in the second quarter after exit; and
- post-exit employment status for participants who attain secondary school diplomas or recognized equivalents.

SSNs are also collected for reporting on the *effectiveness in serving employers* indicator. Where a wage match is available, matching a *participant's* SSN against quarterly wage record information is the most efficient method for determining employment status and earnings for the *participant*.

Program services must not be withheld if an individual is unwilling or unable to disclose an SSN.³⁵ More specifically, program eligibility is not contingent on the provision of an SSN for any of the core programs.³⁶

(c) Supplemental wage data

While the most efficient method for determining employment status and earnings for *participants* is to obtain quarterly wage records, wage records may not be available in all circumstances. Supplemental wage information may be used for the employment-related performance indicators only when wage records are not available or may not apply (e.g., for *participants* who are self-employed or are unwilling or unable to provide a social security number).³⁷ In such circumstances, the applicable program must gather supplemental wage information from other sources to determine employment and earnings status for performance reporting purposes. In addition, supplemental wage information must be well documented and maintained for monitoring and data validation purposes, in accordance with requirements established in the State's records management policy.

When it is determined that supplemental wage information is needed, acceptable forms of supplemental wage information, include, but are not limited to:³⁸

1. employment records from Federal and state sources, such as:
 - a. state departments of revenue or taxation; or
 - b. Railroad Retirement System;
2. tax documents, payroll records, and employer records such as:
 - a. copies of quarterly tax payment forms to the internal revenue service, such as a form 941 (employer's quarterly tax return);
 - b. copies of pay stubs (minimum of two pay stubs required); or
 - c. signed letter or other information from employer on company letterhead attesting to an individual's employment status and earnings;
3. other supplemental wage records:
 - a. income earned from commission in sales or other similar positions;
 - b. automated database systems or data matching with other partners with which data sharing agreements exist;
 - c. detailed case notes, verified by the employer and signed by the case manager, if appropriate to the program;
 - d. administrative records of one-stop operating systems, such as current records of eligibility for programs with income-based eligibility, such as TANF and SNAP;
 - e. self-employment worksheets signed and attested to by program participants; or
 - f. follow-up survey from program participants (i.e., self-reported).

(1) Staff training

Program staff conducting supplemental wage information follow-up should be trained on the implementation of procedures for gathering this information, including:³⁹

- when to begin supplemental wage information follow-up (i.e., after program exit during follow-up services);
- frequency of supplemental wage information follow-up (no less frequently than quarterly following program exit);

- what to say to former *participants* or their employers to encourage their cooperation;
- ways to encourage voluntary and truthful disclosure;
- what information is needed;
- how to respond to questions related to the supplemental wage information follow-up process; and
- how to document the information received.

Program staff should be thoroughly familiar with all follow-up procedures established by their respective programs before beginning.

(2) Technical assistance

NDOL provides technical assistance to programs regarding the collection of supplemental wage information upon request. Requests must be sent to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Section V. Negotiating levels of performance for Title I and Title III programs

(a) Governing law, regulations, and guidance

[TEGL 11-19 Change 1](#) defines the requirements pertaining to negotiating levels of performance at the state level, as required under WIOA Sec. 116(b)(3)(A)(iv). [TEGL 11-19 Change 1](#) also defines the process for negotiating levels of performance at the local level, as required under WIOA Sec. 116(c).

(b) Definitions relating to performance negotiations

The following definitions apply to state and local level performance negotiations for Title I and Title III.⁴⁰

1. *Expected levels of performance* are the levels of performance proposed by NDOL in the initial submission of the state plan and the required two-year modification of the plan for each primary indicator of performance.
2. *Negotiated levels of performance* are the levels of performance mutually agreed upon by NDOL and USDOL for each program. The negotiations process must be based on four factors described below in Section V(d)(2). *Negotiated levels of performance* must be incorporated into the state plan and two-year modification of the plan for each primary indicator of performance.
3. *Adjusted levels of performance* are levels of performance determined by adjusting the *negotiated levels of performance* at the end of a program year to reflect actual

⁴⁰ [TEGL 11-19 Change 1](#)

characteristics of *participants* served and actual economic conditions experienced using the statistical adjustment model.

4. *Actual levels of performance* are the outcomes reported by NDOL in the annual statewide performance report (ETA-9169) for each primary indicator of performance.⁴¹ USDOL compares *actual levels of performance* to the *adjusted levels of performance* at the close of each program year to determine the state's performance success or failure pursuant to WIOA Sec. 116(b)(3)(A)(vii).
5. *Adjustment factor* is the positive or negative difference that will be added to the *negotiated level of performance* to determine the *adjusted level of performance*. The *adjustment factor* is the difference between the estimated levels of performance predicted by the *statistical adjustment model* based on pre-program year estimates of *participant* characteristics and economic conditions (described in [TEGL 26-15 Attachment II](#)) and the levels of performance reestimated by the statistical adjustment model after the close of the program year based on the actual *participant* characteristics and economic conditions. This calculation yields a positive or negative difference, which will be used as the *adjustment factor* for the program year.
6. *Individual indicator score* is the proportion the *actual level of performance* represents of the *adjusted level of performance* for a single performance indicator for a single program. It is calculated by dividing the *actual level of performance* achieved by the *adjusted level of performance*.
7. *Overall state indicator score* is the average of the *individual indicator scores* for a single performance indicator across all WIOA core programs.
8. *Overall state program score* is the average of the *individual indicator scores* for a single program across all performance indicators.
9. *Statistical adjustment model* is an objective regression model, developed pursuant WIOA Sec. 116(b)(3)(A)(3)(viii), used to estimate levels of performance and derive the *adjusted levels of performance* based on *participant* characteristics and economic conditions. Economic conditions include differences in unemployment rates and job losses or gains in particular industries. Characteristics of *participants* include but are not limited to indicators of poor work history, lack of work experience, lack of educational or occupational skills attainment, dislocation from high-wage and high-benefit employment, low levels of literacy or English proficiency, disability status, homelessness, ex-offender status, and welfare dependency. The *statistical adjustment model* also considers other factors that, through empirical support, are determined to have an effect on state outcomes. The Departments are committed to a transparent process for assessing state performance. Accordingly, the USDOL Employment and Training Administration (ETA), the Office of Career, Technical, and Adult Education (OCTAE), and the Rehabilitation Services Administration (RSA) will publish the statistical adjustment model for all primary indicators of performance on their websites

⁴¹ WIOA Sec. 116(d)(2)

(c) Performance negotiations⁴²

WIOA Sec. 116(b)(3)(A)(iv) requires that states reach agreement with the Departments on levels of performance for each primary indicator of performance for each of the core programs at two separate and distinct times, specifically during both the state plan and state plan modification approval process. The agreed-upon negotiated levels of performance must be included in the approved state plan and state plan modification. *Negotiated levels of performance* must cover the first two program years of the state plan, and new approved *negotiated levels of performance* covering the third and fourth years of the state plan. Submission of state plans and required modification of plans to the Departments, including the required *expected levels of performance*, initiates performance negotiations between states and the Departments.

Negotiated levels of performance for the first and second years of the state plan must be established before the start of the first program year and included in the state plan for its approval. Likewise, *negotiated levels of performance* for the third and fourth years of the required two-year state plan modification must be established before the start of the third program year. To ensure performance negotiations and state plan submission and approval are completed before the beginning of the first and third program years of the state plan, states must adhere to deadlines established by the Departments that govern state plans and their modifications. The primary indicator for the *effectiveness in serving employers* performance indicator has not yet been defined; therefore, the Departments do not negotiate levels of performance for this indicator with states.

The negotiations process will proceed as follows.

1. Pursuant to WIOA 116(b)(3)(A)(iii), each state must identify *expected levels of performance* in its state plan and in the two-year modification of the plan. *Expected levels of performance* for the first two years of a state plan must be submitted in the initial submission of the state plan and in the initial submission of the two-year modification of the plan for years three and four, as described in [20 CFR § 677.170\(a\)](#), and should be the result of the state's own analyses. *Expected levels of performance* must be stated to the nearest tenth of a percent (XX.X%) or to the nearest whole dollar for median earnings and published for public comment prior to submission. In order to satisfy these requirements and deadlines, the state should not wait for the release of the latest *estimated levels of performance* derived from the Departments' *statistical adjustment model*.
2. After state plan submission, the state must negotiate and reach agreement with the respective Federal agency on the *negotiated levels of performance* for the indicators for each of the first two years of the state plan (or third and fourth years of the plan modification) for each of the core programs under WIOA Sec. 116(b)(3)(A)(iv). The factors that will be taken into account during the negotiations process are described in detail in Section V(c)(1) below.
3. The Departments will use the *statistical adjustment model* as a tool in the negotiations process to estimate the states levels of performance prior to the program year to help reach agreement on the *negotiated levels of performance*. The negotiation factors outlined in WIOA Sec. 116(b)(3)(A)(v) and Section V(c)(1) below will be taken into account during this process.

⁴² [TEGL 11-19 Change 1](#)

4. Once *negotiated levels of performance* are agreed upon, states must incorporate *negotiated levels of performance* into their state plans and plan modifications prior to approval.

(1) Negotiation factors

In reaching agreement on *negotiated levels of performance*, states and the Departments must apply the following factors pursuant to WIOA Sec. 116(b)(3)(A)(v). Note that WIOA does not specify more or less weight on any specific negotiation factor.

1. Take into account how the levels involved compare with the *negotiated levels of performance* established for other states (section 116(b)(3)(A)(v)(I) of WIOA). The Departments will provide the most recent performance data for all states, including previous *actual*, *negotiated*, and *adjusted levels of performance*, and will use this information throughout the negotiations process.
2. Ensure that the levels involved are adjusted using an objective *statistical adjustment model* provided by the Departments. Before the negotiations process begins, the Departments will provide the estimated performance outcomes produced by the *statistical adjustment model*, including the coefficients and state specific values for each variable. This information will include levels of performance, as estimated by the Departments, to be used to inform the negotiations process. State agencies and their respective Federal agencies must negotiate using the levels of performance estimated by the model, as one of four factors pursuant to section 116(b)(3)(A)(v) of WIOA, for each primary indicator of performance. These *estimated levels of performance* may not be altered for the purposes of negotiations, including any changes in participant characteristics or economic conditions anticipated by the state that would result in changes to the levels of performance predicted by the *statistical adjustment model*. Any changes in participant characteristics or economic conditions will be reflected in the model by using the actual participant characteristics and economic conditions after the close of the program year, and they will not be factored into the negotiations process.
3. Take into account the extent to which the levels involved promote continuous improvement in performance accountability measures by the state and ensure optimal return on the investment of Federal funds. The Departments consider continuous improvement to be a critical factor in the negotiations process. The Departments will consider continuous improvement factors that ensure optimal return on investment of Federal funds. The Departments acknowledge that there are many ways to define continuous improvement as related to state or national program circumstances. For example, continuous improvement may reflect:
 - a. an increase from the levels of performance previously attained;
 - b. increases in percentile rankings of levels of performance either nationally or among similar states;
 - c. changes in service strategy and delivery, including more progressive or innovative approaches designed to better meet *participant* needs;
 - d. changes in intensity or comprehensiveness with which individuals are served; or

- e. maintenance of previous performance for top performing states.

The Departments acknowledge that changes to service strategy or individuals served do not always lead to increases in performance levels.

4. Take into account the extent to which the levels involved will assist the state in meeting the performance goals established by the Secretaries of Education and Labor in accordance with the Government Performance and Results Act of 1993 (GPRA) (WIOA Sec. 116(b)(3)(A)(v)(IV)). WIOA Sec. 116(b)(3)(A)(vi) requires the Departments to establish long-term goals for *adjusted levels of performance* for each of their core programs as provided under GPRA. GPRA is a mechanism through which Congress and the Office of Management and Budget (OMB) evaluate the success of Federal programs, including those operated by states and local areas. During negotiations, the Departments will take into consideration levels of performance that will assist the Federal agencies in meeting the established GPRA goals.

(2) Use of the statistical adjustment model in the negotiations and state performance assessment process⁴³

As required by WIOA Sec. 116(b)(3)(A)(viii), the Departments will use the *statistical adjustment model* to ensure that the impact of *participant* characteristics and economic conditions in the state are accounted for in determining the *negotiated levels of performance*. The *statistical adjustment model* will perform two major functions in performance negotiations and assessment of state performance. First, it is one of the factors used when coming to agreement on the *negotiated levels of performance*. It is used to account for the economic conditions and the characteristics of *participants* to be served in the state and/or local areas. Second, it will be used at the close of a program year to adjust the *negotiated levels of performance* for the actual economic conditions experienced and actual characteristics of *participants* served. These are the *adjusted levels of performance*.

The *statistical adjustment model* is critically important to the performance negotiations process. As more data become available, the Departments will periodically review the model and refine it as necessary. The Departments will assess state performance using the model containing coefficients that were reestimated after the program year using additional data that were not available at the time of negotiations. In other words, the Departments will assess performance using more current data, which will lead to more accurate and reliable results than under the prior approach of using data that were locked in at the time the negotiated levels of performance were approved. For all WIOA core programs, the additional data used to reestimate the coefficients include more recent observations of economic conditions and *participant* characteristics up to, but not including, the cohorts associated with the program year being assessed. By not including economic conditions and *participant* characteristics for the program year being assessed, the Departments will maintain separation between state performance results being assessed and data used to inform the reestimated coefficients.

(3) State level negotiations process for Title I and Title III

State plan submissions and submissions of modifications of the plans must contain states' *expected levels of performance* for the primary indicators of performance.⁴⁴ Submitting this

⁴³ [TEGL 11-19 Change 1](#)

⁴⁴ WIOA Sec. 116(b)(3)(A)(iii)

information is the first step in the negotiations process. Once the *expected levels of performance* have been submitted, NDOL must begin negotiations with USDOL Employment and Training Administration (ETA) Region V for Title I and Title III. The Departments will outline how this negotiation process will apply to the *effectiveness in serving employers* indicator after the final rule defining the indicator is promulgated.

States have access to their own historical performance information and various other tools and resources, such as data from the Bureau of Labor Statistics or US Census Bureau. These tools may be used to establish states' *expected levels of performance*. When using other resources to analyze the relationship between labor market or economic conditions and actual performance, states should consider the reference period of the resource and the timeframes associated with each of the primary indicators of performance and apply them accordingly.

(i) **Negotiation factors**⁴⁵

While reaching agreement on the *negotiated levels of performance*, states and the Departments must apply the following factors. Note that WIOA does not specify more or less weight on any specific negotiation factor.

1. Take into account how the levels involved compare with negotiated levels of performance established for other states. USDOL will provide the most recent performance data for all states, including previous *actual*, *negotiated*, and *adjusted levels of performance* and will use this information throughout the negotiations process.
2. Ensure that the levels involved are adjusted using the *statistical adjustment model*. Before the negotiations process begins, USDOL will provide the estimated outcomes produced by the *statistical adjustment model*, including the coefficients and state-specific values for each variable. This information will include levels of performance, as estimated by USDOL, to be used to inform the negotiations process. NDOL and USDOL must negotiate using the levels of performance estimated by the model, as one of four factors pursuant to WIOA Sec. 116(b)(3)(A)(v), for each primary indicator of performance. These *estimated levels of performance* may not be altered for the purposes of negotiations, including any changes in *participant* characteristics or economic conditions anticipated by the state that would result in changes to the levels of performance predicted by the *statistical adjustment model*. Any changes in *participant* characteristics or economic conditions will be reflected in the model by using the actual *participant* characteristics and economic conditions after the close of the program year, and they will not be factored into the negotiations process.
3. Take into account the extent to which the levels involved promote continuous improvement in performance accountability measures by the state and ensure optimal return on the investment of Federal funds. USDOL considers continuous improvement to be a critical factor in the negotiations process and will consider continuous improvement factors that ensure optimal return on investment of Federal funds. USDOL acknowledges that there are many ways to define continuous improvement in relation to state or national program circumstances. For example, continuous improvement may reflect:
 - a. increases from levels of performance previously attained;

⁴⁵ [TEGL 11-19 Change 1](#)

- b. increases in percentile rankings of levels of performance either nationally or among similar states;
- c. changes in service strategy and delivery, including more progressive or innovative approaches;
- d. changes in the intensity or comprehensiveness with which customers are served; or
- e. maintenance of previous performance for the top performing states.

USDOL acknowledges that changes to service strategy or customers served do not always lead to increases in performance levels.

States and local areas must adhere to priority of service requirements of WIOA Title I programs, as established under WIOA.⁴⁶ Additionally, USDOL encourages all other WIOA programs to serve more individuals with barriers to employment who may need more intensive services to achieve a positive outcome. The effect of serving more of these customers will be accounted for in *adjusted levels of performance* calculated after the program year.

4. Take into account the extent to which the levels involved will assist the state in meeting the performance goals established by the Secretary of Labor in accordance with the Government Performance and Results Act of 1993 (GPRA).⁴⁷ WIOA Sec. 116(b)(3)(A)(vi) requires that USDOL establish long-term goals for *adjusted levels of performance* for adult, dislocated worker, and youth programs and Title III as provided under GPRA. GPRA is a mechanism through which Congress and the US Office of Management and Budget evaluate the success of Federal programs, including those operated by states and local areas. During negotiations, USDOL will consider levels of performance that will assist USDOL in meeting its established GPRA goals.

(4) Use of a statistical adjustment model in the negotiations and local performance assessment process⁴⁸

In addition to negotiating state levels of performance, NDOL must work with local workforce development areas to establish performance goals for Title I. The local board, Chief Elected Official (CEO), and NDOL, on behalf of the Governor, must negotiate and reach agreement on local levels of performance based on the State's *negotiated levels of performance*. In negotiating local levels of performance, the local board, CEO, and NDOL must use the four factors described in Section V(c)(3) for local level negotiations. In addition, a local level statistical adjustment model that aligns with the framework of the state level *statistical adjustment model* must be used at the end of the program year to adjust local *negotiated local levels of performance* in order to reflect the actual economic conditions experienced in the local area and the characteristics of *participants*. States should make these negotiated and adjusted levels, as well as the established

⁴⁶ WIOA Sec. 134(c)(3)(E); [TEGLs 19-16, 11-19 Change 1](#), and [7-20](#) provide additional information regarding priority of service populations and service requirements, as does the State's priority-of-service policy.

policies for local performance assessment, available to the local boards and the State's ETA Regional Office prior to the start of the program year in which the policies will be applied.

The local board, CEO, and the Governor must negotiate and reach agreement on local levels of performance for two program years at a time no later than September 30 during each year in which state negotiations occur. The State must notify its ETA Regional Office that negotiations are complete and include in the notification the agreed-upon levels of performance for each local area.

Section VI. Sanctions and corrective actions⁴⁹

(a) Governing law, regulations, and guidance

[TEGL 11-19 Change 1](#) explains two instances in which a state may be sanctioned for performance failure or failure to report, as required under WIOA Sec. 116(f). [TEGL 11-19 Change 1](#) also explains the corrective actions that must be taken when a local area fails to meet adjusted levels of performance, as required under WIOA Sec. 116(g).

(b) Sanctions against the state

Two types of failure lead to sanctions:⁵⁰

- failure to report; and
- failure to meet adjusted levels of performance.

Information of both failure types is provided below in Sections VI(b)(1) and (2) below.

(1) Sanctions for failure to report⁵¹

Sanctions will be applied when a state fails to submit performance reports to the appropriate Federal agency, as required under WIOA Sec. 116(d). Consistent with [20 CFR § 677.185\(a\)](#), the Departments consider a state as failing to submit performance reports if the state either (1) does not submit performance reports by 11:59 pm local time⁵² on October 1 or the next business day if October 1 falls on a holiday or weekend or (2) submits performance reports by the established date for timely submission but the report is incomplete. Annual performance reports are complete when a state:

1. attests all reports are complete and accurate to the best of its knowledge;
2. submits a WIOA Statewide Performance Report (ETA-9169) for each of the six WIOA core programs, as applicable to the reporting entity;

⁴⁹ [20 CFR § 677.190](#)

⁵⁰ WIOA Sec. 116(f); [TEGL 11-19 Change 1](#)

⁵¹ [TEGL 11-19 Change 1](#)

⁵² Local time is the time zone for the State Capitol [[TEGL 11-19 Change 1](#)].

3. collects and reports all required elements of WIOA Statewide Performance Reports as applicable to the reporting entity and uses appropriate data for the reporting period;
4. makes available a mechanism of electronic access to local area performance reports for WIOA Title I programs;
5. makes available a mechanism of electronic access to ETP performance reports for WIOA Title I programs; and
6. submits at least one WIOA Statewide Performance Report that includes *effectiveness in serving employers* performance results reflecting all six core programs.

If the performance report submitted by the state does not meet all of the above requirements by the reporting deadline, it is incomplete.

Consistent with WIOA Sec. 116(f)(1)(B), sanctions will not be applied in cases where failure to report is due to exceptional circumstances outside the State's control, as determined by USDOL. USDOL defines exceptional circumstances in [20 CFR § 677.185\(b\)](#). Exceptional circumstances may include, but are not limited to:

- natural disasters;
- unexpected personnel transitions; and
- unexpected technology related issues.

When exceptional circumstances occur, the State may request an extension of the submission deadline.

(i) [Extension requests](#)⁵³

In the event of exceptional circumstances, the State must notify the Secretary of Labor in writing of the potential impact on the State's ability to submit an annual performance report and request an extension in order not to be considered as failing to report. The State's request for an extension should include a detailed account identifying the unexpected events precluding timely reporting sufficient for the Departments to make a determination. The following information should be included in an extension request:

1. sufficient detail of the unexpected circumstances that will lead to untimely or incomplete reporting to warrant an extension;
2. proposed extension period, fitting of the circumstances causing the delay, which should not exceed 30 calendar days after the established annual reporting deadline;
3. names and contact information of each responsible State designee or designated point of contact who will ensure that any extended deadline will be met; and

⁵³ [TEGL 11-19 Change 1](#)

4. any other information that the State deems relevant to help explain the need for an extension.

The State must submit the extension request as soon as possible, but not later than 30 calendar days prior to the established annual reporting deadline ([20 CFR § 677.185\(c\)\(1\)](#)). The annual reporting deadline is October 1 each year or the next business day if October 1 falls on a holiday or weekend. Therefore, the State must submit reporting extension requests no later than September 1 (or the next business day if September 1 falls on a holiday or weekend).

In cases where unexpected, exceptional circumstances occur within 30 calendar days of the established annual reporting deadline, the State must submit an extension request to the Secretary of Labor or Education, as applicable, as soon as possible but not later than the established annual reporting deadline ([20 CFR § 677.185\(c\)\(2\)](#)). Under these circumstances, in addition to the information described above, the request should include sufficient explanation as to why notification of the delay could not be provided 30 calendar days prior to the established annual reporting deadline.

All extension requests will be reviewed by the Departments for completeness and a thorough explanation of exceptional circumstances. The Departments may grant extension requests as submitted, grant extension requests with revisions, or reject the extension requests. Proposed reporting extensions should not exceed 30 calendar days after the established annual reporting deadline and should be appropriate to and commensurate with the exceptional circumstances.

In the event of failure to report timely or completely, pursuant to WIOA Sec. 116(f)(1)(B), the Governor's discretionary funds provided under WIOA Sec. 128(a) will be reduced by five percent of the maximum available allotment in the immediately succeeding program year. [20 CFR § 677.195\(a\)](#) stipulates that the sanction is equal to five percent of the maximum allotment percentage that could be reserved by the Governor in the succeeding program year. This sanction will be enforced for each year in which a state fails to report timely or completely.

(2) Sanctions for failure to meet adjusted levels of performance⁵⁴

In accordance with [20 CFR § 677.190\(e\)](#), a performance failure occurs if:

- any single *individual indicator score* for any single core program falls below 50 percent of the *adjusted level of performance*;
- the *overall state program score* falls below 90 percent for a single program; or
- the *overall state indicator score* falls below 90 percent for a single primary indicator of performance.

If the State fails to meet *adjusted levels of performance* for the primary indicators of performance for any year, technical assistance will be provided by the Secretary of Labor, including assistance in the development of a performance improvement plan. If the same performance failure occurs for two consecutive program years, USDOL will apply sanctions.

Any state that fails to meet *adjusted levels of performance* for the primary indicators of performance for any year will receive technical assistance, including assistance in the

⁵⁴ [TEGL 11-19 Change 1](#)

development of a performance improvement plan provided by the Secretary of Labor or Secretary of Education ([20 CFR § 677.190\(b\)](#)). However, if the state has the same performance failure occur in two consecutive program years, the Departments will apply sanctions.

(i) [Determining state performance success or failure](#)⁵⁵

The Departments will determine state performance success or failure at the end of each program year. In order to make a determination of success or failure, the *negotiated levels of performance* for that year will be adjusted using the *statistical adjustment model*, which will factor in data on the actual economic conditions of the state and the actual characteristics of the populations served by the program during that year. This adjustment will be calculated using the *adjustment factor* to produce the *adjusted levels of performance*. A detailed explanation of this calculation is found in [TEGL 11-19 Change 1 Attachment II](#). This will determine the *adjusted levels of performance* for the program year against which the state's *actual levels of performance* will be evaluated through the calculation of the performance score. [TEGL 11-19 Change 1 Attachment IV](#) provides an overview of the entire process.

The individual indicator score is calculated by dividing the *actual level of performance* achieved by the *adjusted level of performance*. The *adjusted level of performance* is calculated by adding the *adjustment factor* to the *negotiated level of performance*. The *individual indicator score* will not be rounded; it will be truncated to the first decimal place. A detailed example can be found in [TEGL 11-19 Change 1 Attachment I](#).

(ii) [Phasing in sanctions for performance failure](#)⁵⁶

The Departments used their transition authority under WIOA Sec. 503(a) to implement a phased-in approach to determine performance success or failure for each indicator or program, due to lack of available data, consistent with the requirements of [20 CFR § 677.190\(c\)](#). Consistent with past practice, the Departments will continue to inform states when the assessment of any performance indicator is delayed. If a performance failure occurs at the end of the program year, the respective Federal agency and the state agency will work to develop a performance improvement plan, and the Federal agency will provide technical assistance in accordance with WIOA Sec. 116(f)(1)(A).

To be clear, if a state has the same performance failure occur in two consecutive program years, the Departments will apply sanctions, pursuant to WIOA Sec. 116(f)(1)(B). This applies regardless of where those program years fall within the negotiations cycle. That is, although state *negotiated levels of performance* are negotiated at two-year intervals, a failure in the second year of one negotiation cycle followed by the same failure in the first year of the subsequent negotiation cycle is considered a failure in two consecutive program years. For example, the Departments will establish *negotiated levels of performance* for PYs 2024 and 2025 in one negotiations cycle and *negotiated levels of performance* for PYs 2026 and 2027 in another negotiations cycle. A state will be sanctioned if it has a repeat performance failure in PYs 2025 and 2026. Specifically, the Departments will reduce the Governor's discretionary funds provided under WIOA Sec. 128(a) by five percent of the maximum available amount in the program year immediately succeeding the second consecutive performance failure. This sanction will be enforced each successive year in which the state continues to have the same performance failure.

⁵⁵ [TEGL 11-19 Change 1](#)

⁵⁶ Ibid.

(3) Sanctions for failure to report and repeat failure to meet adjusted levels of performance in the same program year⁵⁷

If a state during the same year has both types of failure, that would result in sanctions being applied as described in Section IV(b)(1) and (2) above, meaning the state has both a failure to report and a failure to meet *adjusted levels of performance* for a second consecutive program year. In this case, the Departments will apply sanctions for both types of failure. [20 CFR § 677.195\(b\)](#) stipulates that such a sanction would be equal to ten percent of the maximum allotment percentage that could be reserved by the Governor in the succeeding program year. The Departments will enforce this sanction each successive year in which the state continues to have the same reporting and performance failures.

(c) Corrective action against local areas for failure to meet adjusted levels of performance

NDOL must use local performance goals for Title I to determine when corrective action must be taken against a local area for failure to meet *adjusted levels of performance*.⁵⁸ In addition, NDOL is required to establish thresholds for local area failure to meet *adjusted levels of performance* before coming to agreement on local area *negotiated levels of performance*. NDOL's established thresholds are described in Section VI(c)(1) below.

(1) Determining local area performance success or failure⁵⁹

States must use local performance goals for Title I programs for two required purposes, to determine (1) if a local area “performed successfully” for subsequent local area designation and (2) when the state must take corrective action when a local area fails to meet the *adjusted levels of performance*.

For the purpose of determining subsequent local area designation, the term “performed successfully” means that the local area (1) met or exceeded local *negotiated levels of performance* for primary indicators of performance and (2) has not failed any individual measure for the last two consecutive program years in accordance with a state-established definition for “met or exceeded performance”, provided in the state plan. For subsequent designation determinations made at the conclusion of PY 2018, or at any point thereafter, states must base their findings of whether a local area performed successfully for the two most recently completed program years on five of the six of primary indicators of performance where at least two years of data are available. (Note that Nebraska performance on sixth indicator, *effectiveness in serving employers*, is not measured at the local level.)

A state must establish the threshold for failure to meet *adjusted levels of performance* for a local area before coming to agreement on the *negotiated levels of performance* for the local area. NDOL has established the following thresholds for determining a local area failure to meet *adjusted levels of performance*.

- *Individual local single indicator score*. For any single adult, dislocated worker, or youth program, failure to meet an adjusted level of performance occurs when any *individual local*

⁵⁷ [TEGL 11-19 Change 1](#)

⁵⁸ [20 CFR § 677.220](#); [TEGL 11-19 Change 1](#)

⁵⁹ [TEGL 11-19 Change 1](#)

single indicator score falls below 50 percent of the *adjusted level of performance* for that single indicator during the previous two consecutive program years.

- *Overall local single indicator score.* For any single performance indicator across all Title I, failure to meet adjusted levels of performance for the indicator occurs when the *overall local single indicator score* falls below 90 percent of the *adjusted level of performance* for that indicator during the previous two consecutive program years.
- *Overall local single program score.* For any single adult, dislocated worker, or youth program, failure to meet *overall adjusted levels of performance* for the program occurs when the *overall local single program score* falls below 90 percent of the *overall adjusted levels of performance* for that single program during the previous two consecutive program years.

Following the conclusion of the applicable program year, a state must establish the *adjusted level of performance* for a local area, using the local level statistical adjustment model described above. At least two years of complete data on any indicator for any local core program are required in order to establish *adjusted levels of performance* for a local area.

(i) Technical assistance

States must provide technical assistance if a local area fails to meet *adjusted levels of performance* for the programmatic primary indicators of performance in any program year. Upon the state's request to the Secretary of Labor, USDOL may provide this technical assistance. The technical assistance may include:

- assistance in the development of a performance improvement plan;
- development of a modified local or regional plan; or
- other actions designed to assist the local area in improving performance.

(ii) Corrective action

If a local area fails to meet *adjusted levels of performance* for the same primary indicators of performance for the same Title I program for a third consecutive program year, the Governor must take corrective actions. If the Governor takes corrective action against a local area for failing to meet *adjusted levels of performance*, NDOL must advise its Federal Project Officer of this action. The corrective actions must include the development of a reorganization plan under which the Governor:

- requires the appointment and certification of a new local board, consistent with the criteria in [20 CFR § 679.350](#);
- prohibits the use of eligible [service] providers and one-stop partners that have been identified as achieving poor levels of performance; or
- takes such other significant actions as the Governor determines are appropriate.

(2) Appeal⁶⁰

A local board and CEO subject to a reorganization plan under WIOA Sec. 116(g)(2)(A) may appeal to the Governor, not later than 30 days after receiving notice of the reorganization plan and request that the reorganization plan be rescinded or revised. The Governor must make a final decision within 30 days after receipt of the appeal. The local board and CEO may appeal the final decision of the Governor to the Secretary of Labor no later than 30 days after receiving the decision from the Governor. The Governor's final decision on the appeal becomes effective at the time it is issued and remains in effect unless the Secretary rescinds or revises the reorganization plan pursuant to WIOA Sec. 116(g)(2)(C).

Any appeal of the Governor's final decision must be:

- appealed jointly by the local board and CEO to the Secretary, as required under [20 CFR § 683.650](#);
- submitted by certified mail, return receipt requested to :
 - Secretary of Labor, US Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, Attention: ASET;
- simultaneously submitted to:
 - Governor of the State of Nebraska, 1445 K Street, Lincoln, Nebraska, 68508; and
 - Commissioner of Labor, Nebraska Department of Labor, 550 South 16th Street, Lincoln, NE 68508.

Upon receipt of the appeal from the local board and CEO, the Secretary must make a final decision within 30 days. In making this determination, the Secretary may consider any comments submitted by the Governor in response to the appeal.

DISCLAIMER

 APPENDIX I. Definitions 13

Section I. Allocation of Title IB funds

(a) Adult and youth programs

Allocation of adult and youth funds to local areas is based on the formulas described in WIOA Secs. 133(b)(2) and 128(b)(2) and [20 CFR § 683.120](#).

(b) Dislocated worker program

Allocation of dislocated worker funds to local areas is based on factors and weights determined appropriate by the Governor, which are listed in Table 1.

Table 1. Dislocated worker allocation factors and weights

Factor	Weight
1. Insured unemployment data	15%
2. Unemployment concentrations	15%
3. Plant closings and mass layoff data	20%
4. Declining industries data	5%
5. Farmer-rancher economic hardship data	5%
6. Long-term unemployment data	20%
7. Dislocated worker program enrollment data	20%
Total	100%

Calculation of dislocated worker program allocations is performed in two steps.

1. NDOL determines the percentage of the State’s allotment of dislocated worker funds to be assigned to each allocation factor described in Table 1 (assigned percentage).
2. NDOL determines the amount of the assigned percentage based on allocation factors described in Table 1 as they apply to local areas (allocation percentage).

(c) Minimum allocations

Local area adult, dislocated worker, and youth programs *must not* receive an allocation percentage for a fiscal year that is less than 90 percent of the average allocation percentage for the programs for the preceding two fiscal years.⁶

- Amounts necessary to adjust local area allocations to comply with the *minimum allocation percentage requirement* are determined by ratably reducing allocations to other local areas.
- If amounts of WIOA funds appropriated in a fiscal year are not sufficient to meet the *minimum allocation percentage requirement*, amounts allocated to all local areas must be ratably reduced.

Section II. Obligation, disbursement, and availability of Title IB funds

(a) Obligation of funds⁷

Adult and dislocated worker funds are available for obligation beginning July 1 of the applicable program year. Youth funds may be made available for obligation beginning April 1 for the program year that begins the following July 1.

(b) Disbursement of funds

Availability of Title IB funds for disbursement to local areas is described below, subject to conditions established by the US Department of Labor.

- Adult and dislocated worker program year funds (base funds) are typically available for disbursement on July 1.
- Adult and dislocated worker fiscal year funds (advance funds) are typically available for disbursement on October 1.
- Youth funds are typically available for disbursement to local areas on July 1.

Conditions. Title IB program funds are available for disbursement by NDOL to local areas on the latter of the following events:⁸

- 30 days after the funds are made available by USDOL to NDOL; or
- 7 days after the date of approval of local plans or local plan modifications, as applicable.

⁶ [20 CFR § 683.125](#)

⁷ [20 CFR § 683.100](#)

⁸ WIOA Sec. 182(e); [20 CFR § 683.120](#)

(1) Processes

To request disbursement of Title IB funds from NDOL, fiscal agents must submit invoices *no more or less frequently than once per calendar month*. Disbursement requests must be submitted by fiscal agents to NDOL Accounts Payable at ndol.accountspayable@nebraska.gov, using NDOL's approved invoice template.⁹

- All invoices must be securely transmitted using encrypted email to ensure the protection of potential PII.
- All invoices must be accompanied by supporting documentation for:
 - expenses previously incurred and paid; and
 - expenses that will be incurred and paid in the week following the request for disbursement.
- Separate invoices must be submitted for expenses to be paid from differing funding sources (program year funds [base funds] and fiscal year funds [advance funds]).

Local areas *must* use funds available from program income, rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds *before* invoicing NDOL for disbursements.¹⁰

(c) Availability of funds during the period of performance

Subject to the requirements of Sections VI and VII, allocated Title IB funds are available for expenditure by local boards during the first program year and one succeeding program year.¹¹ This two-year period is known as the *period of performance*. During the period of performance, funds with the shortest period of availability must be expended first (i.e., first in first out), unless otherwise authorized in the applicable grant agreement issued to NDOL by a Federal Contracting Officer.

Section III. WIOA pay-for-performance contract strategy

(a) Overview

Title IB funds may be reserved and used to implement a WIOA pay-for-performance contract strategy in accordance with [20 CFR 683 Subpart E](#). A WIOA pay-for-performance contract

⁹ This requirement does not apply to the Greater Nebraska Workforce Development Area because requests for disbursements to Greater Nebraska are processed and documented within NDOL financial management information systems.

¹⁰ [2 CFR § 200.305](#)

¹¹ [20 CFR § 683.110](#)

strategy is a specific type of performance-based contract¹² strategy that has four distinct characteristics.¹³

1. It is a strategy to use pay-for-performance contracts as they are described in [20 CFR § 683.510](#).
2. It must include an identification of the workforce development problem and target populations for which a local area will pursue a pay-for-performance contract strategy; the outcomes the local area would hope to achieve through a pay-for-performance contract relative to baseline performance; and the acceptable cost to government associated with achieving these outcomes.
3. It must include a strategy for independently validating the performance outcomes achieved under each contract within the strategy prior to payment occurring.
4. It must include a description of how the local area will reallocate funds to other activities under the contract strategy in the event a service provider does not achieve performance benchmarks under a pay-for-performance contract.

(b) Pay-for-performance contract requirements

Prior to the implementation of a pay-for-performance contract strategy, a local area must conduct a feasibility study to determine whether the intervention is suitable for a pay-for-performance contract strategy.¹⁴ The Pay-for-Performance contract strategy must be developed in accordance with guidance issued by the Secretary of Labor.¹⁵ [20 CFR § 683.510](#) provides detailed information on pay-for-performance contract requirements.

(c) Funding pay-for-performance contract strategies

No more than 10 percent of the combined allocation of program year funds for adult and dislocated worker programs can be reserved and used for implementation of pay-for-performance contract strategies *for adult training services* described in WIOA Sec. 134(c)(3).¹⁶

No more than 10 percent of the allocation of program year funds for youth programs can be reserved and used for the implementation of pay-for-performance contract strategies *for youth training services and other activities* described in WIOA Sec. 129(c)(2).¹⁷

¹² In general, performance-based contracting is a procurement method that structures all aspects of the procurement around the purposes of the work to be performed instead of describing the manner by which the work is to be performed.

(1) Additional factors

NDOL may take into account any other factors it deems relevant to transfer requests, including monitoring reports issued by the NDOL Reemployment Services State Monitoring Unit.

(c) Transfer request determinations

Absent extenuating circumstances, determinations on transfer requests will be issued in writing to local board chairs by an NDOL Reemployment Services Division representative *within 30 calendar days of NDOL’s receipt of complete, compliant, and signed transfer request forms.*

Section VI. Recapture and reallocation of unexpended/unobligated Title IB funds

(a) Unexpended/unobligated funds²⁶

At least 80 percent of the funds allocated to a local area for a program year for each of the adult, dislocated worker, and youth programs should be expended/obligated by the end of the first year program year of a period of performance. If more than 20 percent of the funds remain unexpended/unobligated at the conclusion of the first program year of the period of performance, the State may *recapture* the amount that exceeds 20 percent. (Recaptured amounts are separately determined for each program.) Calculation of the 20 percent amount must adjust for:

- funds reserved by the local board for administrative costs (up to 10 percent); and
- any transfer of funds between the local area adult and dislocated worker programs.

(b) Recapture of unexpended/unobligated funds²⁷

In the event that local areas do not expend or obligate at least 80 percent of funds allocated to local areas during the first program year of a period of performance for their adult, dislocated worker, and youth programs, NDOL may recapture amounts that do not meet the minimum 20 percent expenditure/obligation threshold and reallocate that amount to other local areas for the same programs from which the funds were recaptured, following consultation with the state board.

(c) Reallocation of unexpended/unobligated funds²⁸

To be eligible for reallocation of unobligated funds, local areas must have expended or obligated at least 80 percent of prior program year allocations for applicable programs, less any amount reserved for the costs of administration (up to 10 percent). Local area eligibility to receive reallocated funds must be separately determined for each applicable program. Local areas that receive reallocated funds must fully expend the funds by June 30 of the program year during which the reallocated funds are received.

(d) Pay-for-performance exception

Funds obligated by local boards to carry out WIOA pay-for-performance contract strategy, in accordance [20 CFR 683 Subpart E](#), remain available until expended.²⁹

Section VII. Return and reallocation of unexpended Title IB funds after periods of performance

Funds not expended by local boards during periods of performance must be returned to NDOL.³⁰ Returned funds may be used by NDOL during the following program year for:

- expenditure on statewide projects; or
- reallocation to eligible local boards.

Eligible local boards are those that have fully expended their allocated funds for the same program within the same period of performance. Eligible local boards that receive reallocated unexpended funds must fully expend those funds by June 30 of the program year the funds are received.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

Procurement, Change 1

REFERENCE

Federal and state laws, rules, regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

WIOA and the Uniform Guidance¹ establish administrative requirements, procurement standards, and methods of procurement for WIOA Title I programs (youth, adult, and dislocated worker).

CHANGES

Under this Change 1, footnotes have been revised for clarity and links have been updated where necessary.

¹ Uniform Guidance refers collectively to 2 CFR Parts 200 and 2900.

ACTION

This policy supersedes and cancels the State’s policy titled Procurement (effective February 23, 2018). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Each local board must establish local procurement policies and procedures for procurement of property and services required to carry out WIOA Title I programs (youth, adult, and dislocated worker). The policies and procedures must adhere to state and local procurement laws and the following laws, regulations, and guidance:²

- Uniform Guidance;
- 2 CFR Part 180, guidelines on debarment and suspension;³ and
- other applicable Federal laws, regulations, and guidance, including requirements for procurement established under WIOA and its implementing rules, regulations, and guidelines.

POLICY

This policy establishes requirements applying to administrative entities⁴ regarding procurement of property and services required to carry out WIOA Title I programs, except for the procurement of one-stop operators.⁵

This policy has three sections and one appendix.

⁵ Procurement of one-stop operators is addressed in the State’s policy on one-stop operator competitive selection and is available in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies..>

Section I. Administrative requirements

The provisions of this policy apply to administrative entities in their role as pass-through entities that award:

- subawards to subrecipients to carry out part of the local WIOA Title I program; and
- contracts to contractors for purchasing property or other services needed to carry out WIOA Title I programs.

Section II. Procurement requirements

Administrative entities must follow the procurement standards established in the Uniform Guidance, key provisions of which are summarized below to stress their importance.

Each administrative entity must:

1. use its own documented procurement policies and procedures, provided they conform to the standards identified in the Uniform Guidance;⁶
2. maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of subawards and contracts;⁷
3. maintain written standards of conduct covering organizational conflicts of interest if the administrative entity has a parent, affiliate, or subsidiary organization that is not a state or local government;⁸
4. maintain, retain, and provide access records detailing the history of procurement;⁹

Section III. Procurement methods

Table 1 provides an overview of permitted procurement methods, which are described in detail in 2 CFR § 200.320. Local boards must use one of these methods or the leveraged-resources method described in Section III(a).

Table 1. Methods of procurement¹⁹

Method	Description
1. Micro-purchase	Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold. ²⁰ To the extent possible, local boards must distribute micro-purchases equitably among qualified third parties. Micro-purchases may be awarded without soliciting competitive quotations if the local board considers the price to be reasonable.

¹¹ Uniform Guidance, including 2 CFR §§ 200.331 and 200.326 and Appendix II to 2 CFR Part 200 provide information on required provisions. In addition, refer to 20 CFR Parts 680, 681, and 683 for regulations on pay-for-performance contracts contract strategies.

²⁰ Refer to 2 CFR § 200.320 and 48 CFR Part 2 Subpart 2.1 for information on micro-purchase thresholds.

Method	Description
2. Small purchase procedure	The small purchase procedure is the relatively simple and informal procurement method for securing services that do not cost more than the Simplified Acquisition Threshold. ²¹ If small purchase procedure is used, price or rate quotations must be obtained from an adequate number of qualified third parties.
3. Sealed bid (formal advertising)	Under the sealed bid procedure, bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the third party whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.
4. Competitive proposal	The technique of the competitive proposal is normally conducted with more than one provider submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids.
5. Noncompetitive (sole-source) proposal	The noncompetitive (sole-source) proposal method is procurement through solicitation of a proposal from only one third party. Noncompetitive procurement may be used only when: <ul style="list-style-type: none"> ▪ the item is available only from a single source; ▪ public exigency or emergency will not permit a delay resulting from competitive solicitation; ▪ the US Department of Labor Employment and Training Administration <i>or</i> NDOL expressly authorizes noncompetitive proposals in response to a written request from the administrative entity; ▪ after solicitation of a number of sources, competition is determined inadequate; or ▪ there are an insufficient number of eligible youth providers or Eligible Training Providers in the local area, which is determined according to local procurement policies and procedures.²²

(a) Leveraged resources

Local Title I programs are not required to use program funds for procurement of program services and may leverage partner resources to provide some or all services. If a program service is not funded with program funds, the local board or applicable Title I program provider must:²³

- have a written agreement with the partner to ensure that the service will be offered; and
- ensure that the service is closely connected to and coordinated with the program.

²¹ Refer to 2 CFR § 200.320 and 48 CFR Part 2 Subpart 2.1 for information on simplified acquisition thresholds.

²² 20 CFR §§ 679.370(1)(1), 680.320(a)(2), and 681.400(b)(4)

²³ 20 CFR § 681.470

(a) NDOL

NDOL is required to submit reports to the US Department of Labor (USDOL) documenting the operations, program activities, and program expenditures of Title I, Title III, JVSG, TAA, and applicable USDOL funded discretionary grant programs.⁴ In addition, the required reports must include information necessary to demonstrate compliance with the nondiscrimination provisions of [WIOA Sec. 188](#) and [29 CFR Part 38](#) and include information about:⁵

1. demographic characteristics (including race, ethnicity, sex, and age) and other related characteristics pertaining to participants;

⁴ [WIOA Sec. 185\(c\)](#)

⁵ [WIOA Sec. 185\(d\)](#)

2. programs and activities in which participants are enrolled and the length of time participants are engaged in programs and activities; and
3. outcomes for participants taking part in programs and activities, including information on occupations and placement of participants in nontraditional employment.

(b) Local boards and administrative entities

For reporting, monitoring, and quality control purposes, local boards and administrative entities must:⁶

- ensure utilization of NWorks by Title I programs to safeguard NDOL's ability to perform uniform compilation, cross tabulation, and analysis of program data, including data necessary to ensure compliance with the requirements of the nondiscrimination provisions of [WIOA Sec. 188](#) and [29 CFR Part 38](#);
- submit and make available in NWorks and NWorks Document Manager (NDM) all documentation supporting program activities; and
- ensure timely submission of mandatory Title I quarterly financial reports to NDOL, in accordance with NDOL's policy on program funding.

(c) NDOL administered programs

NDOL administers and implements the following USDOL funded programs:

1. Jobs for Veterans State Grant program (JVSG);
2. Senior Community Service Employment Program (SCSEP);
3. Title III Wagner Employment Service (Title III);
4. Trade Adjustment Assistance program (TAA); and
5. from time to time:
 - a. Federally funded discretionary grant programs, including National Dislocated Work Grant programs authorized under [WIOA Sec. 170](#); and
 - b. other Federally funded discretionary grant programs.

For reporting, monitoring, and quality control purposes, administrators of NDOL administered programs listed above must:⁷

- ensure utilization of NWorks, except as otherwise required by a Federal partner, to safeguard NDOL's ability to perform uniform compilation, cross tabulation, and analysis of programmatic and participant data, including data necessary to ensure compliance with

⁶ [WIOA Sec. 185\(c\)](#); [TEGLs 10-16 Change 2](#) and [Change 3](#)

⁷ [WIOA Sec. 185\(c\)](#). SCSEP utilizes a separate management information system pursuant to Federal partner requirements.

the requirements of the nondiscrimination provisions of [WIOA Sec. 188](#) and [29 CFR Part 38](#), and NDOL's financial reporting systems; and

- submit and make available through NEworks and NDM all case management records and source documentation.

Section II. Required records management systems

NEworks is NDOL's management information system of record for Federal reporting pertaining to Title I programs and NDOL administered programs. In addition, NDM is NDOL's designated source documentation management system. Title I programs and NDOL administered programs must use NEworks and NDM to record and document all program activities and services, except as otherwise required by Federal partners.

Section III. Records corrections

Program staff may correct errors in NEworks during the 30-day period beginning on the date of entry of incorrect information. After the 30-day period expires, record correction requests must be submitted, subject to the following restrictions and requirements.

1. Correction requests must not be used to enhance program performance or distort actual events.
2. NDOL's Reemployment Services Division Quality Control Unit (QCU) Administrator is responsible for review and approval of submitted correction requests.
3. All submitted record correction requests must concisely reference existing acceptable source documentation that substantiates requested corrections, which must be accessible to the QCU Administrator during review of correction requests.
4. Correction requests will not be approved if source documentation for affected records is not:
 - a. accessible to the QCU Administrator; or
 - b. acceptable in accordance with [TEGL 23-19 Change 2, Attachment II](#).

Section IV. Records retention

(a) Local boards and administrative entities

Subject to the exceptions described in Section IV(c) below, local boards and administrative entities must ensure that all Title I records listed below are retained for a minimum of three years

from the date of NDOL's submission of the final expenditure report to USDOL for the applicable program year:⁸

1. financial records;
2. source documentation;
3. statistical records; and
4. all other records pertaining to the programs, including but not limited to local board meeting minutes.

Local boards and administrative entities may request the date of NDOL's submission of the final expenditure report for an applicable program year by sending a request to the policy mailbox at ndol.wioa_policy@nebraska.gov.

(1) Additional retention requirements

Greater Lincoln and Greater Omaha Workforce Development Areas may be subject to additional record retention requirements based on applicable state, regional, or local laws. Greater Lincoln and Greater Omaha administrative entity staff must determine if their respective local areas are subject to additional record retention requirements.

The Greater Nebraska Workforce Development Area is subject to additional records retention requirements under the Nebraska Records Management Act.⁹ Greater Nebraska administrative entity staff must refer to the records retention and disposition schedules established by the Nebraska Secretary of State to determine additional record retention requirements.¹⁰

Regardless of state, regional, and local laws, rules, and regulations that may impact local workforce development areas, Federally established record retention requirements cannot be lessened by record retention requirements established under state, regional, and local laws, rules, and regulations.

(b) NDOL administered programs

Subject to exceptions described in Section IV(c) below, NDOL administered programs are bound by the same Federal three-year retention period described above. In addition to the three-year retention requirement, NDOL administered programs are subject to additional record retention requirements established under the Nebraska Records Management Act, which means administrators of those programs must refer to the records retention and disposition schedules established by the Nebraska Secretary of State to determine any additional retention requirements, beyond the Federal three-year retention requirement. Federally established record retention requirements cannot be lessened by record retention requirements established under state, regional, and local laws, rules, and regulations.

¹⁰ Retention schedules for NDOL are accessible at <https://sos.nebraska.gov/records-management/department-labor-schedule-45>.

(c) Record retention exceptions

USDOL is not permitted to impose record retention and access requirements other than those stated in the [2 CFR Part 200 Subpart D](#), except under the circumstances described in [2 CFR § 200.334](#). Likewise, NDOL and local boards and administrative entities are not permitted to impose record-retention requirements upon their respective subrecipients other than those stated in 2 CFR § 200.334, subject to the requirements of the Nebraska Records Management Act and other applicable state, regional, and local laws, rules, and regulations

Section V. Records access

[2 CFR § 200.337](#) describes rights of access to records pertaining to Federal awards.¹¹ [2 CFR § 200.315\(e\)](#), [5 USC 552](#), and [Executive Order 13556](#) provide information concerning to public access to records.

Section VI. Quality control and data validation

(a) State level system-automated quality control processes

Data quality is verified quarterly and annually at the state level through large-scale, system-automated processes within NEworks pertaining to performance reporting for Title I and Title III programs.

1. NDOL's NEworks vendor provides a PIRL¹² file to NDOL on a daily basis through secure file transfer.
2. The PIRL is uploaded to WIPS¹³ during quarterly and annual reporting cycles. The PIRL passes through edit check protocols that scan all individual and programmatic data elements. Edit check protocols search for date range errors and inconsistencies, anomalies, and waterfall errors (i.e., if element a = 1 then element b cannot = 2).
3. Once quarterly and annual PIRL files successfully clear edit check protocols, PIRL reports are certified by the QCU.
4. Similar edit check processes for wage data occur simultaneously in SWIS¹⁴ during quarterly and annual reporting cycles established by USDOL.

¹¹ Refer to [2 CFR § 200.1](#) for definition of Federal award.

¹² [PIRL](#) refers to a Participant Individual Record Layout, a format for reporting program performance data to USDOL.

¹³ [WIPS](#) refers to the Workforce Integrated Performance System, the system by which states report on performance of Federally funded workforce programs.

¹⁴ [SWIS](#) refers to the State Wage Interchange System, the system used to facilitate the interstate exchange of Wage Data between participating state agencies.

(b) Title I and Title III quality control requirements and procedures

NDOL has established quality control requirements and procedures for Title I and Title III programs.

1. Quality control activities must be conducted annually by Title I and Title III programs for quarters 1 through 3 of each program year following conclusion of quarter 3, based on the schedule provided in Table 1.
2. QCU generates lists of randomly selected participant cases from Title I and Title III participant populations for quarters 1 through 3 of each program year using the NEworks random sampling function described in Section VI(e) below.
3. QCU provides random sample lists to local Title I administrative entities and the Title III administrator within 15 calendar days of conclusion quarter 3 of each program year.
4. During performance of annual quality control activities, all participant cases listed in random sample lists must be evaluated by Title I and Title III programs to compare recorded NEworks activities and case notes to documentation available in NDM to determine if acceptable source documentation is present. [TEGL 23-19 Change 2, Attachment II](#) identifies multiple types of acceptable source documentation. If multiple types of source documentation are present in NDM for NEworks activities and case notes and those source documents conflict, the most objective acceptable source document must be used to determine if NEworks activities and case notes are accurate.
5. Following completion of annual quality control activities, the following actions must be taken by Title I and Title III programs.
 - a. Record correction requests must be submitted, as described in Section III, whenever quality control activities reveal that NEworks activities and case notes:
 - i. do not include or align with source documentation stored in NDM; and
 - ii. source documentation stored in NDM does not comply with types of acceptable source documentation described in [TEGL 23-19 Change 2, Attachment II](#).
 - b. Quality control reports must be generated that:
 - i. indicate numbers of participant cases evaluated based on the random sample participant lists provided by QCU;
 - ii. identify anomalies that may cause inaccurate reporting;
 - iii. identify trends in common data accuracy issues;
 - iv. identify participant cases with data accuracy issues; and
 - v. identify corrective actions that were or will be taken based on the results of annual quality control activities.

- c. Quality control reports must be submitted to the QCU State Monitoring Unit (SMU) Supervisor at ndol.state_monitor@nebraska.gov based on the schedule provided in Table 1.

Table 1. Annual schedule for Title I and Title III quality control activities and reporting

Quality control period	Start date of quality control activities	End date of quality control activities	Quality control report due date	Submission of quality control reports
July 1 – March 30	April 15	June 30	July 1	to SMU Supervisor at ndol.state_monitor@nebraska.gov

(c) Conflicts of interest and quality control activities

NDOL prohibits local area organizational practices that allow or require Title I service provider staff to conduct Title I quality control activities. NDOL also prohibits practices that allow or require Title III staff to conduct quality control activities for their respective participant cases. Both prohibitions are necessary, as these practices constitute real or apparent conflicts of interest. To avoid real or apparent conflicts of interest, Title I service provider staff and Title III program staff cannot:

- conduct quality control activities for programs of which they are part; or
- evaluate participant cases for participants they may have served.

Refer to NDOL’s policy on internal controls and conflicts of interest for additional information on other circumstances that constitute real or apparent conflicts of interest.

(d) Title I and Title III data validation requirements and activities

NDOL has established data validation requirements and procedures for Title I and Title III programs.

1. Data validation activities must be conducted annually by the SMU Supervisor following conclusion of each program year based on the schedule provided in Table 2.
2. QCU generates lists of randomly selected participant cases from Title I and Title III participant populations for the completed program year program year using the NEworks random sampling function described in Section VI(e) below.
3. QCU provides random sample lists to the SMU Supervisor within 15 calendar days of the conclusion of each program year.
4. During performance of annual data validation activities, all participant cases listed in Title I and Title III random sample lists must be evaluated to compare recorded NEworks activities and case notes to documentation available in NDM to determine if acceptable source documentation is present. [TEGL 23-19 Change 2, Attachment II](#) identifies multiple types of acceptable source documentation. If multiple types of source documentation are present in NDM for NEworks activities and case notes and those source documents conflict, the most objective acceptable source document must be used to determine if NEworks activities and case notes are accurate.

5. Following completion of annual data validation activities, the following actions must be taken by the SMU Supervisor.
 - a. Data validation reports must be generated that:
 - i. indicate numbers of participant cases evaluated based on the random sample participant lists provided by the QCU;
 - ii. identify anomalies that may cause inaccurate reporting;
 - iii. identify trends in common data accuracy issues; and
 - iv. identify participant cases with data accuracy issues;
 - b. Resulting data validation reports must be submitted to the QCU Administrator at ndol.wioa_policy@nebraska.gov based on the schedule provided in Table 2.
6. The QCU Administrator will evaluate data validation reports and implement necessary corrective actions, in collaboration with the SMU Supervisor and QCU State Policy Unit (SPU).

(e) Random record sampling

QCU generates lists of randomly-selected participant cases for Title I and Title III program populations using the NEworks random sampling function. The random sampling function selects participant cases based on program population size, confidence level percentages, confidence intervals, and required case sample sizes described in Table 3.

POLICY

This policy has two sections and one appendix.

Section I. Purposes of internal controls and prevention of conflicts of interest 3
 Section II. Requirements for internal controls and prevention of conflicts of interest..... 3
 (a) Internal controls..... 3
 (b) Prevention of conflicts of interest..... 5
 (c) Compliance 6
 APPENDIX I. Definitions..... 7

Section I. Purposes of internal controls and prevention of conflicts of interest

The purpose of internal controls is to safeguard an organization and further its objectives. Internal controls function to prevent conflicts of interest and:

- minimize risks;
- protect assets;
- protect personally identifiable information (PII);
- prevent fraud;
- ensure accuracy of records;
- promote operational efficiency; and
- ensure compliance with Federal and state laws, rules, regulations, and guidance, as well as State policies.

Section II. Requirements for internal controls and prevention of conflicts of interest

(a) Internal controls

Recipients and subrecipients of WIOA Title I and Wagner-Peyser Act funds must establish internal control structures and written policies that provide safeguards to protect personally identifiable information, records, contracts, grant funds, equipment, sensitive information, tangible items, and other information that is readily or easily exchanged in the open market *or* that the US Department of Labor, recipients (i.e., NDOL), and subrecipients (i.e., local boards and CEOs) consider to be sensitive, consistent with applicable Federal, state, and local privacy and confidentiality laws.³ Internal controls established by non-Federal entities should comply with Standards for Internal

³ 20 CFR § 683.220(a)

Control in the Federal Government⁴ and Internal Control – Integrated Framework.⁵ Internal controls must also include reasonable assurances that recipients and subrecipients are:⁶

- managing Federal awards in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards;
- complying with Federal statutes, regulations, and the terms and conditions of the Federal awards;
- evaluating and monitoring recipient and subrecipient compliance with WIOA and its implementing rules, regulations, and guidance, and the terms and conditions of Federal awards; and
- taking prompt action when instances of noncompliance are identified.

Further, 2 CFR § 200.303 requires that non-Federal entities, including NDOL and local boards and CEOs receiving Title I subawards, must:

1. establish and maintain effective internal controls over Federal awards that provide reasonable assurances that they are managing the awards in compliance with Federal laws, rules, regulations, and guidance and terms and conditions of awards;
2. comply with the United States Constitution, Federal laws, rules, regulations, and guidance and terms and conditions of Federal awards;
3. evaluate and monitor compliance with Federal laws, rules, regulations, and the terms and conditions of Federal awards;
4. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and
5. take reasonable measures to safeguard protected personally identifiable information (PII) and other information Federal awarding agencies or pass-through entities designate as sensitive or the non-Federal entities consider sensitive, consistent with applicable Federal, State, local, and tribal laws regarding privacy and responsibility over confidentiality.

⁴ Standards for Internal Control in the Federal Government issued by the Comptroller General of the United States are issued by the Comptroller General of the United States and are accessible at <https://www.govinfo.gov/content/pkg/GAOREPORTS-AIMD-00-21-3-1/pdf/GAOREPORTS-AIMD-00-21-3-1.pdf>.

⁶ 20 CFR § 683.220(a)

(b) Prevention of conflicts of interest

As mentioned above, requirements regarding conflicts of interest appear in the following State policies:

- audit and audit resolution;
- memorandums of understanding and funding agreements
- nondiscrimination and equal opportunity;
- on-the-job training;
- one-stop delivery system assessment and one-stop center certification;
- one-stop operator competitive selection;
- procurement;
- records management;
- workforce development boards and chief elected officials; and
- youth program.

In addition to conflicts-of-interest requirements established under the policies listed above, this policy establishes additional requirements relating to internal controls and conflicts of interest, which are described below in subsections (i) and (ii).

(i) Conflicts of interest and monitoring and oversight

Local boards, in partnership with their respective CEOs, must:⁷

- conduct oversight and monitoring of youth workforce investment activities authorized under WIOA Sec. 129(c);
- conduct oversight and monitoring of adult and dislocated worker employment and training activities authorized under WIOA Sec. 134(c) and (d);
- conduct oversight and monitoring of their entire local one-stop delivery systems; and
- ensure appropriate use, management, and investment of funds to maximize performance outcomes as described in WIOA Sec. 116.

To prevent real or apparent conflicts of interest in the conduct local oversight and monitoring of Title I programs and the local one-stop delivery system, local boards and CEOs must require that their monitors/monitoring teams are functioning independently. Functioning independently means

⁷ WIOA Sec. 107(d)(8); 2 CFR §§ 200.303(c) – (d), 200.318(b), 200.328, 200.331(d); 20 CFR §§ 378.380(a) and 679.370(i)(1) – (3)

local area monitors report directly to and are solely accountable to local boards concerning conduct of local area oversight and monitoring activities.

The State *prohibits* local area organizational structures that require local monitors to function under and/or report to local area administrative entities or local area service providers. This prohibition is necessary as such organizational structures constitute inherent conflicts of interest for monitors because monitors cannot effectively monitor an entity of which they are part. This prohibition does not, however, restrict local area personnel practices and procedures concerning compensation due to local area monitors, including payroll and leave benefits, pursuant to their roles as monitors.

(ii) Conflicts of interest and the provision of workforce system services

The State prohibits staff from enrolling, case managing, or otherwise directly working with family members who are seeking workforce system services. When family members of staff are seeking services, those services must be provided by other staff in order to prevent inherent, real, and apparent conflicts of interest. This State-established prohibition applies to staff providing services under:

- Title I adult, dislocated worker, and youth programs; and
- NDOL-administered programs:
 - Title III Wagner-Peyser Employment Service (Wagner-Peyser), including the Monitor Advocate System;
 - Jobs for Veterans State Grant program (JVSG);
 - Trade Adjustment Assistance program (TAA); and
 - National Dislocated Worker Grant programs (DWG).

(c) Compliance

NDOL's Reemployment Services State Monitoring Unit is responsible for ensuring local area compliance with applicable Federal laws, rules, and regulations; all requirements of this policy; and all requirements concerning internal controls and conflicts of interest established under the State policies listed in Section II(b).

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

Section I. State Monitoring Program

(a) Overview

NDOL is responsible for oversight and monitoring of Nebraska’s Title I subrecipients, on behalf of the Governor, to ensure WIOA Title I subrecipient compliance with WIOA and its implementing rules, regulations, and guidance; other applicable Federal laws, rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipients; and applicable State policies.² Oversight and monitoring is conducted by the SMU through annual Title I comprehensive monitoring and may be conducted pursuant to ad hoc monitoring and single audits.

² The State policy manual is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

(b) Annual Title I comprehensive monitoring

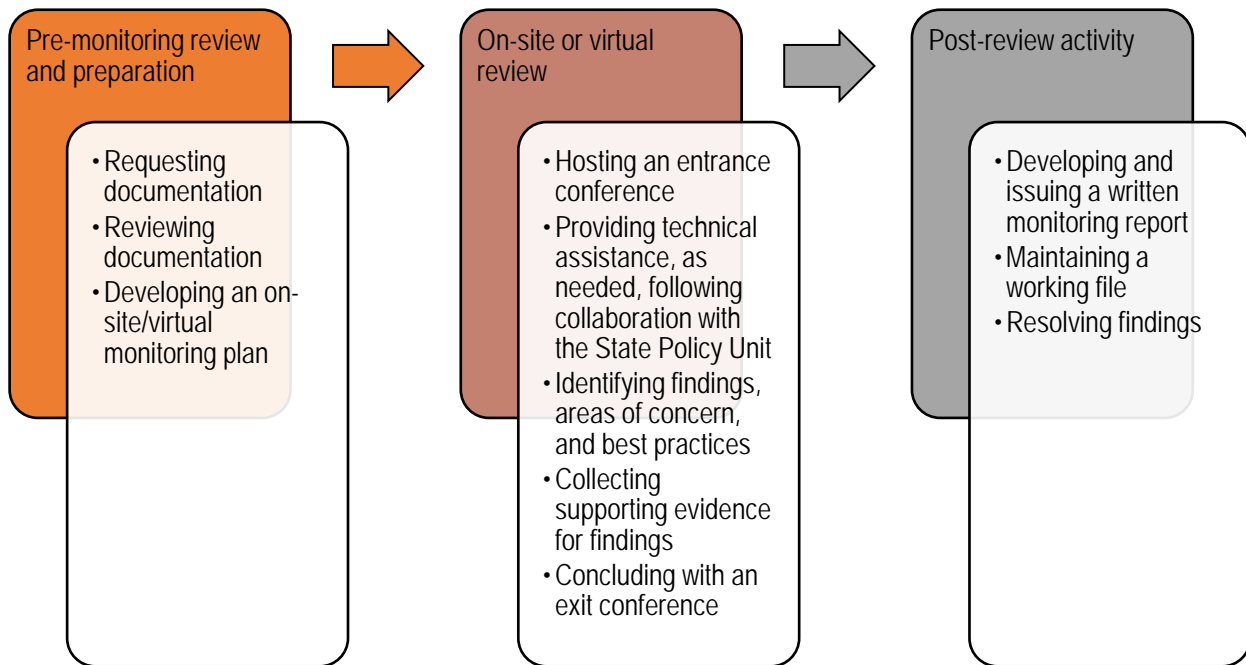

The SMU conducts annual comprehensive monitoring of Nebraska’s Title I subrecipients in accordance with NDOL’s current Comprehensive Monitoring Guide,³ as well as:

- WIOA and its implementing rules, regulations and guidance;
- other applicable Federal laws, rules, regulations, and guidance; and
- applicable State policies.

(1) Process

Diagram 1 illustrates the monitoring process typically followed by the SMU which includes three components: pre-monitoring review and preparation, on-site or virtual review, and post-review activity.

Diagram 1. 3 components of the monitoring process

(2) Roles and responsibilities

The SMU is responsible for conducting annual Title I comprehensive monitoring, including fiscal monitoring, in accordance with NDOL’s Comprehensive Monitoring Guide. During fiscal monitoring activities, the SMU coordinates with NDOL’s Finance Division and the applicable subrecipient regarding transaction testing and other fiscal matters.

³ The Comprehensive Monitoring Guide is accessible on the Manuals, Plans, and Reports page (<https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/ManualsPlansReports>) under the WIOA Monitoring and Oversight section.

(3) Scope

Annual Title I comprehensive monitoring events involve monitoring based on three core monitoring activities, which are described in detail in the Comprehensive Monitoring Guide.⁴ A summary of the focus of the core activities is provided below.

Core activity 1. Service design and delivery

Core activity 1 addresses service design and delivery that guides and supports grant subrecipient strategy for accomplishing the goals of the grant subaward. It also addresses the systems, procedures, and program operational elements essential to the effective delivery of participant and employer services and the development of a subaward delivery product, such as a regional or local plan.

Core activity 1 is dissected into five objectives that help the monitor determine compliance and effectiveness of subrecipient service design and delivery.

1. Objective 1.a. Planning and program design
2. Objective 1.b. Implementation
3. Objective 1.c. Products and deliverables
4. Objective 1.d. Business services and employer engagement
5. Objective 1.e. Participant services

Core activity 2. Grant operations

Core activity 2 addresses grant operations supporting successful administration of subawards. Programmatic and fiscal operations under subawards support effective management of subrecipient activities required pursuant to WIOA and its implementing rules, regulations and guidance; other applicable Federal laws, rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipient; and applicable State policies.

Core activity 2 is divided into nine objectives to help the monitor determine compliance and effectiveness of grant operations.

1. Objective 2.a. Project management
2. Objective 2.b. Budget
3. Objective 2.c. Property management
4. Objective 2.d. Procurement and contract administration
5. Objective 2.e. Performance management

⁴ The Comprehensive Monitoring Guide is accessible on the Manuals, Plans, and Reports page (<https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/ManualsPlansReports>) under the WIOA Monitoring and Oversight section.

6. Objective 2.f. Subrecipient management and oversight
7. Objective 2.g. Records management
8. Objective 2.h. Personnel
9. Objective 2.i. Civil rights, complaints, grievances, and incident reporting

Core activity 3. Financial management

Core activity 3 addresses the financial management systems and funds used by subrecipients to administer subawards in a manner that promotes transparency, accountability, and compliance with the requirements of WIOA and its implementing rules, regulations and guidance; other applicable Federal laws, rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipient; and applicable State policies.

Core activity 3 is broken down into eight objectives to help the monitor determine compliance and effectiveness of financial management.

1. Objective 3.a. Internal controls
2. Objective 3.b. Accounting system and financial reporting
3. Objective 3.c. Payment and cash management
4. Objective 3.d. Match and leveraged resources
5. Objective 3.e. Program income
6. Objective 3.f. Allowable costs and cost classification
7. Objective 3.g. Cost allocation/indirect costs
8. Objective 3.h. Audits and audit resolution

(4) Schedules and timelines

The SMU publishes annual Title I comprehensive monitoring schedules on the Manuals, Plans, and Reports page.⁵ Prior to commencement of each annual comprehensive monitoring event, the SMU provides an announcement letter to the applicable subrecipient that includes:

- a description of the focus of the review;
- identification of the review period;
- a list of requested subrecipient documents and materials to be reviewed by the monitor and due date(s) for submission of the requested documents and materials;

⁵ The comprehensive monitoring schedule is accessible on the Manuals, Plans, and Reports page (<https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/ManualsPlansReports>) under the WIOA Monitoring and Oversight section.

- planned dates of entrance and exit conferences;
- planned dates for review of participant records;
- planned date of release of the monitoring report (typically within 45 days of the exit conference, absent extenuating circumstances).

The schedule for annual comprehensive monitoring, as well as timelines in announcements to subrecipients, may be adjusted to accommodate the business purposes of NDOL and the SMU.

(c) Ad hoc monitoring and single audits

In addition to annual Title I comprehensive monitoring, the SMU may schedule ad hoc monitoring events and single audits, as circumstances require. If the SMU plans to conduct an ad hoc monitoring or a single audit, an announcement will be sent by the SMU to the local area. Ad hoc monitoring and single audits will be conducted in accordance NDOL's current Comprehensive Monitoring Guide; WIOA and its implementing rules, regulations and guidance; other applicable Federal laws, rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipient; and applicable State policies.⁶

Section II. Substantial violations of 2 CFR Part 200

(a) Corrective action

As required under WIOA Sec. 184(a)(4), all Title I subrecipients must comply with the applicable administrative requirements of 2 CFR Part 200 (also known as the Uniform Guidance). If the SMU identifies any substantial violation of 2 CFR Part 200 regarding use of Title I funds by a subrecipient during compliance monitoring or other means, such as ad hoc monitoring and single audits, NDOL must require corrective actions to secure compliance with the requirements of 2 CFR Part 200,⁷ in addition to the requirements established under WIOA and its implementing rules, regulations and guidance; other applicable Federal laws, rules, regulations, and guidance; terms and conditions of subaward agreements with the subrecipient; and applicable State policies.

(b) Sanctions

If the SMU identifies any substantial violation of 2 CFR Part 200 regarding use of Title I funds by a subrecipient through compliance monitoring, or other means such as ad hoc monitoring single audits, and the applicable local board fails to take corrective actions as required by NDOL, the Governor must:⁸

- impose a reorganization plan, which may include:
 - decertifying the local board;
 - prohibiting the use of Eligible Training Providers by the local area;
 - selecting an alternative entity to administer the local board’s affected Title I program(s);
 - merging the local area into one or more other local areas; or
 - making other changes as the Secretary of the US Department of Labor (Secretary) or the Governor determine necessary to secure compliance.

(c) Repayment of misexpended funds

If the Secretary requires that the State repay funds to the US Department of Labor pursuant to a determination that a Nebraska Title I subrecipient expended funds in a manner contrary to the requirements of WIOA Title I, NDOL will deduct an amount equal to the misexpenditure from subsequent Title I program year allocation to the affected subrecipient from funds reserved for administrative costs of the applicable subrecipient Title I program.⁹

(d) Appeals and administrative adjudication

If a Title I subrecipient has been found in substantial violation of 2 CFR Part 200 regarding use of Title I funds *and* notified of a sanction issued by the Governor, as described in Section II(b), the subrecipient may appeal the sanction to the Secretary.¹⁰ The Governor’s sanction will not become effective until the time for appeal has expired *or* the Secretary has issued a decision.¹¹

(1) Appeal procedure

Subrecipient appeals must be filed no later than 30 calendar days after receipt of written notification of local plan revocation or imposed reorganization.¹² The appeals must be submitted by certified mail, return receipt requested, to:

- Secretary, US Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, Attention: ASET;¹³ and
- Office of the Governor, PO Box 94848, Lincoln, NE 68509-4848.¹⁴

Further, NDOL requires that a copy of the appeal be provided simultaneously by certified mail, return receipt requested, to:

- Commissioner of Labor, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600; and
- Director, Reemployment Services Division, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600.

The Secretary will notify the subrecipient and the Governor in writing of the Secretary's decision within 45 calendar days after receipt of the appeal.¹⁵ In making this decision, the Secretary may consider any comments submitted by the Governor in response to the appeal.

(2) Administrative adjudication

If the affected Title I subrecipient is dissatisfied with the Secretary's final decision, the subrecipient may appeal to the US Department of Labor Office of Administrative Law Judges by requesting a hearing.¹⁶ The request for a hearing must:¹⁷

- specifically identify the issues or findings in the Secretary's final decision upon which review is requested;
- be transmitted by certified mail, return receipt requested, to Chief Administrative Law Judge, US Department of Labor, Suite 400, 800 K Street NW, Washington, DC 20001; and
- be provided simultaneously to Secretary, US Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210, Attention: ASET.

Further, NDOL requires that a copy of the secondary appeal be provided simultaneously by certified mail, return receipt requested, to:

- Commissioner of Labor, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600; and
- Director, Reemployment Services Division, Nebraska Department of Labor, PO Box 94600, Lincoln, NE 68509-4600.

Note that a subrecipient's failure to request a hearing within 21 calendar days of receipt of the Secretary's final decision constitutes the subrecipient's waiver of its right to administrative adjudication.¹⁸

Further, issues or findings identified in the Secretary's final decision that are not specified in the subrecipient's request for review *or* the Secretary's entire final decision when no hearing has been requested within the 21-day period are considered resolved and not subject to further review.¹⁹ Only alleged violations of WIOA, its implementing regulations, the applicable grant or other

BACKGROUND

20 CFR § 683.210 requires that all recipients of WIOA Title I and Wagner-Peyser Act funds that expend more than the minimum amounts specified in 2 CFR Part 200 Subpart F in Federal awards during their fiscal year must have a program-specific or single audit conducted in accordance with 2 CFR Part 200 Subpart F. In addition, 2 CFR Part 200 Subpart F requires that subrecipients and pass-through entities adhere to audit requirements established in Subpart F.

Section I. General

This policy implements Federal standards for obtaining consistency and uniformity for audit of a non-Federal entity expending Federal award, which are defined in the Uniform Guidance (2 CFR Part 200, including 2 CFR Part 200 Subpart F).

Section II. Audits

(a) Audit requirements¹

(1) Audit required

A non-Federal entity that expends \$750,000 or more in Federal awards during the non-Federal entity's fiscal year must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR Part 200.²

(2) Single audit

A non-Federal entity that expends \$750,000 or more in Federal awards during the non-Federal entity's fiscal year must have a single audit conducted in accordance with 2 CFR § 200.514 (refer to Section II(a)(2)), except when the non-Federal entity elects to have a program-specific audit conducted in accordance with Section II(a)(3).³

(3) Program-specific audit election

When an auditee expends Federal awards under only one Federal program *and* the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with 2 CFR § 200.507.⁴

(4) Exemption when Federal awards expended are less than \$750,000

A non-Federal entity that expends less than \$750,000 in Federal awards during the non-Federal entity's fiscal year is exempt from Federal audit requirements for that fiscal year, except as noted in 2 CFR § 200.503; however, records must be available for review or audit by a pass-through entity, appropriate officials of the Federal agency, and Government Accountability Office (GAO).⁵

¹ Thresholds change over time, so it is important that local areas routinely verify Federally established thresholds to ensure compliance with Federal laws, rules, regulations, and guidance.

² 2 CFR § 200.501(a)

³ 2 CFR § 200.501(b)

⁴ 2 CFR § 200.501(c)

⁵ 2 CFR § 200.501(d)

(5) Subrecipients and contractors⁶

An auditee may simultaneously be a recipient, a subrecipient, and a contractor. Federal awards expended as a recipient or a subrecipient are subject to audit under this part. The payments received for goods or services provided as a contractor are not Federal awards. 2 CFR § 200.331 sets forth considerations for determining whether payments constitute a Federal award or a payment for goods or services provided as a contractor.

(6) Compliance responsibility for contractors⁷

In most cases, the auditee's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the auditee is responsible for ensuring compliance for procurement transactions which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards.

(7) For-profit subrecipient⁸

Because audit requirements under 2 CFR Part 200 do not apply to a for-profit subrecipient, the pass-through entity is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients. The agreement with a for-profit subrecipient must describe applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for Federal awards made to for-profit subrecipients may include pre-award audits, monitoring during the agreement, and post-award audits.

(b) Basis for determining Federal awards expended

(1) Determining Federal awards expended⁹

The determination of when a Federal award is expended must be based on when activity related to the Federal award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with Federal statutes, regulations, and the terms and conditions of Federal awards, such as:

- expenditure/expense transactions associated with awards including grants;
- cost-reimbursement contracts under Federal Acquisition Regulation (FAR), compacts with Indian Tribes, cooperative agreements, and direct appropriations;
- disbursement of funds to subrecipients;

⁶ 2 CFR § 200.501(f)

⁷ 2 CFR § 200.501(g)

⁸ 2 CFR § 200.501(h)

⁹ 2 CFR § 200.502(a)

- receipt of property;
- receipt of surplus property;
- receipt or use of program income;
- distribution or use of food commodities;
- disbursement of amounts entitling the non-Federal entity to an interest subsidy; and
- the period when insurance is in force.

(2) Free rent

Free rent received by itself is not considered a Federal award expended under this part. However, free rent received as part of a Federal award to carry out a Federal program must be included when determining Federal awards expended and is subject to audit under 2 CFR Part 200.¹⁰

(3) Valuing non-cash assistance

Federal non-cash assistance, such as free rent, food commodities, donated property, or donated surplus property must be valued at fair market value at the time of receipt or the assessed value provided by the Federal agency.¹¹

(c) Relation to other audit requirements¹²

An audit conducted in accordance with 2 CFR Part 200 must be in lieu of any financial audit of Federal awards which a non-Federal entity is required to undergo under any other Federal statute or regulation. To the extent that such audit provides a Federal agency with the information it requires to carry out its responsibilities under Federal statute or regulation, a Federal agency must rely upon and use that information. However, a Federal agency, Inspectors General, or GAO may conduct or arrange for additional audits which are necessary to carry out its responsibilities under Federal statute or regulation. The provisions of 2 CFR Part 200 do not authorize any non-Federal entity to constrain, in any manner, such Federal agency from carrying out or arranging for such additional audits, except that the Federal agency must plan such audits to not be duplicative of other audits of Federal awards. Prior to commencing such an audit, the Federal agency or pass-through entity must review the Federal Audit Clearinghouse (FAC)¹³ for recent audits submitted by the non-Federal entity and, to the extent such audit(s) meet a Federal agency or pass-through entity's needs, the Federal agency or pass-through entity must rely upon and use such audits. Any additional audits must be planned and performed in such a way as to build upon work performed, including the audit documentation, sampling, and testing already performed by other auditors. Note that the provisions of 2 CFR Part 200 do not limit the authority of Federal agencies to conduct, or arrange for the conduct of, audits and evaluations of Federal awards, nor limit the authority of any Federal agency Inspector General or other Federal official.

¹⁰ 2 CFR § 200.502(f)

¹¹ Ibid.

¹² 2 CFR § 200.503(a) – (e)

¹³ Information on the FAC is accessible at <https://facweb.census.gov/uploadpdf.aspx>.

(1) Federal agency to pay for additional audits

A Federal agency that conducts or arranges for additional audits must, consistent with other applicable Federal statutes and regulations, arrange for funding the full cost of such additional audits.

(2) Request for a program to be audited as a major program

A Federal awarding agency may request that an auditee have a particular Federal program audited as a major program in lieu of the Federal awarding agency conducting or arranging for the additional audits. To allow for planning, such requests should be made at least 180 calendar days prior to the end of the fiscal year to be audited. The auditee, after consultation with its auditor, should promptly respond to such a request by informing the Federal awarding agency whether the program would otherwise be audited as a major program using the risk-based audit approach described in 2 CFR § 200.518 and, if not, the estimated incremental cost. The Federal awarding agency must then promptly confirm to the auditee whether it wants the program audited as a major program. If the program is to be audited as a major program based upon this Federal awarding agency request, and the Federal awarding agency agrees to pay the full incremental costs, then the auditee must have the program audited as a major program. A pass-through entity may use the provisions of this paragraph in relation to a subrecipient.

(d) Frequency of audits¹⁴

Except for the provisions for biennial audits provided in items 1 and 2 below, audits required by 2 CFR Part 200, including 2 CFR Part 200 Subpart F, must be performed annually.

Any biennial audit must cover both years within the biennial period:

1. A state or local government that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits biennially. This requirement must still be in effect for the biennial period.
2. Any nonprofit organization that had biennial audits for all biennial periods ending between July 1, 1992, and January 1, 1995, is permitted to undergo its audits part biennially.

(e) Sanctions

In cases of continued inability or unwillingness to have an audit conducted in accordance with 2 CFR Part 200, including 2 CFR Part 200 Subpart F, Federal agencies and pass-through entities must take appropriate action as provided in 2 CFR § 200.339.

¹⁴ 2 CFR § 200.504

(f) Audit costs (audit services)¹⁵

A reasonably proportionate share of the costs of audits required by, and performed in accordance with, the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507), as implemented by requirements of this part, are allowable. However, the following audit costs are unallowable:

- any costs when audits required by the Single Audit Act of 1984, as amended, and 2 CFR Part 200 Subpart F have not been conducted or have been conducted but not in accordance therewith; and
- any costs of auditing a non-Federal entity that is exempted from having an audit conducted under the Single Audit Act of 1984, as amended, and 2 CFR Part 200 Subpart F because its expenditures under Federal awards are less than \$750,000 during the non-Federal entity's fiscal year.

The costs of a financial statement audit of a non-Federal entity that does not currently have a Federal award may be included in the indirect cost pool for a cost allocation plan or indirect cost proposal.

Pass-through entities may charge Federal awards for the cost of agreed-upon-procedures engagements to monitor subrecipients (in accordance with 2 CFR Part 200 Subpart D and 2 CFR §§ 200.331, 200.332, and 200.333) through who are exempted from the requirements of the Single Audit Act and 2 CFR Part 200 Subpart F. This cost is allowable only if the agreed-upon procedures engagements are:

- conducted in accordance with GAGAS attestation standards;
- paid for and arranged by the pass-through entity; and
- limited in scope to one or more of the following types of compliance requirements: activities allowed or unallowed; allowable costs/cost principles; eligibility; and reporting.

(g) Program-specific audits**(1) Program-specific audit guide available¹⁶**

A program-specific audit guide is available and provides specific guidance to the auditor with respect to internal controls; compliance requirements, including allowed and unallowed activities;¹⁷ suggested audit procedures; and audit reporting requirements. A listing of current program-specific audit guides is provided in the compliance supplement.¹⁸ When a current program-specific audit guide is available, the auditor must follow GAGAS *and* the guide when performing a program-specific audit.

¹⁵ 2 CFR § 200.425. Thresholds change over time, so it is important that local areas routinely verify Federally established thresholds to ensure compliance with Federal laws, rules, regulations, and guidance

¹⁶ 2 CFR § 200.507(a)

¹⁷ Refer to APPENDIX II for a list of allowed and unallowed WIOA Title I activities, as excerpted from the compliance supplement which is linked in the next footnote and in APPENDIX II.

¹⁸ The compliance supplement is accessible at https://www.whitehouse.gov/wp-content/uploads/2022/05/2022-Compliance-Supplement_PDF_Rev_05.11.22.pdf.

(2) Program-specific audit guide not available

When a current program-specific audit guide is not available, the auditee and auditor must have basically the same responsibilities for the Federal program as they would have for an audit of a major program during a single audit.¹⁹

- The auditee must prepare the financial statement(s) for the Federal program that includes, at a minimum, a schedule of expenditures of Federal awards for the program and notes that describe the significant accounting policies used in preparing the schedule, a summary schedule of prior audit findings consistent with the requirements of 2 CFR § 200.511(b) and a corrective action plan consistent with the requirements of 2 CFR § 200.511(c).
- The auditor must:
 - perform an audit of the financial statement(s) for the Federal program in accordance with GAGAS;
 - obtain an understanding of internal controls and perform tests of internal controls over the Federal program consistent with the requirements of 2 CFR § 200.514(c) for a major program;
 - perform procedures to determine whether the auditee has complied with Federal statutes, regulations, and the terms and conditions of Federal awards that could have a direct and material effect on the Federal program consistent with the requirements of 2 CFR § 200.514(d) for a major program;
 - follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with the requirements of 2 CFR § 200.511, and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding; and
 - report any audit findings consistent with the requirements of 2 CFR § 200.516.

(3) Report submission for program-specific audits²⁰

The audit must be completed, and the reporting required under 2 CFR § 200.507(c)(2) or 2 CFR § 200.507(c)(3) must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period, unless a different period is specified in a program-specific audit guide. Unless restricted by Federal law or regulation, the auditee must make report copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package *do not* include protected personally identifiable information.

¹⁹ 2 CFR § 200.507(b)

²⁰ 2 CFR § 200.507(c)

When a program-specific audit guide is available, the auditee must electronically submit to the FAC the data collection form prepared in accordance with 2 CFR § 200.512(b), as applicable to a program-specific audit, and the reporting required by the program-specific audit guide.

Section III. Auditees

(a) Auditee responsibilities²¹

The auditee must:

- procure or otherwise arrange for the audit required by this part in accordance with 2 CFR § 200.509, and ensure it is properly performed and submitted when due in accordance with 2 CFR § 200.512;
- prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with 2 CFR § 200.510;
- promptly follow up and take corrective action on audit findings, including preparation of a summary schedule of prior audit findings and a corrective action plan in accordance with 2 CFR § 200.511(b) and 2 CFR § 200.511(c), respectively; and
- provide the auditor with access to personnel, accounts, books, records, supporting documentation, and other information as needed for the auditor to perform the audit required by this part.

(b) Auditor selection

(1) Auditor procurement²²

In procuring audit services, the auditee must follow the procurement standards prescribed by the Procurement Standards defined in 2 CFR Part 200 Subpart D. In requests for proposals for audit services, the objectives and scope of the audit must be made clear and the non-Federal entity must request a copy of the audit organization's peer review report which the auditor is *required* to provide under GAGAS. Factors to be considered in evaluating each proposal for audit services include the responsiveness to the request for proposal, relevant experience, availability of staff with professional qualifications and technical abilities, the results of peer and external quality control reviews, and price. Whenever possible, the auditee must make positive efforts to utilize small businesses, minority-owned firms, and women's business enterprises, in procuring audit services as stated in 2 CFR § 200.321.

²¹ 2 CFR § 200.508

²² 2 CFR § 200.509(a)

(2) Restriction on auditor preparing indirect cost proposals²³

An auditor who prepares the indirect cost proposal or cost allocation plan *must not* also be selected to perform the audit required by this part *when* the indirect costs recovered by the auditee during the prior year exceeded \$1 million. This restriction applies to the base year used in the preparation of the indirect cost proposal or cost allocation plan and any subsequent years in which the resulting indirect cost agreement or cost allocation plan is used to recover costs.

(3) Use of Federal auditors

Federal auditors may perform all or part of the work required under this part if they comply fully with the requirements of this part.²⁴

(c) Financial statements

(1) Financial statements²⁵

The auditee must prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year audited. The financial statements must be for the same organizational unit and fiscal year that is chosen to meet the requirements of this part. However, non-Federal entity-wide financial statements may also include departments, agencies, and other organizational units that have separate audits in accordance with 2 CFR § 200.514(a) and prepare separate financial statements.

(2) Schedule of expenditures of Federal awards²⁶

The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with 2 CFR § 200.502. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:

1. list individual Federal programs by Federal agency.
 - a. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name.
2. for Federal awards received as a subrecipient, include the name of the pass-through entity and identifying number assigned by the pass-through entity;

²³ 2 CFR § 200.509(b). Thresholds change over time, so it is important that local areas routinely verify Federally established thresholds to ensure compliance with Federal laws, rules, regulations, and guidance.

²⁴ 2 CFR § 200.509(c)

²⁵ 2 CFR § 200.510(a)

²⁶ 2 CFR § 200.510(b)

3. provide total Federal awards expended for each individual Federal program and the assistance listing number or other identifying number when the Assistance Listings information is not available and for a cluster of programs also provide the total for the cluster;
4. include the total amount provided to subrecipients from each Federal program; and
5. include notes that describe that significant accounting policies used in preparing the schedule and note whether or not the auditee elected to use the 10 percent de minimis cost rate as covered in 2 CFR § 200.414.

(d) Audit findings follow-up

(1) General²⁷

The auditee is responsible for follow-up and corrective action on all audit findings. As part of this responsibility, the auditee must prepare a:

- summary schedule of prior audit findings; and
- a corrective action plan for current year audit findings.

The summary schedule of prior audit findings and the corrective action plan must include the reference numbers the auditor assigns to audit findings under 2 CFR § 200.516(c). Because the summary schedule may include audit findings from multiple years, it must include the fiscal year in which the finding initially occurred. The corrective action plan and summary schedule of prior audit findings must include findings relating to the financial statements which are required to be reported in accordance with GAGAS.

(2) Summary schedule of prior audit findings²⁸

The summary schedule of prior audit findings must report the status of all audit findings included in the prior audit's schedule of findings and questioned costs. The summary schedule must also include audit findings reported in the prior audit's summary schedule of prior audit findings except audit findings listed as corrected in accordance item 1 and item 3 below or audit findings that are no longer valid or not warranting further action in accordance with item 3.

1. When audit findings were fully corrected, the summary schedule need only list the audit findings and state that corrective action was taken.
2. When audit findings were not corrected or were only partially corrected, the summary schedule must describe the reasons for the finding's recurrence and planned corrective action and any partial corrective action taken. When corrective action taken is significantly different from corrective action previously reported in a corrective action plan or in the Federal agency's or pass-through entity's management decision, the summary schedule must provide an explanation.

²⁷ 2 CFR § 200.510(a)

²⁸ 2 CFR § 200.510(b)

3. When the auditee believes the audit findings are no longer valid or do not warrant further action, the reasons for this position must be described in the summary schedule. A valid reason for considering an audit finding as not warranting further action is that all of the following have occurred:
 - a. two years have passed since the audit report in which the finding occurred was submitted to the FAC;
 - b. the Federal agency or pass-through entity is not currently following up with the auditee on the audit finding; and
 - c. a management decision was not issued.

(3) Corrective action plan²⁹

At the completion of the audit, the auditee must prepare, in a document separate from the auditor's findings described in 2 CFR § 200.516, a corrective action plan to address each audit finding included in the current year auditor's reports. The corrective action plan must provide the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date. If the auditee does not agree with the audit findings or believes corrective action is not required, then the corrective action plan must include an explanation and specific reasons.

(e) Report submission

(1) General³⁰

The audit must be completed and the data collection form described Section III(e)(2) and reporting package described in Section III(e)(3) must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day.

Unless restricted by Federal statutes or regulations, the auditee must make copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package do not include protected personally identifiable information.

(2) Data collection³¹

FAC is the repository of record under 2 CFR Part 200 Subpart F for reporting packages and the data collection form. All Federal agencies, pass-through entities, and others interested in a reporting package and data collection form must obtain it by accessing FAC.

- The auditee must submit required data elements to FAC, as required under 2 CFR Part 200 Appendix X, which state whether the audit was completed in accordance with 2 CFR Part 200 Subpart F and provides information about the auditee, its Federal programs, and

²⁹ 2 CFR § 200.510(c)

³⁰ 2 CFR § 200.512(a)

³¹ 2 CFR § 200.512(b)

the results of the audit. The data must include information available from the required audit that is necessary for Federal agencies to use the audit to ensure integrity for Federal programs. The data elements and format must be approved by the Office of Management and Budget (OMB) and available from FAC and include collections of information from the reporting package described in in Section III(e)(3). A senior level representative of the auditee (state controller, director of finance, chief executive officer, or chief financial officer, etc.) must sign a statement to be included as part of the data collection that says that the:

- auditee complied with the requirements of 2 CFR Part 200 Subpart F;
 - data were prepared in accordance with 2 CFR Part 200 Subpart F (and the instructions accompanying the data collection form);
 - reporting package does not include protected personally identifiable information;
 - information included in its entirety is accurate and complete; and
 - FAC is authorized to make the reporting package and the form publicly available on a website.
- Using the information included in the reporting package described in Section III(e)(3), the auditor must complete the applicable data elements of the data collection form. The auditor must sign a statement to be included as part of the data collection form that indicates, at a minimum, the source of the information included in the form, the auditor's responsibility for the information, that the form is not a substitute for the reporting package and that the content of the form is limited to the collection of information prescribed by OMB.

(3) Reporting package³²

The reporting package must include the:

- financial statements and schedule of expenditures of Federal awards discussed in 2 CFR § 200.510(a) and 2 CFR § 200.510(b), respectively, as well as Section III(c);
- summary schedule of prior audit findings discussed in 2 CFR § 200.511(b), as well as Section III(d)(2);
- auditor's report(s) discussed in 2 CFR § 200.515, as well as Section V(b); and
- corrective action plan discussed in 2 CFR § 200.511(c), as well as Section V(c).

(4) Submission to FAC³³

The auditee must electronically submit to FAC the data collection form and the reporting package.

³² 2 CFR § 200.512(c)

³³ 2 CFR § 200.512(d)

(5) Requests for management letters issued by the auditor

In response to requests by a Federal agency or pass-through entity, auditees must submit a copy of any management letters issued by the auditor.³⁴

(6) Report retention requirements

Auditees must keep one copy of the data collection form section and one copy of the reporting package of this section on file for three years from the date of submission to FAC.³⁵

(7) FAC responsibilities³⁶

The FAC must make available the reporting packages received to the public and maintain a data base of completed audits, provide appropriate information to Federal agencies, and follow up with known auditees that have not submitted the required data collection forms and reporting packages.

Section IV. Federal agencies

Responsibilities of Federal agencies regarding audits are described in 2 CFR § 200.513.

Section V. Auditors

(a) Scope of audit

(1) General³⁷

The audit must be conducted in accordance with GAGAS.³⁸ The audit must cover the entire operations of the auditee or, at the option of the auditee, such audit must include a series of audits that cover departments, agencies, and other organizational units that expended or otherwise administered Federal awards during such audit period, provided that each such audit must encompass the financial statements and schedule of expenditures of Federal awards for each such department, agency, and other organizational unit that must be considered to be a non-Federal entity. The financial statements and schedule of expenditures of Federal awards must be for the same audit period.

³⁴ 2 CFR § 200.512(e)

³⁵ 2 CFR § 200.512(f)

³⁶ 2 CFR § 200.512(g)

³⁷ 2 CFR § 200.514(a)

³⁸ GAGAS refers to Generally accepted government auditing standards (GAGAS), also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits. The Yellow Book is accessible at <https://www.gao.gov/yellowbook>.

(2) Financial statements³⁹

The auditor must determine whether the financial statements of the auditee are presented fairly in all material respects in accordance with generally accepted accounting principles. The auditor must also determine whether the schedule of expenditures of Federal awards is stated fairly in all material respects in relation to the auditee's financial statements as a whole.

(3) Internal control⁴⁰

The compliance supplement⁴¹ provides guidance on internal controls over Federal programs based upon the guidance in Standards for Internal Control in the Federal Government⁴² and Internal Control – Integrated Framework.⁴³ In addition to the requirements of GAGAS, the auditor must perform procedures to obtain an understanding of internal control over Federal programs sufficient to plan the audit to support a low assessed level of control risk of noncompliance for major programs.⁴⁴ Except as described below, the auditor must:

- plan the testing of internal control over compliance for major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program; and
- perform testing of internal control as planned.

Exception. When internal control over some or all of the compliance requirements for a major program are likely to be ineffective in preventing or detecting noncompliance, the planning and performing of testing described above are not required for those compliance requirements. However, the auditor must report a significant deficiency or material weakness in accordance with 2 CFR § 200.516, assess the related control risk at the maximum, and consider whether additional compliance tests are required because of ineffective internal control.

(4) Compliance⁴⁵

In addition to requirements of GAGAS, the auditor must determine whether the auditee has complied with Federal statutes, regulations, and the terms and conditions of Federal awards that may have a direct and material effect on each of its major programs. The principal compliance requirements applicable to most Federal programs and the compliance requirements of the largest Federal programs are included in the compliance supplement. For the compliance

requirements related to Federal programs contained in the compliance supplement,⁴⁶ an audit of these compliance requirements will meet the requirements of 2 CFR Part 200. When there have been changes to the compliance requirements and the changes are not reflected in the compliance supplement, the auditor must determine the current compliance requirements and modify the audit procedures accordingly. For those Federal programs not covered in the compliance supplement, the auditor must follow the compliance supplement's guidance for programs not included in the supplement.⁴⁷

When internal control over some or all of the compliance requirements for a major program are likely to be ineffective in preventing or detecting noncompliance, the planning and performing of testing described in Section V(a)(3) are not required for those compliance requirements. However, the auditor must report a significant deficiency or material weakness in accordance with 2 CFR § 200.516, assess the related control risk at the at the maximum, and consider whether additional compliance tests are required because of ineffective internal control.

(5) Audit follow-up⁴⁸

The auditor must follow-up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with 2 CFR § 200.511(b), and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding. The auditor must perform audit follow-up procedures regardless of whether a prior audit finding relates to a major program in the current year.

(6) Data collection form

As required in 2 CFR § 200.512(b)(3), the auditor must complete and sign specified sections of the data collection form.

(b) Audit reporting⁴⁹

The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section. The auditor's report(s) must state that the audit was conducted in accordance with 2 CFR Part 200 Subpart F and 2 CFR § 200.515 and include the following:

1. *Financial statements.* The auditor must determine and provide an opinion (or disclaimer of opinion) whether the financial statements of the auditee are presented fairly in all materials respects in accordance with generally accepted accounting principles (or a special purpose framework such as cash, modified cash, or regulatory as required by state law). The auditor must also decide whether the schedule of expenditures of Federal

awards is stated fairly in all material respects in relation to the auditee's financial statements as a whole.

2. *Internal control.* A report on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements. This report must describe the scope of testing of internal control and compliance and the results of the tests, and, where applicable, it will refer to the separate schedule of findings and questioned costs described item 4 below.
3. *Compliance.* A report on compliance for each major program and a report on internal control over compliance. This report must:
 - a. define the scope of testing of internal control over compliance;
 - b. include an opinion or disclaimer of opinion as to whether the auditee complied with Federal statutes, regulations; and
 - c. include terms and conditions of Federal awards which could have a direct and material effect on each major program and refer to the separate schedule of findings and questioned costs as described in item 4 below.
4. A schedule of findings and questioned costs which must include the following components:
 - a. a summary of the auditor's results, which must include:
 - i. a description of the type of report the auditor issued on whether the financial statements audited were prepared in accordance with generally accepted accounting principles, also known as GAAP (unmodified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);
 - ii. a statement about whether significant deficiencies or material weaknesses in internal control were disclosed by the audit of the financial statements, when applicable;
 - iii. a statement as to whether the audit disclosed any noncompliance that is material to the financial statements of the auditee;
 - iv. a statement about whether significant deficiencies or material weaknesses in internal control over major programs were disclosed by the audit, when applicable;
 - v. a description of the type of report the auditor issued on compliance for major programs (unmodified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);
 - vi. a statement as to whether the audit disclosed any audit findings that the auditor is required to report under 2 CFR § 200.516(a);

- vii. an identification of major programs by listing each individual major program;⁵⁰
 - viii. an identification the dollar threshold used to distinguish between Type A and Type B programs, as described in 2 CFR § 200.518(b)(1); and
 - ix. a statement as to whether the auditee qualified as a low-risk auditee under 2 CFR § 200.520.
- b. findings relating to the financial statements which are required to be reported in accordance with GAGAS;
 - c. findings and questioned costs for Federal awards which must include audit findings as defined in 2 CFR § 200.516(a):
 - i. audit findings (internal control findings, compliance findings, questioned costs, or fraud) that relate to the same issue must be presented as a single audit finding:
 - (1) Note. When practical, audit findings should be organized by Federal agency or pass-through entity.
 - ii. audit findings relating to both financial statements and Federal awards, as reported under 2 CFR § 200.515(d)(2) and 2 CFR § 200.515(d)(3) of this section, respectively, must be reported in both sections of the schedule. However, the reporting in one section of the schedule may be in summary form with a reference to a detailed reporting in the other section of the schedule.
5. Nothing in this part precludes combining of the audit reporting required under 2 CFR § 200.515 with reporting required by 2 CFR § 200.512(b) when allowed by GAGAS and 2 CFR Part 200 Appendix X.

(c) Audit findings⁵¹

1. *Audit findings reported.* The auditor must report the following as audit findings in a schedule of findings and questioned costs:
 - a. significant deficiencies and material weaknesses in internal control over major programs and significant instances of abuse relating to major programs;
 - i. auditor's determination on whether a deficiency of internal control is a significant deficiency or material weakness for purposes of reporting an audit finding relates to a type of compliance requirement for a major program identified in the compliance supplement;
 - b. material noncompliance with the provisions of Federal statutes, regulations, or the terms and conditions of Federal awards related to a major program, including

⁵⁰ In the case of a cluster of programs, only the cluster name as shown on the schedule of expenditures of Federal awards is required. Section III(c)(2) provides information on schedules of expenditures of Federal awards.

⁵¹ 2 CFR § 200.516

auditor's determination on whether a noncompliance with the provisions of Federal statutes, regulations, or the terms and conditions of Federal awards is material for the purpose of reporting an audit finding is in relation to a type of compliance requirement for a major program identified in the compliance supplement;

- c. known questioned costs that are greater than \$25,000 for a type of compliance requirement for a major program:⁵²
 - i. Known questioned costs are those specifically identified by the auditor.
 - ii. In evaluating the effect of questioned costs on the opinion on compliance, the auditor considers the best estimate of total costs questioned (likely questioned costs), not just the questioned costs specifically identified (known questioned costs).
 - iii. The auditor must also report known questioned costs when likely questioned costs are greater than \$25,000 for a type of compliance requirement for a major program.
 - iv. In reporting questioned costs, the auditor must include information to provide proper perspective for judging the prevalence and consequences of the questioned costs.
- d. known questioned costs that are greater than \$25,000 for a Federal program which is not audited as a major program:⁵³
 - i. Except for audit follow-up:
 - (1) The auditor is not required under this part to perform audit procedures for such a Federal program; therefore, the auditor will normally not find questioned costs for a program that is not audited as a major program.
 - (2) However, if the auditor does become aware of questioned costs for a Federal program that is not audited as a major program (as part of audit follow-up or other audit procedures) and the known questioned costs are greater than \$25,000, then the auditor must report this as an audit finding.
- e. circumstances concerning why the auditor's report on compliance for each major program is other than an unmodified opinion, unless such circumstances are otherwise reported as audit findings in the schedule of findings and questioned costs for Federal awards;
- f. known or likely fraud affecting a Federal award, unless such fraud is otherwise reported as an audit finding in the schedule of findings and questioned costs for Federal awards:

⁵² Questioned-cost thresholds may change over time, so it is important that local areas routinely verify thresholds to ensure compliance with Federal laws, rules, regulations, and guidance.

⁵³ Ibid.

- i. Note. This does not require the auditor to report publicly information which could compromise investigative or legal proceedings or to make an additional reporting when the auditor confirms that the fraud was reported outside the auditor's reports under the direct reporting requirements of GAGAS.
 - g. instances where the results of audit follow-up procedures disclosed that the summary schedule of prior audit findings prepared by the auditee in accordance with 2 CFR § 200.511(b) materially misrepresents the status of any prior audit finding.
- 2. *Audit finding detail and clarity.* Audit findings must be presented in sufficient detail and clarity for the auditee to prepare a corrective action plan and take corrective action, and for Federal agencies and pass-through entities to arrive at a management decision. The following specific information must be included, as applicable, in audit findings:
 - a. Federal program and specific Federal award identification, including the assistance listing title and number, Federal award identification number and year, name of Federal agency, and name of the applicable pass-through entity:
 - i. Note. When information, such as the assistance Listings title and number or Federal award identification number, is not available, the auditor must provide the best information available to describe the Federal award.
 - b. criteria or specific requirement upon which the audit finding is based, including the Federal statutes, regulations, or terms and conditions of the Federal awards;
 - c. criteria generally identifying the required or desired state or expectation with respect to the program or operation:
 - i. Note. Criteria provide context for evaluating evidence and understanding findings.
 - d. conditions found, including facts that support the deficiency identified in the audit finding;
 - e. statement of cause that identifies the reason or explanation for the conditions or the factors responsible for the difference between the situation that exists (conditions) and the required or desired state (criteria), which may also serve as a basis for recommendations for corrective action;
 - f. possible asserted effects to provide sufficient information to the auditee and Federal agency, or pass-through entity in the case of a subrecipient, to permit them to determine the cause and effect to facilitate prompt and proper corrective action:
 - i. Note. Statement of the effect or potential effect should provide a clear, logical link to establish the impact or potential impact of the difference between the condition and the criteria.

- g. identification of questioned costs and how they were computed (known questioned costs must be identified by applicable assistance listing number(s) and applicable Federal award identification number(s));
 - h. information to provide proper perspective for judging the prevalence and consequences of the audit findings, such as whether the audit findings represent an isolated instance or a systemic problem.
 - i. Note. When appropriate, instances identified must be related to the universe and the number of cases examined and be quantified in terms of dollar value. The auditor should report whether the sampling was a statistically valid sample.
 - i. identification of whether the audit finding was a repeat of a finding in the immediately prior audit and if so any applicable prior year audit finding numbers;
 - j. recommendations to prevent future occurrences of the deficiency identified in the audit finding; and
 - k. views of responsible officials of the auditee.
3. *Reference numbers.* Each audit finding in the schedule of findings and questioned costs must include a reference number in the format meeting the requirements of the data collection form submission required by 2 CFR § 200.512(b) to allow for easy referencing of the audit findings during follow-up.

(d) Audit documentation⁵⁴

Retention of audit documentation. The auditor must retain audit documentation and reports for a minimum of three years after the date of issuance of the auditor's report(s) to the auditee, unless the auditor is notified in writing by the cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period. When the auditor is aware that the Federal agency, pass-through entity, or auditee is contesting an audit finding, the auditor must contact the parties contesting the audit finding for guidance prior to destruction of the audit documentation and reports.

Access to audit documentation. Audit documentation must be made available upon request to the cognizant or oversight agency for audit or its designee, cognizant agency for indirect cost, a Federal agency, or GAO at the completion of the audit, as part of a quality review, to resolve audit findings, or to carry out oversight responsibilities consistent with the purposes of this part. Access to audit documentation includes the right of Federal agencies to obtain copies of audit documentation, as is reasonable and necessary.

⁵⁴ 2 CFR § 200.517

(e) Major program determination

(1) General⁵⁵

The auditor must use a risk-based approach to determine which Federal programs are major programs. This risk-based approach must include consideration of current and prior audit experience, *oversight* by Federal agencies and pass-through entities, and the inherent risk of the Federal program. The process in Section V(e)(2) through Section V(e)(8) below must be followed.

(2) Step one⁵⁶

The auditor must identify the larger Federal programs, which must be labeled Type A programs. Type A programs are defined as Federal programs with Federal awards expended during the audit period exceeding the levels outlined in the Table 1.⁵⁷

Table 1. Total Federal awards expended and Type A/B threshold⁵⁸

Total Federal awards expended	Type A/B threshold
Equal to or exceed \$750,000 but less than or equal to \$25 million	\$750,000.
Exceed \$25 million but less than or equal to \$100 million	Total Federal awards expended multiplied by 0.03.
Exceed \$100 million but less than or equal to \$1 billion	\$3 million.
Exceed \$1 billion but less than or equal to \$10 billion	Total Federal awards expended multiplied by 0.003.
Exceed \$10 billion but less than or equal to \$20 billion	\$30 million.
Exceed \$20 billion	Total Federal awards expended multiplied by 0.0015.

Federal programs that meet one of the thresholds in Table 1 must be labeled Type A; and Federal programs that do not meet any of the thresholds in Table 1 must be labeled Type B programs.⁵⁹

For biennial audits permitted under 2 CFR § 200.504, the determination of Type A and Type B programs must be based upon the Federal awards expended during the two-year period.⁶⁰

(3) Step two⁶¹

The auditor must identify Type A programs which are low-risk. In making this determination, the auditor must consider whether the requirements in 2 CFR § 200.519(c), the results of audit follow-up, or any changes in personnel or systems affecting the program indicate significantly increased risk and preclude the program from being low risk. For a Type A program to be considered low-risk, it must have been audited as a major program in at least one of the two most recent audit

⁵⁵ 2 CFR § 200.518(a)

⁵⁸ Thresholds change over time, so it is important that local areas routinely verify thresholds to ensure compliance with Federal laws, rules, regulations, and guidance.

⁵⁹ 2 CFR § 200.518(b)(2)

⁶¹ 2 CFR § 200.518(c)

periods (in the most recent audit period in the case of a biennial audit), and, in the most recent audit period, the program must have not had:

- internal control deficiencies which were identified as material weaknesses in the auditor's report on internal control for major programs as required under 2 CFR § 200.515(c);
- a modified opinion on the program in the auditor's report on major programs as required under 2 CFR § 200.515(c); or
- known or likely questioned costs that exceed five percent of the total Federal awards expended for the program.

Notwithstanding any said in step two, OMB may approve a Federal awarding agency's request that a Type A program may not be considered low risk for a certain recipient. For example, it may be necessary for a large Type A program to be audited as a major program of a recipient each year to allow the Federal awarding agency to comply with 31 USC § 3515. The Federal awarding agency must notify the recipient and, if known, the auditor of OMB's approval at least 180 calendar days prior to the end of the fiscal year to be audited.

(4) Step three⁶²

The auditor must identify Type B programs which are high-risk using professional judgment and the criteria in 2 CFR § 200.519. However, the auditor is not required to identify more high-risk Type B programs than at least one fourth the number of low-risk Type A programs identified as low-risk under Step 2. Except for known material weakness in internal control or compliance problems as discussed in 2 CFR § 200.519(b)(1), 2 CFR § 200.519(b)(2), and 2 CFR § 200.519(c)(1), a single criterion in risk would seldom cause a Type B program to be considered high-risk. When identifying which Type B programs to risk assess, the auditor is encouraged to use an approach which provides an opportunity for different high-risk Type B programs to be audited as major over a period of time.

The auditor is not expected to perform risk assessments on relatively small Federal programs. Therefore, the auditor is only required to perform risk assessments on Type B programs that exceed 25 percent (0.25) of the Type A threshold determined in step one.

(5) Step four⁶³

At a minimum, the auditor must audit all of the following as major programs:

- all Type A programs not identified as low risk under step two; and
- all Type B programs identified as high-risk under step three.

Such additional programs as may be necessary to comply with the percentage of coverage rule discussed in Section V(e)(6) below. This may require the auditor to audit more programs as major programs than the number of Type A programs.

⁶² 2 CFR § 200.518(d)

⁶³ 2 CFR § 200.518(e)

(6) Percentage of coverage rule⁶⁴

If the auditee meets the criteria in 2 CFR § 200.520, the auditor need only audit the major programs identified in step four and such additional Federal programs with Federal awards expended that, in aggregate, all major programs encompass at least 20 percent (0.20) of total Federal awards expended. Otherwise, the auditor must audit the major programs identified in step four and such additional Federal programs with Federal awards expended that, in aggregate, all major programs encompass at least 40 percent (0.40) of total Federal awards expended.

(7) Documentation of risk

The auditor must include in the audit documentation the risk analysis process used in determining major programs.⁶⁵

(8) Auditor's judgment⁶⁶

When the major program determination was performed and documented in accordance with this Subpart, the auditor's judgment in applying the risk-based approach to determine major programs must be presumed correct. Challenges by Federal agencies and pass-through entities must only be for clearly improper use of the requirements in this part. However, Federal agencies and pass-through entities may provide auditors guidance about the risk of a particular Federal program and the auditor must consider this guidance in determining major programs in audits not yet completed.

(f) Criteria for Federal program risk

(1) General⁶⁷

The auditor's determination should be based on an overall evaluation of the risk of noncompliance occurring that could be material to the Federal program. The auditor must consider criteria, such as described in Section V(f)(2) through Section V(f)(4) below, to identify risk in Federal programs. Also, as part of the risk analysis, the auditor may wish to discuss a particular Federal program with auditee management and the Federal agency or pass-through entity.

(2) Current and prior audit experience⁶⁸

Weaknesses in internal control over Federal programs would indicate higher risk. Consideration should be given to the control environment over Federal programs and such factors as the expectation of management's adherence to Federal statutes, regulations, and the terms and conditions of Federal awards and the competence and experience of personnel who administer the Federal programs.

⁶⁴ 2 CFR § 200.518(f)

⁶⁵ 2 CFR § 200.518(g)

⁶⁶ 2 CFR § 200.518(h)

⁶⁷ 2 CFR § 200.519(a)

⁶⁸ 2 CFR § 200.519(b)

- A Federal program administered under multiple internal control structures may have higher risk. When assessing risk in a large single audit, the auditor must consider whether weaknesses are isolated in a single operating unit or pervasive throughout the entity.
- When significant parts of a Federal program are passed through to subrecipients, a weak system for monitoring subrecipients would indicate higher risk.

Prior audit findings would indicate higher risk, particularly when the situations identified in the audit findings could have a significant impact on a Federal program or have not been corrected. Federal programs not recently audited as major programs may be of higher risk than Federal programs recently audited as major programs without audit findings.

(3) Oversight exercised by Federal agencies and pass-through entities⁶⁹

Oversight exercised by Federal agencies or pass-through entities could be used to assess risk. For example, recent monitoring or other reviews performed by an oversight entity that disclosed no significant problems would indicate lower risk, whereas monitoring that disclosed significant problems would indicate higher risk.

Federal agencies, with the concurrence of OMB, may identify Federal programs that are higher risk. OMB will provide this identification in the compliance supplement.

(4) Inherent risk of the Federal program⁷⁰

The nature of a Federal program may indicate risk.

- Consideration should be given to the complexity of the program and the extent to which the Federal program contracts for goods and services. For example, Federal programs that disburse funds through third-party contracts or have eligibility criteria may be of higher risk. Federal programs primarily involving staff payroll costs may have high risk for noncompliance with requirements of 2 CFR § 200.430, but otherwise be at low risk.
- The phase of a Federal program in its life cycle at the Federal agency may indicate risk. For example, a new Federal program with new or interim regulations may have higher risk than an established program with time-tested regulations. Also, significant changes in Federal programs, statutes, regulations, or the terms and conditions of Federal awards may increase risk.
- The phase of a Federal program in its life cycle at the auditee may indicate risk. For example, during the first and last years that an auditee participates in a Federal program, the risk may be higher due to start-up or closeout of program activities and staff.
- Type B programs with larger Federal awards expended would be of higher risk than programs with substantially smaller Federal awards expended.

A non-Federal entity that has biennial audits does not qualify as a low-risk auditee.
- The auditor's opinion on whether the financial statements were prepared in accordance with GAAP, or a basis of accounting required by state law, and the auditor's opinion on the schedule of expenditures of Federal awards were unmodified.
- There were no deficiencies in internal control which were identified as material weaknesses under the requirements of GAGAS.

Section VI. Management decisions

(a) General⁷²

The management decision must clearly state whether or not the audit finding is sustained, the reasons for the decision, and the expected auditee action to repay disallowed costs, make financial adjustments, or take other action. If the auditee has not completed corrective action, a timetable for follow-up should be given. Prior to issuing the management decision, the Federal agency or pass-through entity may request additional information or documentation from the auditee, including a request for auditor assurance related to the documentation, as a way of mitigating disallowed costs. The management decision should describe any appeal process available to the auditee. While not required, the Federal agency or pass-through entity may also

⁷¹ 2 CFR § 200.520

As provided in 2 CFR § 200.513(c)(3)(i), a Federal awarding agency is responsible for issuing a management decision for findings that relate to Federal awards it makes to non-Federal entities.

(c) Pass-through entity

As provided in 2 CFR § 200.332(d), the pass-through entity must be responsible for issuing a management decision for audit findings that relate to Federal awards it makes to subrecipients.⁷⁴

The auditee must initiate and proceed with corrective action as rapidly as possible and corrective action should begin no later than upon receipt of the audit report.

(e) Reference numbers⁷⁶

Management decisions must include the reference numbers the auditor assigned to each audit finding in accordance with 2 CFR § 200.516(c).

Under this Change 1, footnotes have been revised for clarity and links have been updated where necessary.

¹ 2 CFR § 200.344

ACTION

This policy supersedes and cancels the State’s policy titled Grant Closeout (effective January 20, 2023). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Local boards, as subrecipients and pass-through entities whenever they issue subawards to other subrecipients, must ensure compliance with Federal laws, rules, regulations, and guidance, as well as this policy, to ensure grant closeout requirements met.

POLICY

This policy has two sections and one appendix.

Section I. Closeout requirements	2
Section II. Post-closeout adjustments and continuing responsibilities	3
APPENDIX I. Definitions	5

Section I. Closeout requirements²

NDOL, as a pass-through entity, will close out Federal awards to local areas when it determines that all applicable administrative actions and all required work of the Federal award has been completed by its subrecipients. If the non-Federal entity fails to complete the requirements, the Federal awarding agency and pass-through entity will proceed to close out the Federal award with the information available. Below are the actions NDOL must take to complete this process at the end of the period of performance.

- (a) The subrecipient must submit to NDOL, no later than 90 calendar days (or an earlier date as agreed upon by NDOL and the subrecipient) after the end date of the period of performance, all financial, performance, and other reports as required by the terms and conditions of the Federal award. NDOL may approve extensions when requested and justified by the subrecipient, as applicable.
- (b) Unless NDOL authorizes an extension, the subrecipient must liquidate all financial obligations incurred under the Federal award no later than 120 calendar days after the end date of the period of performance, as specified in the terms and conditions of the Federal award.
- (c) NDOL must make prompt payments to the subrecipient for costs meeting the requirements established under 2 CFR Part 200 Subpart E regarding the applicable Federal award.
- (d) The subrecipient must promptly refund any balances of unobligated cash that NDOL paid in advance or paid and that are not authorized to be retained by the subrecipient for use in other projects.

² 2 CFR § 200.344

- (e) Consistent with the terms and conditions of the Federal award, NDOL must make a settlement for any upward or downward adjustments to the Federal share of costs after closeout reports are received.
- (f) The subrecipient must account for any real and personal property acquired with Federal funds or received from the Federal Government in accordance with 2 CFR §§ 200.310 through 200.316 and 2 CFR § 200.330.
- (g) When the subrecipient completes all closeout requirements, NDOL must promptly complete all closeout actions for Federal awards.
- (h) If the subrecipient does not submit all reports in accordance with 2 CFR § 200.344 and the terms and conditions of the Federal Award, NDOL must proceed to close out with the information available within one year of the period of performance end date.

Section II. Post-closeout adjustments and continuing responsibilities³

Closeout of a Federal award does not affect:

1. rights of the Federal awarding agency or pass-through entity to disallow costs and recover funds on the basis of a later audit or other review:
 - a. The Federal awarding agency or pass-through entity must make any cost disallowance determination and notify the non-Federal entity within the record retention period.
2. requirements that the non-Federal entity to return any funds due as a result of later refunds, corrections, or other transactions including final indirect cost rate adjustments;
3. ability of the Federal awarding agency to make financial adjustments to a previously closed award such as resolving indirect cost payments and making final payments;
4. audit requirements in 2 CFR Part 200 Subpart F;⁴
5. property management and disposition requirements in 2 CFR §§ 200.310 through 200.316; or
6. records retention as required in 2 CFR §§ 200.334 through 200.337.⁵

³ 2 CFR § 200.345

⁴ The State's policy on audit and audit resolution provide information on audit and audit resolution requirements and is included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

⁵ The State's policy on records management provides additional information on record retention requirements, some of which are based on Nebraska law. The State policy manual is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

After closeout of the Federal award, a relationship created under the Federal award may be modified or ended in whole or in part with the consent of the Federal awarding agency or pass-through entity and the non-Federal entity, provided the responsibilities of the non-Federal entity referred to above, including those for property management, are considered and provisions made for continuing responsibilities of the non-Federal entity, as appropriate.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

(b) Prohibitions

In general, recipients are prohibited from using any method that has the purpose or effect of subjecting individuals to discrimination on a prohibited ground due to the recipient's administration of facilities and programs providing aid, benefits, service, or training.¹⁰

(1) Discrimination and harassment¹¹

WIOA Sec. 188 prohibits discrimination and harassment based on race, color, religion, sex (including pregnancy¹²), national origin, age, disability, or political affiliation or belief. In addition, WIOA Sec. 188 prohibits discrimination against and harassment of any WIOA Title I program applicant or participant on the basis of citizenship status or participation in a WIOA Title I financially assisted program or activity. Further, a recipient must not exclude any individual from, or restrict any individual's participation in, any program or activity based on the recipient's belief or concern that the individual will encounter limited future employment opportunities because of the individual's race, color, religion, sex, national origin, age, disability, political affiliation or belief, citizenship status, or participation in a WIOA Title I financially assisted program or activity.¹³

⁸ 29 CFR § 38.2(a)

⁹ 29 CFR § 38.2(b)

¹⁰ TEGL 37-14

¹¹ 29 CFR § 38.1. Note: 29 CFR §§ 38.6 – 38.12 provides detailed information on specifically prohibited actions.

¹² 29 CFR § 38.8

¹³ 29 CFR § 38.24(c)

A recipient must not communicate any information that suggests, by text or illustration, that the recipient treats beneficiaries, registrants, applicants, participants, employees or applicants for employment differently on any prohibited basis described in 29 CFR § 38.5, except when such treatment is permitted under 29 CFR Part 38 or Federal law.¹⁴

(2) Intimidation and retaliation

A recipient must not discharge, intimidate, retaliate, threaten, coerce or discriminate against any individual because the individual has, with regard to the requirements and obligations of WIOA Sec. 188 or 29 CFR Part 38:¹⁵

- filed a complaint alleging a violation;
- opposed a practice prohibited by the nondiscrimination and equal opportunity provisions; or
- furnished information to, or assisted or participated in any manner in, an investigation, review, hearing, or any other activity related to any of the following:
 - administration of the nondiscrimination and equal opportunity provisions;
 - exercise of authority under those provisions;
 - exercise of privilege secured by those provisions; or
 - otherwise exercised any rights and privileges under the nondiscrimination and equal opportunity provisions.

(3) Assistance for facilities for religious instruction or worship¹⁶

Except as described in Section I(c), WIOA Title I program funds must not be used to subsidize the employment of individuals participating in WIOA Title I programs where the participant would be carrying out the construction, operation, or maintenance of any part of any facility that is used or will be used for religious instruction or worship.

(c) Exceptions and limitations

(1) Facilities for religious instruction or worship¹⁷

The prohibition against use of WIOA Title I funds for facilities for religious instruction or worship, as described above, does not apply to maintenance of a facility that is not primarily or inherently devoted to religious instruction or worship when the organization operating the facility is part of a program or an activity providing services to WIOA Title I participants.

¹⁷ Ibid.

(2) Employment and training in religious activities¹⁸

WIOA Title I funds may be used to support employment and training in religious activities when the assistance is indirect. Financial assistance for employment in religious activities is considered indirect when the participant has been provided with a genuine and independent opportunity to choose the provider of the employment, even where the local WIOA Title I service provider pays the provider of employment directly. Financial assistance for training in religious activities is considered indirect when the participant:

- is given a genuine and independent private choice among training providers or program options, which must be provided in a manner that maximizes informed consumer choice; and
- can freely elect, from among those options, to receive training in religious activities.

For training in religious activities, individual training accounts (ITAs) are considered indirect assistance.

In addition to the specific requirements described in this section, each local board, in general, must ensure that its local American Job Center(s) provides equal access to programs and services.¹⁹

(a) Requirements

(1) Accessibility

(i) Physical accessibility

(3) Communications

Each recipient must take appropriate steps to ensure that communications with individuals with disabilities are as effective as communications with others, including communications with program applicants and participants, applicants for employment and employees, members of the public, and their companions.²⁴

Each recipient of WIOA Title I financial assistance must provide initial and continuing notice that it does not discriminate on any prohibited basis.

The notice must be provided to:

- registrants;
- applicants;
- participants;
- applicants for employment and employees;
- unions or professional organizations that hold collective bargaining or professional agreements with the recipient;

Where the Equal Opportunity Notice has been given in an alternate format to registrants, applicants, eligible applicants/registrants, participants, applicants for employment and employees with a visual impairment, a record that the alternate-format notice has been given must be made a part of the employee's or participant's file.

(B) Printed and electronic materials and verbally-provided information³¹

Recipients must indicate the WIOA Title I financially assisted program or activity in question is an equal opportunity employer/program and that auxiliary aids and services are available upon request to individuals with disabilities. This requirement applies to recruitment brochures and other materials that are ordinarily distributed or communicated in written and/or oral form, electronically and/or on paper, to staff, clients, or the public at large, to describe WIOA Title I financially assisted program or activities or the requirements for participation by recipients and participants. When these materials indicate that the recipient may be reached by voice telephone, the materials must also prominently provide the telephone number of the text telephone (TTY) or other equally effective telecommunications system, such as a relay service, videophone, or captioned telephone used by the recipient.

(C) Information provided through news media³²

Recipients that publish or broadcast program information in the news media must ensure that the publications and broadcasts state that:

- the WIOA Title I financially assisted program or activity in question is an equal opportunity employer/program (or otherwise indicate that discrimination in the WIOA Title I financially assisted program or activity is prohibited by Federal law); and
- auxiliary aids and services are available upon request to individuals with disabilities.

(iv) Orientations

During each presentation to orient new participants, new employees, and/or the general public to its WIOA Title I financially assisted program or activity, a recipient must include a discussion of rights under the nondiscrimination and equal opportunity provisions of WIOA, including the right

³⁰ 29 CFR § 38.9

³¹ 29 CFR § 38.38(a)

³² 29 CFR § 38.38(b)

to file a complaint of discrimination with the recipient or CRC Director.³³ This information must be communicated in appropriate languages and in formats accessible for individuals with disabilities.³⁴ When possible, the Equal Opportunity Notice should be provided in print and signed by WIOA Title I program participants and employees of the recipient and retained on file.

(7) Affirmative outreach³⁵

Recipients must take appropriate steps to ensure that they are providing equal access to their WIOA Title I financially assisted programs and activities. These steps should involve reasonable efforts to include members of the various groups protected under 29 CFR Part 38, including but not limited to:

- individuals with limited English proficiency;
- individuals with disabilities;
- persons of different sexes and age groups; and
- persons of various racial and ethnic/national origin groups and religions.

(8) Collection and maintenance of EO data³⁶

Each recipient must collect data and maintain records the CRC Director finds necessary to determine whether the recipient has complied or is complying with the nondiscrimination and equal opportunity provisions of WIOA Sec. 188 and 29 CFR Part 38. The system and format in which the records and data are kept must be designed to allow the Governor and CRC to conduct statistical or other quantifiable data analyses to verify the recipient's compliance with WIOA Sec. 188 and 29 CFR Part 38.

Records must be collected and maintained on:

- program applicants;
- registrants;
- eligible applicants/registrants;
- participants;
- terminees;
- employees; and
- applicants for employment.

Each recipient must record the race/ethnicity, sex, age, and where known, disability status of the groups specified above. Beginning on January 3, 2019, each recipient must also record the

³⁵ 29 CFR § 38.40

limited English proficiency and preferred language of each applicant, registrant, participant, and terminnee. This collected information must be stored in a manner that ensures confidentiality, and must be used only for the purposes of:

- recordkeeping and reporting;
- determining eligibility, where appropriate, for WIOA Title I financially assisted programs or activities;
- determining the extent to which the recipient is operating its WIOA Title I financially assisted program or activity in a nondiscriminatory manner; and
- other uses authorized by law.

(i) **Medical and disability-related information**

Any medical or disability-related information obtained about a particular individual, including information that could lead to the disclosure of a disability, must be collected on separate forms. All such information, whether in hard copy, electronic, or both, must be maintained in one or more separate files, apart from any other information about the individual, and treated as confidential. Whether these files are electronic or hard copy, they must be locked or otherwise secured (for example, through password protection).

(ii) **Complaints³⁷**

Each recipient must maintain, and submit to CRC upon request, a log of complaints filed with the recipient that allege discrimination on the basis of:

- race;
- color;
- religion;
- sex (including pregnancy, childbirth, and related medical conditions);
- national origin;
- age;
- disability;
- political affiliation or belief;
- citizenship; or
- participation in a WIOA Title I financially assisted program or activity.

³⁷ 29 CFR 38.41(c)

The log must include:

- the name and address of the complainant;
- the basis of the complaint;
- a description of the complaint;
- the date the complaint was filed;
- the disposition and date of disposition of the complaint; and
- other pertinent information.

Information that could lead to identification of a particular individual as having filed a complaint must be kept confidential.

Where designation of individuals by race or ethnicity is required, the guidelines of the Office of Management and Budget must be used.

A service provider's responsibility for collecting and maintaining the information required under this section may be assumed by the Governor or local area grant recipient, as provided in the state's nondiscrimination plan.

(iii) Information to be provided to CRC

(A) Notification of administrative enforcement actions or lawsuits³⁸

Each recipient must promptly notify the CRC Director when any administrative enforcement actions or lawsuits are filed against it alleging discrimination on the basis of:

- race;
- color;
- religion;
- sex (including pregnancy, childbirth, and related medical conditions);
- national origin (including limited English proficiency);
- age;
- disability;
- political affiliation or belief; or
- for beneficiaries, applicants, and participants only, on the basis of citizenship or participation in a WIOA Title I financially assisted program or activity.

³⁸ 29 CFR § 38.42(a)

This notification must include the:

- names of the parties to the action or lawsuit;
- forum in which each case was filed; and
- relevant case numbers.

(B) Compliance reviews and complaint investigations³⁹

Each recipient, as part of a compliance review⁴⁰ or monitoring activity⁴¹ conducted or carried out by the CRC Director, must provide the following information:

- the name of any other Federal agency that conducted a civil rights compliance review or complaint investigation, and that found the grant applicant or recipient to be in noncompliance, during the two years before the grant application was filed or CRC began its examination; and
- information about any administrative enforcement actions or lawsuits that alleged discrimination on any protected basis, and that were filed against the grant applicant or recipient during the two years before the application or renewal application, compliance review, or monitoring activity.

This information must include the:

- names of the parties;
- forum in which each case was filed; and
- relevant case numbers.

At the discretion of the CRC Director, recipients may be required to provide, in a timely manner:

- any information and data that the Director considers necessary to investigate complaints and conduct compliance reviews on bases prohibited under the nondiscrimination and equal opportunity provisions of WIOA and 29 CFR Part 38; and
- the particularized information and/or to submit the periodic reports that the CRC Director considers necessary to determine compliance with the nondiscrimination and equal opportunity provisions of WIOA or 29 CFR Part 38.

Where designation of individuals by race or ethnicity is required, the guidelines of the Office of Management and Budget must be used.

³⁹ 29 CFR § 38.42(b)

⁴⁰ 29 CFR § 38.63

⁴¹ 29 CFR § 38.65

(iv) Records retention⁴²

Each recipient must maintain the following records, whether they exist in electronic form (including email) or hard copy, for a period of not less than three years from the close of the applicable program year:

- records of applicants, registrants, eligible applicants/registrants, participants, terminees, employees, and applicants for employment; and
- other records as are required under 29 CFR Part 38 or by the CRC Director.

Where a discrimination complaint has been filed or compliance review initiated, every recipient that possesses or maintains any type of hard-copy or electronic record related to the complaint (including records that have any relevance to the underlying allegations in the complaint, as well as records regarding actions taken on the complaint) or to the subject of the compliance review must preserve all records, regardless whether hard-copy or electronic, that may be relevant to a complaint investigation or compliance review, and maintain those records for a period of not less than three years from the date of final action related to resolution of the complaint or compliance review.

(v) Records access⁴³

Each recipient must permit access by the CRC Director or the Director's designee during its hours of operation to its premises and to its employees and participants, to the extent that such individuals are on the premises during the course of the investigation, for the purpose of conducting complaint investigations, compliance reviews, or monitoring activities associated with a state's development and implementation of a nondiscrimination plan, and for inspecting and copying such books, records, accounts and other materials as may be pertinent to ascertain compliance with and ensure enforcement of the nondiscrimination and equal opportunity provisions of WIOA or 29 CFR Part 38.

Asserted considerations of privacy or confidentiality are not a basis for withholding information from CRC and will not bar CRC from evaluating or seeking to enforce compliance with the nondiscrimination and equal opportunity provisions of WIOA Sec. 188 and 29 CFR Part 38.

Whenever any information that the Director asks a recipient to provide is in the exclusive possession of another agency, institution, or person, and that agency, institution, or person fails or refuses to furnish the information upon request, the recipient must certify to CRC that it has made efforts to obtain the information and that the agency, institution, or person has failed or refused to provide it. This certification must list the name and address of the agency, institution, or person that has possession of the information and the specific efforts the recipient made to obtain it.

⁴³ 29 CFR § 38.44

(b) Procedures

(1) Complaint filing⁴⁴

Any individual, or individual's representative, who believes that the individual or any specific class of individuals, has been or is being subjected to discrimination, harassment, or retaliation prohibited under WIOA Sec. 188 or 29 CFR Part 38 may file a written complaint. The complaint may be filed with the recipient's EO Officer or the Director, Civil Rights Center, U.S. Department of Labor, Room N4123, 200 Constitution Avenue, NW, Washington, DC 20210.

Generally, a complaint must be filed within 180 days of the alleged discrimination, harassment, or retaliation. However, for good cause shown, the CRC Director may extend the filing time. The time period for filing is for the administrative convenience of CRC, and does not create a defense for the respondent

(i) Required contents

Each complaint must be filed in writing, either electronically or in hard copy, and must contain the following information:

- the complainant's name, mailing address, and, if available, email address (or another means of contacting the complainant);
- the identity of the respondent (the individual or entity that the complainant alleges is responsible for the discrimination);
- a description of the complainant's allegations, which must include enough detail to allow the CRC Director or the recipient, as applicable, to decide whether CRC or the recipient, as applicable, has jurisdiction over the complaint; the complaint was filed in time; and the complaint has apparent merit, in other words, whether the complainant's allegations, if true, would indicate noncompliance with any of the nondiscrimination and equal opportunity provisions of WIOA Sec. 188 or 29 CFR Part 38; and
- the written or electronic signature of the complainant or the written or electronic signature of the complainant's representative.

A complaint may be filed by completing and submitting CRC's Complaint Information Form and Privacy Act Consent, which may be obtained either from the recipient's EO Officer or from CRC. The forms are available electronically on CRC's website⁴⁵ and in hard copy via postal mail upon written request to Director, Civil Rights Center, U.S. Department of Labor, Room N4123, 200 Constitution Avenue, NW, Washington, DC 20210.

(ii) Right to representation

Both the complainant and the respondent have the right to be represented by an attorney or other individual of their choice.⁴⁶

⁴⁴ 29 CFR § 38.69

⁴⁵ The Complaint Information Form and Privacy Act Consent Form are accessible at <https://www.dol.gov/oasam/programs/crc/external-enforc-complaints.htm>.

⁴⁶ 29 CFR § 38.71

(2) Complaint processing procedures for recipients⁴⁷

The procedures that a recipient adopts and publishes for processing complaints permitted under WIOA Sec. 188 and 29 CFR Part 38 must state that the recipient will issue a written notice of final action on complaints within 90 calendar days of the date on which the complaint is filed. At a minimum, the procedures must include the following elements:

- initial, written notice to the complainant that contains the following information:
 - an acknowledgment that the recipient has received the complaint;
 - notice that the complainant has the right to be represented in the complaint process;
 - notice of rights contained in 29 CFR § 38.35; and
 - notice that the complainant has the right to request and receive, at no cost, auxiliary aids and services, language assistance services, and that this notice will be translated into the non-English languages as required in 29 CFR §§ 38.4(h) – (i), 38.34, and 38.36.
- a written statement of the issue(s), provided to the complainant, that includes the following information:
 - a list of the issues raised in the complaint; and
 - For each such issue, a statement whether the recipient will accept the issue for investigation or reject the issue, and the reasons for each rejection;
- a period for fact-finding or investigation of the circumstances underlying the complaint;
- a period during which the recipient attempts to resolve the complaint which must include alternative dispute resolution (ADR), as described in 29 CFR § 38.72(c) and Section II(b)(2)(i);
- a written notice of final action, provided to the complainant within 90 calendar days of the date on which the complaint was filed, that contains the following information:
 - for each issue raised in the complaint, a statement of either:
 - the recipient's decision on the issue and an explanation of the reasons underlying the decision; or
 - a description of the way the parties resolved the issue; and
 - notice that the complainant has a right to file a complaint with CRC within 30 days of the date on which the notice of final action is received if the complainant is dissatisfied with the recipient's final action on the complaint.

⁴⁷ 29 CFR § 68.72

(i) Alternative Dispute Resolution (ADR)⁴⁸

The recipient's ADR procedures must provide for the following.

- The complainant may attempt ADR at any time after the complainant has filed a written complaint with the recipient, but before a Notice of Final Action has been issued.
- The choice whether to use ADR or the customary process rests with the complainant.
- A party to any agreement reached under ADR may notify the CRC Director in the event the agreement is breached. In such circumstances, the following rules will apply.
 - The non-breaching party may notify with the CRC Director within 30 days of the date on which the non-breaching party learns of the alleged breach; and
 - The CRC Director must evaluate the circumstances to determine whether the agreement has been breached. If the Director determines that the agreement has been breached, the complaint will be reinstated and processed in accordance with the recipient's procedures.

If the parties do not reach an agreement under ADR, the complainant may file a complaint with the CRC Director as described in 29 CFR §§ 38.69 – 38.71.

(3) Complaint processing procedures for service providers⁴⁹

The Governor or the local area grant recipient (i.e., Chief Elected Official), as provided in the state's nondiscrimination plan, must develop and publish, on behalf of its service providers, the complaint processing procedures required in 29 CFR § 38.72. The service providers must then follow those procedures.

(4) Notice of recipient's lack of jurisdiction⁵⁰

If a recipient determines that it does not have jurisdiction over a complaint, it must notify the complainant, in writing within five business days of making such determination. This notice of lack of jurisdiction must include:

- a statement of the reasons for that determination; and
- notice that the complainant has a right to file a complaint with CRC within 30 days of the date on which the complainant receives the notice.

(5) Notice of final action⁵¹

If the recipient issues a notice of final action before the 90 calendar day period ends, but the complainant is dissatisfied with the recipient's decision on the complaint, the complainant or the complainant's representative may file a complaint with the CRC Director within 30 days after the date on which the complainant receives the notice. If, by the end of 90 calendar days from the

date on which the complainant filed the complaint, the recipient has failed to issue a notice of final action, the complainant or the complainant's representative may file a complaint with the CRC Director within 30 calendar days of the expiration of the 90 calendar day period. In other words, the complaint must be filed with the CRC Director within 120 calendar days of the date on which the complaint was filed with the recipient.

Section III. Failure to comply⁵²

Whenever the Secretary of Labor finds that a state or other recipient of WIOA Title I financial assistance has failed to comply with the requirements of WIOA Sec. 188 or 29 CFR Part 38, the Secretary must notify the state or recipient and must request that compliance takes place. If within a reasonable period of time, not to exceed 60 days, the state or recipient fails or refuses to comply, the Secretary may refer the matter to the United States Attorney General with a recommendation that an appropriate civil action be instituted or take such other action as may be provided by law.

Once a referral is received or if the United States Attorney General has reason to believe that the state or recipient of WIOA Title I financial assistance is engaged in a pattern or practice of discrimination, the United States Attorney General may bring a civil action in any appropriate district court of the United States for such relief as may be appropriate, including injunctive relief.⁵³

⁶⁸ 29 CFR § 38.4(xxx)

APPENDIX II. Example Equal Opportunity Notice⁶⁹

Equal Opportunity is the Law

It is against the law for this recipient of Federal financial assistance to discriminate on the following bases: Against any individual in the United States, on the basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions), national origin (including limited English proficiency), age, disability, or political affiliation or belief, or, against any beneficiary of, applicant to, or participant in programs financially assisted under Title I of the Workforce Innovation and Opportunity Act, on the basis of the individual's citizenship status or participation in any WIOA Title I-financially assisted program or activity.

The recipient must not discriminate in any of the following areas:

- deciding who will be admitted, or have access, to any WIOA Title I financially assisted program or activity;
- providing opportunities in, or treating any person with regard to, such a program or activity; or
- making employment decisions in the administration of, or in connection with, such a program or activity.

Recipients of Federal financial assistance must take reasonable steps to ensure that communications with individuals with disabilities are as effective as communications with others. This means that, upon request and at no cost to the individual, recipients are required to provide appropriate auxiliary aids and services to qualified individuals with disabilities.

What to do if you believe you have experienced discrimination

If you think that you have been subjected to discrimination under a WIOA Title I-financially assisted program or activity, you may file a complaint within 180 days from the date of the alleged violation with either the:

- recipient's Equal Opportunity Officer (or the person whom the recipient has designated for this purpose); or
- Director, Civil Rights Center (CRC), U.S. Department of Labor, 200 Constitution Avenue NW, Room N-4123, Washington, DC 20210 or electronically as directed on the CRC Web site at www.dol.gov/crc.

If you file your complaint with the recipient, you must wait either until the recipient issues a written Notice of Final Action, or until 90 days have passed (whichever is sooner), before filing with the Civil Rights Center (see address above).

If the recipient does not give you a written Notice of Final Action within 90 days of the day on which you filed your complaint, you may file a complaint with CRC before receiving that Notice. However, you must file your CRC complaint within 30 days of the 90-day deadline (in other words, within 120 days after the day on which you filed your complaint with the recipient).

If the recipient does give you a written Notice of Final Action on your complaint, but you are dissatisfied with the decision or resolution, you may file a complaint with CRC. You must file your CRC complaint within 30 days of the date on which you received the Notice of Final Action.

(a) Requirements

Each local area, with regard to their respective WIOA Title I non-criminal grievance and complaint procedures must take the following actions.⁴

1. Information about the procedures must be provided to WIOA Title I program participants and documentation must be recorded in participant case files that the information has been provided.

3. Every entity to which a local area awards (i.e., subawards) WIOA Title I funds for the provision of services to program participants must have access to information about and is fully aware of the procedures.
4. Reasonable efforts must be made to assure that information about the procedures can be understood by participants and others, including youth and those who are limited-English speaking individuals; and these efforts must comply with the language requirements of 29 CFR § 38.9 regarding the provision of services and information in languages other than English.

The remedies that may be imposed under NDOL and local area procedures are limited to:⁵

- a process for dealing with grievances and complaints from participants and others affected by the local one-stop delivery system, including one-stop partners and service providers;
- an opportunity for an informal resolution and a hearing, to be completed within sixty (60) calendar days of the filing of the grievance or complaint;

 - a party to the grievance or complaint is dissatisfied with the local decision.

Local non-criminal grievance and complaint procedures must be made available as described in Section I(a).

- the individual(s) filing the grievance or complaint will be provided contact information for the appropriate local area representative within five business days, either by email or in writing, and advised that the grievance or complaint must be first filed with the local area according to local area procedures.

3. have skills and qualifications to successfully participate in training services;
4. have selected programs of training services that are directly linked to in-demand employment opportunities in the applicable local area or the Statewide planning region, or in another area to which the individual is willing to commute or relocate; and
5. are unable to obtain grant assistance from other sources to pay the costs of such training, such as state-funded training, Trade Adjustment Assistance, or Federal Pell Grants established under Title IV of the Higher Education Act of 1965, as amended, *or* require WIOA assistance in addition to other sources of grant assistance, subject to coordination of services requirements established under WIOA Sec. 134(c)(3)(B) and [20 CFR § 680.230](#), and Section IV(b) below;
6. are determined eligible in accordance with the State's priority of service policy as it pertains to adults and dislocated workers; and
7. in the case of workers who are members of a worker group covered under a petition filed for Trade Adjustment Assistance and are awaiting a determination:
 - a. if the petitions are certified, workers then transition to TAA funded training; or
 - b. if the petitions are denied, workers continue training under adult or dislocated worker programs.

There is no "income test" for determining eligibility for training services, with one exception. Adult and dislocated worker income must not be considered when determining eligibility for training services funded by Title IB adult and dislocated worker programs, except in relation to priority of service determinations for adults as described in the State's priority of service policy.

(1) Training services eligibility and career services exception

There is no requirement that career services be provided as a condition to receive training services.¹³ However, if career services are not provided before training services, local boards and administrative entities must ensure that local Title IB adult and dislocated worker program staff accurately and concisely document in NEworks the circumstances justifying determinations to provide training services without first providing an interview, evaluation or assessment, and career planning services informed by local labor market information and training provider performance information, in accordance with Section II(b)(2) directly below and Section VII.

¹² [20 CFR § 680.210](#); [TEGL 19-16](#)

¹³ [20 CFR § 680.220\(b\)](#); [TEGL 19-16](#)

(2) Training services documentation requirements

Adult and dislocated worker case files in NEworks must contain documentation relating to determination of need for training services based on the seven eligibility criteria described above.¹⁴ In addition, if career services are not provided before training services are provided, Title IB adult and dislocated worker program staff must accurately and concisely document in NEworks circumstances justifying determinations to provide training services without first providing an interview, evaluation, and assessment and career planning services informed by local labor market information and training provider performance information.¹⁵ The documentation must be included in case files prior to the provision of training services.

(c) Individual training accounts (ITAs)

Training services for Title IB program participants are typically provided by ETPs listed on the State's ETPL through ITAs.¹⁶ ITAs are payment agreements with ETPs established on behalf of Title IB program participants by Title IB programs to purchase training services from ETP programs selected by participants in consultation with career planners (aka case managers) and discussion of program quality and performance information for programs listed on the ETPL.¹⁷

(1) ITA limitations

Local boards may establish financial limitations on ITAs,¹⁸ which may be established based on:¹⁹

- limits for individual Title IB participants based on needs identified in participant IEPs or ISSs, such as participant occupational choices or goals and levels of training needed to succeed in achieving those goals; or
- policy decisions by local boards to establish ranges of amounts and/or a maximum amounts applicable to all ITAs established for Title IB participants.

Title IB program participants may select programs of training services from the ETPL that exceed locally established maximum amounts available for ITAs pursuant to local plans and plan modifications and local policies and procedures, when other sources of funds (other than Title IB programs) are available to supplement ITAs, such as Pell Grants, scholarships, severance pay, and other sources.²⁰

Local boards must not establish ITA limitations, such as restricting the availability of ITAs for specific occupations, that undermine requirements that training services be provided in a manner that maximizes consumer choice in the selection of a training provider,²¹ in accordance with WIOA

Sec. 107(d)(10)(E), [20 CFR § 680.340](#), [TEGL 19-16](#), and applicable State policies addressing consumer choice requirements.²²

ITA limitations must be described in local plans and plan modifications,²³ as well as local policies and procedures, *prior to implementation of limitations*.

(2) ITA payments

Payments to ETPs based on ITAs may be made in a variety of ways, including electronic transfer of funds through financial institutions, vouchers, or other appropriate methods. Payments may be made incrementally through payment of a portion of the costs at different points in the training course. Regardless of methods of payment for ITAs, all payments must be made in a timely manner.

In the event that Title I participants drop out of or fail to complete training services authorized under ITAs, Title IB programs must pay for actual services provided by ETPs to participants, including all training materials provided by ETPs to participants pursuant to ITAs. In other words, formal and informal practices established by local Title IB programs that result in non-payment to ETPs for actual training services and training materials provided are not permitted.

(3) ITA alternatives

Under limited circumstances, local boards may directly provide training services, but only if they've obtained a written waiver from the Governor for this purpose and meet other requirements established under WIOA Sec. 107(g)(1) and [20 CFR § 679.410](#).²⁴ Under limited conditions, local boards may contract for training services rather than using ITAs (read subsection (A) directly below).

(A) Contract exceptions to use of ITAs

Training services, when determined appropriate, must be provided either through an ITA, as described above, or through a training contract. Except under limited conditions described in WIOA Sec. 122(h) and [20 CFR § 680.320](#), training services must be provided by ETPs in accordance with WIOA Sec. 122(d).²⁵

As mentioned above, ITAs are the primary method to be used for procuring training services for Title IB program participants. However, training contracts may be used to provide training services instead of ITAs under limited conditions (referred to as training exceptions or contract exceptions).²⁶ Pursuant to WIOA Sec. 134(c)(3)(G)(ii) and consistent with [20 CFR §§ 680.320, 680.340](#), and [680.530](#), local boards may use contracts for training services instead of ITAs under one or more of the following conditions:²⁷

1. on-the-job training services, which may include paying for the on-the-job training portion of Registered Apprenticeship programs, customized training, incumbent worker training, and transitional jobs;
2. when local boards determine through processes and procedures established under local plans and plan modifications and local policies, processes, and procedures that there are an insufficient number of ETPs in local areas to accomplish the purpose of a system of ITAs, provided such processes and procedures require a public comment period of at least 30 days for interested providers of training services;
3. in order to use training services from programs having demonstrated effectiveness in serving individuals with barriers to employment that are offered by community-based organizations or other private organizations, provided local boards have developed criteria for determining demonstrated effectiveness particularly as it applies to individuals with barriers to employment to be served, which may include:
 - a. evaluation of the financial stability of the organizations;
 - b. evaluation of documentation on the organizations' demonstrated performance in the delivery of services to individuals with barriers to employment through such means as:
 - i. program completion rates;
 - ii. attainment rates for skills, certificates, or degrees the programs are designed to provide; and
 - iii. placement rates after training in unsubsidized employment and retention in such employment;
 - c. how the training programs relate to workforce investment needs identified in local plans and plan modifications;
4. when local boards determine that the most appropriate training could be provided by an institution of higher education or other provider of training services in order to facilitate the training of a cohort of multiple individuals for jobs in in-demand sectors or occupations; or
5. when local boards determine pay-for-performance contracts are suitable, consistent with [20 CFR § 683.500](#):
 - a. No more than 10 percent of the local funds may be spent on pay-for-performance contract strategies as defined in WIOA Sec. 3(47) and consistent with [20 CFR § 683.510](#).

When electing to use contracts for the provision of training services under conditions 2 through 5 listed above, local boards must ensure that consumer choice requirements established under [20 CFR § 680.340](#) have been fulfilled.

Local boards may determine that providing training services through a combination of ITAs and contracts for training services is the most effective approach. This combined approach could be

used to support placing participants in programs such as Registered Apprenticeships and other similar types of training.

(4) Local plans and plan modifications and training services

As mentioned above, local plans and plan modifications must describe processes and procedures to be used when selecting non-ETPL training providers for contracted training services in lieu of ITAs;²⁸ and local policies, processes, and procedures must also be established concerning use of training contracts instead of ITAs, as described in subsection (d) directly below. Further, processes and procedures established under local plans and plan modifications for procurement and selection of contracted non-ETPL training providers must be based on one or more conditions described under paragraphs 2 through 5 in subsection (c) above *and* must adhere to the requirements of the Uniform Guidance pertaining to subawards and subrecipients²⁹ and all other applicable Federal laws, rules, regulations, guidance, and applicable State policies.

(d) Local policies on training services

In addition to processes and procedures established under local plans and plan modifications, local boards and local administrative entities *must* establish new or revised policies, processes, and procedures for local Title IB adult and dislocated worker programs that:³⁰

- identify processes and procedures for determining adult and dislocated worker eligibility for training services in relation to conditions described under paragraphs 2 through 5 in subsection (c) above;
- define requirements pertaining to ITA limitations, payments, and alternatives to ITAs (including exceptions to ITAs), as defined in subsection (c) above;
- require Title IB adult and dislocated worker program staff adhere to established requirements pertaining to training services established in this policy, as well as the State's policy on priority of service; and
- require adherence to the requirements of Uniform Guidance pertaining to procurement and selection of non-ETPL training providers and subawards to subrecipients,³¹ as well as all other applicable Federal laws, rules, regulations, guidance, this policy, and the State's policy on procurement.

Section III. Supportive services

(a) Availability

Title I adult and dislocated worker supportive services may be provided only:³²

- to individuals who are participating in career or training services, as defined in WIOA Sec. 134(c)(2)-(3);
- when supportive services are necessary to enable individuals to participate in career services or training activities; and
- when adults and dislocated workers are unable to obtain supportive services through other programs.

It's important to remember that Title IB programs are the “funding source of last resort”, in accordance with Section IV(b) below pertaining to coordination of services.

(b) Types of supportive services

Supportive services that may be provided to individuals participating in career services and/or training services may include, but are not limited to:³³

11. payments and fees for employment and training-related applications, tests, and certifications; and
12. needs-related payments, subject to the requirements listed in subsection (1) below.

(1) Needs-related payments

Needs-related payments provide financial assistance to adults and dislocated workers for the purpose of enabling them to participate in training and are a supportive service authorized by WIOA Sec. 134(d)(3). Unlike other supportive services, in order to qualify for needs-related payments a adults and dislocated workers must be enrolled in training.³⁴ Eligibility requirements for needs-related payments for adult and dislocated workers are defined in subsections (A) and (B) below.

(A) Adult eligibility for needs-related payments

Adults must meet all three criteria listed below in order to receive needs-related payments:³⁵

1. unemployed;
2. not qualified for or have ceased to qualify for unemployment compensation; and
3. enrolled in Title I adult program funded training services.

(B) Dislocated worker eligibility

Dislocated workers must meet all of criterion 1 *or* criterion 2 below in order to receive needs-related payments:³⁶

1. unemployed and:
 - a. are no longer qualified for unemployment compensation or Trade Readjustment Allowance under TAA; *and*
 - b. enrolled in a Title I dislocated worker program funded program training services by:
 - i. the end of the 13th week after the most recent layoff that resulted in a determination of eligibility as a Title I dislocated worker; or

³⁵ [20 CFR § 680.940](#)

³⁶ [20 CFR § 680.950](#)

(c) Local policies on supportive services

Local boards and local administrative entities, in consultation with one-stop partners and other community service providers, must establish new or revised supportive services policies that ensure resource and service coordination in their local areas.³⁷ Local policies and procedures on supportive services must:³⁸

1. comply with the requirements of [20 CFR Part 680 Subpart G](#);
2. be developed in consultation with one-stop partners and other community service providers in local areas, as stated above;
3. require resource and supportive service coordination within local areas;
4. include descriptions of how supportive services will be funded by Title I adult or dislocated worker programs when supportive services are not otherwise available from other sources *and* address procedures for referral to such services, including how such services will be funded when they are not otherwise available from partners or other sources; and
5. require accurate information be provided to adults and dislocated workers in usable and understandable formats and languages concerning the availability of supportive services in local one-stop delivery systems, including referrals to supportive services.

Local policies and procedures on supportive services *may*.³⁹

1. establish limits on the provision of supportive services;
2. provide one-stop centers with authority to establish limits on the provision of supportive services to adults or dislocated workers, including the maximum amount of funding and maximum duration of funding; and
3. allow individual one-stop centers to grant exceptions to established limits on supportive services.

Section IV. Coenrollment and coordination of services

(a) Coenrollment

Adults and dislocated workers must be coenrolled in partner programs whenever eligibility permits, in accordance with the State's performance accountability policy.

³⁷ [20 CFR § 680.900](#)

³⁸ WIOA Sec. 134(c)(2)(A)(ix); [20 CFR §§ 678.430](#) and [680.900 through 680.970](#); [TEGLs 16-16](#) and [19-16](#)

³⁹ [20 CFR § 680.920](#)

(b) Coordination of services

(1) General requirements

Local boards and local administrative entities must ensure that Title IB adult and dislocated worker programs:⁴⁰

- coordinate the provision of services to coenrolled participants, including career, training, and supportive services, with one-stop partners and other entities;
- identify and track funding streams that pay the costs of services provided to coenrolled participants; and
- ensure no duplication of services across programs.

(2) Training services

Funding for training services under Title I adult and dislocated workers is limited to participants who:⁴¹

- are unable to obtain grant assistance from other sources to pay the costs of their training; or
- require assistance beyond that available under assistance from other sources to cover the costs of training services.

Further, local one-stop delivery system partners, including Title IB adult and dislocated worker programs, must coordinate available training funds and make funding arrangements with local one-stop delivery system partners and other entities pertaining to the requirements stated directly above.⁴² Also, local one-stop delivery system partners, including Title IB adult and dislocated worker programs, must consider the availability of other funding sources to pay for the costs of training, such as Temporary Assistance for Needy Families, state-funded training, and Federal Pell Grants, so that Title IB adult and dislocated worker program funds are supplemental to other sources of funding sources.⁴³

(3) Pell Grants⁴⁴

(A) Pell Grants awarded

If adult or dislocated worker program participants have been awarded Federal Pell Grants, Pell Grant funding must be applied against the costs of training and education fees the training provider charges to attend training before Title IB adult and dislocated worker program funds are utilized for the costs of training and education fees.

If adult or dislocated worker program participants have been awarded Pell Grants that include assistance for costs of education-related expenses, that assistance must not be used to offset or

reduce available Title IB adult and dislocated worker program funding for costs of training and education fees. In other words, Pell Grant assistance disbursed to adult and dislocated worker participants for education-related expenses belongs solely to participants. Title IB adult and dislocated worker programs are still permitted to provide supportive services to supplement Pell Grant assistance for education-related expenses if Pell Grant assistance for education-related expenses are insufficient.

(B) Pell Grants pending

Adult and dislocated worker program participants may enroll in training funded by Title IB adult and dislocated worker programs while applications for Pell Grants are pending as long as the Title IB adult and dislocated worker programs have made arrangements with training providers and participants regarding allocation of Pell Grant assistance in the event that Pell Grants are subsequently awarded. In other words, training providers must reimburse Title IB adult and dislocated worker programs for funds used to underwrite costs of training and education fees whenever such costs are subsequently covered by Pell Grants. As stated above, Pell Grant assistance disbursed on behalf of adult and dislocated worker participants for education-related expenses belongs solely to participants; and Title IB adult and dislocated worker programs are still permitted to provide supportive services to supplement Pell Grant assistance for education-related expenses if Pell Grant assistance for education-related expenses is insufficient.

(C) Mandatory disclosure and notification to ETPs and participants pertaining to Pell Grants

Prior to establishment of ITAs and enrollment in training services, ETPs and adult and dislocated worker program participants must be advised of the requirements described above in Sections IV(b)(3)(A) and IV(b)(3)(B). This mandatory disclosure and notification requirement also applies to adult and dislocated worker program participants who are enrolled in Title IB adult and dislocated worker programs based on reverse referrals from training providers.

(c) Local policies on coenrollment and coordination of services

Local boards and local administrative entities must establish new or revised policies, processes, and procedures for local Title IB adult and dislocated worker programs that ensure resource and service coordination in their local areas, which must:⁴⁵

- adhere to coenrollment requirements for adults and dislocated workers established under the State's performance accountability policy;
- require coordination of services for coenrolled participants with one-stop partners and other entities, including career, training, and supportive services;
- require identification and tracking of funding streams that pay the costs of services provided to coenrolled participants;
- ensure no duplication of services across one-stop delivery system partner programs; and

⁴⁵ [20 CFR § 680.900](#)

- require compliance with Section IV(b)(3) concerning Pell grant assistance and mandatory disclosure and notification to ETPs and participants.

Section V. Follow-up services

(a) Requirements

Follow-up services must be available for a minimum of 12 months to adults and dislocated workers who are placed in unsubsidized employment, beginning on the first day of unsubsidized employment, unless participants decline follow-up services or cannot be located or contacted.

(b) Types of follow up services

Types of follow-up services must be based on the needs of adults and dislocated workers following placement in unsubsidized employment and may differ in order to assist with retention of unsubsidized employment. Follow-up services for adults and dislocated workers include but are not limited to:⁴⁶

- counseling about the workplace, including counseling pertaining to maintenance or advancement in unsubsidized employment, consistent with individual strengths, resources, priorities, concerns, abilities, capabilities, and interests;
- counseling on resolving work-related issues following placement in unsubsidized employment;
- provision of referrals to other programs, services, and community resources to support retention in unsubsidized employment; and
- provision of other forms of support pertaining to needs directly relating to retention in unsubsidized employment, such as assistance with costs of tools and uniforms and other types of services described above in Section III(b), excluding needs-related payments.

During follow-up, case managers should obtain information and acceptable source documentation when necessary to support performance reporting for adult and dislocated worker program outcomes. Refer to the State's policy on performance accountability for information on adult and dislocated worker program performance indicators.

(1) Policy clarification: Follow-up services v. supportive services⁴⁷

Supportive services may be provided only to participants who are receiving participant-level services (i.e., career and training services) and are provided to enable individuals to participate in and receive adult and dislocated worker program services prior to exiting.

Follow-up services are provided after a participant is placed in unsubsidized employment and no longer needs participant-level services. In other words, follow-up services are designed to help

⁴⁶ [20 CFR § 678.430\(c\)](#); [TEGL 16-16](#)

⁴⁷ Gerardo Lara, email to USDOL Region V states pertaining to follow-up services [accessed September 28, 2023]

adult and dislocated workers retain unsubsidized employment, earn wage gains, or advance within their occupation or career pathway.

There are two distinctions to be understood when it comes supportive services and follow-up services: purpose and timing. While there may not be a difference in the nature of these services, there may be a difference relating to recording and reporting of such services. For example, transportation-related services like a bus pass can be a supportive service and follow-up service but must be recorded and documented differently.

- Bus passes provided to enable individuals to participate in career or training services must be recorded and documented as supportive services.
- Bus passes provided as follow-up services to enable individuals to travel and from to worksites to assist them with retention of their unsubsidized employment must be recorded and documented as follow up services.

(c) Documenting follow-up services

Case managers must document provision of follow-up services and attempts to provide follow-up services in NEworks as follows.

1. Activity codes for actual follow-up services provided must be recorded.
2. Case notes for actual follow-up services provided must be recorded.
3. Acceptable source documentation for actual follow-up services provided must be uploaded.
4. When participants decline follow-up services or cannot be located or contacted:
 - a. case notes documenting the decline must be recorded;
 - b. supporting documentation must be uploaded whenever available; and
 - c. attempts to provide follow-up services must continue during the mandatory 12-month follow-up period and be documented, preferably monthly but no less frequently than quarterly, unless the participants have declined follow-up services.

In addition to the requirements listed above, documenting follow-up services must also comply with Section VII of this policy.

(d) Local policies on follow-up services

Local boards and local administrative entities must establish new or revised policies, processes, and procedures for Title IB adult and dislocated worker program follow-up services that ensure resource and service coordination in their local areas, which must comply with the requirements of Section V(a)-(c) of this policy, including:

- required and permitted types of follow-up services;
- duration and scope of follow-up services; and

- requirements that Title IB adult and dislocated worker program staff adhere to new or revised local policies, processes, and procedures pertaining to follow-up services.

Section VI. Privacy

Local boards and local administrative entities must ensure that Title IB adult and dislocated worker programs and staff adhere to the confidentiality requirements of the Family Educational Rights and Privacy Act, established under Section 444 of the General Education Provisions Act,⁴⁸ including requirements regarding circumstances requiring written consent for disclosure of personally identifiable information from education records. Further, local boards and local administrative entities must ensure that Title IB adult and dislocated worker programs and staff adhere to requirements established in applicable State policies addressing protection of personally identifiable information.

(a) Local policies on privacy and personally identifiable information (PII)

Local boards and local administrative entities *must* establish new or revised policies, processes, and procedures for local Title IB adult and dislocated worker programs that require Title IB adult and dislocated worker programs comply with requirements of:

- the Family Educational Rights and Privacy Act, established under Section 444 of the General Education Provisions Act; and
- applicable State policies addressing protection of personally identifiable information.

Section VII. Documentation of adult and dislocated worker program services

In accordance with WIOA Sec. 185(a), all Title I adult and dislocated worker participant case files must include accurate, concise, and timely documentation of services provided by case managers, including activities recorded in NEworks, supporting case notes, and acceptable source documentation. This documentation is not only mandatory pursuant to WIOA Sec. 185(a) but is essential to accurate performance reporting for the State and local areas.

Local boards and local administrative entities must establish new or revised policies, processes, and procedures for local Title IB adult and dislocated worker programs that require the programs comply with requirements of this Section VII, as well as Section II(b)(2).

Section VIII. Technical assistance

Technical assistance on this policy is available to all local boards and local administrative entities. Requests for technical assistance must be sent to the policy mailbox at ndol.wioa_policy@nebraska.gov.

- g. were laid off but have been working multiple jobs in order to obtain wages comparable to their previous income through the combination of the multiple jobs.

Local boards must ensure that:

- selection and procurement of eligible youth service providers, including providers of occupational skills training, complies with the requirements described in Section I;
- local youth program design complies with the requirements described in Section II, including how all 14 program elements described in Section III are made available within that programmatic design;
- local youth program policies and procedures are established that:
 - define methods for determining when an objective assessment or individual service strategy (ISS) is not required (Section II(a));
 - define circumstances when results an objective assessments older that six months may be used (Section II(a));
 - provide safeguards to protect the personally identifiable information of youth participants (Section II(h));
 - govern compensation to youth participants (Section II(i));

- describe local area requirements for individual training accounts (ITAs) (Section III.4.a.); and

Section I. Service provider selection and procurement

Local boards (or its fiscal agent) has the option of directly providing some or all of the required youth employment and training activities, rather than entering into a grant or contract to provide the activities.¹ If a local board chooses to award grants or contracts to youth service providers to carry out some or all of the youth employment and training activities, the following requirements apply.

1. The local board must ensure that grants and contracts are awarded on a competitive basis and must procure youth service providers in accordance with:²
 - a. Federal principles of competitive procurement defined in 2 CFR Parts 200 and 2 CFR Part 180; and
 - b. state and local procurement policies and procedures and applicable state, and local procurement laws
2. If the local board determines there are an insufficient number of youth service providers in the local area, such as a rural area, the local board may award grants or contracts on a non-competitive basis.³ Non-competitive procurement must be conducted in accordance with:⁴
 - a. local procurement policies and procedures and applicable state and local procurement laws; and
 - b. principles of non-competitive procurement in 2 CFR Parts 200 and 2900, including 2 CFR Part 180.
3. The local board may implement a pay-for-performance contract strategy for one or more of the required 14 program elements and may reserve and use not more than 10 percent of total youth program funds allocated annually to the local area for pay-for-performance contract strategies.⁵
4. When selecting youth service providers, the local board must take into consideration the ability of youth service providers to meet performance accountability measures based on the primary indicators of performance for youth programs,⁶ which are described in detail in the State's performance accountability policy.⁷

⁵ 20 CFR § 681.420(i). Refer to 20 CFR § 683.500 for regulations on pay-for-performance contract strategies. Local boards may request technical assistance on use of pay-for-performance contract strategies by sending an email to ndol.wioa_policy@nebraska.gov.

5. If the local board has a standing youth committee, the local board may assign the function of selecting and recommending youth service providers to the committee.⁸
6. Contracts for training services may be used instead of ITAs only when the local board has fulfilled the applicable consumer choice requirements described in Section I(a) and at least one of the following conditions exist.⁹
 - a. The training services are on-the-job-training (OJT), customized training, incumbent worker training, or transitional jobs.
 - b. The local board determines there are an insufficient number of Eligible Training Providers (ETPs) in the local area to accomplish the purpose of a system of ITAs. The local board's determination process must be described in its local plan.¹⁰ If the local board elects to contract with training providers for occupational skills training, the local board must ensure the providers are authorized or licensed to provide training services in Nebraska or to Nebraska residents by applicable accrediting or governing authorities, which may include the Nebraska Department of Education pursuant to the requirements of the Nebraska Private Postsecondary Career School Act.¹¹
 - c. The local board determines there is a program of training services offered in the local area by a community-based organization (or other private organization) that has demonstrated effectiveness in serving individuals with barriers to employment, subject to the following requirements.
 - i. The local board must develop criteria to be used in determining demonstrated effectiveness, particularly as it applies to the individuals with barriers to employment to be served. The criteria may include:
 1. financial stability;
 2. demonstrated performance in the delivery of services to individuals with barriers to employment based on measures such as program completion rate; attainment of the skills, certificates, or degrees the program is designed to provide; placement after training in unsubsidized employment; and retention in employment; and
 3. how the specific program relates to the workforce investment needs identified in the board's local plan.
 - d. The local board determines that it would be most appropriate to contract with an institution of higher education (or other accredited, authorized, or licensed provider of training services) in order to facilitate the training of *multiple individuals* in in-

demand industry sectors or occupations, as long as the contract does not limit consumer choice. If the selected provider of training services is not an institution of higher education, the provider must be authorized or licensed to provide training services in Nebraska or to Nebraska residents by applicable accrediting or governing authorities, which may include the Nebraska Department of Education according to the requirements of the Nebraska Private Postsecondary Career School Act.¹²

- e. The local board is considering entering into a pay-for-performance contract and ensures that the contract is consistent with the requirements of 20 CFR § 683.510.

(a) Consumer choice requirements¹³

Training services, whether funded under ITAs or contract, must be provided in a manner that maximizes informed consumer choice in the selection of a training provider. To satisfy consumer choice requirements for training services, the local board must ensure the following.

1. The local board, through the one-stop center, must make the state's Eligible Training Provider List (ETPL) available to customers.
2. A youth participant may select an ETP from the ETPL after consultation with a career planner. Unless the local youth program has exhausted training funds for the program year, the one-stop center must refer the individual to the selected ETP and establish an ITA for the participant to pay for training, subject to the limitations of Section III.4.a.
3. ITA costs are paid by the local youth program or adult or dislocated worker programs for ISY who are co-enrolled in either of those programs.
4. The local board, through the one-stop center, may coordinate funding for ITAs with funding from other Federal, state, local, private job training programs, or other sources to assist the individual in obtaining training services.
5. Priority consideration must be given to programs that lead to recognized postsecondary credentials¹⁴ and are aligned with in-demand industry sectors or occupations in the local area.

(b) Youth service provider lists

NDOL is required to disseminate a list of youth service providers.¹⁵ The following requirements and timelines apply to youth service provider lists.

- Local boards, or its designee, must submit a list of its youth service providers to NDOL by July 1 of each program year.

¹⁵ TEGL 21-16

- The list must include the provider's name, complete address, and phone number and the name of the provider's primary point of contact.
- If the list of youth service providers changes in any way at any point during the program year, the local board must submit a revised list within 30 days of the change.
- Youth service provider lists must be prepared using the form provided in APPENDIX II and submitted by email to ndol.wioa_policy@nebraska.gov.¹⁶
- The lists are published annually by NDOL on the WIOA Youth Program page¹⁷ and revised lists will be published as needed.

Section II. Program design

(a) Framework

The design framework of the local youth program must include the following components:¹⁸

- an objective assessment for each participant that includes a review of the individual's academic and occupational skill levels, service needs, and strengths in order to identify appropriate services and career pathways;
- development and updating of an individual service strategy (ISS) for each participant, which must be directly linked to one or more indicators of performance and must:
 - identify career pathways that include education and employment goals;
 - consider career planning and the results of the objective assessment; and
 - prescribe achievement objectives and services for the participant;
- case management of participants, including follow-up services.

An objective assessment or ISS is not required if the youth service provider determines that it is appropriate to use a recent objective assessment or ISS developed under another education or training program.¹⁹ TEGL 21-16 states that local programs may use previous basic skills assessment results if such previous assessments have been conducted within the past six months. While this continues to be true, local youth programs may use previous assessments older than six months if they deem appropriate if there is local policy in place that allows the use of such assessments.²⁰ It is important that assessments do not serve as a deterrent to program enrollment. In addition, it is critical that local youth programs incorporate the results of the objective assessment into the participant's ISS and service delivery, such as career counseling. Methods for making such determinations must be established in local policy.

¹⁶ The APPENDIX II form is available upon written request submitted to ndol.wioa_policy@nebraska.gov.

¹⁸ 20 CFR § 681.420(a)(1)-(3)

¹⁹ 20 CFR § 681.420(h); TEGL 21-16

²⁰ TEGL 9-22

In its local plan, the local board must describe the design framework for its local youth program, including a description of how the 14 program elements are to be made available within that framework.

(b) Connections

The local youth program must be linked with entities that foster participation of eligible local area youth in the program, such as connections to local:²¹

- justice and law enforcement officials;
- public housing authorities;
- education agencies;
- human service agencies;
- WIOA Title II adult education providers;
- agencies and providers serving individuals with disabilities;
- health and mental health providers;
- Job Corps representatives; and
- representatives of youth initiatives, such as YouthBuild, those that serve homeless youth, and other public and private youth initiatives.

(c) Referral requirements²²

The local board must ensure that youth service providers meet referral requirements for all youth participants, including:

- providing participants with information about the full array of applicable or appropriate services available through the local board, eligible providers, or one-stop partners; and
- referring participants to appropriate training and educational programs that have the capacity to serve them either on a sequential or concurrent basis.

If an individual applies for enrollment in the local youth program and does not meet the enrollment requirements or cannot be served by the program, the youth service provider must ensure that the individual is referred:

- for further assessment, if necessary; or
- to appropriate programs to meet the skills and training needs of the individual.

²¹ 20 CFR § 681.420(c)

²² WIOA Sec. 129(c)(3)(A)(i)-(ii); 20 CFR 681.420(d)-(f)

(d) Community involvement

The local board must provide opportunities for involvement of community members in the design and implementation of the program, including parents, participants, and other members of the community that have experience working with youth. Involvement in the local youth program may occur in a number of ways, including (i) serving on the local youth standing committee, if one exists and the individual is appointed by the local board; (ii) providing input into the design and implementation of the program; and (iii) serving as youth mentors and tutors.²³ In addition, each local board must make volunteer opportunities available for successful youth participants to help other youth participants as mentors or tutors or through other activities.

Youth play an important role in strengthening programs and improving youth outcomes. Empowering youth to identify and respond to community needs helps them become leaders and assist them in civic engagement. Finding ways to incorporate youth in program development, recruitment strategies, and execution of activities is pivotal.²⁴ Involving youth as partners in making decisions that affect them increases the likelihood the decisions will be accepted and adopted. Further, providing participants a safe platform to express their ideas, opinions, and advice to others is pivotal in developing leadership skills, which is a requirement of the WIOA Youth program.

(e) Co-enrollment

As required under the State's performance accountability policy:²⁵

- youth participants must be co-enrolled in partner programs whenever eligibility permits, co-enrollment benefits the participants, and the participants agree to co-enrollment; and
- ISY ages 18 through 21 must be co-enrolled in an adult or dislocated worker program before ITA funds can be used for occupational skills training provided by an ETP, as described in Section III.4.a.²⁶

(f) Coordination of services

Local boards must ensure that the local youth program identifies and tracks funding streams that pay the costs of services provided to co-enrolled youth participants to ensure no duplication of services across programs and youth service providers,²⁷ including supportive services and training services.

(1) Non-WIOA financial benefits and assistance

Prior to a participant's placement in work experience, the youth service provider must coordinate with other programs that are providing the participant with non-WIOA financial benefits and assistance (UI, TANF, SNAP, etc.) to determine if the payment of wages or stipends for work experience effects the participant's eligibility for assistance, as discussed in Section II(i)(4)(A). Following coordination with other programs, the youth service provider must also discuss with the

participant any effects that work experience may have on the individual's eligibility for assistance provided by the non-WIOA programs.

(2) Occupational skills training and Pell Grants²⁸

Each local youth program must ensure that occupational skills training is (a) WIOA-funded only when assistance from other sources is not available through other agencies or programs and (b) limited to participants who:

- are unable to obtain grant assistance from other sources to pay the costs of their training; or
- require assistance beyond that available under grant assistance from other sources to pay the costs of the training.

When WIOA funds supplement other sources of funding for occupational skills training, the local youth program must:

- along with training providers, coordinate funds made available for training;
- make funding arrangements with one-stop partners and other entities regarding participants who require assistance beyond what is available through grant assistance from other sources; and
- consider the availability of other sources to pay for training costs such as Temporary Assistance for Needy Families (TANF), training funds available from the state, Federal Pell Grants, and other funding sources.

If a participant has been awarded a Pell Grant, the Pell Grant must be applied against the cost of occupational skills training and any education fees the training provider charges to attend training before WIOA funds are utilized. Pell Grant assistance for education-related expenses belongs solely to the participant and must not be used to offset or reduce Title I funding of the cost of occupational skills training and education fees.

If a participant's application for Pell Grant assistance is pending, a participant may enroll in occupational skills training and Title I funds may be used to pay the costs of training, including any education fees, while the application is processed, subject to the following requirements.

1. The local youth program must arrange with the training provider and participant for allocation of the Pell Grant to the local youth program, should the Pell Grant be subsequently awarded.
2. If the Pell Grant is subsequently awarded and does not cover the full cost of occupational skills training and required education fees to be paid during the Pell Grant award period, the training provider must reimburse the local youth program for the WIOA funds paid to the training provider using the full amount disbursed for the Pell Grant award period.

²⁸ 20 CFR § 680.230(a)-(c)

3. If the Pell Grant is subsequently awarded and exceeds the full cost of the occupational skills training and required education fees to be paid during the Pell Grant award period, the training provider must reimburse the local youth program only for the amount paid to the training provider by the program, with the balance belonging solely to the participant.

(g) Duration of services²⁹

Each local youth program must provide services to a youth participant as long as necessary to ensure successful preparation to enter postsecondary education and/or unsubsidized employment. **There is no minimum or maximum time a participant is allowed to take part in a local youth program. Each local youth program must link program participation to the participants' ISS, not the timing of contracts with youth service providers or program years.**

In its coordination of local youth program services, the local one-stop operator must not establish practices that create disincentives to providing services to individuals with barriers to employment, including youth who may require longer-term services, such as intensive employment, training, and education services.

(h) Privacy and confidentiality³⁰

The local board must ensure that the local youth program adheres to all applicable state and local privacy and confidentiality laws and the confidentiality requirements of the Family Educational Rights and Privacy Act (established under Sec. 444 of the General Education Provisions Act), including requirements regarding circumstances that written consent for disclosure of personally identifiable information from an education record. **In addition, the local board must ensure its internal control structure and written policies provide safeguards to protect personally identifiable information regarding Title I program participants.**

(i) Expenditures

(1) Prior to participation³¹

There are two limited instances where youth funds may be expended on costs related to individuals who *are not* participants in the youth program. Funds may be expended on (i) outreach and recruitment and (ii) assessments for eligibility determination prior to eligibility determination, such as assessing basic skills levels. Youth funds must not be spent on the provision of local youth program services to individuals who are not participants.

(2) OSY expenditure requirement³²

Subject to the exception described below in Section II(i)(2)(A), the local board must ensure that the local youth program expends at least 75 percent of allocated youth funds on the provision of services to OSY. Local area administrative costs are not subject to this 75 percent minimum expenditure requirement.

²⁹ 20 CFR § 681.450; TEGL 15-16

³⁰ 20 CFR § 683.220; 20 USC § 1232g; 34 CFR Part 99

³¹ TEGL 21-16

³² 20 CFR § 681.410

(A) Exception to the OSY expenditure requirement

In the event that the State obtains a waiver of the 75 percent OSY expenditure requirement, NDOL will notify local areas and provide local areas with technical assistance regarding implementation of the waiver.

(3) Work experience priority

Local boards must ensure that local youth programs:³³

- expend at least 20 percent of allocated youth funds on paid and unpaid work experiences;³⁴ and
- track expenditures for paid and unpaid work experiences, including funds spent on:
 - wages, stipends, and incentives paid to youth in work experience;
 - staff time identifying potential work experience opportunities;
 - staff time working with employers to develop work experience opportunities;
 - staff time working with employers to ensure successful work experience opportunities;
 - staff time evaluating work experience opportunities;
 - costs associated with participant and employer work experience orientation sessions;
 - classroom training or the required academic education component directly related to the work experience; and
 - supportive services that assist youth participants taking part in work experiences.

The percentage of funds spent on work experience is calculated based on the total amount of youth funds allocated to the local area and is not calculated separately for ISY and OSY. Local area administrative costs are not subject to this 20 percent minimum expenditure requirement. Supportive services and leveraged resources³⁵ must not be used to fulfill any part of the 20 percent minimum expenditure requirement.

(4) Participant compensation

When compensating youth participants with wages or stipends for work experience, youth service providers and employers of record are expected to adhere to Internal Revenue Service (IRS)

³³ WIOA Sec. 129(c)(4); 20 CFR § 681.590; TEGs 8-15, 21-16, and 9-22

³⁴ Section III.3. defines types of paid and unpaid work experience.

³⁵ Leveraged resources are resources that are acquired without expenditure of youth program funds. The State's procurement policy provides information on procurement of leveraged resources and is included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

guidelines.³⁶ Understanding the difference between a stipend and wage has specific implications in relation to IRS deductions. The classification of a participant, specifically the employer/employee relationship, is a key factor used by the IRS to determine whether withholding taxes is applicable. Other related factors which impact payments in the form of wages or stipends associated with work experience are that they are counted as earnings when a participant is currently collecting Unemployment Insurance (UI). The income from these wages or stipends may affect the amount and duration of a participant's UI claim in the same manner as regular wages. Compensation may include the following, as described in the following subsections:

- wages;
- stipends;
- incentive payments; and
- withholdings.

(A) Wages³⁷

A wage is generally a payment for services rendered where an employer/employee relationship exists. This form of compensation is usually paid through a payroll system and subject to taxes applicable to the employer of record and participants. Paying a wage usually indicates that a local youth program views the youth as an employee or a trainee. Paid work experiences and internships may fall under the Fair Labor Standards Act (FLSA). FLSA requires that individuals be compensated under the law for the services they perform for an employer. To determine whether a paid work experience or internship falls under FLSA, contact USDOL's Wage and Hour Division located at 222 South 15th Street, Suite 504A, Omaha, NE 68102, phone 402.221.4682 or 866.487.9243.

(B) Stipends³⁸

A stipend is an allowable payment for participation in activities such as work experience or classroom activities, including work readiness or employability skills training. Local youth programs much have written policies and procedures guiding the payment of classroom-based stipends, according to on local program design and participant needs. Local policies on stipends must ensure that payments align with the requirements of 2 CFR Part 200.

(C) Incentive payments³⁹

Incentive payments to youth participants are permitted for recognition and achievements directly tied to training activities and work experiences. The local youth program must establish written

policies and procedures governing the award of incentives and must ensure that incentive payments are:

- tied to the goals of the program;
- outlined in writing before the commencement of the stipend program;
- aligned with the program's organizational policies; and
- made in compliance with the requirements of 2 CFR Part 200.

It is also allowable to provide incentives post-exit or during follow-up if the local board has established written to address the purpose of offering such incentives, specifically to induce behavior toward achievement of a specific goal. In order for a post-exit or follow-up incentive to be effective, participants must:

- be aware of the existence of such incentive; and
- understand the terms and standards of the incentive to improve the likelihood of success and lead to a successful outcome or achievement of grant performance measures.

(D) Withholdings

The classification of a participant, specifically the employer/employee relationship, is a key factor used by the IRS to determine whether withholding taxes is applicable. When determining whether to pay taxes on wages, stipends, and incentives, youth service providers and employers of record are expected to adhere to IRS guidelines.⁴⁰ IRS publication 525 provides information on taxable and non-taxable income.⁴¹

Section III. Program elements

The 14 program elements described in this section must be made available to all youth participants.⁴² However, local youth programs are not required to provide every service to each youth participant and have the discretion to determine the services a youth participant receives based on the participant's objective assessment and ISS.⁴³

1. Tutoring, study skills training, instruction, and dropout prevention⁴⁴

Tutoring, study skills training, and instruction that lead to a high school diploma include services such as providing academic support, helping youth identify areas of academic concern, assisting with overcoming learning obstacles, or providing tools and resources to develop learning

strategies. Tutoring, study skills training, and instruction can be provided one-on-one, in a group setting, or through developed resources and workshops.

Dropout prevention strategies intended to lead to a high school diploma include activities that keep youth in school and engaged in a formal learning or training setting. Strategies include, but are not limited to, tutoring, literacy development, active learning experiences, after-school opportunities, and individualized instruction.

Resources on tutoring, study skills training, instruction, and dropout prevention are available on the WorkforceGPS Tutoring, Study Skills Training, Instruction, and Dropout Prevention page.⁴⁵

2. Alternative secondary school and dropout recovery

Alternative secondary school services are services that assist youth who have struggled in traditional secondary education.⁴⁶ Dropout recovery services are those that assist youth who have dropped out of school. Both types of services help youth to re-engage in education that leads to the completion of a recognized high school equivalent. Examples of activities under this program element include:

- basic education skills training;
- individualized academic instruction;
- English-as-a-second-language training;
- credit recovery; and
- counseling and educational plan development.

Resources on alternative secondary school and dropout recovery are available on the WorkforceGPS Alternative Secondary School and Dropout Recovery Services page.⁴⁷

3. Paid and unpaid work experience

Work experience is a planned, structured learning experience that takes place in a workplace for a limited period.⁴⁸ Work experiences may be paid or unpaid, as appropriate. A work experience may take place in the private for-profit sector, non-profit sector, or public sector. Work experiences must include academic and occupational education components, as described in Section III.3.a.

⁴⁸ 20 CFR §§ 681.460(a)(3) and 681.600; TEGLs 21-16

Types of work experiences include:

- summer employment opportunities and other employment opportunities available throughout the year;
- pre-apprenticeship programs;
- Registered Apprenticeship programs;⁴⁹
- internships and job shadowing; and
- on-the-job training.

While 20 CFR § 681.600 states that youth work experiences must take place in a workplace, this includes a virtual workplace when remote work experiences are possible and practical.⁵⁰ Virtual work experiences can offer more flexibility and broaden work experience opportunities, particularly in rural areas. They can also promote equity and access for youth that might not otherwise have the opportunity for certain types of work experiences. And while WIOA section 681.600 states that work experiences must take place in a workplace, this includes a virtual workplace when remote work experiences are possible and practical.

Resources on paid and unpaid work experience are available on the WorkforceGPS Paid and Unpaid Work Experience page.⁵¹ In addition, resources on virtual engagement are available on the WorkforceGPS Part One – Staying Connected: Resources on Virtual Engagement page⁵² and WorkforceGPS Part Two – Staying Connected: Resources on Virtual Engagement page.⁵³

a. Academic and occupational education component⁵⁴

Work experiences must include academic and occupational education, meaning learning in academic and occupational contexts, which:

- may occur concurrently or sequentially with the work experience;
- may occur inside or outside the work site;
- includes information needed to understand and work in specific industries or occupations; and
- is provided by the employer or separately in a classroom setting or through other means.

⁵⁴ TEGL 21-16

For example, if a youth is participating in a work experience at a hospital:

- academic education could involve learning information that individuals in those occupations need to know, such as why blood type matters, the name of a specific bone in the body, or the function of a specific ligament; and
- occupational education could involve learning about different types of hospital occupations, such as a phlebotomist, radiology tech, or physical therapist.

Local programs have the flexibility to determine the appropriate type of academic and occupational education necessary for a specific work experience.

4. Occupational skills training⁵⁵

Occupational skills training is an organized program of study that provides specific vocational skills that lead to proficiency in performing actual tasks and technical functions required by certain occupational fields at entry, intermediate, or advanced levels. Requirements for placing youth participants in occupational skills training are listed below.

1. Youth programs must give priority to programs that lead to recognized postsecondary credentials that align with in-demand industry sectors or occupations in the local area.
2. Occupational skills training must:
 - a. be outcome-oriented and focused on an occupational goal specified in the participant's ISS;
 - b. be of sufficient duration to impart the skills needed to meet the occupational goal; and
 - c. lead to the attainment of a recognized postsecondary credential.
3. Occupational skills training must be provided by:⁵⁶
 - a. competitively selected training providers, as described in Section I; or
 - b. ETPs, subject to the requirements and limitations described in Section III.4.a.

Resources on occupational skills training are available on the WorkforceGPS Occupational Skills Training page.⁵⁷

a. ITAs⁵⁸

To enhance individual participant choice in the selection of education and training programs and provide flexibility to local youth programs, ITA funds may be used, when appropriate, for occupational skills training for OSY youth ages 16 through 24. To use an ITA, the training provider must be on the ETPL.

ITAs funded by the local youth program may be used for OSY only. Use of ITAs funded by the local youth program for ISY ages 14 through 17 is strictly prohibited. However, ISY between the ages of 18 and 21 who are co-enrolled in an adult or dislocated worker program may receive training services from an ETP using an ITA funded by the adult or dislocated worker program as long as the individual is eligible for training services under the program in which the participant is co-enrolled.

The local board may impose the following limits on ITAs.

- A limit may be established for an individual participant based on the needs identified in the participant's ISS or IEP, such as the participant's occupational choice or goal and the level of training needed to reach that goal.
- Local policy may establish a range of amounts or a maximum amount applicable to all ITAs.

Limitations established under local policies:

- must be described in the local board's local plan;
- must not be implemented in a way that undermines the requirement that training services are provided in a manner that maximizes consumer choice in the selection of a training provider;
- may include exceptions to ITA limitations for individual cases, which must be defined; and
- may allow a participant to select training that costs more than the maximum amount available for ITAs under local policy when other sources of funds are available to supplement the ITA, such as Pell Grants and scholarships.

i. Exception to the ISY ITA prohibition

In the event that the State obtains a waiver of the ISY ITA prohibition, NDOL will notify local areas and provide local areas with technical assistance regarding implementation of the waiver.

⁵⁸ 20 CFR §§ 680.300, 680.310(b)-(d), and 681.550; TEGL 21-16

5. Education offered concurrently with workforce preparation and training

Education offered concurrently with workforce preparation and training for a specific occupation refers to an integrated education and training model and describes how workforce preparation activities, basic academic skills, and hands-on occupational skills training are to be taught within the same period and connected to training in a specific occupation, occupational cluster, or career pathway.⁵⁹

Resources on education offered concurrently with workforce preparation and training are available on the WorkforceGPS Education offered Concurrently with Workforce Preparation and Training page.⁶⁰

6. Leadership development opportunities⁶¹

Leadership development opportunities are opportunities that encourage responsibility, confidence, employability, self-determination, and other positive social behaviors. Leadership development includes activities such as:

- exposure to postsecondary educational possibilities;
- community and service learning projects;
- peer-centered activities, including peer mentoring and tutoring;
- organizational and teamwork training, including team leadership training;
- training in decision making, including determining priorities and problem solving;
- citizenship training, including life skills training such as parenting and work behavior training;
- civic engagement activities that promote the quality of life in a community; and
- other leadership activities that place youth in a leadership role, such as serving on youth leadership committees.

7. Supportive services⁶³

Supportive services are services that enable youth participants to take part in local youth program activities. Supportive services include, but are not limited to, the following:

- linkages to community services;
- assistance with transportation;
- assistance with childcare and dependent care;
- assistance with housing;
- needs-related payments that provide financial assistance to participants to enable them to take part in local youth program activities;
- assistance with educational testing;
- reasonable accommodations for youth with disabilities;
- legal aid services;
- referrals to health care;
- assistance with uniforms or other appropriate work attire and work-related tools, including such items as eyeglasses and protective eye gear;
- assistance with books, fees, school supplies, and other necessary items for students enrolled in postsecondary education classes;
- payments and fees for employment and training-related applications, tests, and certifications; and
- food on a limited basis and in certain situations as described below in subsection a.⁶⁴

The local board must develop policies and procedures regarding the provision and coordination of supportive services for all youth participants, which:⁶⁵

- must be developed in consultation with one-stop partners and other community service providers in the local area;
- must ensure resource and supportive service coordination in the local area;
- must require that supportive services, including needs-related payments, are provided only if the youth is enrolled in the local youth program and participating in WIOA activities;

⁶³ WOA Sec. 3(59); 20 CFR §§ 681.460(a)(7) and 681.570; TEGL 21-16

⁶⁴ TEGL 9-22

⁶⁵ 20 CFR §§ 680.900, 680.910(a)(2), 680.920(a), and 681.570

- should address procedures for referral to supportive services, including how the services will be funded when not otherwise available from other sources; and
- may establish limits on the provision of supportive services or provide the one-stop center with the authority to establish limits, including the maximum amount of funding and maximum length of time supportive services may be made available to youth participants.

For the avoidance of doubt, supportive services must be made available to all youth participants.⁶⁶ The only requirement is youth be enrolled and participating in a Title I youth program, subject to the requirements and limitations described below in subsection a. Further, other resources do not need to be exhausted prior to using Title I youth program funds for youth supportive services; and youth are not required to be in training activities in order to receive support services.

Resources on supportive services are available at WorkforceGPS Supportive Services (Part One) page⁶⁷ and WorkforceGPS Supportive Services (Part Two) page.⁶⁸

a. Provision of food as a supportive service

Food may be provided to eligible youth participants when it will assist or enable participants to participate in allowable youth program activities and to reach their employment and training goals, thereby achieving the program's overall performance goals.⁶⁹ The use of Title I youth funds for food should be limited to reasonable and necessary purchases that are coordinated, whenever possible, with other community, state, or Federal services that provide food for low-income individuals. Local areas must have written policies and procedures in place for purchasing and distributing food to ensure consistent treatment of these types of expenses. When developing written policies and procedures, local boards must ensure local youth programs comply with this policy, Federal and state laws, rules, and regulations, including 2 CFR § 200.403.

8. Adult mentoring⁷⁰

Adult mentoring is a formal relationship between a youth participant and an adult mentor that includes structured activities where the mentor offers guidance, support, and encouragement to develop the competence and character of the mentee. Mentoring may include workplace mentoring where the local program matches a youth participant with an employer or employee of a company. **Adult mentoring must last at least 12 months and may take place during program participation and following exit from the program.**

While group mentoring activities and mentoring through electronic means are allowable as part of the mentoring activities, the local youth program must, at a minimum, match the youth with an individual mentor with whom the youth interacts on a face-to-face basis. Local programs should ensure appropriate processes are in place to adequately screen and select mentors.

⁶⁹ TEGL 9-22

⁷⁰ 20 CFR §§ 681.460(a)(8) and 681.490; TEGL 21-16

USDOL acknowledges that in some areas of the country finding mentors may present a burden to a program. While USDOL strongly prefers that case managers not serve as mentors, the final rule allows case managers to serve as mentors in areas where adult mentors are scarce.

Resources on adult mentoring are available on the WorkforceGPS Adult Mentoring page.⁷¹

9. Comprehensive guidance and counseling⁷²

Comprehensive guidance and counseling provides individualized counseling to participants that includes substance and alcohol abuse counseling, mental health counseling, and referral to qualified partner programs. When referring youth program participants to necessary counseling that cannot be provided by the local youth program or its service providers, the local youth program must coordinate with the organization to which it refers the youth participant in order to ensure continuity of service. When comprehensive guidance and counseling services exist within the local youth program or its service providers, it is allowable to provide comprehensive guidance and counseling services directly to participants rather than referring youth to partner programs.

It is important to note that, while youth program staff are not expected to be experts in mental health, there are many ways to assess mental health needs at program enrollment and throughout youth participation in the program and that mental health assessments are an allowable cost under WIOA. USDOL strongly encourages integrating mental health assessments into the objective assessment process to identify potential mental health needs that must be addressed through mental health services or through referrals to mental health professionals for youth to be successful in the youth program.

Additionally, professional development for youth program staff is essential for ensuring staff have the appropriate skills, knowledge, and abilities to effectively serve youth program participants. Professional development is an allowable cost under WIOA. USDOL strongly encourages local boards to offer professional development training to all staff that work with youth.

Comprehensive guidance and counseling must not be confused with the provision of labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services (i.e., youth program element 12).⁷³

Resources on comprehensive guidance and counseling are available on the WorkforceGPS Comprehensive Guidance and Counseling page.⁷⁴

10. Financial literacy education⁷⁵

Financial literacy education refers to activities that provide youth with the knowledge and skills that they need to achieve long-term financial stability, including activities that:

- support the ability of participants to create budgets, initiate checking and savings accounts at banks, and make informed financial decisions;
- supports participants in learning how to effectively manage spending, credit, and debt, including student loans, consumer credit, and credit cards;
- teach participants about the significance of credit reports and credit scores, what their rights are regarding their credit and financial information, how to determine the accuracy of a credit report and how to correct inaccuracies, and how to improve or maintain good credit;
- support a participant's ability to understand, evaluate, and compare financial products, services, and opportunities and to make informed financial decisions;
- educate participants about identity theft, ways to protect themselves from identify theft, how to resolve cases of identity theft, and understand their rights and protections related to personal identity and financial data;
- support activities that address the particular financial literacy needs of non-English speakers, including providing the support through the development and distribution of multilingual financial literacy and education materials;
- support activities that address the particular financial literacy needs of youth with disabilities, including connecting them to benefits planning and work incentives counseling;
- provide financial education that is age appropriate, timely, and provides opportunities to put lessons into practice, such as providing access to safe and affordable financial products that enable money management and savings; and
- implement other approaches to help participants gain the knowledge, skills, and confidence to make informed financial decisions that enable them to attain greater financial health and stability through the use of high quality, age-appropriate, and relevant strategies and channels, including, where possible, timely and customized information, guidance, tools, and instruction.

11. Entrepreneurial skills training⁷⁷

Entrepreneurial skills training provides training on the basics of starting and operating a small business and must develop the skills associated with entrepreneurship, such as the ability to:

- take initiative;
- creatively seek out and identify business opportunities;
- develop budgets and forecast resource needs;
- understand various options for acquiring capital and the trade-offs associated with each option; and
- communicate effectively and market oneself and one's ideas.

Examples of approaches to teaching youth entrepreneurial skills include:

- entrepreneurship education that provides an introduction to the values and basics of starting and running a business, such as developing a business plan and simulations of business start-up and operation;
- enterprise development that provides supports and services that incubate and help youth develop their own businesses, such as helping youth access small loans or grants and providing more individualized attention to the development of viable business ideas; and
- experiential programs that provide youth with experience in the day-to-day operation of a business.

Resources providing information and ideas on entrepreneurial skills training are available on the WorkforceGPS Entrepreneurial Skills Training for Youth page.⁷⁸

12. Labor market information services⁷⁹

Labor market information (LMI) services refers to services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area and includes career awareness, career counseling, and career exploration services. LMI services also help youth identify employment opportunities and provide knowledge of job market expectations, including education and skill requirements and potential earnings.

Resources on LMI services are available on the WorkforceGPS Services that Provide Labor Market Information page.⁸⁰

13. Postsecondary preparation and transition activities⁸¹

Postsecondary preparation and transition activities are activities that help youth prepare for and transition to postsecondary education and training. These activities include helping youth explore postsecondary education options, including technical training schools, community colleges, four-year colleges and universities, and Registered Apprenticeship programs. Examples of other postsecondary preparation and transition activities include (i) assisting youth with preparation for SAT/ACT testing; (ii) assisting with college admission applications; (iii) searching and applying for scholarships and grants; (iv) filling out the proper financial aid applications and adhering to changing guidelines; and (v) connecting youth to postsecondary education programs.

Resources on postsecondary preparation and transition activities are available on the WorkforceGPS Postsecondary Preparation and Transition Activities page.⁸²

14. Follow-up services⁸³

Follow-up services are critical services provided following a youth's exit from the program to help ensure that youth are successful in employment and/or postsecondary education and training. Follow-up services may include:

- regular contact with a youth participant's employer, including assistance in addressing work-related problems that arise; and
- the following program elements:
 - supportive services;
 - adult mentoring;
 - financial literacy education;
 - services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services; and
 - activities that help youth prepare for and transition to postsecondary education and training.

Requirements for the provision of follow-up services for youth are described below.⁸⁴

1. All participants must be offered an opportunity to receive follow-up services that align with their ISS. Types of follow-up services provided and the duration of follow-up services must be determined based on the needs of the individual and, therefore, the type and intensity of follow-up services may differ for each participant.

⁸⁴ 20 CFR § 681.580(c); TEGL 21-16

2. At the time of enrollment, youth must be informed that follow-up services will be provided for a minimum of 12 months following exit. **If, at any point during participation in the program or during the 12 months following exit, the youth participant requests to opt out of follow-up services, they may do so; and the participant's request to opt out or discontinue follow-up services must be documented in case notes.**
3. **Follow-up services must be provided to all participants for a minimum of 12 months after the last expected date of service in the local youth program**, and any NDOL-administered programs in which the participant may be co-enrolled,⁸⁵ unless the participant declines to receive follow-up services or the participant cannot be located or contacted. **Local programs must have policies in place to establish how to document and record when a participant cannot be located or contacted.**
4. Follow-up services may begin immediately following the last expected date of service. The exit date is determined when the participant has not received services through the local youth program, or any NDOL-administered programs in which the participant may be co-enrolled, for 90 days and no additional services are scheduled.
5. When the following program elements are provided as follow-up services, they must be recorded as follow-up services in NEworks, rather than program services, in order to (a) clearly differentiate follow-up services from program services provided prior to program exit and (b) prevent a change in the exit date and trigger re-enrollment in the program:
 - a. supportive services;
 - b. adult mentoring;
 - c. financial literacy education;
 - d. services that provide labor market and employment information about in-demand industry sectors or occupations available in the local area, such as career awareness, career counseling, and career exploration services; and
 - e. activities that help youth prepare for and transition to postsecondary education and training.

In addition, it must be documented in case notes that these program elements were provided as follow-up services after program exit.

⁸⁵ NDOL-administered programs means Wagner-Peyser, JVSG, TAA, and DWG programs. For information on co-enrollment, exit, and common exit, refer to the State's policy on performance accountability, which is included in the State policy manual. The State policy manual is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

- 6. Follow-up services must be more than just an attempt to contact the participant and must not be made just to secure documentation to support or report a performance outcome.**

Resources on follow-up services are available on the WorkforceGPS Follow-up Services page.⁸⁶

APPENDIX II. Youth service provider list form

Nebraska's WIOA youth program

The Workforce Innovation and Opportunity Act of 2014 (WIOA) affirms the Nation's commitment to providing high quality services for youth, beginning with career exploration and guidance; continuing support for educational attainment, opportunities for skills training in in-demand industries and occupations; and culminating with a good job along a career pathway or enrollment in postsecondary education. Under WIOA, local youth programs offer access to 14 services designed to prepare young people for the workforce and are described below. - interviewing involved program staff and complainants, when possible.

When the Review Panel determines the allegations of substantial violations are valid, NDOL issues written notice to providers and Registered Apprenticeship program sponsors of its intent to:

- remove providers or sponsors and/or their programs from the ETPL; and
- impose time-based and financial sanctions described in Section III(a)(1) concerning substantial violations.

In its written notice, NDOL will advise the ETP or sponsor of its right to appeal, as described in Section III(a)(4).

(4) Appeal process

Providers and sponsors of Registered Apprenticeship programs may appeal denials or terminations of eligibility, including denials or terminations of local eligibility by local boards.³⁰ To

²⁸ [20 CFR § 680.480](#)

²⁹ Ibid.

³⁰ [20 CFR §§ 680.480\(d\)](#) and [683.630\(b\)](#)

appeal, providers and sponsors must submit written requests for hearings to the Commissioner of Labor at the following address within 30 calendar days of notification of denial or termination.

Commissioner of Labor
Nebraska Department of Labor
PO Box 94600
Lincoln, NE 68509-4600

Absent extenuating circumstances, the Commissioner will assign a hearing officer and a hearing will take place within 30 calendar days of the Commissioner's receipt of the written request for a hearing. The hearing will include the:

1. statement of reason(s) why provider or sponsor eligibility was denied or terminated; and
2. appeal by provider or sponsor describing why the decision should be reversed or a compromise established.

The Commissioner will render a final judgment that will include the length of time providers and sponsors remain ineligible, financial sanctions to be imposed, and conditions under which reinstatement of eligibility are justified.

Decisions issued under this appeal process are not eligible for appeal to the Secretary of Labor, in accordance with [20 CFR § 683.630\(b\)](#).

(b) Denial or termination by local boards

If local boards have established compliant supplemental criteria, information, or performance requirements higher than those required by NDOL under Section IV(b)(3)(A), local boards may deny or terminate local provider eligibility based on failure to meet local supplemental criteria, information, or performance requirements.³¹ Providers may appeal local board denial or termination of local eligibility, according to the process described in Section III(a)(4).

Local boards *are not* allowed impose additional requirements upon Registered Apprenticeship programs beyond those established under WIOA and its implementing regulations, rules, and guidance, and this policy.³²

Section IV. ETP performance reporting³³

(a) NDOL performance reporting

[WIOA Secs. 116\(d\)\(4\) and \(d\)\(6\)\(B\)](#), [20 CFR § 677.230](#), and [TEN 24-19](#) require states to report performance information relating to outcomes for individuals served by each approved program of training services on their respective ETPLs. States report this information annually to the US Department of Labor (USDOL), as described in [TEGL 03-18 Change 2](#). USDOL publishes results of annual ETP performance reports on the searchable Training Provider Results website

³¹ [20 CFR § 680.480\(e\)](#)

³² [20 CFR § 680.510\(a\)](#)

³³ [20 CFR §§ 680.460\(h\)\(1\)](#) and [680.490](#)

(<https://www.trainingproviderresults.gov/#/>). Following NDOL's submission of annual ETP performance reports to USDOL on October 1 of each calendar year, program-specific performance data will be available within each program application. Program-specific performance data will also be available within the public ETPL.

(b) Provider performance reporting and eligibility determinations

(1) Performance reporting for *initial eligibility* determinations

Providers applying for initial eligibility for new programs must submit program performance data. Types of acceptable performance data for initial eligibility purposes include:³⁴

- academic research suggesting the selected training strategy for the programs is effective in relation to the minimum performance standards described in Section IV(b)(3)(A); or
- other data relating to employment, earnings, or credential attainment.

When applying for initial eligibility for new programs, providers must submit the required performance data by email to the ETPL mailbox at ndol.etpl@nebraska.gov.

(2) Performance reporting for *continued eligibility*

For continued eligibility, providers must have submitted program performance data annually for each applicable reporting period. A reporting period is the 12-month period beginning July 1 of a calendar year and ending June 30 of the following calendar year. Program performance data for each reporting period must be submitted by providers no later than August 31 using the performance reporting tool provided by NDOL, which is described below in subsection (A).

(A) Program performance reporting tool

NDOL provides a program performance reporting tool through NEworks for ETP annual program performance reporting purposes. The tool is provided as an .xlsx file that can be downloaded from NEworks, populated with the required program performance data, and then uploaded to NEworks. Within the tool, the following data must be reported for all students enrolled in or exiting programs during the reporting period. Enrollment status is determined by each ETP in accordance with their organizational standards.

1. *Social Security Numbers (SSNs)*

ETPs must enter SSNs. Missing SSNs will result in error messages and upload failures. If SSNs are not available, ETPs must enter *unique, nine-digit, all-numeric* student identifiers. Use of invalid SSNs and unique student identifiers will affect ETP employment and median wage performance outcomes. (Information on performance standards is provided in Section IV(b)(3) below.)

2. *Start date*

ETPs must enter start dates. Start dates must be provided in MM/DD/YYYY format and cannot be future dates. Missing or invalid start dates will result in error messages and upload failures.

³⁴ [TEGL 8-19, Attachment III](#)

3. *Status*

ETPs must select program status (selection options: completed, withdrew, transferred). If status is not selected, status will default to *enrolled*.

4. *Exit date*

ETPs must enter exit dates (selection options: completed, withdrew, transferred). Exit dates must be provided in MM/DD/YYYY format and cannot be future dates or earlier than start dates. Missing or invalid exit dates will result in error messages and upload failures.

5. *Credential*

ETPs must select credential status (selection options: yes, no, unknown). Credential status is required for all students enrolled in or exiting programs during the reporting period.

(3) Program performance calculations

ETP program performance outcomes are calculated based on the following:

1. total number of students enrolled (reported to NDOL by ETPs);
2. total number of students exited (reported to NDOL by ETPs);
3. total number of program completers (reported to NDOL by ETPs);
4. credential rate (reported to NDOL by ETPs);
5. employment rate 6 months after program exit (determined through NDOL wage matching systems);
6. employment rate 12 months after program exit (determined through NDOL wage matching systems); and
7. median earnings 6 months after program exit (determined through NDOL wage matching systems).

ETP program performance outcomes are reported to the US Department of Labor (USDOL) in aggregate. No student-level data appears in NEworks ETP program records or ETP program performance reports submitted to USDOL, in compliance with requirements established under the Family Educational Rights and Privacy Act (FERPA) and applicable Federal laws, regulations, and rules concerning protection of personally identifiable information.

(A) Minimum performance standards for continued eligibility

For continued eligibility, programs must meet the following minimum performance standards for all students for each reporting period:

1. 50 percent or more of all students who enrolled in and exited programs *attained a credential*;

2. 50 percent or more of all students who enrolled in and exited programs *are employed 6 months after program exit*;
3. 50 percent or more of all students who enrolled in and exited programs *are employed 12 months after program exit*; and
4. median earnings 6 months after program exit for all students who enrolled in and exited programs are at least \$6,240.

Any program that fails to meet minimum performance standards for three consecutive program years will be denied continued eligibility. Prior to denying continued eligibility due to performance failure, NDOL will provide technical assistance to the provider regarding performance reporting, to ensure no programs are removed from the ETPL due to reporting mistakes. In addition, NDOL will consider small cohort sizes when determining performance failures to ensure a program is not denied based solely on the low performance of a small cohort size. Other extenuating circumstances may be considered when evaluating program compliance with minimum performance standards.

Section V. Participants enrolled in programs removed from the ETPL

There are two circumstances Title I programs must consider concerning participants who are enrolled in programs that are no longer included on Nebraska's ETPL.

1. When ETP programs are removed from Nebraska's ETPL per requirements described in Section III(a) concerning denial or termination of eligibility due to substantial violations, Title I program participants *are not* allowed to use individual training accounts (ITAs) to continue participation in those programs. If participants wish to continue receiving Title I training services, Title I programs must *immediately* assist participants with transition to other participant selected ETPL programs.
2. When ETP programs are removed from the ETPL for reasons other than substantial violations, including voluntary withdrawal, Title I participants who are already enrolled and participating in those programs *may complete* training through those programs using established ITAs; but those ITAs cannot be modified or extended as they relate to the removed programs. If participants in removed programs wish to transition to other programs on the ETPL, case managers must *immediately* assist participants with transition to other participant selected ETPL programs.

Section VI. NDOL and local board roles and responsibilities

NDOL roles and responsibilities regarding Nebraska's ETPL are defined in [20 CFR §§ 680.430\(a\)-\(b\)](#), [680.450](#), [680.460](#), [680.470](#), and [680.500](#).

Local board roles and responsibilities concerning the ETPL are defined in [20 CFR §§ 680.340](#) and [680.510](#). Subsections (a) and (b) below provide clarifying information relating to local board roles and responsibilities pertaining to:

- consumer choice and consultation requirements; and
- payment for training services provided by ETPs.

(a) Consumer choice and consultation requirements

Local boards must ensure that training services are provided in a manner that maximizes informed consumer choice *and* meets consultation requirements, as described below.³⁵

1. Local boards must make Nebraska's ETPL available to local one-stop delivery system customers.
2. Title I program participants may select programs of training services from Nebraska's ETPL after consultation with case managers. Case manager consultations with participants must include:³⁶
 - a. interviews, evaluations, or assessments;
 - b. career planning informed by local labor market information;
 - c. review of ETP program performance information;
 - d. assessment of participant eligibility for training services based on:
 - i. conducted interviews, evaluations, or assessments and career planning informed by local labor market;
 - ii. review of ETP program performance information; and
 - iii. other career service provided to participants;
 - e. thorough documentation of consultations in participant NEworks case files, including documentation of participant eligibility for training services.
3. There is no requirement that career services be provided as a condition for receipt of training services. However, if career services *are not* provided before authorizing training services, case managers must *thoroughly* document in participant case files the circumstances that justify decisions to authorize training services without first providing career services.
4. During case manager consultations with participants, priority consideration must be given to programs that:
 - a. lead to recognized postsecondary credentials; and
 - b. align with in-demand occupations in the local area.

³⁵ [20 CFR § 680.340](#)

³⁶ [20 CFR § 680.220](#)

5. Unless Title I programs have exhausted training funds for a given program year, Title I programs *must refer participants to their selected ETPL programs and establish ITAs*.
6. Costs for training services paid through ITAs must be funded using out-of-school youth, adult, or dislocated worker program funds, depending on the program in which the participant is enrolled or co-enrolled.
7. Local boards, in collaboration with one-stop center partners, may coordinate funding of ITAs with funding from other Federal, state, local, or private job training programs or sources to assist participants with obtaining training services, subject to requirements established under [20 CFR § 680.230](#).

(b) Payment for training provided by ETPs

Local boards and administrative entities must ensure that their Title I programs pay ETPs for all training services and materials provided to Title I program participants. In addition, if participants drop out or do not complete training services authorized under ITAs, Title I programs *must pay for training services and costs of all training materials provided by ETPs to participants. In other words, formal and informal practices established by Title I programs that result in or permit non-payment to ETPs for training services and materials provided are prohibited.*

Section VII. Technical assistance

NDOL provides technical assistance to providers, sponsors of Registered Apprenticeship programs, and local areas upon request concerning the requirements of this policy. Requests for technical assistance must be submitted by email to ndol.etpl@nebraska.gov.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

On-the-job Training (OJT), Change 3

REFERENCE

Federal and state laws, rules, and regulations, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

Under WIOA, work-based training is employer driven with the goal of unsubsidized employment after training for WIOA Title I (youth, adult, and dislocated worker) program participants. On-the-job training (OJT) is one of several types of work-based training. OJT is provided through contracts with employers or sponsors of Registered Apprenticeship programs.¹

CHANGES

Under this Change 4, paragraph 1 of Section I(c)(1) has been revised to clarify requirements relating to employed worker eligibility for OJT. In addition, footnotes have been revised for clarity and links have been updated, where necessary.

¹ 20 CFR § 680.700(a)

ACTION

This policy supersedes and cancels the State’s On-the-job Training (OJT) policy, Change 2 (effective April 10, 2019). Questions and comments on this policy may be submitted in writing to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Each local board must:

- establish and document, in its local plan or local policy on OJT, methods for determining OJT duration as described in Section I(a)(3);
- establish and document, in its local plan or local policy on OJT, local area criteria and procedures for determining that an eligible employed worker is not earning a self-sufficient wage or wages comparable to or higher than wages from previous employment as described in Section I(c)(1)(i);
- provide for continual oversight and monitoring to make certain that Title I funds are utilized to provide participants with the OJT necessary to successfully retain employment as described in Section I(c)(2); and
- document the factors used when deciding to increase the employer-reimbursement rate above 50 percent (but not more than 75 percent)² as described in Section II(a)(1).

POLICY

This policy establishes requirements for OJT, including training, employer, and contract requirements; permitted and prohibited uses of Title I funds for OJT; and appeal and grievance procedures relating to OJT.

Section I. Requirements for OJT

OJT is provided under contracts with employers or sponsors of Registered Apprenticeship programs, operating in the public, private nonprofit, or private sectors. During OJT, occupational skills training is provided for participants according to the terms and conditions and training plans defined in OJT contracts. The employer is reimbursed for a portion of the participants wages to compensate for the extraordinary costs of providing training and supervision related to the OJT. Except as described in Section I(c)(1), OJT is intended for unemployed participants as a method for providing training necessary to successfully retain employment. In its design of local OJT programs, local boards are strongly encouraged to refer to and use the *Strategies for Implementing OJT Simply and Effectively* resource guide developed by the US Department of Labor Employment and Training Administration.³

(a) Training requirements

(1) In-demand industry sectors and occupations

OJT must be directly linked:⁴

- to an in-demand industry sector or occupation in the local area, planning region, or in another area to which the participant is willing to relocate; or
- upon approval of the local board, to an occupation determined by the local board to be in a sector of the economy that has a high potential for sustained demand or growth in the local area.

(2) Wages, benefits, and working conditions⁵

Participants in OJT must be compensated at the same wage rates, including periodic increases, as trainees or employees who:

- are similarly situated in similar occupations by the same employer; and
- have similar training, experience, and skills.

In addition, OJT wage rates must comply with all applicable Federal and state laws, including laws relating to minimum hourly wages; and participants in OJT must be provided benefits and working conditions comparable to those of other trainees or employees working a similar length of time and doing the same type of work for the employer.

(3) OJT duration⁶

Each local board must establish and document, in its local plan or local policy on OJT, methods for determining OJT duration. The duration of OJT must be limited to the period of time required

³ Accessible at https://www.workforcegps.org/events/2016/05/02/13/26/Strategies_for_Implementing_OJT-Simply_and_Effectively.

⁴ WIOA Sec. 134(c)(3)(G)(iii)

⁶ 20 CFR § 680.700(c)

for the participant to become proficient in the occupation for which the training is being provided. In determining the appropriate length of the contract, consideration should be given to the:

- skills required for the occupation;
- academic and occupational skill level of the participant, which must be based on a skills-gap assessment;
- prior work experience of the participant; and
- participant's individual employment plan (IEP) or individual service strategy (ISS), as applicable.

(4) Training plan⁷

An OJT training plan must be (a) established for each participant placed in OJT and (b) based on the skills to be acquired during OJT. In addition, each OJT training plan must be unique and tailored to the specific training needs of the participant. There is no need for detailed descriptions of the training methods to be used. The training plan should focus on the skills and competencies to be attained, not the manner in which skills will be developed or the individual tasks to be performed.

(b) Employer requirements

(1) Pre-award (pre-OJT contract) review⁸

Prior to entering into an OJT contract with an employer (a) local area staff must conduct a pre-award review and (b) the employer must successfully complete the pre-award review. The purpose of the pre-award review is to determine whether the employer is qualified and capable of providing OJT that complies with the requirements of an OJT contract, this policy, and the applicable provisions of WIOA and its implementing rules, regulations, and guidance. The pre-award review must be conducted and documented as described in APPENDIX II.

(2) Records retention⁹

Each employer providing OJT must maintain records relating to the participant and the OJT for a period of no less than three years from the close of the applicable program year, or longer if any litigation or audit has begun or any claim is instituted which involves these records. In that case, the employer must retain the records for a period of no less than three years from the conclusion or resolution of the litigation, audit findings, or claim. The employer must allow access to those records for authorized entities, including local area staff performing oversight and monitoring activities described in Section I(c)(2).

⁷ For an example of an effective training plan, refer to Strategies for Implementing OJT Simply and Effectively, which is accessible at https://www.workforcegps.org/events/2016/05/02/13/26/Strategies_for_Implementing_OJT-Simply_and_Effectively.

⁹ The State's policy on records management provides information on records retention requirements and is included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

(3) Employer performance

Employers providing OJT are not subject to the eligibility and performance reporting requirements established by NDOL for eligible training providers and are not included on Nebraska’s Eligible Training Provider List.¹⁰

(4) Ineligible employers¹¹

1. If it is determined during a pre-award review that an employer’s business, or any part of its business, has relocated and employees at the employer’s other location(s) were laid off as a result of the relocation, the employer is not eligible to receive Title I funds for the provision of OJT until the employer has been in operation at its current location at least 120 calendar days.
2. Any employer that does not agree to an OJT contract that includes all of the elements described in Table 1 of Section I(c) is not eligible to receive Title I funds for the provision of OJT.
3. Local boards must not enter into an OJT contract with an employer that has:
 - a. failed to successfully complete the pre-award review procedures described in APPENDIX II; or
 - b. exhibited a pattern of failing to provide OJT participants with continued long-term employment as regular employees with wages and employment benefits (including health benefits) and working conditions at the same level and to the same extent as other employees working a similar length of time and doing the same type of work.

(c) Contract requirements¹²

OJT contracts must, at a minimum, address the elements described in Table 1 and be procured in accordance with all Federal, state, and local procurement requirements and policies.

Table 1. Required OJT contract elements

Element	Description
OJT occupation	The occupation for which OJT will be provided must be described and must comply with the requirements of Section I(a).
OJT wage, benefits, and working conditions	The OJT wage, benefits, and working conditions must be defined and must comply with the requirements of Section I(a)(2).
OJT duration	The duration of the OJT must be defined and must comply with the requirements of Section I(a)(3).
Training plan	A training plan, as described in Section I(a)(4), must be included and must consist of: <ul style="list-style-type: none"> • comprehensive list of the occupational skills the participant will acquire during OJT, which must be directly linked to the OJT occupation; and • if classroom training is part of the OJT, a clear description of the classroom training to be provided, which must be directly linked to the OJT occupation.

Element	Description
Recordkeeping and record retention	Provisions describing the employer's responsibilities with regard to recordkeeping and maintenance must be included and must comply with the requirements of Section I(b)(2).
Justification for OJT for employed participant	If the OJT participant is an eligible employed worker, the contract must include a justification of the participant's need for OJT, which must comply with the requirements of Section I(c)(1).
Employer reimbursement	Employer reimbursement must be defined and must comply with the requirements of Section II(a), including subsection (1).

Recontracting with an employer is allowable and desirable when the employer has demonstrated a high success rate with regard to successful completion of OJT by participants and retention of those participants.

(1) Contracts for employed participants

While OJT is intended for unemployed participants, OJT contracts may be established for eligible employed workers when all of the following requirements are met:¹³

1. the employed worker is not earning a self-sufficient wage or wages comparable to or higher than wages from previous employment;¹⁴
2. requirements for a pre-award review (Section I(b)(1)) and OJT contract requirements (Section I(c)) are met; and
3. the OJT relates to one or more of the following factors:
 - a. introduction of new technologies;
 - b. introduction to new production or service procedures;
 - c. upgrading to a new job that requires additional skills;
 - d. workplace literacy; or
 - e. other appropriate purposes identified by the local board.

(i) Determining self-sufficient wages

Determining that an eligible employed worker is not earning a self-sufficient wage or wages comparable to or higher than wages from previous employment must be based on criteria and procedures established under the local board's policy on OJT.

(2) Oversight and monitoring

The local board must provide for oversight and continual monitoring¹⁵ of OJT contracts to ensure that Title I funds provided through OJT contracts are utilized to provide participants with the

¹³ 20 CFR § 680.710

¹⁴ Refer to Section I(c)(1)(i) regarding determining self-sufficient wage.

¹⁵ 20 CFR § 683.410(a)

training necessary to successfully retain employment. At a minimum, oversight must be based on the requirements of the OJT contract, this policy, and applicable provisions of WIOA and its implementing rules and regulations and must include monitoring of:

- participant progress;
- working conditions;
- compensation made and benefits provided to the participant;
- invoicing by and reimbursement to the employer; and
- recordkeeping and record retention by the employer, including records describing wages, benefits, time and attendance records, and other personnel records generated and maintained by the employer for other trainees or employees.

Section II. Use of OJT funds

(a) Payments to employers¹⁶

Reimbursement of a portion of participant wages to employers providing OJT constitutes compensation for the extraordinary costs associated with training the participants and potentially lower productivity of the participant while in OJT. (Employers are not required to document the extraordinary costs.) Employers may be reimbursed up to 50 percent of the wages paid to participant during OJT. The 50 percent employer-reimbursement rate may be increased to 75 percent by the local board as described in Section II(a)(1).

Co-enrollment may assist in making additional funds available for OJT.¹⁷ For example, Title I allows up to 75 percent reimbursement to employers for OJT, while the Trade Adjustment Assistance (TAA) program allows reimbursement up to 50 percent. For OJT approved training for a co-enrolled TAA participant, the TAA program may reimburse employers up to 50 percent, and Title I may reimburse employers up to an additional 25 percent to bring the total reimbursement to employers up to 75 percent to align TAA program benefits with Title I program benefits.

(1) Increased employer-reimbursement rate¹⁸

Local boards may increase the employer percentage reimbursement rate to an amount of up to 75 percent of the wage rate of a participant for OJT if local boards approve the increase and take into account the:

1. characteristics of participants taking into consideration whether they are individuals with a barrier to employments;¹⁹

¹⁶ 20 CFR § 680.720

¹⁷ TEGL 19-16

¹⁸ WIOA Sec. 134(c)(3)(H); 20 CFR § 680.730; TEGL 19-16

¹⁹ The term individual with a barrier to employment is defined in WIOA Sec. 3(24) and in APPENDIX I.

2. size of the employer, with an emphasis on small businesses;
3. quality of employer-provided training and advancement opportunities (e.g., whether the OJT will lead to an industry-recognized credential); and
4. other factors local boards may determine appropriate, including the:
 - a. number of participants involved in the OJT;
 - b. wage and benefit levels of the participants, at the beginning of OJT and after completion; and
 - c. relative benefit of the training to the competitiveness of participants.

Local boards must document factors used when deciding to increase the employer-reimbursement rate.

(b) OJT and Registered Apprenticeship programs²⁰

OJT funds may be use for the OJT portion of Registered Apprenticeship programs (also known as related technical instruction). OJT contracts may be entered into with sponsors of Registered Apprenticeship programs, provided that employers meet the requirements established in Section I(b). Depending on the length of the Registered Apprenticeship programs and requirements or limitations of local board policies on OJT, OJT funds may be used for some or all OJT required under Registered Apprenticeship programs.

(c) OJT and ITA funds²¹

OJT funds and Individual Training Account (ITA) funds may be used in combination when placing participants into OJT, including training services provided under pre-apprenticeship programs and Registered Apprenticeship programs.

(d) Prohibited uses²²

Funds provided for OJT under Title I must not be used for any business or part of a business that has relocated until 120 calendar days after the date the business commences operations at its new location. This prohibition on use of OJT funds applies when the relocation of the business, or part of the business, results in a loss of employment for any employee of the business at the original location; provided that the original location is within the United States.²³ If the Secretary of the US Department of Labor (Secretary) determines that a violation of this prohibition has occurred, the Secretary must require repayment to the United States an amount equal to the amount expended in violation of the prohibition.

²⁰ 20 CFR § 680.740; TEGL 19-16

²¹ 20 CFR §§ 680.320 and 680.750

²² WIOA Secs. 181(d)(2) – (3) and 194(4); 20 CFR § 683.260

²³ Refer to Section I(b)(4) for additional information on this prohibition.

Section III. Appeal and grievance procedures

(a) Denial of employer eligibility to provide OJT

An employer that has been denied eligibility as an OJT provider may file a complaint through the local board's established grievance procedures. An appeal may be made to the State according to the procedures described in the State's policy on grievances and complaints if the complainant:²⁴

- does not receive a determination on a complaint filed at the local level within 60 calendar days of filing; or
- is dissatisfied with the local-level determination.

(b) Displacement of regular employees and participants

An OJT participant must not displace any current employee of the employer providing OJT. Displacement includes any partial displacement, such as a reduction in the hours of non-overtime work, wages, or employment benefits. Regular employees and OJT participants alleging such a displacement may file a complaint through the local board's established grievance procedures.

An appeal may be made to the State according to the procedures described in the State's policy on grievances and complaints if the complainant:

- does not receive a determination on a complaint filed at the local level within 60 calendar days of filing; or
- is dissatisfied with the local-level determination.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.

APPENDIX II. Pre-award review procedures

Local area staff must conduct a pre-award review to determine an employer's eligibility to provide OJT prior to entering into an OJT contract with the employer. The pre-award review must be documented using the Employer Assurances and Certifications for On-the-Job Training form provided as part of this appendix.

The pre-award requirements described in this appendix must be completed and documented jointly by local area staff and the employer.³² If the employer has signed an Employer Assurances and Certifications for On-the-Job Training form and an OJT contract within the preceding six months, the employer is not required to execute a new Employer Assurances and Certifications for On-the-Job Training form in order to enter into a new OJT contract for placement of another participant.

1. The pre-award review must include:
 - a. verification of the employer's period of operation at its current location:
 - i. if at its current location less than 120 calendar days proceed as described below in item 2;
 - b. review and discussion of the Employer Assurances and Certifications for On-the-Job Training form by local area staff with the employer, either in person or by phone; and
 - c. completion of the Employer Assurances and Certifications for On-the-Job Training form, including the employer's signature.
2. If the employer has relocated from another area in the United States, local area staff must verify that employees at the employer's other location(s) have not been laid off as a result of the relocation.³³ To perform this verification, local area staff must complete steps 2.a. and 2.b.

As stated in Section I(b)(4) of the policy, if the employer's business, or any part of its business, has relocated and employees at the employer's other location(s) were laid off as a result of the relocation, the employer is not eligible to receive WIOA Title I funds for the provision of OJT until the employer has been in operation at its current location at least 120 calendar days.

3. The completed and signed Employer Assurances and Certifications for On-the-Job Training form must be incorporated into and made part of the OJT contract.

9. Employer assures that no funds provided to Employer for OJT will be used to directly or indirectly assist, promote or deter union organizing.

However, "normal business or personnel reasons" does not include termination of the individual in order to enter into another OJT contract to train a new individual through OJT.

Certifications

13. Employer certifies that neither it, nor any of its principals, is (i) debarred, suspended, excluded, or declared ineligible by any Federal department or agency with regard to use of Federal funds; or (ii) proposed for debarment, suspension, exclusion, or ineligibility by any Federal department or agency with regard to use of Federal funds; or (iii) voluntarily excluded with regard to use of Federal funds.

Work-based Training, Change 1

REFERENCE

Federal and state laws, regulations, rules, and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

Work-based training is an effective training strategy that provides additional opportunities for employers and adults and dislocated worker program participants.

CHANGES

Under this Change 1, footnotes have been revised for clarity and links have been updated, where necessary.

ACTION

This policy supersedes and cancels the State’s policy title Work-based Training (effective April 6, 2018). Questions and comments on this policy may be submitted to the policy mailbox at ndol.wioa_policy@nebraska.gov.

Each local board must:

- if it uses transitional jobs as part of its service delivery strategy, implement a policy addressing the requirements stated in Section I(a)(1);
- if it uses customized training as a service strategy, implement a policy addressing the requirements stated in Section II(a);
- if it uses incumbent worker training as a service strategy, implement a policy addressing the requirements stated in Section II(b); and
- ensure that funds provided to employers for work-based training are not used to directly or indirectly engage in prohibited activities described in Section IV.

POLICY

This policy establishes requirements concerning work-based training opportunities, including:

- internships, work experiences, and transitional jobs for adults and dislocated workers;
- customized and incumbent worker training services for employers; and
- Registered Apprenticeship programs.

Requirements regarding on-the-job training (OJT) and work-based training for youth are addressed separately in the State’s OJT and youth program policies.¹

This policy is organized into four sections.

Section I. Work-based training services for adults and dislocated workers	3
(a) Internships and work experiences	3
Section II. Work-based training services for employers	4
(a) Customized training	4
(b) Incumbent worker training	6
Section III. Registered Apprenticeship programs	8
Section IV. Prohibited activities	9

¹ The State policy manual is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

Section I. Work-based training services for adults and dislocated workers

(a) Internships and work experiences

An internship or work experience:²

- is a planned, structured learning experience that takes place in a workplace for a limited period of time;
- may be paid or unpaid, as appropriate and consistent with laws such as the Fair Labor Standards Act (FLSA);³ and
- may be arranged within the public, private, or non-profit sectors.

Labor standards apply in any work experience setting where an employee-employer relationship exists as defined by FLSA.⁴

(1) Transitional jobs

Transitional jobs:⁵

- provide a participant with work experience that takes place within the context of an employee-employer relationship, with the local program provider generally acting as the employer;
- are time-limited work experiences that are wage-paid and subsidized up to 100 percent and in the public, private, or non-profit sectors;
- are only available for adults and dislocated workers with barriers to employment who are chronically unemployed or have inconsistent work history.

Transitional jobs must be combined with other career services and supportive services and must be designed to:

- establish a work history for the participant;
- demonstrate success in the workplace; and
- develop skills that lead to entry into and retention in unsubsidized employment.

There is no requirement that the employer retain the individual upon completion of the transitional job; however, retention is preferred for the benefit of the worker and employer when appropriate.

² 20 CFR § 680.180

³ Information on FLSA is accessible at <https://www.dol.gov/agencies/whd/compliance-assistance/handy-reference-guide-flsa>.

⁴ Ibid.

⁵ 20 CFR §§ 680.190 and 680.195; TEGL 19-16

(A) Funding

A local board may use up to 10 percent of the combined total of its adult and dislocated worker allocations for a program year for transitional jobs.⁶

(B) Local policy

If a local board uses transitional jobs as part of its service delivery strategy,⁷ it must identify appropriate employers and implement a local policy that:

- establishes the amount of reimbursements for the jobs (up to 100 percent of the wage);
- defines what supportive services must be included;
- establishes limits on the duration of the transitional job; and
- defines and identifies individuals who are chronically unemployed or have an inconsistent work history, such as long-term unemployed individuals, ex-offenders, and individuals who are currently receiving or have exhausted Temporary Assistance for Needy Families (TANF) benefits.

Section II. Work-based training services for employers

(a) Customized training

Customized training is training:⁸

- designed to meet the special requirements of an employer or group of employers; and
- conducted with a commitment by the employer or employers to employ an individual or group of individuals upon successful completion of the training.

Customized training of eligible employed individuals may be provided for an employer or group of employers when the:⁹

- employee or group of employees are not earning a self-sufficient wage or wages comparable to or higher than wages from previous employment;

⁶ 20 CFR § 680.195

⁷ 20 CFR § 680.195; TEGL 19-16

⁸ WIOA Sec. 3(14); 20 CFR § 680.760

⁹ 20 CFR § 680.770

- training relates to:¹⁰
 - introduction of new technologies, introduction to new production or service procedures, upgrading to new jobs that require additional skills, or workplace literacy; or
 - other appropriate purposes identified by the local board.

(1) Funding

The employer or group of employers receiving work-based training services must pay for a significant portion of the cost of customized training, taking into account:¹¹

- the size of the employer or group of employers; and
- other factors, including the:
 - number of employees participating in training;
 - wage and benefit levels of participating employees, at present and anticipated upon completion of the training;
 - relation of the training to the competitiveness of the participating employees; and
 - other employer-provided training and advancement opportunities.

In the case of an employer or group of employers located in multiple local areas in the state, the employer or group of employers receiving work-based training services must pay a significant portion of the cost of the training as determined by NDOL, taking into account the size of the employer or group of employers and other factors NDOL determines appropriate.

(2) Local policy

If a local board uses customized training as part of its service delivery strategy, it must implement a policy for determining what constitutes the employer's payment of a significant portion of the cost of training, taking into account the:¹²

- size of the employer; and
- other factors the local board determines are appropriate, which may include the:
 - number of employees participating in training;
 - wage and benefit levels of participating employees, at present and anticipated upon completion of the training;

¹⁰ 20 CFR § 680.710(c)

¹¹ TEGL 19-16

¹² Ibid.

- relation of the training to the competitiveness of the participating employees; and
- other employer-provided training and advancement opportunities.

(b) Incumbent worker training

Incumbent worker training (IWT) is training designed to meet the special requirements of an employer or group of employers. IWT must not be used to provide occupational training for new hires.¹³ IWT services may be provide to either:

- help avert potential layoffs of employees; or
- assist employees in obtaining the skills necessary to retain employment, such as increasing skill levels so they can be promoted within the company and create backfill opportunities for less-skilled employees.

IWT services must be conducted with a commitment by the employer to retain or avert the layoffs of the workers trained.

(1) Employer eligibility

The local board must determine an employer's eligibility for IWT services based on the following factors to evaluate whether IWT services would increase the competitiveness of the workers only or the workers and employer:¹⁴

- characteristics of the workers to be trained;
- whether IWT improves the labor market competitiveness of the workers only or the workers and employer; and
- other factors, including:
 - employer size;
 - number of workers to be trained;
 - wages and benefits, both pre- and post-training increases;
 - existence of other training and advancement opportunities provided by the employer;
 - credentials and skills to be gained as a result of IWT;
 - layoffs averted as a result of IWT; or
 - utilization of IWT services as part of a larger sector and/or career pathway strategy.

¹³ 20 CFR § 680.790; TEGL 19-16

¹⁴ WIOA Sec. 134(d)(4)(A)(ii); 20 CFR § 680.810; TEGL 19-16

(2) Worker eligibility

For an employer to receive IWT services, the workers to be trained must:¹⁵

- be employed by the employer;
- meet FLSA requirements for an employer-employee relationship; and
- have an established employment history with the employer of six months or more, with the following exception.

In the event that IWT is being provided to a cohort of workers, not every worker in the cohort must have an established employment history with the employer of six months or more, as long as a majority of workers being trained meet the employment history requirement.

A worker does not have to meet eligibility requirements for career and training services unless the worker is enrolled as a participant in the local adult or dislocated worker program.

(3) Funding

The local board may reserve up to 20 percent of its combined total of adult and dislocated worker allocations for a program year for IWT services.¹⁶ This 20 percent may be used for IWT activities that are programmatic in nature. Administrative IWT activities must be paid out of the local board's administrative funds.

(A) Cost-sharing requirements

Employers participating in IWT must pay the non-Federal share of the cost of providing training to their incumbent workers.¹⁷ The minimum amount of the employer's non-Federal share depends on the size of the employer and must not be less than:

- 10 percent of the costs, for employers with 50 or fewer workers;
- 25 percent of the costs, for employers with between 51 and 100 workers; and
- 50 percent of the costs, for employers with more than 100 workers.

The employer share must be reported by the local board as program income in its quarterly financial reports.¹⁸

¹⁸ The State's policy on program funding provides information pertaining to requirements for program income reporting and is included in the State policy manual which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

(4) Local policy

If a local board uses IWT as part of its service delivery strategy, it must implement a policy, which must comply with the requirements established under 20 CFR §§ 680.780 through 680.820 and TEGL 19-16 and must:¹⁹

- establish methods for determining which employers and workers are eligible for incumbent worker services;
- establish methods for determining the non-Federal share of the cost of IWT services, which must include consideration of:
 - wage and benefit levels of the employees, pre- and post-training;
 - relationship of IWT to the competitiveness of the workers and employer; and
 - availability of other employer-provided training and advancement opportunities;
- establish methods for payment of the non-Federal share of the cost of IWT, which may be done through both cash payments and fairly evaluated in-kind contributions and may include the wages the employer pays to the worker trainee while the worker is attending training;
- define processes for documenting the six-month work-history requirement; and
- require a contract between the local board and the employer that:
 - defines the scope of IWT services;
 - identifies the non-Federal share of the cost of IWT to be paid by the employer; and
 - describes the process for documenting the six-month work-history requirement with the employer.

Local IWT policies must be consistent with local plans and career pathways and sector strategy approaches for in-demand occupations.

Section III. Registered Apprenticeship programs

As an earn-and-learn strategy, Registered Apprenticeship (RA) offers job seekers immediate employment opportunities that pay sustainable wages and offer advancement along a career pathway.²⁰ Graduates of RA programs receive nationally-recognized, portable credentials, and their training may be applied toward further postsecondary education. WIOA funds may be used to support RA programs through the services listed in Table 1.

¹⁹ 20 CFR § 680.780; TEGL 19-16

²⁰ 20 CFR § 680.740; TEGL 13-16

Table 1. WIOA services supporting RA

Service	Method of support
Youth occupational skills training (OST)	Youth program funds may be used for RA as an OST option for youth ages 16 – 24.
Individual training accounts (ITAs)	ITAs can be used to support: <ul style="list-style-type: none"> ▪ the educational portion (i.e., related instruction component) of the RA for eligible apprentices, provided the RA program is included on the ETPL; and ▪ pre-apprenticeship training in preparation for formal RA, provided the pre-apprenticeship program is on the ETPL.
On-the-job training (OJT)	OJT contracts may be entered into with RA program sponsors, or employers participating in RA programs, for the OJT portion of the program. Depending on the length of the program and the requirements of State and local OJT policies, WIOA funds may cover some or all of the OJT. If WIOA-funded, the OJT portion of an RA program must be conducted according to the requirements of 20 CFR §§ 680.700 and 680.710 and State and local policies on OJT.
Supportive services	WIOA funds may support a variety of supportive services for apprentices, including books, supplies, child care, transportation, tools, and uniforms, subject to the requirements and limitations of 20 CFR § 680.900 through 680.970 and state and local policies on supportive services.

Such a contract must adhere to the procurement standards found in the Uniform Guidance and the requirements of the State's adult and dislocated worker program policy. A local board may also use incumbent worker training funds to provide training to a cohort of apprentices.
Customized training	A local board can support RA program sponsors and apprentices through customized training agreements.

Trade Adjustment Assistance Program, Change 4

REFERENCE

Federal and state laws, rules, and regulations and other guidance and documentation relied upon for the development of this policy are cited in footnotes.

BACKGROUND

The Trade Adjustment Assistance program (TAA) is a Federal program that assists US workers who have lost or may lose their jobs because of foreign trade. TAA provides trade-affected workers with opportunities to obtain the skills, credentials, resources, and support necessary for reemployment. TAA benefits available to eligible workers vary depending on whether the workers are covered by the provisions of statutes authorizing the 2002 program, 2009 program, 2011 program, 2015 program, or Reversion 2021. In addition to the benefits provided under the applicable Federal TAA program, trade-affected workers are generally eligible for basic and individualized career services provided at or through American Job Centers by NDOL TAA.

CHANGES

Under this Change 4, APPENDIX I has been revised to indicate that use of funding for employment services is now allowable, pursuant to TEGL 24-20 Change 1.

ACTION

This policy supersedes and cancels the policy titled Trade Adjustment Assistance Program, Change 2. Questions and comments on this policy may be submitted in writing to the Trade program mailbox at ndol.tradeact@nebraska.gov.

NDOL must administer TAA in accordance with applicable authorizing Federal statutes and directives and guidance issued by the US Department of Labor regarding the 2002, 2009, 2011, and 2015 programs and Reversion 2021.

POLICY

This policy:

- establishes requirements regarding mandatory co-enrollment of eligible TAA participants in local WIOA Title I dislocated worker programs;
- establishes a revised expenditure cap on TAA funded training services;
- establishes a process for TAA staff to submit requests to exceed the expenditure cap on TAA funded training services;
- establishes a process for TAA participants to appeal denied request to exceed the established expenditure cap on TAA funded training services; and
- identifies statutes, directives, and guidance issued by the US Department of Labor governing NDOL’s implementation of TAA.

This policy has three sections and three appendices.

Section I. TAA authorizing statutes, directives, and guidance3

Section II. Co-enrollment of TAA participants and coordination of services.....3

Section III. Expenditure cap for TAA funded training services3

 (a) Submitting requests to exceed the expenditure cap.....3

 (b) Appealing denied requests to exceed the expenditure cap.....4

APPENDIX I. Side-by-side comparison of TAA benefits under the 2002, 2009, 2011, and 2015 programs and Reversion 2021.....5

APPENDIX II. Trade Adjustment Assistance for Workers Programs: Amending statutes.....9

APPENDIX III. Directives and guidance for Trade Act programs.....10

Section I. TAA authorizing statutes, directives, and guidance

The original authorizing statute for TAA is the Trade Act of 1974. The Trade Act has been amended many times since its enactment in January 1975.¹ NDOL implements TAA in accordance with the statutes, directives, and guidance identified in APPENDIX II and APPENDIX III.

Section II. Co-enrollment of TAA participants and coordination of services

Participants enrolled in TAA must be co-enrolled, if eligible, in the applicable local Title I dislocated worker program.² Further, TAA staff and local Title I dislocated worker program staff must coordinate service delivery and use of funding.

Section III. Expenditure cap for TAA funded training services

NDOL has established an expenditure cap for TAA funded training services.

- No more than \$25,000 may be expended for TAA funded training services for an individual TAA participant.
- Costs for allowable travel *are* included in the calculation of the \$25,000 expenditure cap.
- Costs for allowable relocation, job search assistance, etc., *are not* included in the calculation of the \$25,000 expenditure cap.

(a) Submitting requests to exceed the expenditure cap

All requests to exceed the expenditure cap for TAA funded training services must be approved based on dollar amount by either the Director of NDOL's Reemployment Services Division or the Commissioner of Labor.

- The Director authorizes excess expenditures up to \$5,000.
- The Commissioner authorizes excess expenditures exceeding \$5,000.

TAA staff must submit requests to exceed the cap by email to ndol.tradeact@nebraska.gov.

¹ Refer to APPENDIX II for list of statutes amending the Trade Act of 1974.

² 20 CFR § 618.325. The State's policy on performance accountability addresses co-enrollment requirements and is included in the State policy manual, which is accessible at <https://dol.nebraska.gov/ReemploymentServices/Training/WIOA/Policies>.

(b) [Appealing denied requests to exceed the expenditure cap](#)

TAA participants who wish to appeal denial of a request to exceed the expenditure cap on TAA funded training services must submit a written request for a hearing to the Commissioner of Labor within 20 calendar days of notification of denial. Written requests for a hearing must be sent to:

Commissioner of Labor
Nebraska Department of Labor
PO Box 94600
Lincoln, NE 68509-4600

Absent extenuating circumstances, the Commissioner will assign a hearing officer and a hearing will take place within 20 calendar days of the Commissioner's receipt of the written request for a hearing. The hearing will include:

- a statement of the reasons why the request to exceed the expenditure cap was denied; and
- an appeal by the participant describing why the decision should be reversed or a compromise established.

DISCLAIMER

This policy is based on NDOL's reading of the applicable laws, rules, regulations, and guidance released by the Federal government and the State of Nebraska. This policy is subject to change as revised or additional statutes, regulations, rules and guidance are issued.
